

09:00
09:15**Welcome from Founders**09:15
10:30**Therapeutic targets in cancer**

- Genomic landscape of sarcoma **Jean-Yves Blay** (Lyon, FRA)
- Genomic landscape of hepatocellular carcinoma **Hidewaki Nakagawa** (Tokyo, JPN)
- Landscape of neuroendocrine tumours **Aldo Scarpa** (Verona, ITA)

10:30 – 10:45 ☕ COFFEE BREAK

10:45
12:15**Tumour microenvironment and treatment resistance**

- Tumour microenvironment and niches **Eric Sahai** (London, GBR)
- Tumour microenvironment and drug response I **Victoria Sanz-Moreno** (London, GBR)
- Tumour microenvironment and drug response II **TBD**

12:15 – 13:30 🍷 LUNCH BREAK AND SYMPOSIUM

13:30
14:15**Gordon Peters memorial lecture**

- Title TBD **Douglas Hanahan** (Lausanne, CHE)

14:15
15:45**New models and technologies for personalised medicine**

- Ex-vivo models **Carlos Caldas** (Cambridge, GBR)
- Title TBD **Michael Speicher** (Graz, AUS)
- Title TBD **Ido Amit** (Rehovot, ISR) **TBC**

15:45 - 16:00 ☕ COFFEE BREAK

16:00
17:30
pm
Treatment advances in central nervous system tumours
Chairperson: Michael Weller (Zürich, SUI)

- Advances in pediatric neurooncology: Molecular classification and novel druggable targets **Stefan Pfister** (Heidelberg, DEU)
- Molecular-based/driven personalized treatment in brain tumours **Ahmed Idbaih** (Paris, FRA)
- Macrophages and response to treatment in glioblastoma **TBD**

08:30
09:15**Keynote**

- Targeting DNA repair for cancer treatment

Thomas Helleday (Solna, SWE)09:15
10:15**Understanding the broader tumour microenvironment**

- Microbiome and responses to immunotherapy **Jennifer Wargo** (Houston, USA)
- Mass spectrometry to decipher tumour microenvironment **Bernd Bodenmiller** (Zurich, CHE)

10:15 – 10:30 ☕ COFFEE BREAK

10:30
12:00**Macroevolution and impact on treatment resistance**

- Lung cancer **Charles Swanton** (London, GBR)
- Pancreatic cancer **Steven Gallinger** (Toronto, CAN)
- Prostate cancer **Rob Bristow** (Toronto, CAN) **TBC**

12:00 – 13:00 🎧 LUNCH BREAK AND SYMPOSIUM

13:00
13:45**Keynote**

- Title TBD **James Bradner** (Boston, USA) **TBC**

13:45
15:15**New models and technologies for personalised medicine**

- What could be the best design to test efficacy of precision medicine? **Stefan Michiels** (Villejuif, FRA)
- Update on Matrix trial **Gary Middleton** (Birmingham, GBR)
- Developing and validating tests for personalized medicine: position from regulatory agencies **TBD**

15:15 - 15:30 ☕ COFFEE BREAK

15:30
17:00
pm**Personalised medicine applied to immunotherapeutics**

- Is innate immunity targetable? **Kathy Hsu** (New York, USA) **TBC**
- Resistance to immunotherapeutics **Dirk Schadendorf** (Essen, DEU)
- Immunity and tumour microenvironment **Thomas Gajewski** (Chicago, USA) **TBC**
