DISCLOSURE OF CONFLICTS OF INTEREST

It is the policy of Medical Education Resources (MER) to ensure balance, independence, objectivity, and scientific rigor in all of its educational activities. In accordance with this policy, MER identifies conflicts of interest with its instructors, content managers, and other individuals who are in a position to control the content of an activity. Conflicts are resolved by MER to ensure that all scientific research referred to, reported, or used in a CME activity conforms to the generally accepted standards of experimental design, data collection, and analysis.

The conferences consist of half-day morning sessions. Breakfast is provided to attendees each meeting day. Ski meeting agendas differ from standard MER schedules. See www.mer.org for details.

Special Assistance

MER's policy is to comply with the Americans with Disabilities Act. If special arrangements are necessary for an individual with a disability to attend a conference, please contact our registration department at 1-800-421-3756.

MER's Green Initiative

MER believes it is important to conserve and protect the natural resources we have been given. Take-home flash drives containing all materials presented during the conference will be provided. In this way, we will be able to save hundreds of thousands of sheets of paper per year. MER believes that all of us should Reduce, Reuse and Recycle as much as possible.
