Feinberg School of Medicine

Sponsored by Lurie Cancer Center
and Northwestern University
Feinberg School of Medicine

Accreditation Statement
The Northwestern University Feinberg School of
for Continuing Medical Education (ACCME) to
Medicine is accredited by the Accreditation Council
provide continuing medical education for physicians.

Other Credits
The American Academy of Nurse Practitioners
and the American Nurses Credentialing Center
accept *AMA PRA Category 1 Credits(s)*™ from
organizations accredited by the ACCME.

Credit Designation Statement
The Northwestern University Feinberg School of
Medicine designates this live activity for a maximum
of *21 AMA PRA Category 1 Credits(s)*™. Physicians
should claim only the credit commensurate with the
extent of their participation in the activity.

The 18th Annual Lynn Sage Breast Cancer Symposium provides 3.5 days of formal presentations and interdisciplinary audience response case discussions for health practitioners treating breast cancer. Informal interaction with national and international thought leaders is frequently cited as one of the highlights of the Symposium.

The optimal management of breast cancer has rapidly evolved. A multidisciplinary team of medical, surgical and radiation oncologists along with pathologists, plastic surgeons, genetic counselors and radiologists are routinely involved in treatment planning. In addition, with the emergence of prevention and early detection strategies, women at high risk of developing breast cancer are now evaluated for medical therapies, surgical options and lifestyle changes that may reduce their risk of developing breast cancer.

Thursday, September 22

9:00 am
Symposium Welcome
William Gradishar, MD
Symposium Chair

SESSION 1
Supportive Issues in the Management of Breast Cancer
Session Chair
Nora Hansen, MD

9:15 am
Insights into Lymphedema
Alphonse Taghian, MD, PhD

9:45 am
Precision Medicine and Treatment Decision Making: Insights from Encounters with Breast Cancer
Steven Katz, MD

10:15 am
Medical Marijuana: Pros and Cons
Judith Paice, PhD, RN

10:45 am
End of Life Issues in Breast Cancer Patients
Eytan Szmuilowicz, MD

SESSION 2
Breast Pathology for the Non-Pathologist
Session Chair
Kalliopi Siziopikou, MD, PhD

1:00 pm
The Pathology and Radiology of Image Directed Breast Core Biopsies
Kalliopi Siziopikou, MD, PhD
Sarah Friedewald, MD

2:00 pm
Phylloides Tumors and other Fibroepithelial Lesions of the Breast
Edi Brogi, MD, PhD

2:30 pm
Controversies in Lobular Carcinoma In Situ (LCIS)
Tari King, MD

SESSION 3
Challenging Clinical Cases

3:45 pm
Moderator: William Gradishar, MD

Friday, September 23

SESSION 4 *Issues in Breast Imaging*
Session Chair
Monica Morrow, MD

8:30 am
Making Sense of Screening Mammography Recommendations
Carol Lee, MD

9:00 am
Using Tomosynthesis in Practice
Sarah Friedewald, MD

9:30 am
Starting a Seed Localization Program: Radiology Perspective
Michelle McDonough, MD

10:30 am
Seed Localization from the Surgical Perspective Outcomes and Clinical Issues
Sarah McLaughlin, MD

11:20 am
Connie Moskow Memorial Debate Observation Without Surgery is a Viable Strategy for DCIS Management
Pro: Shelley Hwang, MD
Con: Armando Giuliano, MD

SESSION 5 *Unresolved Controversies*
Session Chair
William Gradishar, MD

1:30 pm
Is there a Role for Proton RT in Breast Cancer?
Abram Recht, MD

2:00 pm
Are PARP Inhibitors Dead in Triple Negative Breast Cancer?
Patricia LoRusso, DO

2:30 pm
Androgen Receptor Antagonists: Ready for Primetime?
Tiffany Traina, MD

3:30 pm
Why Isn’t Hypofractionated RT Standard?
Jay Harris, MD

4:00 pm
Is Circulating Tumor DNA Measurement (Liquid Biopsy) The Future for Selecting Drug Therapy?
Jenny Chang, MD

4:30 pm
Current Status of Partial Breast Irradiation
Frank Vicini, MD

Saturday, September 24

SESSION 6
Improving Standard Management
Session Chair
V. Craig Jordan, OBE, PhD, DSc

8:30 am
Laboratory Insights into Endocrine Therapy Resistance
V. Craig Jordan, OBE, PhD, DSc

9:00 am
Clinical Strategies for Improving Endocrine Therapy
William Gradishar, MD

9:30 am
The Role of Bone Health Agents as Adjuvant Therapy
Lori Goldstein, MD

10:30 am
Current Status of Nipple Sparing Mastectomy
Seema Khan, MD

11:15 am
Lynn Sage Distinguished Lecturer Curing Breast Cancer: Rational Goal or Fool’s Errand
George Sledge Jr., MD

