

EAPS 2018 Preliminary Scientific Programme

Legend				
Invited Societies Session	ESPR Sessions	ESPNIC Session	EAP Session	Nursing
Bengt Robertson Award	Young Investigator Awards	Educational Symposium	Pre-Congress Course	Plenary
Tomorrow's World	Industry Symposium	Short Oral Session	Off Program Meetings	Interdisciplinary Sessions
	E-Poster Discussion Sessions		Late Breaking Orals	Young Investigator Session

*****The practices and opinions presented during the satellite sessions do not necessarily state or reflect those of the EAPS Scientific and Organising Committees***

Monday, October 29, 2018		
	Room 341	Room 343
09:00-17:45	08:00-17:30 Pre-Congress Course 7 (EAP) (Part I): Paediatric Point-of-Care Ultrasound <i>Pre-registration required</i>	08:55-16:20 EBN Teaching Course I: Neurology and Development <i>Pre-registration according to EBN admission criteria</i>

Tuesday, October 30, 2018												
	Amphi Blue 826 seats	Amphitheatre Bordeaux 650 seats	Room Maillot 380 seats	Room 252AB 380 seats	Room 342AB 380 seats	Room 242AB 280 seats	Room 251 220 seats	Room 241 220 seats	Room 243 120 seats	Room 341 120 seats	Room 343 120 seats	Off Program Meetings
08:30-16:00				12:30-16:30 Pre-Congress Course 1 (EAP): Making your work with adolescents efficient and enjoyable: Communicating effectively with adolescents and taking care of mental health and substance use problems Pre-registration required	Pre-Congress Course 2 (ESPR): Neonatal stabilisation in the delivery room Pre-registration required	Pre-Congress Course 3 (ESPR): Neonatologist Performed Echocardiography (NPE) Pre-registration required	Pre-Congress Course 4 (ESPNIC): French Nursing Workshop: Améliorer la qualité et les résultats des patients dans réanimation pédiatrique a réanimation néonatale. (IN FRENCH) Pre-registration required	Pre-Congress Course 5 (ESPNIC): How to set the ventilator - a physiology based approach Pre-registration required	Pre-Congress Course 6 (ESPNIC): Hands-on Workshop in Point of Care Ultrasound (POCUS) Pre-registration required	08:00-17:00 Pre-Congress Course 7 (EAP) (Part II): Paediatric Point-of-Care Ultrasound Pre-registration required	08:30-17:00 EBN Teaching Course II: Pulmonology Pre-registration according to EBN admission criteria	
16:00-17:30												
17:40-18:20				Opening Ceremony Climate change and resource crisis: How much can we bear? Thomas Stocker, Switzerland Global child health in the 21st century Tony Costello, UK	EAP Executive Committee Meeting By invitation only							
18:20-19:00												
19:00	Welcome Reception (taking place in the Exhibition Area)											

