TARGET AUDIENCE

This activity is designed for general, family practice, and emergency physicians, pediatricians, internists, nurse practitioners, physician assistants, and nurses.

WHY YOU SHOULD ATTEND

Primary care providers have a tremendous challenge to initially evaluate all medical problems brought to them by their patients. However, few primary care residency programs provide satisfactory exposure to orthopaedics. This conference is designed to update participants on the diagnosis and treatment of a wide variety of common and serious orthopaedic conditions. Emergency physicians can expect to use the information to care for the patient with an acute orthopaedic injury.

Emphasizing an anatomical approach, we begin with the fingers and proceed through the upper limb, down the spine, along the leg to the toes. This approach provides a comprehensive review of orthopaedics that is applicable to daily practice and is clinically relevant.

Information on topics will include the physical exam to diagnose and medically manage certain orthopaedic conditions; functional knowledge of anatomy; choosing correct casting/splinting for specific injuries; proper referrals; joint tap injections; x-ray interpretations; osteoporosis; and pediatric orthopaedic exam, diagnosis and treatment.

EDUCATIONAL METHODS

- Anatomical review workshops
- Work with cadaver specimens
- Joint tap injections practice
- Practical experience in casting and splinting techniques

EDUCATIONAL OBJECTIVES

At the end of the activity, participants should be able to:

- Better evaluate common fractures and dislocations
- Interpret X-rays
- Screen and evaluate pediatric and adolescent hip and knee problems
- Identify the principles of healing
- Cast and tape orthopaedic injuries
- Describe clinically relevant gross anatomy
- Better evaluate and treat sprains, strains and soft tissue problems in the musculoskeletal system
- Diagnose and treat osteoporosis

ELECTRONIC EVALUATION AND CREDIT

The link to your electronic syllabus, evaluation and certificate of credit will be available for 30 days after the last day of the conference. Once you have completed the online evaluation your certificate will be available to print. **After 30 days this link will expire** and these items are no longer available online. Please contact the UC Davis Health Office of CME to receive your certificate. A \$15 administrative fee will be applied.

STANFORD SIERRA CAMP

Fallen Leaf Lake, CA 96150
(530) 541-1244
www.stanfordsierra.com

The 41st annual conference convenes at Stanford Sierra Camp (SSC) on the edge of beautiful Fallen Leaf Lake, just south of Lake Tahoe.

The experience begins as you wind your way down Fallen Leaf Road past beautiful pine and aspen-filled woods and meadows into a small, mountain lake community. Located at an elevation of 6,300 feet at the entrance to Desolation Wilderness, SSC offers a spectacular setting of natural beauty. Comfortable lake-view cabins, family-style dining, and outdoor mountain activities are at the heart of the Stanford Sierra Camp experience. The Camp atmosphere promotes the additional benefits of:

- Ready access to high-quality faculty
- Networking
- Exciting dialogue with colleagues
- Relaxing with family and friends, new and old

ALL INCLUSIVE CAMP PACKAGE - **offsite lodging is not permitted**

This program is designed for all attendees and their guests to stay on-site.

Camp fees include five nights lodging, three full meals per day, daily housekeeping service, coffee breaks, social half-hours, on-site recreation, and supervised children's programs for ages 3-12. Children must be potty trained to participate. Please see lodging reservation form for rates. Please note there is little to no cell phone coverage, though wireless internet is generally available throughout the property.

DINING

<http://www.stanfordsierra.com/tahoe-dining>

The Camp chef and his staff serve an abundant variety of healthful food including hearty entrees, hot soups, fresh baked goods, and an extensive salad bar. You can complement your dinner with a fine California wine from the Camp's list. After class hours, pick up a snack, soft drink, beer, wine or sundry in the soda fountain.

LODGING

<http://www.stanfordsierra.com/lodging>

Accommodations are in comfortable two and three bedroom cabins that offer a lake or mountain view and private deck, as well as a full bath. All linens are provided. Cabins do not include televisions, telephones, or kitchen facilities. A limited number of single rooms with private baths are available on a first come, first serve basis. All Camp lodging is non-smoking. Please note, there is one bathroom in each cabin.
