

		
19.75 CME	JAMM 2019 Preliminary Agenda	DRAFT updated 09.13.2018
Monday Feb 11, 2019		Presenters
5:45am-6:25am	Breakfast	
6:25am-6:30am	Welcome and Opening Remarks	
6:30am-7:30am	Session I: The Complex Primary Hip/Knee Arthroplasty Case-Based Symposium	Moderator: Robert L Barrack, MD
	Format:	
	2 minute Case Presentation (Presenter)	
	4 minute Table Discussion	
	4 minute literature review on specific co-morbidity (Presenters)	
6:30am-6:40am	Male, BMI > 45, DJD Hip	David J. Mayman, MD
6:40am-6:50am	Female, Hg/A1C > 7, DJD Knee	John J. Callaghan, MD
6:50am-7:00am	Chronic Smoker, AVN Hip	Kevin L. Garvin, MD
7:00am-7:10am	Previous DVT/Venous Stasis, DJD Knee	Geoffrey H. Westrich, MD
7:10am-7:20am	Preoperative Anemia, DJD Hip	C. Anderson Engh, MD
7:20am-7:30am	Malnutrition, DJD Knee	William G. Hamilton, MD
7:30am-8:30am	Session II: Debates in Total Knee Arthroplasty	Moderator: Fred D. Cushner, MD
7:30am-7:45am	Debate #1: Alignment	

7:30am-7:35am	Gentleman's Varus is Acceptable	Mark W. Pagnano, MD
7:35am-7:40am	Thou Shall Not Varus	Michael E. Berend, MD
7:40am-7:45am	Discussion	
7:45am-8:00am	Debate #2: Cement vs Cementless Fixation	
7:45am-7:50am	Cementless Fixation is the Future of Total Knee Arthroplasty	Aaron A. Hofmann, MD
7:50am-7:55am	Cement Remains the Gold Standard with No Reason to Change	Alfred J. Tria, Jr., MD
7:55am-8:00am	Discussion	
8:00am-8:15am	Debate #3: High Viscosity Cement vs Cement Technique is Associated with Tibial Debonding	
8:00am-8:05am	Low Viscosity Cement is Favored for Tibial Fixation	Robert L. Barrack, MD
8:05-8:10am	Cement Techniques is Critical for Tibial Fixation	Kelly Vince, MD
8:10-8:15am	Discussion	
8:15am-8:30am	Debate #4: The Computer and Robot	
8:15am-8:20am	The Computer and Robot are the Present and Future of Total Knee Arthroplasty	David J. Mayman, MD
8:20am-8:25am	Ocular Navigation is All You Need for a Successful Total Knee Arthroplasty	Paul F. Lachiewicz, MD
8:25am-8:30am	Discussion	
8:30am-9:00am	BREAK and visit the Exhibitors	
9:00am-10:00am	Session III: Debates in Total Hip Arthroplasty	Moderator: William J. Maloney, III, MD
9:00am-9:15am	Debate #1: The Fused Spine Patient	
9:00am-9:05am	Component Position Must be Adjusted Based on the Position of the Pelvis	Douglas E. Padgett, MD
9:05-9:10am	The Dual Mobility Option is Appropriate in the Fused Spine Patient	Geoffrey H. Westrich, MD
9:10-9:15am	Discussion	
9:15am-9:30am	Debate # 2: Fixation in the Elderly Osteopenic Female	
9:15am-9:20am	Cementless Fixation is Appropriate for All	Wayne G. Paprosky, MD
9:20am-9:25am	Cemented Fixation Should be Considered in the Elderly Osteopenic Female	Ran Schwarzkopf, MD
9:25am-9:30am	Discussion	

