IPSDD 2018

05-06 NOVEMBER | PRAGUE

IPSDD 2018

Welcome Message

Dear Attendees,

On behalf of Innovation Info Conferences (IIC), it is a great pleasure and an honour to extend to you a warm invitation to attend the International Conference on Pharmaceutical Sciences and Drug Development, to be held during November 05 – 06, 2018 in Prague, Czech Republic.

The IPSDD 2018 Conference is organized by the Innovation Info Conferences (IIC). The conference theme 'Embracing Innovative Technologies in Drug Development, Manufacture and Discovery' will underpin the need for collaboration and cooperation of individuals from a wide range of professional, academic and technological backgrounds.

Prague is an exceptional location for the Conference. Prague is the capital and the largest city of the Czech Republic. This magical city of bridges, cathedrals, gold-tipped towers and church spires is also the fourteenth largest city in the European Union.

The IPSDD 2018 Conference will provide a wonderful forum for you to refresh your knowledge base and explore the innovations in advancing technology and its application in pharmaceutical sciences. The Conference will strive to offer plenty of networking opportunities, providing you with the opportunity to meet and interact with the leading scientists and researchers, friends and colleagues as well as sponsors and exhibitors.

We hope you will join us for a symphony of outstanding science and take a little extra time to enjoy the spectacular conference activities and unique beauty of this region.

With best wishes,

*"Embracing Innovative Technologies in Drug
Development, Manufacturing and Discovery"*

City Attractions

What to Expect

IPSDD 2018 creates an inspiring, cross-pollinating environment that transcends the traditional boundaries between academics, researchers, scientists, companies and young talent, and encourages creative collaboration across the scientific community.

Why to Attend

IPSDD 2018 is an international platform for understanding the breadth of pharmaceutical research, innovative technologies employed in modern drug development process and how organizations can effectively integrate themselves with current trends in pharma industry.

IPSCOP

IPSCDD 2018 will cover important aspects of advanced Pharmaceutical sciences, drug discovery, drug development, blockbuster drugs, pharmaceuticals and nanotechnology, emerging trends in catalytic processes, medical and pharmaceutical biotechnology, biopharmaceuticals, nutraceuticals, cosmeceuticals, drug delivery techniques, drug resistance, manufacturing and more. Focus will be paid to the key technologies playing important role in pharmaceutical and bio-based industries.

Talks will be organized around following sessions:

- Medical and Pharmaceutical Biotechnology
- Pharmaceutical and Medicinal Chemistry
- Modern Analytical and Bioanalytical Methods
- Novel Drug Delivery Systems
- Drug Development
- Synthetic Drugs
- Pharmacology and Toxicology
- Pharmaceutical Nanotechnology Based Systems
- Environmental Biotechnology
- Food and Agriculture Biotechnology
- Pharmacotherapy
- Drug Discovery
- Pharmaceutical Nano systems

Selection criteria for oral and poster presentations will be dependent on approval from abstract selection committee. The official conference language will be English.

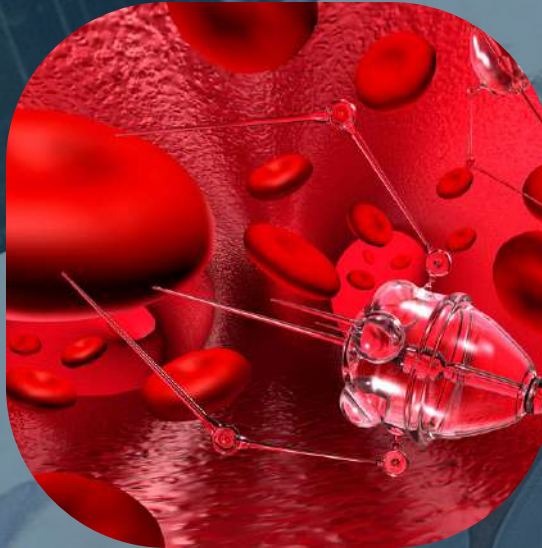

Specialised workshops and round-table discussions can be organised upon request to further strengthen relationship between industry and academia.