EAPS 2018 Preliminary Scientific Programme

Wednesday, October 31, 2018												
	Amphi Blue 826 seats	Amphitheatre Bordeaux 650 seats	Room Maillot 380 seats	Room 252AB 380 seats	Room 342AB 380 seats	Room 242AB 280 seats	Room 251 220 seats	Room 241 220 seats	Room 243 120 seats	Room 253 120 seats	Room 341 120 seats	Off Program Meetings
08:00-08:50	Educational Symposium 01 - ESPR: Neonatal encephalopathy and therapeutic hypothermia: the impact of the condition and its treatment on haemodynamics and myocardial performance	Educational Symposium 02 - ESPNIC: Antimicrobial stewardship: Where are we now and where are we going?	Educational Symposium 03 - ESPR: The genetics, epigenetics and precision medicine	Educational Symposium 04 - ESPNIC: Hemodynamics management: State of the art	Educational Symposium 05 - EAP: Allergy	Educational Symposium 6 - EAP: Dermatology	Educational Symposium 07- ESPNIC: Paediatric cardiopulmonary resuscitation	Educational Symposium 08- EAP: Nephrology	Educational Symposium 09- ESPNIC: How to organise structured outcome assessments	Educational Symposium 10 - ESPR: Update on pharmacology and pharmacogenetics	Educational Symposium 11 - ESPNIC Nursing: Surgical PICU and NICU nursing post-op care	
08:00-08:25	Assessment of haemodynamics and treatment of circulatory disturbances in HIE neonates during and after cooling Afif El-Khuffash, Ireland (20+5 min)	Are we running out of antibiotics? Susanna Esposito, Italy (20+5 min)	Genomics Helen Firth, UK (20+5 min)	The art of fluid resuscitation Xavier Monnet, France (20+5 min)	Do we overuse inhalers, powders, spacers and nebulizers? Kostas Priftis, Greece (20+5 min)	Colourful marks at birth Martin Thiele, Switzerland (20+5 min)	How do we embed quality CPR into resuscitation teaching? Anna Zanin, Italy (20+5 min)	Do we over investigate infants with hydronephrosis? Peter Hoyer, Germany (20+5 min)	SCAMP congenital heart disease Ravi Thiagarajan, USA (20+5 min)	Pharmacogenetics in paediatrics Evelyne Jacques-Algrain, France (20+5 min)	The pre-term neonate Agnes Van Den Hoogen, The Netherlands (20+5 min)	
08:25-08:50	The effects from perinatal asphyxia and hypothermia on neonatal heart performance Eirik Nestas, Norway (20+5 min)	What molecular diagnostics bring to PICU/NICU ? Florence Doucet-Populaire, France (20+5 min)	Epigenetics Michael Kobor, Canada (20+5 min)	The art of drug support of the circulation Javier Urbano, Spain (20+5 min)	Can we prevent food allergy? Berthold Koletzko, Germany (20+5 min)	Phacomatosis Martin Thiele, Switzerland (20+5 min)	ECMO resuscitation: keys to success? Vinay Nadkarni (USA) (20+5 min)	Why should we measure BP at our practise? Peter Hoyer, Germany (20+5 min)	NeuroSCAMP ECMO centres UK Aparna Hoskote, UK (20+5 min)	Update on Neonatal Pharmacology John van den Anker, USA (20+5 min)	The complex post-op (non cardiac) child Joseph Manning, UK (20+5 min)	
08:50-09:00	Short break											
09:00-10:00	Plenary Session 02: Causes and consequences of childhood obesity Sadaf Farooqi, UK (40 + 20 min)											
10:00-11:00	Coffee Break, E-Poster Viewing, Visit Exhibition Area											
11:00-12:20	ESPR Session 01: Future for neuroprotection	EAP Session 02: Pulmonology	EAP Session 03: Neurology	ESPR Session 04: Paediatric intestinal failure	ESPNIC Session 05: Paediatric mechanical ventilation: show me the evidence please!	ESPNIC Session 06: Evidence based haemodynamics	Invited Societies Session 07: EAPC - Advance care planning for children with life-limiting conditions and life-threatening illnesses	Invited Societies Session 08: Société Française de Pédiatrie - Hypopituitarism, a developmental defect and new therapies	Nursing Session 09: Analgo-sedation scoring should be considered as a quality indicator: Pro-/Con debate	Nursing Session 10: Quality improvement in cardiac arrest	ESPNIC Session 11: Early recognition of clinical deterioration in the ICU	
11:00-11:25	Enhancing brain development before birth Terrie Inder, USA (20+5 min)	How you can best treat bronchiolitis at home Robert Ross Russell, UK (20+5 min)	The floppy infant Isabelle Desguerres, France (20+5 min)	Long term parenteral nutrition for children with intestinal failure Susan Hill, UK (20+5 min)	Reaching a paediatric mechanical ventilation consensus guideline: how and why? Martin Kneyber, The Netherlands (20+5 min)	Multimodal monitoring at the PICU Javier Urbano, Spain (20+5 min)	Clinicians approaches to advance care planning: Advice & guidance for practice Dilini Rajapakse, UK (20+5 min)	Gene defects and evolution throughout life Rachel Reynaud, France (20+5 min)	Pro Erwin Ista, The Netherlands (20+5 min)	Providing bundle of care for best practice Eduardo Da Cruz, USA (20+5 min)	Cardiac arrest in the ICU Joan Sanchez de Toledo, Spain (20+5 min)	
11:25-11:50	The tertiary phase: a new opportunity for treating the developing brain Pierre Gressens, France (20+5 min)	"Doctor, he/she is still coughing" Anne Chang, Australia (20+5 min)	It is not always epilepsy Dana Craiu, Romania (20+5 min)	Enteral nutrition management Jessie Hulst, The Netherlands (20+5 min)	What are the relevant outcomes in paediatric mechanical ventilation studies? Peter Rimensberger, Switzerland (20+5 min)	Evidence based: what type of fluids should we give? David Inwald, UK (20+5 min)	Parents approaches to advance care planning: Results of empirical research Myra Bluebond-Langner, UK (20+5 min)	Importance of the neonatal period for future fertility Claire Bouvattier, France (20+5 min)	Con Pavla Pokorna, Czech Reupublic (20+5 min)	Neuropsychiatric outcome in paediatric cardiac arrest survivors Corinne Buysse, The Netherlands (20+5 min)	Can NIRS identify early deterioration in the cardiac ICU? Reins Balmaks, Lithuania (20+5 min)	
11:50- 12:20	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	
12:20-12:30	Short break											
