

- The venue of AICOG 2025 is the Jio Convention Centre. This venue is located in the Bandra Kurla Complex popularly called BKC, which is located in the heart of the city. It is in the same region where we had held the previous All India Conference in Mumbai in 2013. It is 15 to 20 minutes from the Mumbai Airport.
- This venue is one of the best convention centres in the country. It has been built with passion by the Indian Billionaires Mukesh and Nita Ambani. It is the same venue where recently the Anant Ambani wedding took place!!
- The venue is located in a rectangle. Half of the rectangle is occupied by the convention centre, while the other half is occupied by the Jio Mall which houses some of the best shops and Brands in the World including the newly opened Apple service centre. You can easily visit the mall, whenever you can find the time, from the busy scientific schedule of the conference.
- The convention centre is vertically aligned. The AICOG Committee has taken the entire centre, that means the ground floor plus three floors (1st, 2nd and 3rd floor). You can travel up and down the venue, with the aid of lifts and escalators. In fact, one of the world's largest passenger lift, with a capacity of 100 people, is located in the centre. As the centre is vertically placed, all the three important areas namely Scientific Halls, Food and Entertainment Halls and Trade Exhibition Halls are within 2 to 5 minutes walking distance. As all this will be housed in air-conditioned comfort, you will not feel tired. For senior citizens, we will be providing electric carts for mobility.
- The centre also houses the Jio World Theatre wherein numerous plays and events are going on. You can book and enjoy an event in the theatre. Please click here <https://www.bookmyshow.com/> to book.
- There are more than 30 plus top restaurants in the BKC region itself including two within the centre. You can book these restaurants personally and enjoy the cuisine.

Please go to the websites:

Zomato <https://www.zomato.com/> or

DineOut <https://www.dineout.co.in/> to find good restaurants.

- In the past few years the Mumbai city has rapidly developed. You can travel by Metro, visit the newly opened Atal Setu or the newly opened Mumbai Coastal Road. The coastal road will take you from Bandra Kurla Complex to Nariman Point in just 30 minutes, where you can visit the Gateway of India and have a cup of tea at the iconic Taj Mahal Hotel.
- The organising Committee has invited at least 100 international faculty and thousands of national faculty to enrich your scientific knowledge, which will enable you to serve your patients better. We have 21 workshops and 12 parallel scientific halls. The biggest advantage is that the scientific halls are in a cluster and you can easily travel between halls, within a few minutes, without getting physically exhausted.
- Mumbai is well known for celebrities. Many celebrities and stars have assured us that they will participate in the Conference to promote the prevention of Anemia, prevention of female cancers and promotion of the concept of Gender Equality.
- On Wednesday 8th January, we will have 21 parallel workshops. The workshops will enable the participants to fine tune their skills and help them to introduce new techniques in their practice.
- On the day of the Inauguration (Thursday 9th January), we will have the famous C G Saraiya CME in the morning from 8:30 am till 1:00 pm, followed by 10 Committee / PICSEP workshops in the afternoon, from 2:00 to 4:00 pm. In the evening, we will have the inauguration and the installation ceremony of the new FOGSI Team 2025. Following this, we will have the fashion walk curated by leading Indian designers, which will focus on the problem of Anemia in our

country. Many celebrities, stars, our own colleagues, politicians, bureaucrats and civil society will be participating in this Walk. The scientific program will be there on Friday 10th January, Saturday 11th January and Sunday 12th January in 12 parallel halls.

- On Friday 10th January and Saturday 11th January, during the lunch hours, you will be entertained (in the pavilion area on the ground floor) by many Indian cultural groups, who will showcase their skills in poetry, comedy, dance, music and acrobatics.
- On Friday 10th January night, the famous Indian singer Sonu Nigam and his troupe will perform and entertain you. He will be supporting the prevention of female cancers. This program is free to all Conference faculties and delegates.
- On Saturday 11th January night, we have the paid banquet. We will be having a cultural program that will promote the concept of Gender equality, which is the need of the hour. This program will also involve the participation of many celebrities, politicians, bureaucrats, stars and civil society.
- We have also made arrangement for your spouses and accompanying persons. They can go sight-seeing. For more help on that please visit **<https://aicogmumbai2025.com/venues-highlights.html>**
- All delegates will be getting a Conference Delegate Kit consisting of a bag and numerous books.
- On Sunday 12th January during the Valedictory function, there will be numerous prizes for the best papers / posters, in the scientific sessions. Also there will be lucky draw session with many prizes.
- We would request you to register as soon as is possible, as there is a possibility, that the AICOG Organising Committee may have to stop registration, due to the anticipated participation of a large number of delegates coupled with a limited availability of space, at the venue.
- Looking forward to welcoming you to Mumbai in January 2025.