As a platform for personal, scientific, technical and business contacts, this highly interactive event will pave the way for new collaborations and provide opportunities for the fruitful continuation of long-term relationships between scientific community.

ADVISORY BOARD

SUPPORTING JOURNALS

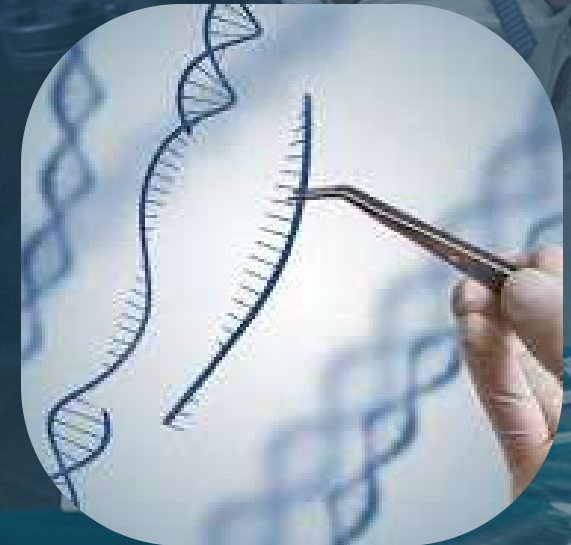

International Journal of Nano
Research

Journal of Clinical Case
Reports and Trials

Journal of Drug Development
and Delivery

Journal of Clinical and Medical
Science

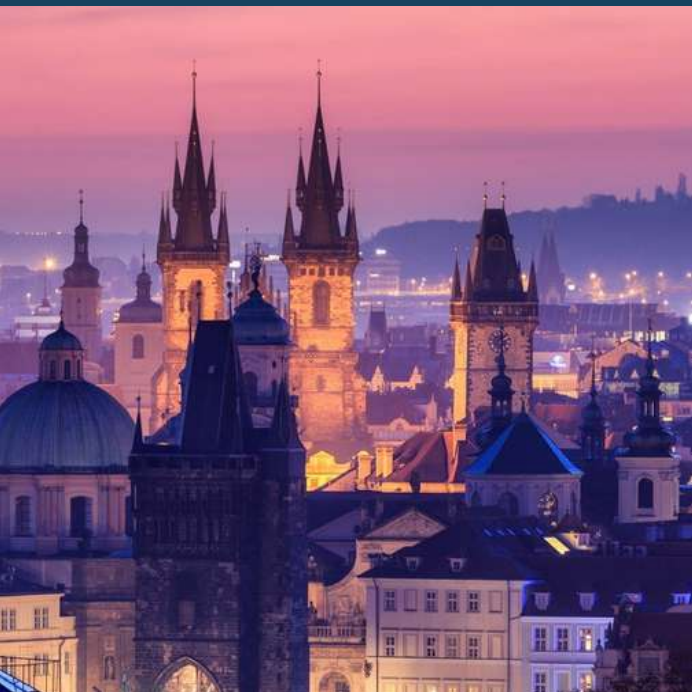

HOW DOES IIC DIFFER?

No other conference brings you the world-class academic sessions, cutting-edge keynote presentations, speaker sessions, workshops, young research presentations, poster presentations, workshops and unique B2B networking opportunities with companies you need to discuss and solve your biggest problems in the field of pharma industry – all at one time, all in one place.

IPSDD 2018 conferences are designed in a way to provide an innovative research outlook and to showcase the latest technology use to the scientific community in the ever growing and challenging environment of pharmaceutical industry.

Invitation

Dear Attendees,

We are glad to announce the International Conference on Pharmaceutical Sciences and Drug Development (IPSDD 2018) be held in Prague, Czech Republic from November 05 - 06, 2018 organized by Innovation Info Conferences (IIC) in collaboration with generous support and cooperation from enthusiastic academicians and Editorial Board Members.

IPSDD 2018 aims to bring together professionals from around the world for two days of innovation and collaboration to help uncover the promise of pharmaceutical research, role of nanotechnology, advances in medicinal chemistry, pharmacological aspects of drug, pharmaceutical care and technological advancement.

As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the World but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and personal interaction with industry leaders and experts.