12:30-13:30				Short Oral Session 01: Cardiovascular outcome after cardiac diseases (EAP) (8 presentations - 7 min per short oral - 5+2 min)	Short Oral Session 02: Getting an early start (EAP) (8 presentations - 7 min per short oral - 5+2 min)	Short Oral Session 03: Newborn brain - clinical (ESPR) (8 presentations - 7 min per short oral - 5+2 min)	Short Oral Session 04: Training and education - Families and professionals (EAP) (8 presentations - 7 min per short oral - 5+2 min)	Short Oral Session 05: Quality and outcomes (ESPNIC) (8 presentations - 7 min per short oral - 5+2 min)	Short Oral Session 06: Transport (ESPNIC) (8 presentations - 7 min per short oral - 5+2 min)	Short Oral Session 07: Organisation and safety on the NICU (ESPR) (8 presentations - 7 min per short oral - 5+2 min)		
	E-Poster Discussion Sessions 1-8 taking place between 12:30-13:30 at the E-Poster Area in the Exhibition. (5 min per E-Poster presentation - 3+2 min)											
	E-Poster Discussion Session 01: Diabetes and endocrine disorders	E-Poster Discussion Session 02: The Gut	E-Poster Discussion Session 03: Basic science	E-Poster Discussion Session 04: Brain	E-Poster Discussion Session 05: Neonatology - Family Care on NICU/PICU	E-Poster Discussion Session 06: Lung and ventilation 01	E-Poster Discussion Session 07: Cardiovascular	E-Poster Discussion Session 08: Infectious disease				
13:30-15:00	Break, E-Poster Viewing, Visit Exhibition Area											
	(13:30-15:00) Industry Symposium I (not included in main event CME/CPD credit)											
15:00-16:30	Interdisciplinary Session 01: Big Data	Interdisciplinary Session 02: Gene sequencing to gene repair	Interdisciplinary Session 03: Pulmonary	Interdisciplinary Session 04: Antibiotics Resistance & Stewardship	Interdisciplinary Session 05: Microbiome & Metabolome	Interdisciplinary Session 06: Ethics and Organ Donation	Young Investigator Journal Session	Interdisciplinary Session 07: EADCare - Developmental Care	Interdisciplinary Session 08: Cough	Interdisciplinary Session 09: Transition from Child to Adult		
15:00-15:30	Big data and global health Joel Selankio, USA (25+5 min)	Paediatric genomics: diagnosing rare diseases in children Helen Firth, UK (25+5 min)	Stem cells for lung injury and repair Bernard Thebaud, Canada (25+5 min)	Antimicrobial Stewardship Susanna Esposito, Italy (25+5 min)	Microbiome Alteration in Paediatric Critical Illness Nazima Patham, UK (25+5 min)	Controversies in neonatal organ donation Tom Nakagawa, USA (25+5 min)	How to get published Eleanor Molloy, Ireland (10 minutes)	Maternal Voices and the Brain Ghislaine Dehaene, France (25+5 min)	GOR and Cough Kostas Priftis, Greece (25+5 min)	Transition of Chronic Patients from Paediatrics to Adult Care Pierre-André Michaud, Switzerland (25+5 min)		
15:30-16:00	Using databases Dominique Haumont, Belgium (25+5 min)	Rapid WGS on the NICU Mieke Kerstjens, The Netherlands (25+5 min)	Surfactant proteins Howard Clark, UK (25+5 min)	Carbapenemase-producing Enterobacteriaceae: resistance mechanisms Patrice Nordmann, Switzerland (25+5 min)	The human intestinal microbiome in health and disease Oluf Pedersen, Denmark (25+5 min)	Donation after circulatory determination of death Joe Brierley, UK (25+5 min)	Relevance and importance of being a reviewer for a journal Eleanor Molloy, Ireland (10 minutes)	Music enhances brain development Petra Huppi, Switzerland (25+5 min)	Assessing Swallow Emily Johnson, UK (25+5 min)	Cardiac Transition Damien Bonnet, France (25+5 min)		
16:00-16:30	Building a living children's hospital David Powell, UK (25+5 min)	CRISPR/Cas9 Gene Therapy Annarita Miccio, France (25+5 min)	Less invasive surfactant Egbert Herting, Germany (25+5 min)	Multidrug-Resistant Staphylococcus capitis Neonatal Sepsis. A worldwide endemic? Marine Butin, France (25+5 min)	Metabolomics in neonatology Vassilios Fanos, Italy (25+5 min)	Supporting the family (and caring for the child) awaiting organ donation Caroline Richard, France (25+5 min)	What's new in publishing...looking at the future Cynthia Bearer, USA (10 minutes)	NICU of tomorrow: How to Enhance Development Terrie Inder, USA (25+5 min)	Endobronchitis Anne Chang, Australia (25+5 min)	Psychological Aspects of the Adult Pre-Term Samantha Johnson, UK (25+5 min)		
							Shaping the future of paediatrics Alberto Tozzi, Italy (20 minutes)					
							Sustaining simulation training through an innovative Faculty Development Programme Merenghese Cooper, UK (20 minutes)					
16:30-17:00	Coffee Break, E-Poster Viewing, Visit Exhibition Area											
17:00-17:55	ESPNIC Session 12: Neuromonitoring and neuroprotection in cardiac patients	EAP Session 13: Autism	ESPR Session 14: How many trials are required for an evidence base	ESPNIC Session 15: Hemodynamic management in 2018	EAP Session 16: Ultrasound in primary care?	ESPR Session 17: Physiological approach to the management of PPHN	Invited Societies Session 18: ESPGHAN - Inflammatory bowel and liver disease	Invited Societies Session 19: EPNS - Tips and tricks in metabolic disorders	Nursing Session 20: Simulation training in transport	Nursing Session 21: Feeding the septic child		
17:00-17:25	What's new in 2018 Joan Sanchez de Toledo, Spain (20+5 min)	Early signs that a paediatrician should keep in mind Mario Speranza, France (20+5 min)	Is one large randomised trial enough for changing our practice? example of the pepanic trial Berthold Koletzko, Germany (20+5 min)	Latest guidelines on hemodynamic monitoring and treatment Joris Lemson, The Netherlands (20+5 min)	Ultrasound, the modern stethoscope of a primary care paediatrician Niccolo Parri, Italy (20+5 min)	Why driving up the Systemic Blood Pressure is an outdated concept Willem de Boode, The Netherlands (20+5 min)	Nutritional and drug treatment of paediatric inflammatory bowel disease Frank Ruemmele, France (20+5 min)	Tips and tricks in metabolic disorders Linda de Meirleir, Belgium (20+5 min)	Working together, training together Gilles Jourdain, France (20+5 min)	Glucose, proteins and lipids: the good, the bad, the ugly? Koen Joosten, The Netherlands (20+5 min)		