9:30am-9:45am	Debate #3: The Direct Anterior Approach	
9:30am-9:35am	Rapid Recovery Afforded by the Direct Anterior Approach Make it Attractive to the Patient and Doctor	Paule E. Beaulé, MD
9:35am-9:40am	Bah Humbug Recovery is Equivalent with the Posterior and Direct Anterior Approach	Mark W. Pagnano, MD
9:40am-9:45am	Discussion	
9:45am-10:00am	Debate #4: Ceramic vs Chrome Cobalt	
9:45am-9:50am	Avoid Trunnionosis and Use Ceramic	Charles L. Nelson, MD
9:50am-9:55am	The Cost-Benefit Ratio Favors Chrome Cobalt	Steven J. MacDonald, MD
9:55am-10:00am	Discussion	
10:00am-11:15am	Session IV: Hot Topics in THA/TKA in 2019	Moderator: Christopher L. Peters, MD
10:00am-10:06am	Identifying and Rectifying Modifiable Risk Factors	Giles R. Scuderi, MD
10:06am-10:12am	Outpatient THA & TKA: A Win-Win for Everyone	Michael E. Berend, MD
10:12am-10:18am	Should We Still do Bilateral Hip & Knee Arthroplasties?	Amar S. Ranawat, MD
10:18am-10:24am	The Opioid Epidemic: Techniques to Avoid Opioids in the Postoperative Period	William J. Maloney, III, MD
10:24am-10:30am	No Need for Staples - We Have Better Closure Methods	Fred D. Cushner, MD
10:30am-10:36am	Is Formal PT Needed for the Postoperative TKA and THA Patient?	Rafael J. Sierra, MD
10:36am-10:42am	Are Routine Postoperative Labs Still Needed?	Adolph V. Lombardi, Jr., MD
10:42am-11:15am	Discussion	
11:15am-4:30pm	ADJOURN for the afternoon	
4:30pm-6:15pm	Session V: Searching for Perfect Knee Kinematics	Moderator: Kevin L. Garvin, MD
4:30pm-4:36pm	Medial UKA	William G. Hamilton, MD
4:36pm-4:42pm	Lateral UKA	David J. Mayman, MD
4:42pm-4:48pm	The Forgotten UKA: The PFA	Fred D. Cushner, MD
4:48pm-4:58pm	Discussion - Case Based	
4:58pm-5:04pm	Bicruciate Retaining Knee	Alfred J. Tria, Jr., MD
5:04pm-5:10pm	Substitute for Both Cruciates	Steven B. Haas, MD

5:10pm-5:20pm	Discussion - Case Based	
5:20pm-5:26pm	Medial Stability Is All You Need: The Medial Pivot Knee	William J. Maloney, III, MD
5:26pm-5:42pm	Discussion - Case Based	
5:42pm-5:48pm	Cruciate Retaining TKA	Christopher L. Peters, MD
5:48pm-5:54pm	Posterior Stabilized TKA	Giles R. Scuderi, MD
5:54pm-6:00pm	Ultracongruent TKA	Aaron A. Hofmann, MD
6:00pm-6:15pm	Discussion - Case Based	
6:15pm-6:45pm	BREAK and visit the Exhibitors	
6:45pm-8:00pm	Session VI: Challenging Primary THA Case Based Symposioun	Moderator: Douglas E. Padgett, MD
	Format:	
	2 minute - Case Presentations (Presenter)	
	8 minute Table Discussion	
	5 minute Summary - Literature Based (Presenter)	
6:45pm-7:00pm	Early AVN	James A. Browne, MD
7:00pm-7:15pm	Failed ORIF Acetabular Fracture	C. Anderson Engh, MD
7:15pm-7:30pm	Failed ORIF of Intrertrochanteric Fracture	Ran Schwarzkopf, MD
7:30pm-7:45pm	DDH	David G. Lewallen, MD
7:45pm-8:00pm	Preoperative Leg Length Inequality: Operative Leg Longer	Charles L. Nelson, MD
8:00pm	Adjourn	
Tuesday Feb 12, 2019		
5:45am-6:30am	Breakfast	
6:30am-8:00am	Session VII: Challenging Primary TKA: Case Based Symposium	Moderator: Aaron A. Hofmann, MD
	Format:	