Life is full of exchange of views, opinions and suggestions, make it count in your professional life too. Attend the IPSDD 2018 to network with your peers, exchange expertise and experiences, and arm yourself with the latest information to take your dental department to the next level.

We look forward to personally welcoming you at Prague in November.

Sincerely,
Organizing Committee
IPSDD 2018
Nov 05-06 | Prague | Czech Republic

TARGET AUDIENCE

- Pharmacists
- Pharmaceutical Researchers
- Professors and Associate Professors
- Directors and CEO's of Organizations
- Pharmaceutical societies, Associations
- Physicians and clinical pharmacist
- Pharmacologist
- Nanotechnologist
- Pharmaceutical societies
- Biomedical Engineers
- Biotechnologists
- Cosmetic companies
- Medicinal and Pharmaceutical companies
- Medical Devices Companies
- Research Institutes and members
- Supply Chain companies
- Manufacturing Companies
- Clinical Research
- Regulatory Authorities
- Training Institutes
- Start-up Initiators
- Investors
- Delegates
- Clinical Pharmacologists
- Clinical Toxicologists

SCIENTIFIC SESSIONS

- Pharmaceutical Manufacturing & Technology
- Novel Drug Delivery Systems
- Drug Discovery and Drug Designing
- Analytical and Bioanalytical techniques
- Pharmacology and Toxicology
- Process Chemistry and Drug Manufacturing
- Trends in Organic Chemistry & Inorganic Chemistry
- Surface Chemistry and Material Chemistry
- Chemistry & Computational Catalysis
- Polymer Chemistry and Technology
- Bio-catalysis in Chemistry
- Drug Development and Dosage Forms
- Drug Toxicity and Pharmacotherapy
- Formulations and Delivery Techniques
- Regulatory Intelligence
- Drug Pricing
- Pharmaceutical Market Research
- Pharmacotherapy and Synthetic drugs
- Pharmaceutical and Medicinal Chemistry
- Pharmaceutical Nano systems
- Dosage forms
- Drug interactions and Resistance
- Pharmaceutical Research & Development (R&D)
- Drug Carriers
- Analytical and bioanalytical techniques
- Pharmacology and Toxicology
- CADD (Computer Aided Drug Designing)

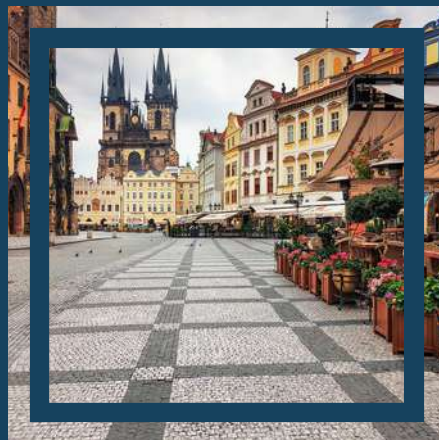

ABOUT PRAQUE

Prague (Praha) is a city set amid Romanesque and Gothic spires and towers also all sorts of baroque architecture. This city of a hundred spires is widespread with its history and culture. Countless have fallen in love with this city of fairy tales and made it their next home. Prague has plenty of hidden gems for the tourists to know midst its several winding streets, squares and alleys.

Located in the north-west of the country, on the Vltava River, Prague city is the capital and the largest city of the Czech Republic. This enchanted city of cathedrals, bridges, gold-tipped towers and church spires is also the 14th largest city in the European Union of Nations. Prague is home to about 1.3 million people, but its larger urban zone has approximately 2 million population. Since the times of Middle Ages Prague has valued its reputation as one of the most beautiful cities in the World and as the cultural, economic and political focal point of central Europe.

The main river is the Vltava River, which flows through the Prague city at 31 kms with the maximum width being 330 mts. There are countless islands on the banks of Vltava River such as the pleasant Kampa Island, the Slav Island near the National Theatre, or Children Island. These islands serve not only as a perfect get-a-way from the commotion of the city centre but are also mostly the sites of many cultural events.

The people in Prague are welcoming and very hospitable and will assist you for getting around in Prague and to make your holiday enjoyable. It's a city full of wonders and one that the most adventurous travellers will appreciate.
