

ONLINE ONLY - Patients Day

Arrhythmia Alliance Patients Day

WHAT DO I NEED TO KNOW ABOUT MY...

Chair:

Ectopic beats

Matthew Fay

Bradford, UK

SVT

Jonathan Kalman

Melbourne, AU

VT

Tarv Dhanjal

Coventry, UK

HEART FAILURE AND ARRHYTHMIAS

Chair: Benjamin Steinberg

Utah, US

What does cardiomyopathy mean?

Advances in medication to treat heart failure

Larry Jackson II

Durham, US

Pacemakers, ICDs, CRT in heart failure - who needs which device?

Eleri Roberts

Manchester, UK

AF and heart failure

Becky Hyland

Wiltshire, UK

LIVING WITH ARRHYTHMIAS IN 2022

Chair: Helen Eftekhari

Coventry, UK

COVID 19 and arrhythmias	Boon Lim	London, UK
Lifestyle and arrhythmia - is there a link?	Helen Eftekhari	Coventry, UK
Alternative therapies for arrhythmias	Helen Hodgson	Bath, UK
Which arrhythmias are suitable for ablation?		
INNOVATION IN ARRHYTHMIAS		
Chair: Shouvik Haldar		London, UK
Wearable devices - should I get one?	Yassir Javaid	Northampton, UK
Questions to ask if you are invited to take part in a trial	Rachel Bates	Oxford, UK
Latest advances in screening relatives of SCD patients		
NICE - latest update on digital ECGs or something?	David Albert	Los Angeles, US

AF Association Patients Day

Chair: Will Foster		Worcester, UK
I have just been diagnosed with paroxysmal AF. Can I do anything to help myself?	Faizel Osman	Coventry, UK
I have paroxysmal AF. What medications are available?	Ahmed Ammar	Worcester, UK
Chair: Vishal Luther		Liverpool, UK
I have paroxysmal AF. Should I have an ablation?	Vishal Luther	Liverpool, UK
I have had an ablation for my AF but my AF has come back. Should I have another?	Sajad Ahmed Hayat	Qatar, QA
I have had an ablation and my AF has gone ... can I stop my anticoagulants?	Gregory Lip	Liverpool, UK
Chair: Will Foster		Worcester, UK
What's new on the horizon to reduce AF related stroke?		
Is there an alternative to oral anticoagulation?	Tim Betts	Oxford, UK
Are there any complimentary therapies that help AF?	Tarv Dhanjal	Coventry, UK
What new technologies are there to treat AF?		
My brother / sister has AF - will I get it?	Bridgette Smith	Worcester, UK

Chair: Sandeep Panikker		Coventry, UK
Should I have a cryoablation or a radiofrequency ablation for my AF?	Aaisha Opel	Middlesex, UK
I have paroxysmal AF. If I go into AF, how long should I wait before I call for help (ambulance / GP review / go to A&E)?	Will Foster	Worcester, UK
Can I drive if I have AF? Are there any restrictions?	Donah Zachariah	Stoke-on-Trent, UK

STARS Patients Day

REFLEX ANOXIC SEIZURES (RAS) / SYNCOPE IN THE YOUNG

Chair: Trudie Lobban		Winchester, UK
Night terrors and how to manage them	Trudie Lobban	Winchester, UK
How is RAS diagnosed? Would a video help a diagnosis?	Blair Grubb	Toledo, CA
Mum's story		
The differences between reflex anoxic seizures and epileptic fits. AED medication is not appropriate for RAS.	Jasveer Mangat	London, UK
REFLEX SYNCNOPE/VASOVAGAL SYNCNOPE		
Chair: Roopinder Sandhu		Los Angeles, US
Syncope ablation		
An unexplained loss of consciousness needs a proper diagnosis	Nicholas Tullo	New Jersey, US
Presyncope: What it is, causes, symptoms and treatment	Matthew Fay	Bradford, UK
Psychogenic syncope (symptoms mimic those of VVS and PoTS)	Artur Fedorowski	Stockholm, SE

POSTURAL TACHYCARDIA SYNDROME (POTS)

Chair: Lesley Kavi		Warwickshire, UK
Important to manage one's expectations as there is no magic bullet	Nicholas Gall	London, UK
POTS or Long Covid?	Melanie Dani	London, UK
What medications are currently being prescribed for PoTS patients? How are they effective?	Blair Grubb	Toledo, CA
Wise eating and drinking can be beneficial in PoTS	Lesley Kavi	Warwickshire, UK

ONLINE ONLY - Scientific Session

AF Association Symposia 1 - AF detection in different contexts- how do we get it right for the local population

