

3rd World Dysphagia Summit

March 13–14, 2023

Event organized by Dysphagia Research Society

Learn, Motivate, Innovate Together

Transdisciplinary Approaches to Aerodigestive Function & Disorders Across the Lifespan

Monday, March 13, 2023 – Focus on Mechanisms & Evaluation

Time	Activity/Topic
7:00–7:45am	Registration & Breakfast
7:45–8:15am	Welcome & Introductions
8:15–8:45am	Introduction to Team Science & Transdisciplinary Approaches: How to Move Our Field Forward
8:45–9:30am	Transdisciplinary International Panel Basic and Translational Research on Aerodigestive Mechanisms: What Do We Know and Where Do We Go Next?
9:30–10:30am	Transdisciplinary International Panel Fundamentals of Screening & Clinical Examination of Oropharyngeal and Esophageal Functions – Starting Off on the Right Path
10:30–11:00am	Break & Time for Exhibits
11:00am–12:30pm	Transdisciplinary International Panel Diagnostic Challenges & Solutions Across Disciplines and Countries (Interactive (with audience) grand rounds of Pediatric and Adult Cases)
12:30–2:00pm	Lunch Break & Networking (Lunch on your own)
2:00–3:30pm	Transdisciplinary International Panel Imaging & Signal Processing of Normal and Abnormal Aerodigestive Functions (Topics to include: fluoroscopy, endoscopy, pharyngeal & esophageal Manometry, 3D CT imaging, MRI, pH-Impedance testing, esophageal imaging, signal processing)
3:30–4:00pm	Olympic Dysphagia Knockouts Round 1: Hot Topic Debate Session
4:00–4:30pm	Break & Time for Exhibits
4:30–5:15pm	Transdisciplinary International Panel Innovations in the Assessment of Aerodigestive Functions: New Technologies and Tools
5:15–6:00pm	Open Discussion Session (led by audience questions on Assessment)
6:00–8:00pm	WDS Co-Chairs Reception

3rd World Dysphagia Summit

March 13–14, 2023

Event organized by Dysphagia Research Society

Learn, Motivate, Innovate Together

Transdisciplinary Approaches to Aerodigestive Function & Disorders Across the Lifespan

Tuesday, March 14, 2023 – Focus on Treatment

Time	Activity/Topic
7:00–7:45am	Breakfast
7:45–8:00am	Welcome Back
8:00–8:45am	Transdisciplinary International Panel Basic and Translational Research on Mechanisms & Principles of Habilitation & Rehabilitation: How Do We Discover Mechanisms and Develop/Optimize Treatments?
8:45–9:30am	Transdisciplinary International Panel Nutrition, Airway Safety, & Feeding Tubes in Children & Adults
9:30–10:30am	Transdisciplinary International Panel Targeted Behavioral Habilitation/Rehabilitation Outcomes & Approaches for the Management of Dysphagia & Aerodigestive Disorders Across the Lifespan
10:30–11:00am	Break & Time for Exhibits
11:00am–12:30pm	Transdisciplinary International Panel Therapeutic Challenges & Solutions Across Disciplines and Countries (<i>Interactive (with audience) grand rounds of Pediatric and Adult Cases</i>)
12:30–1:30pm	Lunch Break & Networking (<i>Lunch on your own</i>)
1:30–2:30pm	Transdisciplinary International Panel Innovative Medical & Surgical Procedures for the Patient with Dysphagia & Aerodigestive Disorders – Part 1 / GI Focus
2:30–3:30pm	Transdisciplinary International Panel Innovative Medical & Surgical Procedures for the Patient with Dysphagia & Aerodigestive Disorders – Part 2 / ENT Focus
3:30–4:00pm	Olympic Dysphagia Knockouts Round 2: Hot Topic Debate Session!
4:00–4:30pm	Break & Time for Exhibits
4:15–4:25pm	<i>Mindfulness Session (Optional 10-min Session)</i>
4:30–5:00pm	Transdisciplinary International Panel Facilitating International Equitable Research Collaborations
5:00–5:30pm	International Patient & Caregiver Panel
5:30–6:15pm	Open Discussion Session (<i>led by audience questions on Treatment</i>)
6:15–6:30pm	Closing Remarks
6:30–8:30pm	Welcome Reception for Annual Meeting (<i>starting the next day</i>)
