Welcome Message

Dear Colleagues,

On behalf of the scientific and organizing committees, it is our great pleasure to invite you to join us for the **3rd Abu Dhabi Ambulatory Healthcare International Congress** to be held on **16-19 October, 2019** at Abu Dhabi National Exhibition Center (ADNEC) in Abu Dhabi, UAE.

Our past events have proven to be a major success and have been instrumental in further developing and solidifying our field as an important part of healthcare.

Now in its third edition, ADAHIC is gaining a reputation as one of the biggest events for family medicine and ambulatory care congresses in the Middle East and the region and an inspirational and empowering event tackling all the challenges and solutions in an ambulatory care setting and offering new ideas, the latest innovations and the best practices with a focus on Family Medicine.

A comprehensive four-day program has been prepared through combined collective effort by members of the scientific committee, who furthermore has secured participation of renowned national and international speakers and leading experts for their unique insights, featuring high quality programs and covering diverse disciplines of family medicine in order to ensure the conference surpasses all expectations.

The congress will comprise of eleven parallel multidisciplinary conferences including Family Medicine Conference, Rural Medicine Conference, Dental Conference, Pharmacy Conference, Radiology Conference, Nursing & Allied Health Conference, Community Medicine Conference, Medical Laboratory Conference, Patient Centered Medical Home Conference, Medical Education Conference, Health Information & Technology Conference to encourage exchange of knowledge, experience and best practices for the betterment of ambulatory healthcare patients.

This event will offer a superb opportunity for the majority of staff working in an ambulatory care setting with emphasis on Family Medicine to attend expert updates and to share best practices and experiences and to network with new and established colleagues, creating and strengthening clinical collaborations.

We hope this meeting will be of great benefit to all participants in the region, and we also hope and trust that you will enjoy your visit to Abu Dhabi, the capital of the United Arab Emirates, and a vibrant and fast-growing city that combines state-of-the-art facilities and infrastructure, as well as a glimpse into an ancient and endlessly fascinating past.

We sincerely look forward to your participation in October 2019 and to welcoming you in Abu Dhabi.

General Aim of the Conference

The 3rd Abu Dhabi ambulatory healthcare international congress 2019 is aims to:

- Promote joint learning of healthcare teams to achieve practice excellence in the ambulatory healthcare.
- Host experienced and highly recognized speakers in their areas to deliver advanced scientific knowledge.
- Cover important Abu Dhabi and regional healthcare priorities highlighting the roadmap toward excellence in ambulatory healthcare.

Highlighted Topics

- Family Medicine Conference
- Rural Medicine Conference
- Dental Conference
- Pharmacy Conference
- Radiology Conference
- Nursing & Allied Health Conference
- Community Medicine Conference
- Medical Laboratory Conference
- Patient Centered Medical Home Conference (PCMH)
- Medical Education Conference
- Health Information & Technology Conference

General Target Audience

- Physicians
- Pharmacist
- Nurses
- Radiologist
- Dentist
- Laboratory
- Allied Health

CME Accreditation is in Process