Chair: Ben Freedman, Jeroen Hendriks		Sydney, AU, Maastricht, NL; Adelaide, AU
What works for whom in AF screening- a realist review	Coral Hanson	Edinburgh, UK
AF screening in indigenous populations	Suud Nahdi	Sydney, AU
Rural screening for AF	Jessica Orchard	Sydney, AU
Pharmacy based AF screening	Filipa Alves da Costa	Lisbon, PT
AF Detection in Vaccine Clinics	Nithya Nanda, Trudie Lobban	Slough, UK, Winchester, UK
Discussion		

Arrhythmia Alliance and Venice Arrhythmias Joint Session

Chair: Carlos Morillo		Calgary, CA
Lifestyle and risk factors modification: implementation and results	Antonio Rossillo	Vicenza, IT
Rhythm vs. rate control: is it time to change strategy?	Sakis Themistoclakis	Venice-Mestre, IT
New technologies for AF ablation: impact on clinical outcomes	Andrea Natale	Austin, US
Cardiac neuro ablation/modulation of AF: where are we and where are we going?	Tolga Aksu	Istanbul, TR
LAA closure: first choice or last chance? (pro)	Luigi Di Biase	New York, US
LAA closure: first choice or last chance? (con)	Tim Betts	Oxford, UK

Idiopathic Ventricular Fibrillation

Chair: Bernard Belhassen, Pier Lambiase		Jerusalem, IL, London, UK
Genetic Testing in idiopathic VF	Greg Mellor	Cambridge, UK
Short-coupled VF idiopathic ventricular fibrillation: Diagnosis and management	Bernard Belhassen	Jerusalem, IL
How common is idiopathic VF?	Giulio Conte	Lugano, CH
How to diagnose idiopathic VF	Andrew Krahn	Vancouver, CA

AF Association Symposia 3 - Correct - Drugs vs Ablation session

Chair: Dhiraj Gupta, Sanjiv Narayan		Liverpool, UK, Palo Alto, US
Do the outcomes of early rhythm control with catheter ablation extend to patients with persistent AF too?	Dhiraj Gupta	Liverpool, UK
The impact of anti-arrhythmic drugs on Atrial fibrillation burden	Paulus Kirchhof	Hamburg, DE
The role of omega-3 fatty acids in atrial fibrillation management	Christine Albert	Los Angeles, US
Machine Learning to Guide Ablation and Drug Therapy for Atrial Fibrillation	Sanjiv Narayan	Palo Alto, US
What does Surgical Therapy for Atrial Fibrillation add to Catheter Ablation?	David DeLurgio	Atlanta, US
Future Trials to Advance Ablation Therapy for Atrial Fibrillation	Atul Verma	Toronto, CA

9 Oct 2022, IN-PERSON AND ONLINE - Sunday's Scientific Sessions

Arrhythmia Alliance Symposia 1 - Guideline Update: Whats new/Meet the authors? - Hall 8a

Chair: Alistair Slade			Truro, UK
09:30	MRI & CIEDs	Charlotte Manisty	London, UK
09:45	Managing patients receiving radiotherapy with a cardiac implanted electronic device	Jay Wright	Liverpool, UK
10:00	2021 ESC Heart failure Guidance: whats new for the CRM specialist?	John Cleland	London, UK
10:15	2021 ESC cardiac pacing and CRT: Whats new, whats controversial?		
10:30	British Heart Rhythm Society Guidelines for the management of patients with cardiac implantable electronic devices (CIEDs) around the time of surgery	Honey Thomas	Northumbria, UK
10:45	Discussion		
11:00	Close		

Masterclass Devices 1 - The latest evidence... - Hall 8b

Chair: Holly Daw, Ian Wright			London, UK, London, UK
09:30	The latest evidence for conduction system pacing	Honey Thomas	Northumbria, UK
09:45	The latest evidence for rate response algorithms		
10:00	The latest evidence for intrinsic conduction algorithms	Anna Mills	Bury St. Edmunds, UK
10:15	The latest evidence for tachycardia programming strategies	Chloe Howard	York, UK
10:30	The latest evidence for ATP programming strategies	Jamie Walton	Birmingham, UK
10:45	The latest evidence for CRT optimisation algorithms		
11:00	Close		

Oral Abstracts 1 - Hall 7b

Further details to come soon

Ablation and Pacing in the light of APAF-CRT - Hall 8a

Chair: Derek Connelly			Glasgow, UK
11:45	The evidence base for AV nodal ablation and pacemaker implant – what does APAF-CRT add to the existing evidence?	Howard Marshall	Birmingham, UK
12:00	Further insights from the APAF-CRT trial		
12:15	AV nodal ablation and His bundle pacing: are further trials needed?	Zachary Whinnett	London, UK
12:30	Debate - Pro - APAF-CRT should be implemented in high-risk patients with heart failure and atrial fibrillation	Archie Rao	Liverpool, UK
12:45	Debate Con - APAF-CRT should be implemented in high-risk patients with heart failure and atrial fibrillation		
13:00	Discussion		
13:15	Close		

