Dear Colleagues,

Since 2018 the SOAP Meeting is one of TOP Live – Surgery congresses worldwide for Aesthetic Plastic Surgery, which is not just an outstanding achievement, but also a dream come true. It is a gathering of the most experienced plastic surgeons from around the world, where they not only present, but also perform live surgeries and show their tips and tricks, as well as simultaneously discuss and teach. This enables endless opportunities for all participants to learn and innovate, which we believe is essential, since sharing knowledge is the basis of scientific advancement. This is a learned skill, which keeps on giving throughout our professional lives.

We succeeded in being the first and only international Live-Surgery congress facilitating intimate learning possibilities in the world of Aesthetic Plastic surgery.

Following last year's great success, we proudly present this year's 5th SOAP-Live Surgery congress with ten special outstanding Live-Operations performed by the leaders and innovators of Plastic Surgery. We are working in cooperation with the International Society of Aesthetic Plastic Surgery (ISAPS), the German Society for Plastic, Reconstructive and Aesthetic Surgery (DGPRÄC) and the Turkish Society for Plastic, Reconstructive and Aesthetic Surgery (TPRECD).

We are also delighted to announce from this year onwards, that each year we are partnering with different plastic surgical societies from around the world. For SOAP Meeting 2023 we are honored to host the Turkish Society TPRECD as our partner.

For our participants this year we have organized two very special events. The first takes place the day before the congress and is our Pre- Congress : MASTERCLASS Cada-

ver course with 6 Hands-On Live operations by the experts focusing on Facial Aesthetic Surgeries. The second one will take place on the last day of the congress and is our Post- Congress : Hands-On Workshops with 9 minimal invasive Aesthetic Plastic surgical armamentarium performed by international experts.

Throughout the congress, you will be able to observe new and innovative methods in Aesthetic Plastic surgical procedures, to improve your expertise, results, and minimize complications. Furthermore, you will be able to ask questions directly to the operating surgeons and interactively discuss with them as well as other participants. Your discussions are the highlight of our congress; you do in fact operate with us.

We are very much looking forward to welcoming you to our special meeting here in the wonderful Free Hanseatic City of Bremen from the 23rd to the 25th of November. You definitely don't want to miss it.

Sincerely yours,

Prof. Dr. C. Can Cedidi
Congress President

VENUE

The conference will take place all day
from November 23 - 24, 2023
at the Hommage Parkhotel Bremen.

Parallel to this runs the scientific program in the immediate vicinity of the exhibition.
The coffee breaks in the morning and afternoon as well as the
the lunch breaks will take place directly in the industrial exhibition.

08.00 WELCOME – C. Can Cedidi

Greetings from **Andrea Bronner** – Clinic-Director of Klinikum Bremen MitteGreetings from **Nazim Cerkes** – Past President International Society of Aesthetic Plastic Surgery (ISAPS)Greetings from **Ahmed Khashaba** – President of ICOPLAST (International Confederation of Plastic Surgery Societies)Greetings from **Cenk Demirdöver** – Turkish Society of Plastic, Reconstructive and Aesthetic Surgery (TPRECD)Greetings from **Günter Germann** – Past President German Society of Plastic, Reconstructive and Aesthetic Surgery (DGPRÄC)Greetings from **Nuri Alamuti** – Association of German Aesthetic Plastic Surgeons (VDÄPC)

I. Lectures

Moderators: Günter Germann, Moustapha Hamdi, Horacio Mayer

Danger zones of fat injections into the buttocks – **Luis Toledo**Surgical approach in mastopexy revision with implants – **Moustapha Hamdi**Breast implant removal and replacement with fat – **Lukas Prantl**Modern Lip Augmentation – **Alexis Verpaele**Structural vs preservation rhinoplasty – **Nuri Alamuti**Rhinoplasty: What is the best approach – **Nazim Cerkes**Introduction of the patients of the day – **Hazem Abdu & Dilara Orak****Operation I – High End Limited Scar Mastopexy** – C. Can Cedidi (Saal 1)**Operation II – High Definition Inner Bra Mastopexy** – Serdar Eren (Saal 2)