EAPS 2018 Preliminary Scientific Programme

17:25-17:55	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	
18:15-19:45			18:15-19:15 Industry Symposium II (not included in main event CME/CPD credit)								18:15-19:15 Industry Symposium IV (not included in main event CME/CPD credit)	

EAPS 2018 Preliminary Scientific Programme

Thursday, November 1, 2018												
	Amphi Blue 826 seats	Amphitheatre Bordeaux 650 seats	Room Maillot 380 seats	Room 252Ab 380 seats	Room 342AB 380 seats	Room 242AB 280 seats	Room 251 220 seats	Room 241 220 seats	Room 243 120 seats	Room 253 120 seats	Room 341 120 seats	Off Program Meetings
08:00-08:50	Educational Symposium 12 - ESPR: Role of neonatologist performed echocardiography (NPE) in the assessment and management of neonatal cardiovascular failure	Educational Symposium 13 - ESPR: Imaging and monitoring the brain	Educational Symposium 14- ESPNIC: What's new in paediatric mechanical ventilation	Educational Symposium 15- EAP: Pain complaints	Educational Symposium 16 - EAP: Gender development	Educational Symposium 17 - ESPNIC: Nutritional management of the critically ill child	Educational Symposium 18 - EAP: Common indications for ultrasound in the Paediatric practice	Educational Symposium 19 - ESPR: Pharmacological aspects in neonatal clinical care	Educational Symposium 20 - ESPNIC: Anti-coagulation strategy in ECLS	Educational Symposium 21 - ESPNIC Nursing: Improving fundamental nursing cares	Educational Symposium 22 - ESPNIC Nursing: Improving nursing care and standards on a PICU, how to?	
08:00-08:25	The role of NPE in the management of a patent ductus arteriosus David van Laere, Belgium (20+5 min)	Brain monitoring: EEG Roberta Cillo, USA (20+5 min)	A new definition for paediatric ARDS ,how valid is it? Roby Khemani, USA (20+5 min)	Chronic abdominal pain (primary care and specialist) Marc Benninga, The Netherlands (20+5 min)	Common disorders of sexual development Christa Flück, Switzerland (20+5 min)	Barriers to start enteral nutrition: the nurse perspective Lyvonne Tume, UK (20+5 min)	Should we screen infants for hip dysplasia and when and how? Gerolf Schweintzger, Austria (20+5 min)	Neonatal Abstinence Syndrome Karel Allegaert, Belgium (20+5 min)	Coagulation issues in neonatal ECMO Dick Tibboel, The Netherlands (20+5 min)	Improving oral care in the PICU as part of a VAP bundle Andy Darbyshire, UK (20+5 min)	Understanding the science behind quality improvement Erwin Ista, The Netherlands (20+5 min)	
08:25-08:50	The role of NPE in the management of neonatal shock Willem de Boode, The Netherlands (20+5 min)	MR neuroimaging of children with cerebral palsy Paul Griffiths, UK (20+5 min)	Whole body hypothermia: effect on lung injury and surfactant Daniele De Luca, France (20+5 min)	Headache - When to start investigating? Luigi Titomanlio, France (20+5 min)	Gender dysphoria Dagmar Pauli, Switzerland (20+5 min)	Delay of enteral nutrition might be beneficial Frederic Valla, France (20+5 min)	Common problems for the primary care paediatrician. Can ultrasound help? Gerolf Schweintzger, Austria (20+5 min)	BPD-related pulmonary hypertension Irwin Reiss, The Netherlands (20+5 min)	Anticoagulation in VADs Aparna Hoskote, UK (20+5 min)	Reducing CLABSI Onno Helder, The Netherlands (20+5 min)	Introducing change in practice onto a unit/ward Agnes van den Hoogen, The Netherlands (20+5 min)	
08:50-09:00	Short break											
09:00-10:00	Plenary Session 03: Gene therapy of inherited diseases, from the primary immunodeficiencies Alain Fischer, France											
10:00-11:00	Coffee Break, E-Poster Viewing, Visit Exhibition Area											
11:00-12:20	ESPNIC Session 22: Hypocaloric feeding in sick children is harmful, Pro/Con debate	ESPR Session 23: Neonatal neurology	EAP Session 24: Infectious diseases	ESPNIC Session 25: What should we know about sepsis in 2018	ESPR Session 26: Improving respiratory transition at birth	EAP Session 27: Adolescent medicine	Invited Societies Session 28: ERS - New insight in wheezing disorders	Invited Societies Session 29: AEPIC - Inherited arrhythmia syndromes	Nursing Session 30: Experienced critical care nurses can safely replace doctors during transport: Pro-/Con debate	Nursing Session 31: Reducing errors in the PICU/NICU		
11:00-11:25	Pro Rosan Meyer, France (20+5 min)	Genetics of neonatal epilepsies Roberta Cillo, USA (20+5 min)	How to optimise real-life management of a febrile infant Zachi Grossman, Israel (20+5 min)	Paediatric Sepsis definition: limitations Luregn Schlapbach, Australia (20+5 min)	What is the best perinatal management to enhance spontaneous breathing? Arjan te Pas, The Netherlands (20+5 min)	How to discuss sexual matters with adolescents Pierre-André Michaud, Switzerland (20+5 min)	Difficult or fatal asthma Rossa Brughra, UK (20+5 min)	Syncope in children: when to worry Alice Maltret, France (20+5 min)	Pro Chris Walker, UK (20+5 min)	Nurse decision making Jerry Zimmerman, USA (20+5 min)		
11:25-11:50	Con Sacha Verbruggen, The Netherlands (20+5 min)	Whole genome sequencing in the Neuro NICU David Rowitch, UK Speaker 2 (20+5 min)	Is there a place for prophylactic antibiotics in paediatrics? Vana Papaevangelou, Greece (20+5 min)	New guidelines on the treatment of sepsis in children Etienne Javouhey, France (20+5 min)	Improving oxygenation at birth - PEEP, PIP, Oxygen or Surfactant? Kajsa Bohlin, Sweden (20+5 min)	Difficult conversations in practice with parents of adolescents Helena Fonseca, Portugal (20+5 min)	Acute viral bronchiolitis Fabio Midulla, Italy (20+5 min)	Genotype and risk stratification in Long QT syndrome Nico Blom, The Netherlands - (20+5 min)	Con Gilles Jourdain, France (20+5 min)	How does safety culture in a PICU influence nurses Rachel Bower, UK (20+5 min)		
