

# Program Agenda

## FRIDAY, MAY 3, 2019

- 3:00 pm      Registration
- 3:30            **Welcome & Introductions**  
Robert A. Wolff, MD
- 3:45            **Keynote**  
Christopher Lee Wolfgang, MD, MS, PhD

### Translational Talks

- 4:30            **Hereditary Pancreatic Cancer & High Risk Clinic**  
Florencia McAllister, MD
- 5:00            **MD Anderson Cyst Clinic**  
Michael Kim, MD
- 5:30            **Liquid Biopsies in Pancreatic Cancer**  
Anirban Maitra, MBBS
- 6:00            **Imaging Based Biomarkers**  
Eugene Koay, MD, PhD
- 6:30            **Closing Remarks and Adjourn**  
Robert A. Wolff, MD
- 6:35 - 8:30    Welcome Reception

## SATURDAY, MAY 4, 2019

- 8:00 am      Registration and Continental Breakfast
- 8:30            **Welcome & Introductions**
- 8:45            **Keynote**  
James Abbruzzese, MD

### Multimodality Treatment

- 9:30            **Preoperative Therapy for Resectable and Borderline Resectable PDAC**  
Matthew Katz, MD
- 10:00          **Adjuvant Therapy for Resected PDAC**  
Michael Pishvaian, MD, PhD
- 10:30          Break

|          |                                                                                                                                                                                                                           |
|----------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 10:45    | <b>Case Study:</b><br><b>Preoperative Therapy for Resectable and Borderline Resectable PDAC</b><br>Facilitators: Robert A. Wolff, MD, Joseph Herman, MD, David Fogelman, MD, Ching-Wei Tzang, MD and Eugene Koay, MD, PhD |
| 11:05    | <b>Case Study:</b><br><b>Adjuvant Therapy for PDAC</b><br>Facilitators: Robert A. Wolff, MD, Joseph Herman, MD, Michael Pishvaian, MD, PhD, Grace Smith, MD and Michael Kim, MD                                           |
| 11:25    | <b>Management of Metastatic PDAC</b><br>Michael Overman, MD                                                                                                                                                               |
