HANOI WELCOMES YOU

Welcome to DASIL Hanoi

DASIL is the most transparent, open, and congenial dermatology and dermatological surgery international society in the world. As a US 501. (c)3, we operate as a non-profit society, where all collected proceeds go to the benefit of our members and our teaching around the world. This is something that we are all so very proud of and that will continue for years to come. It truly separates DASIL from other organizations.

Hanoi will mark the second time that we've brought our world-class event to Vietnam. After a highly successful meeting in Ho Chi Minh City several years back, we now turn our eyes and attention to Hanoi, where we welcome everyone to learn, teach, and explore in this amazing region and with these amazing people. We are so very fortunate to have an exceptional group of physicians from Vietnam who will be leading us during our Congress. We are grateful to them and to our entire local team for making this meeting not only possible but also premier.

DASIL covers all aspects of medical dermatology and dermatological surgery. Courses and lectures will be given by world experts, all of whom are dedicated to the principles of DASIL – openness, education, and connection. We call it “masters teaching masters.”

We encourage everyone to come to Hanoi. You will be so glad you did! The teaching will be top notch, the sights and sounds of Vietnam will be special, and this unique experience is not to be missed. Plan your trip now.

Michael H. Gold, MD
Deputy Chair

Welcome Back to Vietnam!

Since our last gathering in Vietnam in 2015, the field of dermatologic and aesthetic surgery has witnessed remarkable advancements and finally, after 9 years, it is my distinct pleasure to welcome this premier event back to our country.

We are eager to build upon the foundations laid during our previous congress, fostering deeper connections and propelling our shared mission forward.

With the presence of hundreds of prestigious experts in dermatology and aesthetic medicine, this year's conference promises to be an enriching experience, featuring cutting-edge research presentations, insightful discussions, and invaluable networking opportunities. From hands-on workshops to dynamic panel discussions, DASIL 2024 will be an immersive journey of discovery. Beside of that, our country with a blend of picturesque landscapes, culinary delights, and a vibrant cultural heritage will bring you precious memories that will last a lifetime.

On behalf of the organizing committee, I invite you to be part of this extraordinary gathering. DASIL 2024 is not just a congress; it's a celebration of excellence, unity, and the limitless possibilities that lie ahead.

See you in Vietnam!

Le Huu Doanh
DASIL 2024 Congress President

WORLD CLASS LEARNING IN A CITY OF TIMELESS CHARM WITH FULL OF POTENTIALS AND COLLABORATIONS.

Bring unique experience and excellent opportunities where world leaders gather and share their vast knowledge and the latest developments in Clinical Dermatology, Lasers, Plastic and Aesthetics surgery.

There are plenary sessions, multiple master programs, symposia, practical workshops together with breakfast, lunches and tea breaks where you'll meet international experts, well-known educators, commercial exhibits from all over the world, and so much more.

DASIL (The Dermatology, Aesthetics, and Surgery International League) is a worldwide organization with a unique and innovative mission: to bring the latest academic advancements in clinical, surgical, and aesthetic dermatology all over the world. To accomplish this goal, DASIL members integrate a faculty of dozens of well known experts from more than 80 countries, who altruistically contribute with their time.

As a teaching group that has traveled to amazing places including Malta, Vietnam, South Africa, Shanghai, and Dubai, it is with great honor to now have the responsibility to coordinate a magnificent and enthusiastic team of collaborative experts. We are delighted to bring to Asia the DASIL World Congress 2024, in its twelve edition. We share with the region the most recent developments in dermatological innovation, plastic and aesthetics surgery.

HANOI - “The city within rivers”, is the more than one-thousand-year-old capital of Vietnam, is the biggest political-cultural center of the country experiencing a lot of ups and downs in history. This place is a perfect combination of the ancient and poetic beauty of an old city with almost intact historical remains and the vibrant beauty of a developing city. Hanoi has clear differences that are not confused with any other cities in our country and Asia. You will feel the bustle of life, the diversity of cuisine, the rich history and culture, the friendliness of the people here along with an excellent academic and practical experiences that we are preparing.

We do hope DASIL 12th World Congress in Hanoi will become an beautiful and unforgettable memory for each and everyone of you.

Welcome to HANOI!

