

AOSpine Latin America Regional Courses—(MIS Mod. II) Endoscopic surgery in degenerative pathology

07 Jun 2018 - 09 Jun 2018, São Paulo, Brazil

Friday, 08 Jun 2018 (Day 2)

Start	End	Title	Moderators/Faculty	Location/Documents	Duration
		MODULE II: Endoscopic surgery in degenerative pathology			0
08:30	09:10	Session 1: Endoscopic decompression by MIS Expected outcome: - Demonstrate the technical possibilities of endoscopy in spinal surgery - Demonstrate the surgical technique of endoscopic posterior cervical foraminotomy - Discuss advantages and disadvantages of endoscopy in lumbar foraminal decompression	David Del Curto		40
08:30	08:33	Case presentation Case presentation	Marcio Ramalho		3
08:33	08:58	Lecture Lumbar disc herniations: Transforaminal and interlaminar approach	Semih Özdemir		25
08:58	09:05	Discussion Discussion & questions			7
09:05	09:10	Discussion Case solution & take home message	Marcio Ramalho		5

AOSpine Latin America Regional Courses—(MIS Mod. II) Endoscopic surgery in degenerative pathology

07 Jun 2018 - 09 Jun 2018, São Paulo, Brazil

Friday, 08 Jun 2018 (Day 2)

Start	End	Title	Moderators/Faculty	Location/Documents	Duration
09:10	10:00	Session 2: Video session—My technique Expected outcome: - Understand the step by step of each of the MIS techniques - Apply these techniques in your daily practice - Know when an endoscopic surgery is indicated vs a conventional surgery	Guilherme Meyer		50
09:10	09:35	Video transmission (lecture) Video lecture 1: Lumbar spine endoscopic decompressions	Semih Özdemir		25
09:35	10:00	Video transmission (lecture) Video lecture 2: Cervical spine endoscopic decompressions	Semih Özdemir		25
10:00	10:30	Coffee break			30
10:30	11:17	Sesion 3: Challenges in endoscopic surgery Expected outcome: - Analyze the evolution of this technique in the last decade - Interpret when there are limitations with endoscopy and when conventional surgery is necessary - Analyze cost benefit of the application of this technique in our region	Alexandre Sadao Iutaka		47
10:30	10:33	Case presentation Case presentation	Guilherme Meyer		3

AOSpine Latin America Regional Courses—(MIS Mod. II) Endoscopic surgery in degenerative pathology

07 Jun 2018 - 09 Jun 2018, São Paulo, Brazil

Friday, 08 Jun 2018 (Day 2)

Start	End	Title	Moderators/Faculty	Location/Documents	Duration
10:33	10:45	Lecture When it is better to avoid an endoscopic surgery for lumbar disc herniation	David Del Curto		12
10:45	10:57	Lecture Endoscopic surgery in the thoracic spine	Semih Özdemir		12
10:57	11:12	Discussion Discussion & questions			15
11:12	11:17	Discussion Case solution and take home message	Guilherme Meyer		5
11:17	12:30	Panel session—Endoscopic clinical cases Expected outcome: - Analyze the different options offered by endoscopy - Relate this option with your daily practice - Know the advantages and limitations offered by endoscopic surgery	Alexandre Sadao Iutaka	Panel: David Del Curto, Semih Özdemir, Guilherme Meyer	73
11:17	11:37	Debate Case 1	David Del Curto		20
11:37	11:57	Debate Case 2	Marcio Ramalho		20
11:57	12:17	Debate Case 3	Guilherme Meyer		20

AOSpine Latin America Regional Courses—(MIS Mod. II) Endoscopic surgery in degenerative pathology

07 Jun 2018 - 09 Jun 2018, São Paulo, Brazil

Friday, 08 Jun 2018 (Day 2)

Start	End	Title	Moderators/Faculty	Location/Documents	Duration
12:17	12:27	Discussion Discussion & questions			10
12:27	12:30	Other Take home message & evaluation of module II	Alexandre Sadao Iutaka		3