11.00 Coffee Break

II. Lectures

Moderators: Lukas Prantl, Nuri Alamuti, Ahmed Khashaba

Medicine Tourism – **Günter Germann**Periareolar Mastopexy: are we lifting the breast, or are we deceiving our eyes? – **Mario Pelle Ceravolo**Nipple-Areola Complex Relocation in Gynecomastia after Massive Weight loss – **Ahmed Khashaba**How to correct breast asymmetry – **Felix Graf von Spiegel**How to achieve the best outcome in augmentation Mastopexy – **Akin Yükkcel**Autologous Augmentation Mastopexy – **Mehmet Bayramiçli****Operation III – Upper Facelift and Bullhorn with Liplift** – Mario Pelle Ceravolo (Saal 1)**Operation IV – Open approach Rhinoplasty** – Nazim Cerkes (Saal 2)

14.00 Lunch Break

Operation V – HD Body Contouring – Cemal Senyuva (Saal 1)

III. Lectures

Moderators: Klaus Ueberreiter, Alexis Verpaele, Burca Celet Özden

Technical considerations of invasive procedures in thigh lifting – **Dirk Richter**Synthetic and biological Implants in Aesthetic Breast Surgery – **Moustapha Hamdi**New Horizons in Breast Augmentation – **Uwe von Fritschen**How to sculpt the breast after subcutaneous mastectomy – **Cenk Demirdöver**Alternative tools and strategies in breast revision – **Burcu Celet Özden**

15.40 Coffee Break

IV. Lectures

Moderators: Patrick Tonnard, Luis Toledo, Cenk Demirdöver

Vertical-scar vs inverted T-scar technique in reduction mammoplasty – **Zekeriya Tosun**MTF and FTM Breast Surgery – **Matt Stefanelli**Microfat Wizardry – **Patrick Tonnard**Glidelift: no visible scar facelift – **Ozan Sozer**How to deal with asymmetry in Breast Surgery – **Uwe von Fritschen**Decision Making on Capsular fibrosis in Plastic Surgery – **Jörn Lohmeyer**Our approach to regenerative facial rejuvenation – **Patrick Tonnard**Stable upper pole fullness with subpectoral pedicle mastopexy – **Konstantin Sulamandize**

End of Day 1

Program
subject to
changes.

November 24, 2023

WELCOME – C. Can Cediti

08.00

I. Lectures

Moderators: Dirk Richter, Serdar Eren, Akin Yücel

Challenges within revision rhinoplasty - My experience of 30 years – Nazim Cerkes

Standards for Brow Lifting and Upper Blepharoplasty in 2023 – Dirk Richter

Science and Aesthetic Surgery: an uncomfortable relationship – Mario Pelle Ceravolo

Neck Lifting Surgery - Complications and How to treat and avoid them – Serdar Eren

Introduction: Patients of the Day – Hazem Abdu & Dilara Orak

08.30 Coffee Break

Operation I – Facelift – Ozan Sozer (Saal 1)

Operation II – Facelift – Patrick Tonnard & Alexis Verpaele (Saal 2)

11.30 Lunch Break

II. Lectures

Moderators: Dan mon O'Dey, Uwe von Fritschen, Cemal Senyuva

Cosmetic labiaplasty – relevant anatomy and surgical decisions – Horacio Mayer

Refinements in Fat Transplantation – Klaus Ueberreiter

Indications and Perspectives in Female Intimate Surgery – Dan mon O'Dey

Refinements in upper and lower extremity Aesthetic Surgery – Cemal Senyuva

Lifting of soft tissues of the facial middle zone: old philosophy, new approach - a method of internal stitching – Marlen Sulamandize

Operation III – French peach butt –
Female Intimate Surgery – Matt Stefanelli (Saal 1)Operation IV – Brazilian Butt lift –
Body Contouring – Luiz Toledo (Saal 2)

15.30 Coffee Break

Operation V – Anatomic reconstruction of the Outer
Female Genital – Dan mon O'Dey (Saal 1)