11:50- 12:20	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)		
12:20-12:30	Short break											
12:30-13:30				Short Oral Session 08: Sedation & Analgesia (ESPNIC) (8 presentations - 7 min per short oral - 5+2 min)	Short Oral Session 09: Trauma and neuro (ESPNIC) (8 presentations - 7 min per short oral - 5+2 min)	Short Oral Session 10: Therapeutics and biomarkers (EAP) (8 presentations - 7 min per short oral - 5+2 min)	Short Oral Session 11: Newborn brain - basic (ESPR) (8 presentations - 7 min per short oral - 5+2 min)	Short Oral Session 12: Neonatal epidemiology (ESPR) (8 presentations - 7 min per short oral - 5+2 min)	Short Oral Session 13: Development and outcome (ESPR) (8 presentations - 7 min per short oral - 5+2 min)	Short Oral Session 14: Nursing (ESPNIC) (8 presentations - 7 min per short oral - 5+2 min)		
	E-Poster Discussion Sessions 9-16 taking place between 12:30-13:30 at the E-Poster Area in the Exhibition. (5 min per E-Poster presentation -3+2 min)											
	E-Poster Discussion Sessions 09: Primary care	E-Poster Discussion Sessions 10: Respiratory	E-Poster Discussion Sessions 11: Neurology and psychology	E-Poster Discussion Sessions 12: Neonatal pharmacology and therapeutics	E-Poster Discussion Sessions 13: Neonatal nutrition	E-Poster Discussion Sessions 14: Paediatric nursing	E-Poster Discussion Sessions 15: Lung and ventilation 02	E-Poster Discussion Sessions 16: Kidney and gut				
13:30-15:00	Break, E-Poster Viewing, Visit Exhibition Area											
							(13:45-14:45) Meet the Expert Industry Session I (not included in main event CME/CPD credit) **	(13:45-14:45) Meet the Expert Industry Session II (not included in main event CME/CPD credit) **	(13:45-14:45) Meet the Expert Industry Session III (not included in main event CME/CPD credit) **	(13:45-14:45) Meet the Expert Industry Session IV (not included in main event CME/CPD credit) **		
15:00-16:30	Interdisciplinary Session 10: Programming and epigenetics	Interdisciplinary Session 11: Travel Medicine - What's Moving?	Interdisciplinary Session 12: New Ways to Look at the Brain	Interdisciplinary Session 13: Diet, Growth & Obesity	Interdisciplinary Session 14: Mass Casualty	Interdisciplinary Session 15: What is a Good Outcome Measure in Clinical Trials?	Interdisciplinary Session 16: View from the bedside: what parents think	Interdisciplinary Session 17: Haemodynamics & Shock: Is the Gut a Vital Organ?	Interdisciplinary Session 18: Joint session ESPNIC & SCCM: Sepsis in neonates and children Chair: Martin Kneyber, Netherlands	Interdisciplinary Session 19: Personalised Risk in Infection/Inflammation		
15:00-15:30	Epigenetics Michael Kobor, Canada (25+5 min)	Global mobility as a driver of infectious disease threat events in Europe Jan Semenza, Sweden (25+5 min)	Ultrasound Mikael Tanter, France (25+5 min)	Gluten Free Diet - The Fashionable Habit Berthold Koletzko, Germany (25+5 min)	Medical response to mass casualty Yuri Yordanov, France (25+5 min)	Value based outcomes Jan Hazelzet, The Netherlands (25+5 min)	Experience from the ICU - a mother's perspective Rob Ross-Russell, UK (25+5 min)	The gut in low flow states - Nazima Patham, UK (25+5 min)	Recognising sepsis outside and in the intensive care unit Vinay Nadkarni, USA (20 min)	Innate immunity in newborn to infant Capucine Picard, France (25+5 min)		
15:30-16:00	Prenatal hypoxia and developmental programming of cardiovascular disease Dino Giussani, UK (25+5 min)	Imported fever Aubrey Cunnington, UK (25+5 min)	Optical imaging Topun Austin, UK (25+5 min)	Sugar consumption and obesity risk Natasja Fidler-Mis, Slovenia (25+5 min)	Children and War Gerlant Van Berlaer, Belgium (25+5 min)	What age should we follow up pre term infants Neil Marlow, UK (25+5 min)	When parents and healthcare professionals disagree Joe Brierley, UK (25+5 min)	PDA & gut perfusion Afif El-Khuffash, Ireland (25+5 min)	Sepsis in the critically ill: ESPNIC initiatives Pierre Tissieres, France (20 min)	Personalised risk in infection Luregn Schlapbach, Australia (25+5 min)		
16:00-16:30	New approaches in epigenetics Jason Mellad, UK (25+5 min)	Ebola and Zika Yazdan Yazdan Panath, France (25+5 min)	MRI Terrie Inder, USA (25+5 min)	New diagnostic and therapeutic options Martin Wabitsch, Germany (25+5 min)	Post-traumatic stress Berengere Guillery-Girard, France (25+5 min)	Large trial outcomes Mark Turner, UK (25+5 min)	Parent (25+5 min)	Feeding the shocked infant and child Frederic Valla, France (25+5 min)	Recognising and treating sepsis in the neonate: whats new? Martin Stocker, Switzerland (20 min)	Infection: what's genetics got to do with it? Jethro Herberg, UK (25+5 min)		
									Functional outcome after sepsis in children TBA (20 min)			
16:30-17:00	Coffee Break, E-Poster Viewing, Visit Exhibition Area											
17:00-17:55	ESPR Session 32: Basic science of brain injury	EAP Session 33: Vitamin D deficiency: A hype or a problem	ESPNIC Session 34: Current fluid management	ESPR Session 35: Steroids	EAP Session 36: Signs and symptoms to suspect child abuse	ESPNIC Session 37: Pharmacodynamics in septic children with organ failure	Invited Societies Session 38: AEPIC - Long-term outcome of congenital heart disease	Invited Societies Session 39: ESPN - Paediatric nephrology	Nursing Session 40: Education of nurses to work in the PICU or NICU	Nursing Session 41: Improving safety		