ICD: Practical How to Session - Hall 8b

Chair: Eleri Roberts, Ian Wright			Manchester, UK, London, UK
11:45	Deactivate/Reactivate ICD shock therapy	Fiona Challoner	West Midlands, UK
12:15	ATP set up - Tips and tricks	Rosie Stone, Steven Martin	Manchester, UK, Crowthorne, UK
12:45	Manual delivery of ATP		
13:15	Close		

Remote monitoring management - efficiency and value - Hall 10b

Chair: Ian Pinnell			Oxford, UK
11:45	Managing remote monitoring alerts	Alice Read	Oxford, UK
12:00	Setting up the 'perfect' remote monitoring clinic	Ian Pinnell	Oxford, UK
12:15	When NOT to remote monitor	Dhanunjaya Lakkireddy	Kansas, US
12:30	Cost effectiveness and reimbursement		
12:45	Remote monitoring and COVID 19		
13:00	Value of non-arrhythmia remote monitoring diagnostics	Fozia Ahmed	Manchester, UK
13:15	Close		

EP Traces Course - Hall 7a

Chair: Simon Modi, Vishal Luther

**Liverpool, UK,
Liverpool, UK**

11:45	Welcome, course objectives and 'How to approach the unknown tracing'
12:00	EP traces session 1
13:30	Lunch
14:00	EP traces session 2
15:30	Break
15:45	EP traces session 3
17:15	Break
17:30	EP traces session 4
19:00	Close

Nurses 1 - Hall 7b

Chair: Angela Hall, Sarah Clarke			Jersey, UK, Essex, UK
14:30	The emotional and physical effects of using Virtual Reality in cardiology	Austin Gibbs	Jersey, UK
14:45	ECG workshop	David Farwell	Essex, UK
15:00	How can we keep AF out of the emergency department?		
15:15	The evolving role of the arrhythmia nurse specialist	Catherine Laventure	Peterborough, UK
15:30	Psychological support services for patients with arrhythmia	Simon Bowles	Norwich, UK
15:45	Women and palpitations - the role of hormones and menopause	Louise Newson	Stratford Upon Avon, UK
16:00	Close		

Arrhythmia Alliance and British Society of Heart Failure Joint Session - HF and AF the chicken or the egg? - Hall 8a

Chair: Becky Hyland			Wiltshire, UK
14:30	The HF MDT	Simon Duckett	Stoke-on-Trent, UK
14:45	Palliative care in heart failure	Zaheer Yousef	Cardiff, UK
15:00	Optimising heart failure medication what is new in the guidelines	Maggie Simpson	Glasgow, UK
15:15	AF ablation in heart failure – a sceptic speaks	Andrew Clark	Hull, UK
15:30	A heart failure consultants perspective on managing VT	Dominic Kelly	Hampshire, UK
15:45	Devices in elderly heart failure patients	Di Barker	Stoke-on-Trent, UK
16:00	Close		

EP Masterclass 1 - Hall 8b

Chair: Ross Hunter			London, UK
14:30	Ablation in the Vein of Marshall	Nicholas Derval	Bordeaux, FR
14:45	High power, short duration	Dhiraj Gupta	Liverpool, UK
15:00	High density mapping of AT/atypical flutters	Ross Hunter	London, UK
15:15	New strategies in AF ablation	Moloy Das	Newcastle Upon Tyne, UK
15:30	Non-invasive ablation of VT	Matthew Bates	Middlesbrough, UK
15:45	Discussion		
16:00	Close		

BHRS Research Session - BHRS Multicentre Trials Group - Hall 7b

Chair: Pier Lambiase			London, UK
16:45	BHF Clinical Research Collaborative-Update and new developments	Allyson Arnold	London, UK
17:00	How to use Wearable Technology for Arrhythmia Research	Dominik Linz	Maastricht, NL
17:15	How to run a successful Clinical Research EP lab		
17:30	Optimal Trial Designs for Trials of Clinical Practice		
17:45	The nitty gritty of EP clinical trials research-How to get it done	Prapa Kanagaratnam	London, UK
18:00	Discussion		
18:15	Close		

A practical approach to heart failure management - Hall 8a

Chair: Patricia Campbell			Northern Ireland, UK
16:45	SGLT inhibitors in heart failure - who, when and how?	Mark Petrie	Glasgow, UK
17:00	Data from devices - can it help heart failure care?	Fozia Ahmed	Manchester, UK
17:15	Acute management of decompensated heart failure with atrial fibrillation	Simon Duckett	Stoke-on-Trent, UK
17:30	The multi-disciplinary heart failure team - what is the role of the arrhythmia specialist?	Geraint Morton	Portsmouth, UK
17:45	How can an ICC (inherited cardiomyopathy clinic) benefit my patient with cardiomyopathy and arrhythmia?		
18:00	Which patients with heart failure and arrhythmia need advanced heart failure care?	Adam McDiarmid	Newcastle Upon Tyne, UK
18:15	Close		

