

Program

Friday, October 15, 2021

	HALL 1 (SKALKOTAS)	HALL 2 (MC 2)	HALL 3 (MC 3)
8:30 AM - 9:30 AM		WORKSHOP 01: EBUS radial approach to the periphery of the lung With industry equipment. Separate registration required.	WORKSHOP 02: EBUS mediastinal staging With industry equipment. Separate registration required.
9:30 AM - 10:30 AM		WORKSHOP 03: EBUS mediastinal staging With industry equipment. Separate registration required.	WORKSHOP 04: EBUS radial approach to the periphery of the lung With industry equipment. Separate registration required.
10:30 AM - 11:15 AM	Morning Break 15 October		
11:15 AM - 12:30 PM	SESSION 01: Developing Training modules and IP curricula. Towards an IP diploma?	SESSION 02: CT, PET and US imaging in Lung Cancer	SESSION 03: Mesothelioma and other primary pleural tumors
12:30 PM - 1:45 PM	SESSION 04: How I do it – Lung Cancer TNM staging Endosonography	SESSION 05: NSCLC – The potentially operated IIIa and Solitary N2	SESSION 06: Pneumothorax update: Ambulatory management?
1:45 PM - 3:00 PM	SESSION 07: Benign central airway stenosis	SESSION 08: How I do it – Malignant pleural effusion	SESSION 09: Lung Cancer Screening in Europe – Initial experience
3:00 PM - 4:00 PM	Lunch-time Intermission 15 October		
4:00 PM - 5:15 PM	SESSION 10: Novel Airway Stents	SESSION 11: Sampling the lung periphery	SESSION 12: TBC, Fungal and other opportunistic infections
5:15 PM - 6:30 PM	SESSION 13: New diagnostic horizons	SESSION 14: IP Transplantation	SESSION 15: Challenges for IP during COVID times
6:30 PM - 8:00 PM	OPENING CEREMONY Welcome Messages Honorary Lecture		

Saturday, October 16, 2021

	HALL 1 (SKALKOTAS)	HALL 2 (MC 2)	HALL 3 (MC 3)	VIRTUAL POSTER HALL 1	VIRTUAL POSTER HALL 2
8:30 AM - 9:30 AM		WORKSHOP 05: The role (advantage) of disposable Bronchoscopy in Interventional Pulmonology and ICU With industry equipment. Separate registration required.	WORKSHOP 06: Single use bronchoscopes in the era of COVID-19, Current practices and future perspectives	MODERATED e-POSTER SESSION 01: Central Airway management	MODERATED e-POSTER SESSION 02: Diseases of the pleura
9:30 AM - 10:30 AM		WORKSHOP 07: Mediastinal EBUS With industry equipment. Separate registration required.	WORKSHOP 08: Virtual Bronchoscopic navigation to the lung periphery	MODERATED e-POSTER SESSION 03: EBUS Bronchoscopy	MODERATED e-POSTER SESSION 04: Central airways obstruction and foreign body extraction
10:30 AM - 11:15 AM	Morning Break 16 October				
11:15 AM - 12:30 PM	SESSION 16: ICU call IP	SESSION 17: Pediatrics IP	SESSION 18: How I do it – Practical session		
12:30 PM - 1:45 PM	SESSION 19: Obstructive lung disease and IP	SESSION 20: ILP and IP	SESSION 21: IP in the Middle East – Challenges and		

			<u>potential</u>		
1:45 PM - 3:00 PM	REAL-LIFE CASES SESSION 1				
3:00 PM - 3:45 PM	Lunch-time intermission 16 October				
3:45 PM - 4:45 PM	<u>SESSION 22: IP in the Local Ablative Tx</u>	<u>SESSION 23: Interactive cases – Central airway obstruction</u>	<u>SESSION 24: WABIP corner – IP challenges around the world</u>		
4:45 PM - 5:45 PM	<u>SESSION 25: New Experimental Horizons</u>	<u>SESSION 26: Tracheal reconstruction update</u>	<u>SESSION 27: ROSE/PROSE pitfalls, Artificial intelligence and modern Cytopathology for Lung Cancer endotyping</u>		<u>MODERATED e-POSTER SESSION 05: Imaging, Guiding, Training and Navigation modalities</u>
5:45 PM - 6:45 PM	<u>SPECIAL SESSION 02: Update on Robotic Bronchoscopy</u>	<u>SPECIAL SESSION 03: The Wonderful Windpipe World</u>			

Sunday, October 17, 2021

	HALL 1 (SKALKOTAS)	HALL 2 (MC 2)	HALL 3 (MC 3)	VIRTUAL POSTER HALL 1
8:30 AM - 9:30 AM	<u>NURSES COURSE: Part I</u>	<u>WORKSHOP 09: Zephyr Valves for Endoscopic Lung Volume Reduction</u> <i>With industry equipment. Separate registration required.</i>	<u>SPECIAL SESSION 4: How I do it – Lung metastasis ablation: Percutaneous vs. Transbronchial approach</u>	<u>MODERATED e-POSTER SESSION 06: Infectious Diseases and COVID-19</u>
9:30 AM - 10:30 AM	<u>NURSES COURSE: Part II</u>		<u>WORKSHOP 10: Electrocautery & Argon Plasma Coagulation Cryobiopsy in Interstitial Lung Diseases</u> <i>With industry equipment. Separate registration required.</i>	<u>MODERATED e-POSTER SESSION 07: Lung Cancer</u>
10:30 AM - 11:15 AM	Break 17 October			
11:15 AM - 12:15 PM	<u>SESSION 28: Learning from our Mistakes: “My worst mistakes as an expert”</u>	<u>SESSION 29: Treating the complications of Thoracic surgery</u>	<u>SESSION 30: Carcinoids and other NET of the Respiratory system: diagnosis and treatment</u>	<u>MODERATED e-POSTER SESSION 08: Novel Imaging modalities</u>
12:15 PM - 1:15 PM	<u>SESSION 31: Year in Review: What’s new in IP</u>	<u>SESSION 32: How I do it – Peripheral lesions</u>	<u>SESSION 33: How I do it – Medical thoracoscopy</u>	<u>MODERATED e-POSTER SESSION 09: Miscellaneous and Rare Diseases</u>
1:15 PM - 2:30 PM	REAL-LIFE CASES SESSION 2			
2:30 PM - 3:00 PM	<u>CLOSING CEREMONY CONTEST PRESENTATION </u> <i>A farewell reception will follow</i>