EAPS 2018 Preliminary Scientific Programme

17:00-17:25	Biological basis of perinatal brain injury David Rowitch, UK (20+5 min)	Vitamin D deficiency: a hype or a problem? Justine Bacchetta, France (20+5 min)	Fluid management in children with severe head injury Burkhard Simma, Austria (20+5 min)	Perinatal glucocortikoid therapy: Adverse effects on the developing heart and brain Dino Giussani (20+5 min)	Child maltreatment: healthcare responses to children and their families Ruth Gilbert, UK (20+5 min)	Pharmacodynamics in the septic child John Van Den Anker, Switzerland (20+5 min)	Life expectancy, morbidity and quality of life in patients with congenital heart disease Vaclav Chaloupecky, Czech Republic (20+5 min)	Clinical implications of nephrotic syndrome Olivia Boyer, France (20+5 min)	How can we best train the nurses? Barbara Grädel, Switzerland (20+5 min)	Learning from clinical errors Andy Darbyshire, UK (20+5 min)		
17:25-17:55	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals ((10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)		
18:00-19:30											ESPNIC Joint Members Meeting <i>By invitation only</i>	ESPR Business Meeting <i>By invitation only</i>

EAPS 2018 Preliminary Scientific Programme

Friday, November 2, 2018												
	Amphi Blue 826 seats	Amphitheatre Bordeaux 650 seats	Room Maillot 380 seats	Room 252Ab 380 seats	Room 342AB 380 seats	Room 242AB 280 seats	Room 251 220 seats	Room 241 220 seats	Room 243 120 seats	Room 253 120 seats	Room 341 120 seats	Off Program Meetings
08:00-08:50	Educational Symposium 23: ESPNIC: Prognostication on brain damage	Educational Symposium 24: EAP: Endocrinology	Educational Symposium 25: EAP: Common dilemmas	Educational Symposium 26: ESPR: Neonatal high-frequency oscillatory ventilation - invasive, non-invasive: when, how, which?	Educational Symposium 27: ESPNIC: Minimum requirements for safe transport	Educational Symposium 28: EAP: Common problems in primary care	Educational Symposium 29: ESPR: Neonatal assessment of the developing brain	Educational Symposium 30: ESPNIC: Extracorporeal renal support in 2018	Educational Symposium 31: ESPR: Nutritional supplementation to improve outcomes	Educational Symposium 32: ESPNIC Nursing: Nurse-directed protocols in the PICU/NICU	Educational Symposium 33: ESPNIC Nursing: Recognising deterioration in neonates and children	
08:00-08:25	MRI for neurodevelopmental prognostication in the high-risk term infant Manon Benders, Netherlands (20+5 min)	Early signs of puberty - What to do? Christa Flück, Switzerland (20+5 min)	Microcephaly in infants: When to start investigating and what Dana Craiu, Romania (20+5 min)	Invasive HFVO - What lessons have we learnt since UKOS? Anton van Kaam, The Netherlands (20+5 min)	Neonatal Transport Morten Breindahl, Sweden (20+5 min)	Potpourri in primary care Corinne Wyder, Switzerland (40+10 min)	Functional NIRS Sarah Lloyd-Fox, UK (20+5 min)	Very-/High Flow CVVH, cytokines removal and co. Pierre Tissieres, France (20+5 min)	Iron supplements, when and for who? Magnus Domellof, Sweden (20+5 min)	Nurse-led weaning ventilation Lyvonne Tume, UK (20+5 min)	PEWs and safer systems Orsola Gabonowski, Italy (20+5 min)	
08:25-08:50	Biomarkers on Brain damage: What is new? Barney Schofield, UK (20+5 min)	The artificial pancreas Roman Hovorka, UK (20+5 min)	Goeliac disease - update on current diagnostic guidelines Matthias Zilbauer, UK (20+5 min)	Non-invasive HFOV - where are we today? Daniel de Luca, France (20+5 min)	Paediatric transport Padaman Ramnarayan, UK (20+5 min)		Functional MRI Petra Huppli, Switzerland (20+5 min)	Targeting antibodies neutralisation/absorption Stuart Goldstein, USA (20+5 min)	Human milk fortification: an update based on proofs Christopher Fusch, Germany (20+5 min)	Nurse-led sedation titration Etienne Javouhey, France (20+5 min)	Early warning scores in neonates - Who? Agnes Van Den Hoogen, The Netherlands (20+5 min)	
08:50-09:00	Short break											
09:00-10:00			EAP Young Investigators Presentations 4 orals (15 min per oral - 12+3 min)	ESPR Young Investigators Presentations 4 orals (15 min per oral - 12+3 min)	ESPNIC Young Investigators Presentations 4 orals (15 min per oral - 12+3 min)							
10:00-11:00	Coffee Break, E-Poster Viewing, Visit Exhibition Area											
11:00-12:20	EAP Session 42: Vaccines	ESPNIC Session 43: New approaches in neuro critical care medicine	ESPR Session 44: New synthetic surfactant - now from bench to bedside	EAP Session 45: Haematology - Oncology	ESPNIC Session 46: 2018 updates in CRRT	ESPR Session 47: Before we are born	Invited Societies Session 48: ESPE - Management of endocrine problems	Invited Societies Session 49: EUSEM - Pain management in the paediatric patient	Invited Societies Session 50: ESPA - Paediatric and neonatal airway	Invited Societies Session 51: ESPN - Environmental risks	ESPNIC Session 52: Off label pharmacotherapy	
11:00-11:25	How do we handle anti-vaccinists Roberto Burioni, Italy (20+5 min)	Regenerative therapy in acute neuropathology Tarek Sharshar, France (20+5 min)	Synthetic surfactant from the bench side Jesus Perez Gil, Spain (20+5 min)	When to investigate a child for bleeding disorders Annie Harroche, France (20+5 min)	Drug induced AKI and NINJA Stuart Goldstein, USA (20+5 min)	MR imaging of the fetal brain in utero Paul Griffiths, UK (20+5 min)	Neonatal hypoglycaemia Klaus Mohnike, Germany (20+5 min)	Safety in procedural sedation Itai Shavit, Israel (20+5 min)	Functional anatomy of the upper airways in neonates and children Nada Sabourdin, France (20+5 min)	Obesity, kidney and cardiovascular disease Jerome Harambat, France (20+5 min)	Is off-label equivalent to off-knowledge? Dick Tibboel, The Netherlands (20+5 min)	