Ha Nguyen, Md
DASIL World Congress President

GENERAL INFORMATION AT A GLANCE

CONGRESS VENUE

InterContinental Hanoi Landmark 72

Urban Area, Keangnam Hanoi Landmark Tower,
Plot E6, Keangnam, Cầu Giấy, Hà Nội, Vietnam

CME ACCREDITATION

The 12th DASIL World Congress will be accredited by the European Accreditation Council for Continuing Medical Education (EACCME®). Each medical specialist should claim only those hours of credit that he/she actually spent in the educational activity.

Through an agreement between the Union Européenne des Médecins Spécialistes and the American Medical Association, physicians may convert EACCME® credits to an equivalent number of AMA PRA Category 1 Credits™.

Live educational activities, occurring outside of Canada, recognised by the UEMS-EACCME® for ECMEC®s are deemed to be Accredited Group Learning Activities (Section 1) as defined by the Maintenance of Certification Program of the Royal College of Physicians and Surgeons of Canada.

EACCME® CREDITS

Each participant can only receive the number of credits he/she is entitled to according to his/her actual participation at the event once he/she has completed the feedback form.

In order to receive your CME credits, you need to complete the online evaluation after the Congress. Upon completion of the survey, you will receive a link to download your certificates. In order to obtain your CME credits, please contact your national authorities in your country of residency to validate the European CME credits and to convert them to your national CME credits. Afterwards, please send your certificate of attendance to your national authorities.

CONFERENCE LANGUAGE

The official conference language is English. No simultaneous translation will be provided.

RECORDING POLICY

Recording, photography and filming during the sessions is strictly prohibited without prior written permission from the congress organization. In consideration of other attendees, we kindly ask you to put your cell phone in a silent mode during sessions, symposia and workshops.

Please be advised that the organizers are filming and taking pictures of scenes and background material in this area for future promotional purposes. If you enter the congress center, you may appear, and therefore agree to appear, in this or any later production which be used in advertisements and promotions worldwide via various media.

COFFEE AND LUNCH BREAKS

Complimentary coffee and lunch breaks are provided in the industry exhibition and the foyer for all attendees, speakers and exhibitors.