	2 minute Case Presentations (Presenter)	
	8 minute Table Discussion	
	5 minute Summary - Literature Based (Presenter)	
6:30am-6:45am	Severe Varus Malalignment	Steven B. Haas, MD
6:45am-7:00am	Sever Valgus Malalignment	Fred D. Cushner, MD
7:00am-7:15am	Severe Flexion Contracture	Alfred J. Tria, Jr., MD
7:15am-7:30am	Gross Laxity with 20 Degree Recurvatum	William J. Maloney, III, MD
7:30am-7:45am	DJD with Femoral Malunion/Deformity	Giles R. Scuderi, MD
7:45am-8:00am	DJD with Tibial Malunion/Deformity	Rafael J. Sierra, MD
8:00am-9:20am	Session VIII: Primary THA: Opinion or Fact	Moderator: Michael E. Berend, MD
8:00am-8:06am	I Simply Don't See Dislocation with the Direct Lateral Approach	Steven J. MacDonald, MD
8:06am-8:12am	The Best Anterior Based Approach is the Watson Jones/ABMS Approach	Christopher L. Peters , MD
8:12am-8:18am	I Sleep Better at Night When I Use Screws with Actabular Fixation	John J. Callaghan, MD
8:18am-8:24am	Acetabular Stress Shielding is a Concern with All Porus Acetabular Components	David G. Lewallen, MD
8:24am-8:30am	Ceramic on HXLPE is the Most Forgiving Bearing Construct	William J. Maloney, III, MD
8:30am-8:36am	The Tapered Wedge Stem Has Become the Gold Standard for Cementless Femoral Fixation	Wayne G. Paprosky, MD
8:36am-8:42am	The 32mm Femoral Head is All You Need	Amar S. Ranawat, MD
8:42am-8:48am	I Believe That There is No Disadvantage to a 36mm Femoral Head	Douglas E. Padgett, MD
8:48am-8:54am	Proceed with Caution with Modular Dual Mobility	Geoffrey H. Westrich, MD
8:54am-9:20am	Discussion	
9:20am-9:50am	BREAK and visit the Exhibitors	
9:50am-11:05am	Session IX: Treatment Pearls, Painful TKA, Presenting With...	Moderator: Steven J. MacDonald, MD
	Format:	
	2 minute Case Presentation (Presenter)	
	8 minute Table Discussion	
	5 minute Summary - Literature Based (Presenter)	

9:50am-10:05am	Varus Tibial with Early Collapse	Steven B. Haas, MD
10:05am-10:20am	Anterior Knee Pain with Unresurfaced Patella	Robert L. Barrack, MD
10:20am-10:35am	Oversized Femoral Component	Richard W. McCalden, MD
10:35am-10:50am	Dislocated Patella	Amar S. Ranawat, MD
10:50am-11:05am	Ruptured Patella Tendon	James A. Browne, MD
11:05am-4:30pm	ADJOURN for the afternoon	
4:30pm-5:45pm	Session X: Treatment Pearls, Painful THA	Moderator: David G. Lewallen, MD
	Format:	
	2 minute Case Presentation (Presenter)	
	8 minute Table Discussion	
	5 minute Summary - Literature Based (Presenter)	
4:30pm-4:45pm	Four Week Postoperative Peri-Prosthetic Acetabular Fracture	Paul E. Beaulé, MD
4:45pm-5:00pm	Four Week Postoperative Peri-Prosthetic Femoral Fracture	Richard W. McCalden, MD
5:00pm-5:15pm	Failed MOM with Pseudotumor	Robert Barrack, MD
5:15pm-5:30pm	Recurrent Dislocation	Douglass E. Padgett, MD
5:30pm-5:45pm	Nine Month Postoperative Groin Pain with Straight Leg Raise	Paul E. Beaulé, MD
5:45pm-6:00pm	Two Year s/p MOP THA with Pain and Osteolysis (Trunnionosis)	Geoffrey H. Westrich, MD
6:00pm-6:15pm	Twelve Months s/p THA with Start Up Thigh Pain	Wayne G. Paprosky, MD
6:15pm-6:45pm	BREAK and visit the Exhibitors	
6:45pm-8:00pm	Session XI: Infection Is Our #1 Enemy	Moderator: Mark Pagnano, MD
6:45pm-6:51pm	Preoperative Evaluation to Lower Risk of Perioperative Infection	John J. Callaghan, MD
6:51pm-6:57pm	Intraoperative Techniques to Prevent Infection	C. Anderson Engh, MD
6:57pm-7:03pm	Diagnosis of Acute & Chronic Postoperative Infection	Kelly Vince, MD
7:03pm-7:09pm	The Role of Incision Drainage Debridement and Polyethylene Exchange in Acute Total Joint Infection	William G. Hamilton, MD
7:09pm-7:15pm	Single Stage Exchange in Acute Hip Infection	William B. Macaulay, MD
7:15pm-7:21pm	Partial Radical Debridement for Infected THA	Adolph V. Lombardi, Jr., MD