11:25-11:50	Vaccine pipeline: what will come in the near future TBC (20+5 min)	Treatment of infantile-onset spinal muscular dystrophy: new hopes? Laurent Servais, Belgium (20+5 min)	Synthetic surfactant - new results from clinical trials David Sweet, UK (20+5 min)	Lumps and bumps, which ones to investigate Martin Thielier, Switzerland (20+5 min)	Strategies to optimise CRRT in children Akash Deep, UK (20+5 min)	Advances in fetal surgery Jan Deprest, Belgium (20+5 min)	Congenital adrenal hyperplasia Nils Krone, UK (20+5 min)	Headache at the ER: to scan or not to scan Luigi Titomanlio, France (20+5 min)	Difficult intubation algorithms: an update Nikola Disma, UK (20+5 min)	Non-drug induced nephrotoxicity Justine Bacchetta, France (20+5 min)	Off-label pharmacology in the PICU Marek Migdal, Poland (20+5 min)	
11:50- 12:20	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	
12:20-12:30	Short break											
12:30-13:30				Short Oral Session 15: Lung / Ventilation (ESPNIC) (8 presentations - 7 min per short oral - 5+2 min)	Short Oral Session 16: Miscellaneous 01 (ESPNIC) (8 presentations - 7 min per short oral - 5+2 min)	Short Oral Session 17: Primary care (EAP) (8 presentations - 7 min per short oral - 5+2 min)	Short Oral Session 18: Miscellaneous 02 (EAP) (8 presentations - 7 min per short oral - 5+2 min)	Short Oral Session 19: Ventilation in the new born (ESPR) (8 presentations - 7 min per short oral - 5+2 min)	Short Oral Session 20: Global newborn health (ESPR) (8 presentations - 7 min per short oral - 5+2 min)	Short Oral Session 21: Neonatal pulmonology (ESPR) (8 presentations - 7 min per short oral - 5+2 min)		
	E-Poster Discussion Sessions 17-24 taking place between 12:30-13:30 at the E-Poster Area in the Exhibition. (5 min per E-Poster presentation -3+2 min)											
	E-Poster Discussion Sessions 17: Neurology 01	E-Poster Discussion Sessions 18: Neurology	E-Poster Discussion Sessions 19: Hospital management and quality	E-Poster Discussion Sessions 20: Neonatal infectious diseases	E-Poster Discussion Sessions 21: Neonatal transition and resuscitation	E-Poster Discussion Sessions 22: Circulation	E-Poster Discussion Sessions 23: Acute illness	E-Poster Discussion Sessions 24: Miscellaneous				
13:30-15:00	Break, E-Poster Viewing, Visit Exhibition						(13:45-14:45) Industry Symposium IV (not included in main event CME/CPD credit)					
15:00-16:30	Interdisciplinary Session 20: Global Warming & Pollution: What's Hot?	Interdisciplinary Session 21: Younger & Older: Ethical Issues at the Start and End of Life	Interdisciplinary Session 22: Biomarkers	Interdisciplinary Session 23: Refugee children	Interdisciplinary Session 24: Mental Health	Interdisciplinary Session 25: Preventing Cardiac Arrest and Resuscitation	Interdisciplinary Session 26: Recurrent Fever	Late Breaking Orals 01 6 orals (10 min per oral - 8+2 min)	Late Breaking Orals 02 6 orals (10 min per oral - 8+2 min)			
15:00-15:30	Pollution Rossa Brugha, UK (25+5 min)	Decision Making Joe Brierley, UK (25+5 min)	Diagnosis of childhood febrile illness using RNA signatures Jethro Herberg, UK (25+5 min)	Refugee children: The mental health effects of living in transit DanaI Papadatou, Greece (25+5 min)	Genetics of Autism Thomas Bourgeron, France (25+5 min)	Preventing in Hospital Cardiac Arrest Orsola Gabonowski, Italy (25+5 min)	Recurrent fever in ICU Luregn Schlapbach, Australia (25+5 min)					
15:30-16:00	Climate change and vector-borne diseases in Europe Jon Semenza, Sweden (25+5 min)	When to start and when to stop neonatal resuscitation Dominic Wilkinson, UK (25+5 min)	Progress in the field of paediatric biomarkers Allen D. Everett, USA (25+5 min)	Should We Screen Migrants at The Borders Vana Papaevangelou, Greece (25+5 min)	Child and adolescent mental health following preterm birth Samantha Johnson, UK (25+5 min)	How do we educate regarding CPR in Hospitals? Eduardo da Cruz (USA) (25+5 min)	Non-Infectious Fevers Brigitte Bader-Meunier, France (25+5 min)					
16:00-16:30	Global climate change and children's health Jerome Paulson, USA (25+5 min)	Ethical issues around palliative care Richard Main, UK (25+5 min)	Use and abuse of antibiotics for neonatal early-onset sepsis - the role of biomarkers Martin Stocker, Switzerland (25+5 min)	The isolated minor Ruth Stark, UK (25+5 min)	Child abuse and adult psychiatric disorders Bruno Etain, France (25+5 min)	Parental Presence During Resuscitation Jos Latour, UK (25+5 min)	Periodic Fevers Zachi Groszman, Israel (25+5 min)					
16:30-17:00	Coffee Break, E-Poster Viewing, Visit Exhibition											
17:00-17:55	EAP Session 53: What can we learn from microbioma?	ESPR Session 54: State of the art neonatal pain treatment	ESPNIC Session 55: Back to the ventilator	EAP Session 56: Heart diseases in primary care	ESPR Session 57: New neonatal drugs	ESPNIC Session 58: Acute Kidney Injury after CPB	Invited Societies Session 59: Société Française de Pédiatrie - Gene therapy	Invited Societies Session 60: EAPC - Redirecting neonatal care	Invited Societies Session 61: ESPGHAN - Parenteral nutrition	Nursing Session 62: Reducing ulcers in the PICU and NICU	Nursing Session 63: PICU ethical issues for nurses	
17:00-17:25	Role of epigenetics in the cross talk between the human intestinal Epithelium and gut microbiome Matt Zilbauer, UK (20+5 min)	Brain activity as a measure of analgesia in infants Rebecca Slater, UK (20+5 min)	Ventilator taxonomy: more than just semantics Alberto Medina, Spain (20+5 min)	When and how to suspect a congenital heart disease Ilona Narayan, The Netherlands (20+5 min)	Development of new drugs for pulmonary hypertension John van den Anker, Switzerland (20+5 min)	Why do we care, how do we diagnose it and what do we do about it? Stuart Goldstein, USA (20+5 min)	Gene therapy in congenital immune deficiencies and haematological diseases Marina Cavazzana, France (20+5 min)	An uncertain future? Counselling and decision making around treatment withdrawal for newborn infants Dominic Wilkinson, UK	Approach to parenteral nutrition in critically ill children Frank Jochum, Germany (20+5 min)	Optimal assessment tools and interventions Erwin Ista, The Netherlands (20+5 min)	Coping with futility in the PICU Jos Latour, UK (20+5 min)	
17:25-17:55	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	
17:55-18:00	Short break											
18:00-19:00			The Bengt Robertson Award									
18:00-18:45			Delivery room care: Is it evidence based? Roger Soll, USA									
18:45-19:00			BR Awardee									