MEDIA CHECK

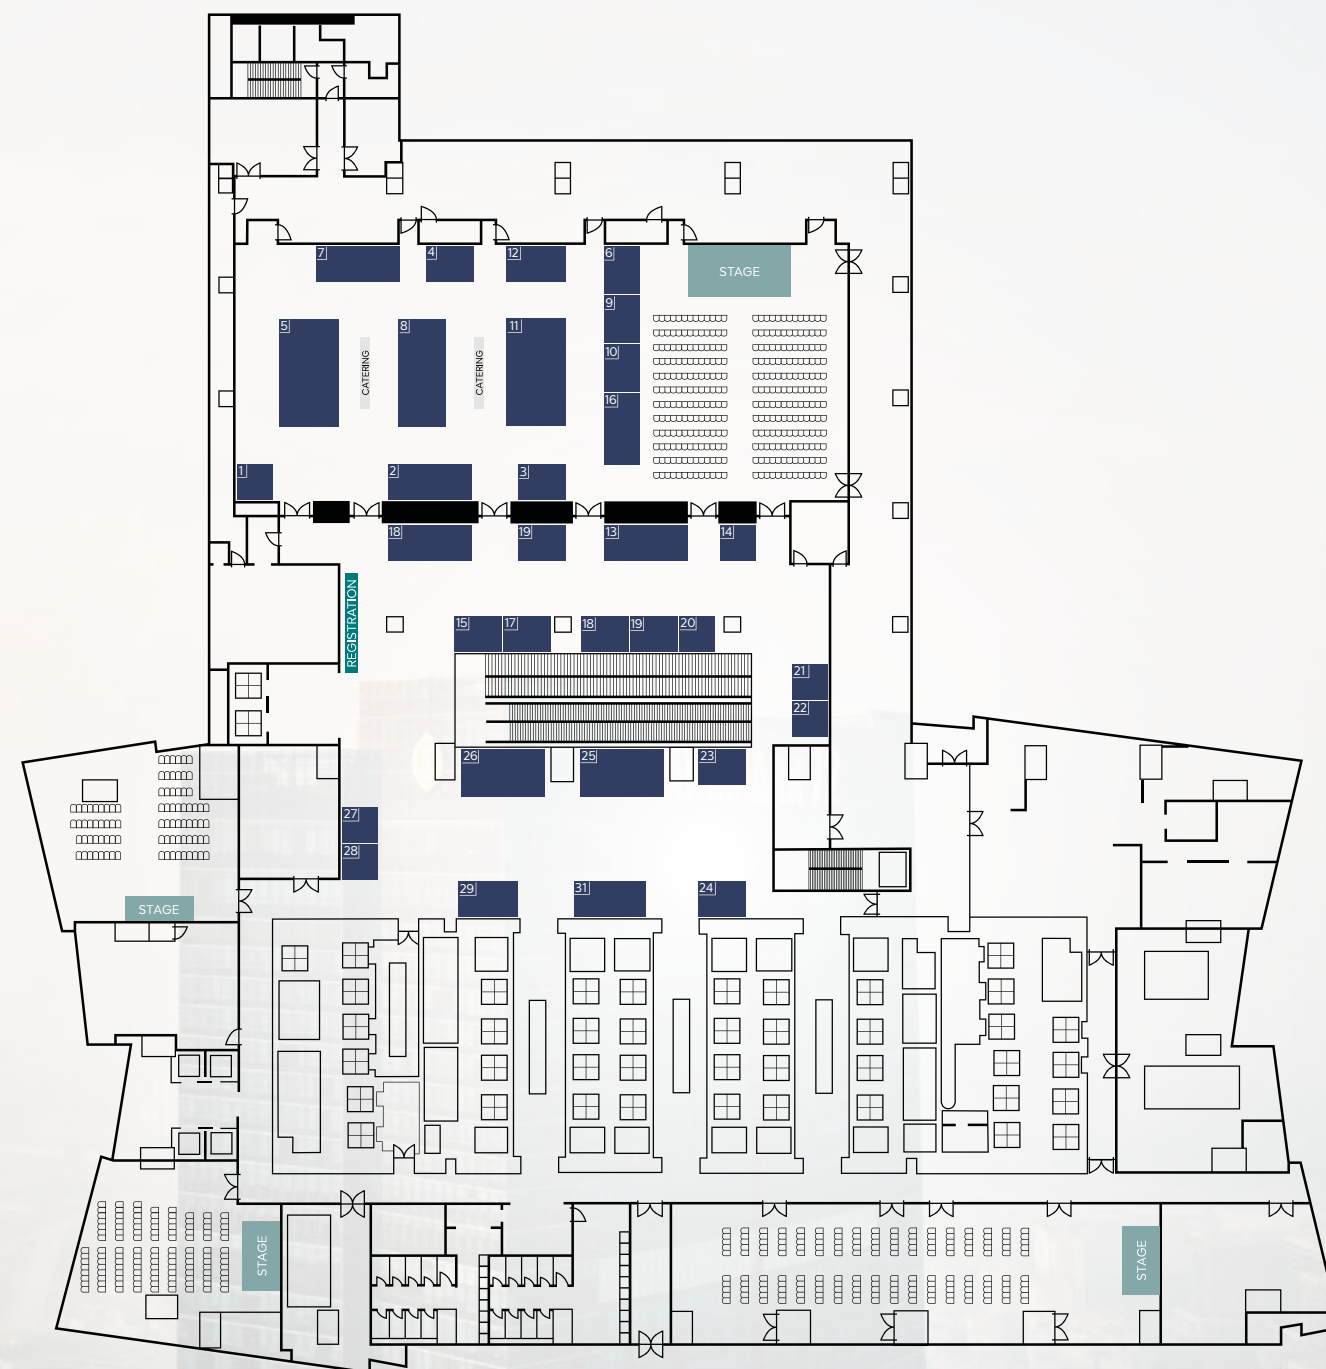

To help the conference run smoothly, we kindly ask our speakers to submit their presentation(s) at the Media Check at least 1.5 hours before their lecture.

LEGAL INFORMATION

Logi-Vent GmbH and the DASIL society act as an intermediary and are not responsible or liable for loss, accidents or damages to people or things during the entire congress independently of their origin. Any other agreement will only be effective if in writing and signed by both parties.

Logi-Vent GmbH and the DASIL society shall not be liable hereunder on whatsoever legal basis by reason of any cancellation of all or part of the event or by reason of any termination of all or part of the event ahead of schedule on account of any cause that is beyond the reasonable control of Logi-Vent GmbH and/or the DASIL society (such as acts of God, war, insurrection, civil unrest, strikes, etc.).