7:21pm-7:27pm	Single Stage Exchange in Chronic TJA Infection	Charles L. Nelson, MD
7:27pm-7:33pm	Two stage Exchange in Chronic TJA Infection	Kevin L. Garvin, MD
7:33pm-8:00pm	Discussion	
8:00pm	Adjourn	
Wednesday Feb 13, 2019		
5:45am-6:30am	Breakfast	
6:30am-7:50am	Session XII: Performing a Revision Total Hip Arthroplasty	Moderator: C. Anderson Engh, MD
6:30am-6:40am	Safe and Effective Removal of THA Implants	Richard W. McCalden, MD
6:40am-6:50am	Pushing the Limit with Jumbo Cup Reconstruction of the Acetabulum in Revision THA	Paul F. Lachiewicz, MD
6:50am-7:00am	UltraPorous Cups/Augments and Cages Are All You Need For Complex Acetubular Reconstruction	David G. Lewallen, MD
7:00am-7:10am	Customize Your Acetabular Reconstruction with a Triflange Cup	Michael E. Berend, MD
7:10am-7:20am	Modular and Non-Modular Spline Stems Can Facilitate Nearly All Femoral Revisions	Kevin L. Garvin, MD
7:20am-7:50am	Discussion	
7:50am-9:00am	Session XIII: Performing a Revision Total Knee Arthroplasty	Moderator: John J. Callaghan, MD
7:50am-8:00am	Exposure from Basic to Extensile	Christopher L. Peters, MD
8:00am-8:10am	Safe and Effective Removal of Components	Steven J. MacDonald, MD
8:10am-8:20am	Revision TKA with Associated Quadriceps Tendon Rupture	James A. Browne, MD
8:20am-8:30am	Fixation Options: Cementless, Hybrid, and Fully Cemented	William B. Macauley, MD
8:30am-9:00am	Discussion	
9:00am-9:30am	BREAK and visit the Exhibitors	
9:30am-11:00am	Session XIV: Surgical Techniques: Case Presentations	Moderator: Adolph V. Lombardi, Jr., MD
	Format:	

	Case Presentations Demonstrating a Specific Surgical Technique	
9:30am-9:40am	Case #1: Revision TKA with Patellar Tendon Reconstruction	Mark W. Pagnano, MD
9:40am-9:50am	Case #2: Revision THA with ETO	Ran Schwarzkopf, MD
9:50am-10:00am	Case #3: Stage One Treatment of Infected TKA with Articulating Spacer	Kelly Vince, MD
10:00am-10:10am	Case #5: Revision TKA with Banana Peel Approach	Aaron A. Hofmann, MD
10:10am-10:20am	Case #6: Complex Acetabular Reconstruction	William B. Macaulay, MD
10:20am-10:30am	Case #7: Revision TKA for Tibial Mal-Rotation	Paul F. Lachiewicz, MD
10:30am-10:40am	Case #8: Total Femoral Replacement	Adolph V. Lombardi, Jr., MD
10:40am-11:50am	Case #9: Revision TKA for Gross Instability	Giles R. Scuderi, MD
11:50-12:00pm	Closing Comments	Course Chairmen
12:00PM	Adjourn