Device Infection Session - Hall 8b

Chair: Jonathan Piccini			Durham, US
16:45	Treatment of CIED infections - How are we doing in North America?	Sean Pokorney	Duke, US
16:55	A Review of the EHRA Recommendations on CIED Infection	Carina Blomstrom-Lundqvist	Uppsala, SE
17:05	Preventing CIED infection		
17:15	Improving Survival after CIED Infection & Treatment	Christopher Rinaldi	London, UK
17:25	Surgical Management of the CIED Pocket - An ounce of prevention is worth a pound of cure		
17:35	Panel Discussion		
18:15	Close		

10 Oct 2022, IN-PERSON AND ONLINE - Monday's Scientific Sessions

Harry Crijns Named Lecture - Hall 11b

08:30	Talk title tbc
-------	----------------

09:30	Close
-------	-------

Arrhythmias after surgery - Hall 3b

Chair: Benjamin O'Brien , Niall Campbell			Berlin, DE, Manchester, UK
08:30	Can we predict AF after Cardiac Surgery (AFACS)?	Peter Watkinson	Oxford, UK
08:50	Is AF after cardiac surgery the same as other AF?		
09:10	Long-term anticoagulation for post-op AF - what should we do?	Gregory Lip	Liverpool, UK
09:30	Amioderone vs DCCV for post op atrial fibrillation		
09:50	Discussion		
10:00	Close		

EP Masterclass 2 - Hall 10a

Chair: Eleri Roberts			Manchester, UK
08:30	Types of refractory periods: what are they and why do they matter?	Fu Siong Ng	London, UK
08:45	Re-entry: how to identify it and what it means for mapping?	Joseph De Bono	Birmingham, UK
09:00	Tachycardias resulting from triggered automaticity		
09:15	Why determines the haemodynamic consequences of a tachycardia?	Ian Wright	London, UK
09:30	Discussion		
10:00	Close		

EGM Championships - Hal 11a

Chair: Stuart Allen		Manchester, UK
Panel	Chris Monkhouse, Honey Thomas, Paul Doherty	London, UK, Northumbria, UK, Solihull, UK

Oral Abstracts 2 - Hall 3a

Further details to come soon

STARS Symposium - Hall 9

PACEMAKERS AND SYNCOPE

Chair: Richard Sutton, Robert Sheldon, Zachary Whinnett			Monte Carlo, MC, Calgary, CA, London, UK
08:30	Patient selection for pacing: age, symptoms, and effect of clustering		
08:45	Patient selection for pacing: importance of cardioinhibition, timing, and vasodepression	Richard Sutton	Monte Carlo, MC
09:00	Beyond cardioinhibition. What additional benefits does CLS pacing bring to the patient with mixed vasodepressor and cardioinhibitory responses?	Richard Sutton	Monte Carlo, MC
09:15	Syncope recurrence after pacing	Artur Fedorowski	Stockholm, SE
09:30	Narrow QRS heart block, adenosine, and pacemakers.	Ahran Arnold	London, UK
09:45	Syncope and bifascicular block: EP studies, ILRs, or pacemakers?	Robert Sheldon	Calgary, CA
10:00	Break		
PRACTICAL ISSUES IN SYNCOPE MANAGEMENT			

Chair: Mehran Asgari, Robert Sheldon			Inverness, UK, Calgary, CA
10:45	First contact: complementary roles of risk assessment and diagnosis	Mehran Asgari	Inverness, UK
11:00	ED patient: arrhythmia outcomes and ECG recordings in first 2 weeks	Robert Sheldon	Calgary, CA
11:15	Older syncope clinic patients with non-informative histories and ECGs: tilt, ILR, other, or none?		
11:30	Tilt testing: when do I need to do a tilt test?		
11:45	Drugs for vasovagal syncope: midodrine, fludrocortisone, atomoxetine	Satish Raj	Calgary, CA
12:00	Syncope in the elderly with resting hypertension	Giulia Rivasi	Florence, IT
12:15	Lunch		
POTS AND LONG-COVID			
Chair: Harsha Master, Nicholas Gall, Satish Raj			Stevenage, UK, London, UK, Calgary, CA
13:30	POTS, POTS Plus, or simply fellow travellers?		
13:45	POTS: new medical and non-medical treatment	Satish Raj	Calgary, CA