III. Lectures

Moderators: Peter Vogt, Mario Pelle Ceravolo, Mehmet Baramicili

Challenging Body contouring after massive weight loss – Klaus Ueberreiter

Midface lift: The effective alternative – Serdar Eren

Push-Up mammoplasty as a breast reshaping and repositioning procedure – Akin Yücel

3D Abdominoplasty – Cemal Senyuva

The Centrofacial Approach for Correcting facial Aging – Alexis Verpaele

Are you sure you are doing the right thing on the SMAS – Mario Pelle Ceravolo

IV. Lectures

Moderators: Zekeria Tosun, Matt Stefanelli, Konstantin Sulamandize

Female Genital Rejuvenation (Surgical and Non-Surgical) – Matt Stefanelli

What is the Future Perspective of Plastic Surgery – Peter Vogt & Cenk Demirdöver

End of Day 2

Program
subject to
changes.

WELCOME – C. Can Cedidi

10.00

Workshops

1. Facelift Surgery - **Serdar Eren**
2. Injection guidelines for the dynamic areas of the face - **Claudia Schaar**
3. Nanofat / Microfat - **Alexis Verpaele**
4. Choice and planning of breast implants - **Burcu Celet Özden**
5. Nanofat / Microfat - **Patrick Tonnard**
6. New Horizons: Threadlifts - **Konstantin Sulamanidze & Marlen Sulamandize**
7. Different Technical Considerations for Lip Filler - **Luis Toledo**
8. Laser Lipolysis Chin Region - **Amir Farhang Gharagozlou**
9. New technical Consideration for Threadlifts in Facial Rejuvenation - **Konstantin Sulamandize & Marlen Sulamandize**

End of Day 3

Program
subject to
changes.

IMPRESSIONS FROM THE LAST YEARS

COOPERATION PARTNER

ISAPS

The International Society of Aesthetic Plastic Surgery (ISAPS) is the world's leading professional body for board-certified aesthetic plastic surgeons. Founded in 1970, ISAPS membership includes the world's best known and respected reconstructive and aesthetic plastic surgeons in over 100 countries on every continent reflecting the true international mission of the organization. The Society was founded to provide a forum for the interchange of ideas and knowledge for the advancement of aesthetic plastic surgery. In addition, ISAPS has become the gold standard for providing continuing education to its members in new procedures, techniques and options in aesthetic and reconstructive plastic surgery. ISAPS surgeons are members of their national societies of plastic surgery and, in this regard, ISAPS serves as an important bridge among many different professional societies and organizations.

ICOPLAST

The International Confederation of Plastic Surgery Societies (ICOPLAST) is a non-profit organization representing over 25,000 aesthetic and reconstructive plastic surgeons worldwide. Formally launched by sixty-two founding societies in 2016, ICOPLAST supports plastic surgeons across the globe through its commitment to education, communication, advocacy, and advancement of the specialty. The confederation's mission and core values are dedicated to improving patient outcomes, advocating for the specialty of plastic surgery, and ensuring quality and safety in reconstructive and aesthetic plastic surgery training and patient care.

DGPRÄC

The "German Society of Plastic, Reconstructive and Aesthetic Surgery" (DGPRÄC) is officially representing more than 1700 German Plastic surgeons both nationally and internationally. Founded in 1968 the society is officially representing German Plastic Surgery in politics and science. Only surgeons holding the German title "Specialist for Plastic and Aesthetic Surgery" or "Specialist for Plastic Surgery" are qualified for membership. Doctors in training may apply for "associate membership".

TPRECD

The mission of the Turkish Society of Plastic Reconstructive, and Aesthetic Surgery is to provide safe, ethical, efficacious, and the highest quality patient care; to develop and support the domestic and international education; to promote the fields of Plastic Surgery, including cranio-maxillofacial surgery, orthognathic surgery, microsurgery, hand surgery, trauma surgery, surgery of the congenital anomalies, burns, oncologic surgery, and aesthetic surgery; scientific and clinical research; and to organize scientific and professional activities.
