California Society of ANESTHESIOLOGISTS

KA'ANAPALI, MAUI

2027 CSA Winter Anesthesia Conference

January 18–22, 2027 · The Westin Maui Resort & Spa, Ka'anapali

5 Days of Education | Up to 25.00 AMA PRA Category 1 Credits™ | 17.0 MOCA 2.0® Units | Live Ultrasound Scanning

ACCREDITATION AND CREDIT DESIGNATION

The California Society of Anesthesiologists is accredited by the Accreditation Council for continuing Medical Education to provide continuing medical education to physicians.

The California Society of Anesthesiologists designates this live activity for a maximum of 25.00 *AMA PRA Category 1 Credit(s)* . Attendees should claim only the credit commensurate with the extent of their participation in the activity.

MOCA® | Maintenance of Certification in Anesthesiology

Maintenance of Certification in Anesthesiology Program® and MOCA® are registered certification marks of The American Board of Anesthesiology®. This activity contributes to the patient safety CME requirement for the CME component of the American Board of Anesthesiology's (ABA) redesigned Maintenance of Certification in Anesthesiology® (MOCA®) program, known as MOCA 2.0®. Please consult the ABA website, www.theABA.org, for a list of all MOCA 2.0 requirements. The main sessions of this activity are certified for 17.0 MOCA units. Optional attendance will increase this total for those who participate in workshops.

MITIGATION OF RELEVANT FINANCIAL RELATIONSHIPS

The California Society of Anesthesiologists requires all planners, faculty, and any person in a position to control content for this educational activity to identify all financial relationships with any ineligible company, as defined by ACCME. All relevant financial relationships have been mitigated and are disclosed below.

PLANNING COMMITTEE

Christina M. Menor, MD, MS, FASA (Meeting Chair) Consultant: Parexel, Dyad. Stock ownership: Boston Scientific Corporation, Catalyst Pharmaceuticals, Inc., Cocrystal Pharma, Doximity, General Electric, Gilead Sciences, GoodRx, Innoviva, Jazz Pharmaceuticals, Moderna, Pfizer Inc., Viatris, Voyager Therapeutics · **Richard Applegate II, MD, FASA** (Chair, CSA Education Planning Committee) Institutional grant: Masimo Corporation · **Shalini Shah, MD, MBA** (Vice-Chair, CSA Education Planning Committee) Consultant: Allergan, SPR Therapeutics · **Brendan Carvalho, MD** (Planner) Stock option: Flat Medical; consultant: Rivanna Medical, LLC · **Ioana Pasca, MD** (Planner) Consultant: Masimo Corporation · **Engy T. Said, MD** (Planner) Institutional research grants: Gate Science, Pacira Pharmaceuticals, Varian Medical Systems. All other faculty, planners and CSA staff have no relevant financial relationships to disclose.

FACULTY

Six Expert Speakers

Elizabeth Cordes Behringer, MD, FASA

Cardiac Surgical Intensivist-Anesthesiologist, Division of Cardiovascular Surgery & Critical Care, Kaiser Permanente Los Angeles, Los Angeles, California

Disclosure: Fisher & Paykel Healthcare Limited

Speaking Area: High-flow nasal cannula in procedural sedation, prevention of perioperative acute renal failure, The Airway Lead patient safety initiative, management of the physiologically difficult airway.

Stephen Haskins, MD

Hospital for Special Surgery

Speaking Area: Point-of-care ultrasound (intro POCUS, gastric ultrasound live scanning), regional anesthesia for hip arthroscopy, hip replacement/TKA, POCUS for DVT, epidural, and airway.

Christina Menor, MD, MS, FASA

Meeting Chair | CSA President | Private Practice

Disclosure: Consultant: Dyad; Stock ownership: Boston Scientific Corporation, Catalyst Pharmaceuticals, Inc., Cocrystal Pharma, Doximity, General Electric, Gilead Sciences (Gilead Foundation), GoodRx, Innoviva, Jazz Pharmaceuticals, Moderna, Pfizer Inc., Viatris, Voyager Therapeutics

Speaking Area: Ambulatory anesthesia limits; medication guideline updates; disparities in anesthesiology (patients, colleagues, leadership); patient implants in the ASC.

Alyssa Burgart, MD, MA, FAAP, HEC-C

Stanford University School of Medicine, Division of Pediatric Anesthesia; The Laurie J. Girand Center for Biomedical Ethics at Stanford.

Speaking Area: Moral injury and anesthesiologist wellbeing, mitochondrial conditions, pediatric basics, recent URI risk stratification, supply rationing and anesthesia creativity.

Ruthi Landau, MD

Virginia Apgar Professor of Anesthesiology, Columbia University Medical Center

Speaking Area: Obstetric Anesthesia, Maternal Critical Care, Neuraxial Adjuvants, Pain during Cesarean Delivery, SOAP Consensus Statements, the Publishing and Editorial Landscape.

Romain Pirracchio, MD, MPH, PhD

Professor, Exec. Vice Chair of Adult Anesthesia, Chief of Anesthesia at ZSFG

Disclosure: Grant/Contract: AOP Orphan Pharmaceuticals GmbH, Department of Defense, NIBIB, PCORI.