14:00	POTS and autoimmunity: Taking science to treatment.	Artur Fedorowski	Stockholm, SE
14:15	Long COVID: autonomic dysfunction or microvascular dysfunction?	Nicholas Gall	London, UK
14:30	Long COVID: The value of a holistic approach?	Harsha Master	Stevenage, UK
14:45	Long COVID: A diagnosis and management primer	Melanie Dani	London, UK
15:00	Break		
LIFE AT THE EDGE OF SYNCOPE RESEARCH			
Chair: Robert Sheldon, Sebastian Stec			Calgary, CA, Warsaw, PL
1. Cardioneuroablation			
15:45	a. Little brain of the heart.		
15:55	b. Cardioneuroablation: evidence and approaches	Sebastian Stec	Warsaw, PL
16:05	c. Cardioneuroablation: patient selection, study outcomes		
2. Great opportunities in Syncope			
16:15	a.	Artur Fedorowski	Stockholm, SE

16:25	b.		
16:35	c.	Robert Sheldon	Calgary, CA
16:45	d.	Richard Sutton	Monte Carlo, MC
16:55	3. Open discussion		
17:15	Close		

Paediatric Session - Hall 10b

SESSION 1

Chair: Eric Rosenthal, Vinay Bhole			London, UK, Birmingham, UK
08:30	Action potential made easy: key to understanding arrhythmia mechanisms to guide treatment	Vinay Bhole	Birmingham, UK
08:50	What is sinus rhythm, and sinus node related arrhythmia, IST, SART, POTS, SAEB, SA, SSS?	Eric Rosenthal	London, UK
09:10	Atrial tachycardia diagnostic pearls and effective acute management options: adenosine, DC shock or IV medication?	M Cecilia Gonzalez Corcia	Bristol, UK
09:30	Fundamentals of AVN reentry tachycardia: how to recognise and manage it?	Graham Stuart	Bristol, UK
09:50	Questions		
10:00	Break		

SESSION 2

Chair: Graham Stuart, Orhan Uzun			Bristol, UK, Cardiff, UK
10:45	Paediatric algorithms to differentiate wide complex SVT from VT: can we apply adult criteria?	Carolina Escudero	Alberta, CA

11:05	Why documenting tachycardia at start and termination would be of help in the diagnosis and management of arrhythmias?	Susan Etheridge	Utah, US
11:25	Pharmacological or DC cardioversion of atrial flutter and fibrillation in children: how to do and when to do it?		
11:45	Pharmacological conversion of VT versus DC cardioversion: how to do it safely and effectively?	Alpay Celiker	Istanbul, TR
12:05	Questions		
12:15	Lunch		
SESSION 3			
Chair: M Cecilia Gonzalez Corcia , Susan Etheridge			Bristol, UK, Utah, US
13:30	How to deliver safe anaesthetics for LQT, CPVT and Brugada, time to develop guidelines?	Tim Murphy	Bristol, UK
13:50	How to manage preoperative arrhythmias in congenital heart disease?	M Cecilia Gonzalez Corcia	Bristol, UK
14:10	How to manage acute postoperative arrhythmias in paediatric intensive care?	Susan Etheridge	Utah, US
14:30	How to manage chronic persistent postoperative arrhythmias in congenital heart disease ?	Alpay Celiker	Istanbul, TR

14:50 Questions

15:00 Break

SESSION 4

Chair: Orhan Uzun

Cardiff, UK

15:45 What should not we miss when we look at the paediatric ECG? Anjan Batra California, US

16:05 What to look for on intracardiac EMG during SVT and VT mapping?

16:25 What to search for in Pacemaker Trouble shooting?

16:45 Effective and disease specific programming of ICD in children: tips and tricks Jan Till London, UK

17:05 Questions

SESSION 5

Chair: Jan Till, M Cecilia Gonzalez Corcia

**London, UK,
Bristol, UK**

17:15 Oral presentations: 5 presentations in 5 minutes with 5 slides

17:45 Close

Cases and Traces 1 - Devices - Hall 3c

Chair: Archie Rao, John Paisey

Liverpool, UK, Southampton, UK

Further details to come soon

Arrhythmia Alliance Symposia 2 - Pacing - Hall 10a

Chair: Francis Murgatroyd, Zachary Whinnett			London, UK, London, UK
10:45	How to approach the patient with challenging venous access	Francisco Leyva	Birmingham, UK
11:00	Conduction System Pacing for bradycardia: When, why and how?	Badrinathan Chandrasekaran	Wiltshire, UK
11:15	Conduction system pacing for CRT: When and how to deliver	Pugazhendhi Vijayaraman	Pennsylvania, US
11:30	Programming conduction system pacing	Jonathan Lyne	Dublin, IE
11:45	Should Leadless Pacing be first line therapy?		
12:00	Challenging LV lead implantation: the role of interventional CRT	Nik Patel	Eastbourne, UK
12:15	Close		