SESSION 7
New Developments in Breast Cancer
Session Chair
Massimo Cristofanilli, MD

1:45 pm
Margins in DCIS
Monica Morrow, MD

2:15 pm
Immunotherapy of the Future: Targeting T-reg in Breast Cancer
George Plitas, MD

2:45 pm
Check Point Inhibitors
Hope Rugo, MD

3:45 pm
Multidisciplinary Tumor Board: Audience Response Cases
Moderator: Monica Morrow, MD
William Gradishar, MD
Jonathan Strauss, MD
George Sledge, MD
Nora Hansen, MD

Sunday, September 25

SESSION 8
Tailoring Treatment in the Modern Era
Session Chair
Sarika Jain, MD

8:30 am
Precision Medicine and Treatment Decision Making
Eleftherios Mamounas, MD

9:00 am
Pre-op Evaluation of the Axilla in the Modern Era
Melissa Pilewskie, MD

9:30 am
Managing the Axilla in the Neoadjuvant Setting
Andrea Barrio, MD

10:00 am
Is It Time to Stop Giving Chemotherapy to Node Positive, ER Positive Women with Low Oncotype Scores?
Eric Winer, MD

10:45 am
Adjourn

Educational Objectives

- At the conclusion of this symposium, participants should be able to:
- Describe strategies for management of lymphedema, communication of end-of-life priorities and goals, and appropriate use of medical marijuana.
 - Explain the correlation between radiologic abnormalities in the breast and pathologic findings using various imaging modalities.
 - Identify the rationale and challenges associated with starting a seed localization program.
 - Describe the optimal management of DCIS.
 - Summarize the potential of molecular “liquid biopsies” to guide patient management.
 - Cite the impact of novel systemic therapies on breast cancer outcome including: androgen receptor antagonists, PARP inhibitors, immunologic checkpoint inhibitors and agents to overcome endocrine resistance.

Target Audience

This symposium is designed for medical, surgical, and radiation oncologists, along with pathologists, plastic surgeons, genetic counselors, oncology nurses and others involved in the treatment of patients with breast cancer.

Lynn Sage Symposium Scholars Program

The Lurie Cancer Center invites fellows and residents to apply for the Lynn Sage Symposium Scholars Program. The program is an annual opportunity for residents and fellows to ascertain the latest clinical and scientific advances in breast cancer research through their attendance at the Symposium and to meet breast cancer experts from around the world.

In addition to attending the Symposium, the awardees will participate in a forum to discuss case studies contrasting the differences or similarities in the management of patients with various breast cancer disease states. Additionally, physicians from both the academic and private practice settings will present their experiences, recommendations, and guidance on the career paths available to residents and fellows.

Detailed information is available online at www.lynnsagebreastcancer.org/scholars.cfm

Deadline to apply is Friday, July 15, 2016.
Made possible by the generous support of the Lynn Sage Cancer Research Foundation

Conference Location and Accommodations

The Chicago Marriott Downtown Magnificent Mile is conveniently located in the heart of downtown Chicago. The address of the hotel is 540 N. Michigan Avenue, Chicago, IL. A limited number of guest rooms have been held for the Symposium at the discounted rate of \$269 plus tax per night through September 1, 2016. Contact the hotel directly at 312.836.0100 or use the link on our website. **Mention the Lynn Sage Breast Cancer Symposium for the reduced rate.**

Lynn Sage International Travel Grant

The Lurie Cancer Center has developed a special relationship with the Chicago Sister Cities International Program, a people-to-people cultural exchange initiative with 28 cities worldwide through the Chicago Mayor’s office. For the fifth year, the Lurie Cancer Center will provide travel grants to bring clinicians from the Chicago Sister Cities to the Lynn Sage Breast Cancer Symposium. Through a competitive application process, individuals will be selected by their interest in the field of breast cancer and how they will share the information obtained upon return to their country.

Detailed information is available online at www.lynnsagebreastcancer.org/sister_cities.cfm

Deadline to apply is July 15, 2016.
Made possible by the generous support of the Lynn Sage Cancer Research Foundation.

Registration

Advance registration is encouraged, as space and materials are limited. To qualify for the discounted registration fee, the completed form and payment must be received by the Lurie Cancer Center on or before **August 31, 2016**. The registration fee includes conference tuition, CME credits, materials, four breakfasts, breaks and the evening reception.

Type	Earlybird before July 31	Regular
General Fee	\$ 525	\$ 625
Industry Fee	\$ 725	\$ 825
Fellows/Students/Trainees	\$ 275	\$ 375
Nurses/Other Healthcare	\$ 275	\$ 375
General Lunch (No Refunds)	\$ 25	\$ 25
