

Advances in Stroke-Immunology: From molecular mechanisms to clinical translation

27 – 30 April 2026 | Munich, Germany

ORGANIZERS AND CO-ORGANIZERS

Corinne Benakis

Institute for Stroke and Dementia
Research of LMU Hospital, DE

Arthur Liesz

Institute for Stroke and Dementia
Research of LMU Hospital, DE

Adam Denes

Institute of Experimental Medicine, HU

Abstract submission

30 January 2026

Registration

1 March 2026

SPEAKERS

Stuart Allan

The University of Manchester, UK

Katrin Andreasson

Stanford Medicine, US

Josef Anrather

Feil Family Brain and Mind Research
Institute of Weill Cornell Medicine, US

Maryam Faiz

University of Toronto, CA

Xiaoming Hu

University of Pittsburgh, US

Xunming Ji

Beijing Institute for Brain Disorders &
Capital Medical University, CN

Miao Jing

Chinese Institute for Brain Research, CN

Peiying Li

Renji Hospital, CN

Qiang Liu

Tianjin Neurological Institute, CN

David Loane

Trinity College, IRE

Tim Magnus

University Medical Center Hamburg-
Eppendorf, DE

Louise McCullough

The University of Texas Health Science
Center at Houston, US

Maria Angeles Moro

Spanish National Center for
Cardiovascular Research Madrid, ES

Jonas Neher

German Center for Neurodegenerative
Diseases (DZNE), DE

Anna Planas

University of Barcelona, ES

Marco Prinz

University of Freiburg, DE

Marina Rubio

Université Caen Normandie, FR

Lauren Sansing

Yale School of Medicine, US

Markus Schwaninger

University of Lübeck, DE

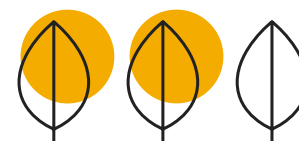

Alba Simats

Institute of Biomedical Research of
Barcelona, ES

Craig Smith

The University of Manchester, UK