BHRS Symposia - 40 Years of Ablation, What have we learned - Hall 11a

Chair: Alistair Slade, Derek Connelly			Truro, UK, Glasgow, UK
10:45	Ablation for SVT - is there anything more to learn?	Edward Rowland	London, UK
11:00	Ablation for ventricular arrhythmias - state of the art	Claire Martin	Cambridge, UK
11:15	Mapping systems - where are we and what do we need?	Ashley Nisbet	Bristol, UK
11:30	Persistent AF - the final frontier?	Ross Hunter	London, UK
11:45	Discussion		
12:15	Close		

Basic Science Primer - Hall 11b

Chair: Malcolm Finlay, Mark Specterman

**London, UK,
London, UK**

FOCUS ON GENETICS AND FUTURE THERAPIES

10:45 ATG to TAG - where does EP come in?

10:55 Will an EP ever need to know how... and why... to edit a gene?

Patricia
Munroe

London, UK

11:05 Discussion

FOCUS ON INFLAMMATION AND ARRHYTHMIA

11:15 How Australia is beating AF one adipocyte at a time

11:25 Arrhythmia... what a flaming nuisance

11:35 Discussion

FOCUS ON AF MAPPING

11:45 Mapping AF: isn't that trying to produce a map of an ever changing map?!

11:55 Predicting the future: the state of whole organ modelling and simulation of the heart

Jenny Wang

Oxford, UK

12:05 Discussion

12:15 Close

Ben Freedman Named Lecture - Hall 11b

13:30 The role of Cardiac Nurses and allied professionals in research and advocacy in early detection and appropriate management of AF

14:30 Close

AF Association Symposia 2 - Hall 3b

Further details to come soon

Masterclass Devices 2 - Pacing is good right? - Hall 11a

Chair: Holly Daw			London, UK
13:30	Pacing, the new and wonderful	Chris Monkhouse	London, UK
13:45	Pacing too much? If its not broke don't fix it?		
14:00	Autocapture: benefits and the overlooked	Kayleigh Mather	North Tyneside, UK
14:15	Optimal Pacing modes- GIRFT	James Elliott	London, UK
14:30	Pacing Induced tachycardias: What is the Mechanism?	Ross Haynes	London, UK
14:45	Optimising ATP, the art within ICD programming		
15:00	Close		

Young Investigators Competition - Hall 3a

**Chair: Fu Siong Ng, Neil Herring, Pier Lambiase,
Rachel Myles, Sabine Ernst**

**London, UK, Oxford, UK, London,
UK, Glasgow, UK, London, UK**

Further details to come soon

Moderated Posters 1 - Poster Area - Exhibition Hall

Further details to come soon

Hugh Calkins Named Lecture - Hall 11b

15:45	Talk title tbc	Pierre Jais	Bordeaux, FR
16:45	Close		

Nurses 2 - Steps in Research Progression - Hall 3b

Chair: Angela Hall, Catherine Laventure

**Jersey, UK,
Peterborough, UK**

STEPS IN RESEARCH PROGRESSION

15:45	One week follow up post-ablation telephone calls	Jessica Burrell	Birmingham, UK
16:00	Evaluating if lifestyle interventions are addressed in accordance with best practice guidelines for AF: a clinical audit.	Leigh Isaac	Oxford, UK
16:15	ILR outcomes from the TLOC clinic	Kelly Anne Kinsella	Jersey, UK
16:30	The UK experience of PoTS: SSPoTS study Phase 1 results of healthcare practitioners and people with PoTS interviews	Helen Eftekhari	Coventry, UK
	Does BMI affect patient quality of life, symptoms and patient experiences following AF ablation? A mixed methods study	Angela Griffiths	Oxford, UK
	Should we be screening people with diabetes, for AF?	Angela Hall	Jersey, UK
	Close		

Telemedicine and Digital Cardiology - Hall 10

Chair: Shouvik Haldar, Wajid Hussain			London, UK, London, UK
15:45	DEBATE: Every arrhythmia patient consultation should be VIRTUAL		
	PRO	Mark Mason	London, UK
	CON	Ashley Nisbet	Bristol, UK
16:15	Digital Inequality and its impact on patient care		
16:30	Digital tools in the implementation of NHS cardiac improvement pathways programme		
16:45	Impact of wearables on real world clinical practice in arrhythmias		
17:00	Predicting the Future with ECGs	Paul Friedman	Rochester, US
17:15	Close		

Arrhythmia Alliance & Heart Rhythm Society Joint Session - Genetics of Sudden Death - Beyond the Mendelian Paradigm - Hall 11a