EAPS 2018 Preliminary Scientific Programme

Saturday, November 3, 2018												
	Amphi Blue 826 seats	Amphitheatre Bordeaux 650 seats	Room Maillot 380 seats	Room 252Ab 380 seats	Room 342AB 380 seats	Room 242AB 280 seats	Room 251 220 seats	Room 241 220 seats	Room 243 120 seats	Room 253 120 seats	Room 341 120 seats	Off Program Meetings
08:00-8:50			Educational Symposium 34: ESPNIC: Long-stay children on the PICU			Educational Symposium 35: ESPR: MRI of the lung	Educational Symposium 36: ESPNIC: Supporting parents and siblings in the PICU/NICU	Educational Symposium 37 EAP: Gastroenterogy in "fashion"	Educational Symposium 38: EAP: Otoscopy: AOM, external otitis or glue ear?			
08:00-08:25			How can we improve? Anne-Sylvie Ramelet, Switzerland (20+5 min)			Upcoming technologies in dynamic MRI of the lung Sylvia Nyilas, Switzerland (20+5 min)	Do ICU diaries help parents after their child's ICU admission? Jos Latour, UK (20+5 min)	Vegan diet in children – promoting or endangering health? Iva Hojsak, Croatia (20+5 min)	Interactive Session Edward Hadjihannas, Cyprus (40+10 min)			
08:25-08:50			Rehabilitation of the long term ventilated child Jean Bergounioux, France (20+5 min)			Ultrasound to detect pneumothorax in neonates Francesco Raimondi, Italy (20+5 min)	What are the needs of siblings and how can we support them? Joseph Manning, UK (20+5 min)	Are pro and prebiotics a "remedy for everything" Iva Hojsak, Croatia (20+5 min)				
08:50-09:00	Short break											
09:00-10:00			Plenary Session 04: Stress and Human Evolution and Development: Genetics vs. Epigenetics George Chrousos, Greece (40 min + 20 min)									
10:00-10:30	Coffee Break											
10:30-11:30			Tomorrow's World 01: Paediatrician of the future: robotics & AI			Tomorrow's World 02: The future of medicine: evidence based vs precision medicine	Tomorrow's World 03: NICU of the future	Tomorrow's World 04: The future of medicine: how to give children a voice in an ageing population	Tomorrow's World 05: Global Challenges	Tomorrow's World 06: Patient safety of the future		
10:30-11:00			Consciousness and AI Nira Goren, UK (20+5 min)			The role of evidence based medicine in the 21st century Roger Soll, USA (20+5 min)	The artificial womb Markus G. Davey, USA (20+5 min)	Giving children a voice Neena Modi, UK (20+5 min)	Brain imaging for global health Sarah Lloyd-Fox, UK (20+5 min)	Human Interactions and patient safety Allan Goldman, UK (20+5 min)		
11:00-11:30			Artificial intelligence in healthcare Pierre-Yves Oudeyer (20+5 min)			Genomics & precision medicine Mieke Kerstjens, The Netherlands (20+5 min)	Wireless and automated monitoring Maarten De Vos, UK (20+5 min)	Protecting children Ruth Stark, UK (20+5 min)	Big data and global health TBC (20+5 min)	Engineering better care John Clarkson, UK (20+5 min)		
11:00-11:30			Closing Ceremony