Speaking Area: Artificial intelligence in perioperative medicine, clinician communication, vasopressor management, glucose management, measuring clinical impact.

SCHEDULE

Daily Program at a Glance

TIME	MON JAN 18	TUE JAN 19	WED JAN 20	THU JAN 21	FRI JAN 22
7:00–8:00	**Landau** — ERAC/SOAP Guidelines: What's New for Cesarean Delivery*	**Menor** — Decoding the Alphabet Soup: Perioperative Management of ACEIs, ARBs, GLP-1s, SGLT2s, and Antiplatelet Drugs*	**Pirracchio** — How Do We Best Deliver AI Information to the Clinician?	**Burgart** — The Motherboard: Mitochondrial Conditions and Anesthesia Care*	**Burgart** — Moral Injury Support: Recognizing Moral Injury and Its Impact on Anesthesiologist Wellbeing
8:00–9:00	**Behringer** — High-Flow Nasal Cannula in Procedural Sedation: When and How*	**Landau** — All the Little Things I Want You to Know About Obstetric Anesthesia*	**Menor** — Who's in the Room? Disparities in Anesthesiology — Patients, Colleagues, and Leadership	**Pirracchio** — AI-Personalized Perioperative Blood Sugar Management	**Behringer** — Management of the Physiologically Difficult Airway*
9:00–10:00	**Haskins** — POCUS 101: An Introduction to Perioperative Point-of-Care Ultrasound*	**Haskins** — Gastric Ultrasound Live: See It, Scan It*	**Behringer** — Protecting the Kidneys: Prevention of Perioperative Acute Renal Failure*	**Landau** — Dexmedetomidine for Cesarean Delivery: What's All the Hype?*	**Pirracchio** — AI-Personalized Vasopressor Treatment in Septic Shock
			15-minute break		
10:15–11:15	**Menor** — Where's the Line? Navigating the Limits of Ambulatory Anesthesia*	**Burgart** — Talkesthesia: Trauma-Informed Care to Build Trust and Reduce Stress	**Landau** — Anesthesia Considerations in Preeclampsia: Fluid Management, Magnesium, and Uterotonics*	**Behringer** — The Airway Lead: An Essential Patient Safety Initiative*	**Menor** — Wired for Surgery: Managing Patient Implants in the ASC*
11:15–12:15	**Burgart** — Supply Rationing and Anesthesia Creativity	**Haskins** — POCUS for DVT and Airway: Practical Implications for Practice*	**Pirracchio** — How to Measure the Real Clinical Impact of AI Tools	**Haskins** — Same-Day Elective Hip and Knee Arthroplasty: General Anesthesia or Spinal?*	**Burgart** — Basics for Kids: A Review of Pediatric Anesthesia for General Anesthesiologists*

Breakfast served 6:00–7:00 AM daily. Session times are approximate and subject to final confirmation. * MOCA-eligible (patient safety) session.

WHY ATTEND

Five mornings. National faculty. A year's worth of CME.

Join anesthesiologists from around the globe for a week of sun, sand, and CME! Learn the latest **evidence-based education** and updates from national experts in **obstetric**, **ambulatory**, **pediatric**, and **regional anesthesia**. Plus, practical **POCUS** skills and a clear look at **how AI is reshaping perioperative decision-making**. Sessions end by 12:15 PM. Afternoons are yours to explore, relax, and recharge. Faculty integrate **live audience polling** and **real-world case discussions** that include **practical insights** you can apply on your next shift and share with your team. Your registration comes with a full hot breakfast and mid morning refreshments each day. And ***new this year: a family reception for attendees and their guests*** on Tuesday evening 1/19. ***Register today!***

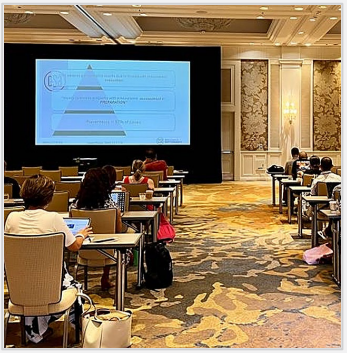

At the conclusion of this activity, participants will be able to:

1. Apply updated evidence-based guidelines in ambulatory, obstetric, pediatric, and regional anesthesiology to improve perioperative outcomes.
2. Integrate point-of-care ultrasound (POCUS), AI-based tools, and advanced monitoring into perioperative clinical decision-making.
3. Implement patient safety strategies in airway management, obstetric anesthesia, pediatric anesthesia, and perioperative medicine.
4. Evaluate and modify perioperative management strategies (e.g., ERAC pathways, vasopressor use, glucose management) to reduce complications.
5. Incorporate system-based practices, including strategies to address moral injury and care of complex patient populations, to improve patient safety and quality of care.

The Westin Maui Resort & Spa, Ka'anapali

2365 Kaanapali Parkway, Lahaina, Hawai'i 96761

Register & details →

Group rates from $399/night, plus a $30 daily resort fee.
Early-bird registration through October 18, 2026. Hotel block closes December 18, 2026.