Chair: Andrew Krahn, Francis Murgatroyd			Vancouver, CA, London, UK
15:45	Family Evaluation: Who gets what kind of genetic testing?	Andrew Krahn	Vancouver, CA
16:00	Polygenic Risk Scores and Sudden death	Patricia Munroe	London, UK
16:15	Caring for Families: The ICC Approach	Ellie Quinn	London, UK
16:30	Whole exome and genome sequencing in sudden death: pearls and pitfalls	Elijah Behr	London, UK
16:45	AI, Data science and genetics: Can complicated processes lead to simple solutions?	Sanjiv Narayan	Palo Alto, US
17:00	Panel Discussion		
17:15	Close		

Heart Rhythm Trainee Session - Hall 10a

Chair: Heather Edwards, Nikhil Ahluwalia			Cardiff, UK, London, UK
17:30	Use of intracardiac echo during EP procedures	Matthew Lovell	Devon, UK
17:45	Q&A		
18:00	How to spot an unusual pathways during a diagnostic EP study	Ashley Nisbet	Bristol, UK
18:15	Q&A		
18:30	Non invasive cardiac ablation for the treatment of arrhythmias	Anish Bhuva	London, UK
18:45	Q&A		
19:00	Close		

11 Oct 2022, IN-PERSON AND ONLINE - Tuesday's Scientific Sessions

John Camm Named Lecture - Hall 11b

08:30	Still Chasing the Red of the Rainbow? Time to move on with Advances in 3D mapping!	Prapa Kanagaratnam	London, UK
09:30	Close		

GUCH 1 - Hall 3a

Chair: Ashley Nisbet		Bristol, UK	
08:30	Dilemmas in AF management for patients with atrial septal defect	Vivienne Ezzat	London, UK
09:00	Overcoming challenges in ablation in Ebstein's anomaly	Arthur Yue	Southampton, UK
09:30	How to apply new technologies for ablation in ACHD	Sabine Ernst	London, UK
10:00	Close		

Primary Care Cardiovascular Society (PCCS) 1 - AF and co-morbidities based on case studies - Hall 3b

Chair: Matthew Fay			Bradford, UK
08:30	Managing AF and Heart Failure	Jim Moore	Cheltenham, UK
09:00	Managing AF and IHD	Derek Connolly	Birmingham, UK
09:30	Managing AF and diabetes	Andrew Turley	Middlesbrough, UK
10:00	Close		

Year In review 1 - What's new - Hall 9

Chair: Tim Betts			Oxford, UK
08:30	Out of hospital cardiac arrest	Gavin Perkins	Warwick, UK
08:50	Pharmacology and CRM	Joseph De Bono	Birmingham, UK
09:10	Risk stratification in channelopathies	Simon Modi	Liverpool, UK
09:30	Device Extraction	Jay Wright	Liverpool, UK
09:50	Discussion		
10:00	Close		

EP Masterclass 3 - Hall 10b

Chair:

08:30	The good the bad and the ugly: mortality and accessory pathways - a review of the evidence	John Paisey	Southampton, UK
08:50	ECG to EP study: localising pathways - pearls and pitfalls	Stephen Murray	Newcastle Upon Tyne, UK
09:10	Atypical pathways: from Mahaim to PJRT		
09:30	3D mapping of accessory pathways	Vishal Luther	Liverpool, UK
09:50	Discussion		
10:00	Close		

AICC 1 - Sudden Unexpected Cardiac Death: An improved pathway of care - Hall 10a

Chair: Jan Till, Stephen Page			London, UK, Leeds, UK
08:30	Why is it important?	Elijah Behr	London, UK
08:45	The Role of the pathologist		
09:00	The Role of the Coroner	Louise Hunt	Birmingham, UK
09:15	What can we expect from a molecular autopsy	William Newman	Manchester, UK
09:30	Sudden cardiac arrest pathway	Greg Mellor	Cambridge, UK
09:45	Discussion		
10:00	Close		

Arrhythmia Alliance and European Heart Rhythm Association Session - Screening for Atrial Fibrillation: What Progress? - Hall 11a

Chair: Jose Merino, Shouvik Halder			Madrid, SP, London, UK
08:30	Opportunistic Screening for Atrial Fibrillation - Is this Enough?	Ben Freedman	Sydney, AU
08:45	Age Focused Systematic Screening for Atrial Fibrillation - The Swedish Experience	Emma Svennberg	Stockholm, SE
09:00	Continuous Loop Recorder Screening for Atrial Fibrillation - Is it Worthwhile?	Renate Schnabel	Hamburg, DE
09:15	ECG screening after Ischaemic Stroke - How Much is Enough?	John Camm	London, UK
09:30	Lay Screening for Atrial Fibrillation - A Deluge of Data	Axel Brandes	Odense, DK
09:45	Approval for Screening - Why are we Waiting and What For?	Jonathan Mant	Cambridge, UK
10:00	Close		

