

2025 Aspen Allergy Conference

Wednesday, July 23, 2025

Claman Lecture

The Mind of Music of Leonard Bernstein

Richard Kogan, MD

Professor of Psychiatry Weill Cornell Medicine

Thursday, July 24, 2025

Session: Food Allergy

T-Cell Recognition of Food Allergens

M Cecilia Berin, MD, PhD

Bunning Professor of Food Allergy Research, Professor,
Northwestern University Feinberg School of Medicine, Chicago,
Illinois

Combination Biologics and AIT

Sharon Chinthrajah, MD

Associate Professor of Medicine, Stanford, Palo Alto, California

Abstract

IgE-mediated food allergy affects approximately 8% of children in the US. Food allergy is linked to significant morbidity, including the risk of potentially fatal anaphylaxis, and also impacts nutrition, quality of life, mental health, and incurs considerable economic costs to both individuals and society

Stephanie Leeds, MD

Protection versus Cure/ SLIT versus OIT

Douglas Mack, MD

Vice President, Canadian Society of Allergy and Clinical Immunology,
Section of Allergy and Immunology Executive, Ontario Medical
Association, Pediatric Allergy, Asthma and Immunology, Assistant
Clinical Professor, McMaster University, Hamilton, Ontario

David Fleischer, MD

Section Head, Allergy and Immunology, Director, Allergy and
Immunology Center, University of Colorado Anschutz, Aurora,
Colorado

Friday, July 25, 2025
Session: Allergic Skin Disease

Urticaria

Jonathan Bernstein, MD
Allergy, Cincinnati, Ohio

Approach to Allergic Rashes

Sabrina Newman, MD
Associate Professor, Dermatology, University of Colorado Anschutz
Medical Campus, Aurora, Colorado

Our Evolving Understanding & New Treatment Approaches

Bruce Zuraw, MD
Director of the US HAEA Angioedema Center, UC San Diego, San
Diego, California

Abstract

Recurrent SDRIFE from Oral Analgesics

Priya Chopra, MD

Saturday, July 26, 2025

Session: Asthma

Cellular Mechanisms of the Exposure Barrier Hypothesis

Angela Franciska Haczku, MD, PhD
Director, UC Davis Lung Center, Professor of Medicine, UC Davis
Health, Sacramento, California

Remission and Weaning of Therapy and Treatments

Parameswaran Nair, MD, PhD
Frederick E Hargreave Teva Innovation Chair, Airway Diseases,
Professor of Medicine, McMaster University, Hampton, Canada

Health Disparities In Asthma

Bridget Jones, MD
Associate Professor of Pediatrics, University of Missouri-Kansas
City, Kansas City, Missouri

Abstract

A Case of Non-Asthma Eosinophilic Bronchitis

Ka Ho Cheung, MD

Sunday, July 27, 2025
Session: Drug Allergy

Overview of Drug Allergy and Genetics

Elizabeth Phillips, MD

John A. Oates Chair, Professor of Pathology, Microbiology and Immunology, Professor of Pharmacology, Professor, Department of Medicine, Division of Infectious Diseases, Vanderbilt University, Nashville, Tennessee

Clinical Approach to Drug Allergy with Desensitization

Paige Wickner, MD

Assistant Professor of Medicine, Brigham and Women's Hospital, Chestnut Hills, Massachusetts

DRESS Syndrome

Alina Markova, MD

Dermatologist, Memorial Sloan Kettering, New York, New York

Abstract

Perioperative Antibiotic Prophylaxis Pathway for Individuals with Reported Penicillin Allergies

Emma Selner, MD