The Adam Fitzpatrick Plenary Session - Disruptive technologies and strategies in arrhythmia management - entering a new era - Hall 9

Chair: Edward Rowland, John Camm			London, UK, London, UK
10:45	Is Pulse Field Ablation set to become the new gold standard for catheter ablation?		
11:15	Left bundle branch pacing looks increasingly promising as the new default brady pacing strategy?		
11:45	Are wearables and personal ECG devices capable of rendering traditional ambulatory monitoring obsolete?	David Albert	Los Angeles, US
12:15	Close		

Primary Care Cardiovascular Society (PCCS) 2 - AF detection and management in primary care - Hall 3b

Chair: Beverley Bostock			Moreton in Marsh, UK
13:30	Where are we Nationally with AF detect, protect, perfect	Helen Williams	London, UK
14:00	Artificial Intelligence/IT in AF detect, protect, perfect	Ahmet Fuat	Durham, UK
14:30	Should we or should we not screen for AF in primary care	Jonathan Mant	Cambridge, UK
15:00	Close		

Year In review 2 - What's new - Hall 9

Chair: Andrew Turley, Joseph De Bono		Middlesbrough, UK, Birmingham, UK	
13:30	ICD therapy in DCM	Colin Cunnington	Manchester, UK
13:50	Latest bradycardia pacing approaches	Mike Chapman	Middlesbrough, UK
14:10	Latest advances in EP	Tim Betts	Oxford, UK
14:30	Syncope	Nicholas Gall	London, UK
14:50	Discussion		
15:00	Close		

Arrhythmia Alliance Symposia 3 - How Digital Health Can Improve the Care and Outcomes of Patients with or At Risk for Atrial Fibrillation - Hall 10b

Chair: Nassir Marrouche			Tulane, US
13:30	The Role of Digital Health in Managing Patients with Atrial Fibrillation	Shouvik Halder	London, UK
13:45	Subclinical Atrial Fibrillation: To Screen or Not To Screen	Emma Svennberg	Stockholm, SE
14:00	What is the Best Modality to Screen Patients for Atrial Fibrillation?		
14:15	My Patient Has AF on His Pacemaker Interrogation: What Should I Do?		
14:30	Continuous of monitoring of AF with wearables: How reliable is it?	Chan Ho Lim	Los Angeles, US
14:45	Dicussion		
15:00	Close		

LIVE CRT Optimisation - Optimising the CRT patient longer-term - Hall 11a

Chair: Michael Kuehl		Rugby, UK	
	Panel	Philip Moore, Rebecca Imms	London, UK, Oxford, UK
13:30	CRT Pre-Assessment: 'The right device for the right patient'		
13:45	Managing the CRT patient: 'Remote Monitoring the next level - the hybrid approach'	Mark Squirrel	London, UK
14:10	Optimising CRT: 'Bridiging Community & Secondary Care - the holistic approach'	Sarah Winsor	Leeds, UK
14:35	Panel Q&A		
15:00	Close		

Oral Abstracts 3 - Hall 3a

Further details to come soon

Cases and Traces 2 - EP - Hall 3c

Chair: John Paisey, Nick Kelland

Southampton, UK, Sheffield, UK

Further details to come soon

Moderated Posters 2 - Poster Area - Exhibition Hall

Further details to come soon

GUCH 2 - Hall 3b

Chair: Dominic Hares			Leeds, UK
15:45	The value of nonsustained VT in risk prediction for adult congenital heart disease	Martin Lowe	London, UK
16:15	The present and future of SCDs in congenital patients		
16:45	Pacing considerations in the systemic right ventricle	Sayqa Arif	Birmingham, UK
17:15	Close		

The S-ICD session - current challenges and future opportunities - Hall 9

Chair: Archie Rao, Greg Mellor		Liverpool, UK, Cambridge, UK	
15:45	Innapropriate shocks in SICD; are we there yet?		
16:05	SICD combined with leadless pacemaker		
16:25	SICD screening: what are the pitfalls		
16:45	SICD Implant without general anaesthetic support	Duncan Field	Colchester, UK
17:05	Discussion		
17:15	Close		

Cardiac Physiologist Session - From physiology to science - Hall 10b

Chair: Cristiana Monteiro, Eleri Roberts			Oxford, UK, Manchester, UK
15:45	Profile of the advanced cardiac scientist in the cath lab	Heidi Tumman	Oxford, UK
16:05	Clinic pathways for preventing long-term effects of right ventricular pacing	Maria Paton	Leeds, UK
16:25	Service improvement and accreditation	Hayley Langridge	London, UK
16:45	The role of counselling in the care of cardiac devices patients	Parisha Khan	London, UK
17:05	Discussion		
17:15	Close
