

Day One: Innovation Incubator | Shaping The Supply Chain Of The Future | Conquering Visibility Challenges | Perfecting Temperature Control | Revolutionising Demand Planning With AI | Enhancing Agility Through Automation | Achieving Seamless Regulatory Compliance | 'How-To' Roundtables For Clinical Trial & Medical Device Professionals | LogiPharma Academy: Mastering The Essentials

Day Two: Building Ethical Supply Chain | Empowering Capabilities, Optimizing Resources | Streamlining Processes for Peak Performance Investing In Future-Ready Innovations & Infrastructure | Balancing The Bottom Line and Sustainability | Unlocking Growth In Asia | Navigating The Fine Line Between Risk & Compliance

Our 2025 Early Confirmed Speakers

Raneeth Reghu
Senior Director,
Procurement & Supply
Chain
Biocon Biologics

Ravinder Dhar
Senior Director, Supply
Chain – APAC & N GC Cluster
Teva Pharmaceuticals

Angela Tan
Logistics Strategy &
Governance Lead, Asia
Pacific, China & CMA
Roche

Zane Matthews
Head of Retail Operations
Blooms The Chemist

Aleksander Debicki
Head of Supply Chain
Pierre Fabre Group

Vighnesh Balan
Senior Director, Global
Supply Chain Business
Excellence Lead
Takeda

Mo Hussain
Global Head of Demand
Olympus UK & Ireland

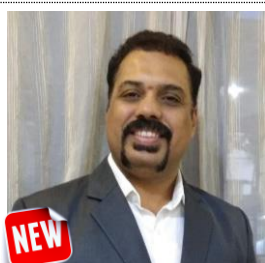

Shawn Lim
Senior Manager, Supply
Chain
Santen

Katherine Barredo-Ancheta
Former Director, Global
Shared Services & BPO
Governance
Medtronic

Prasad S. Deshpande
President, Shalini
Healthcare
Shalina Laboratories

Shirish Ambulgekar
President, Global Quality
Head
Alkem Laboratories

Fais Adha
Head of Supply Chain
IE Direct

Bhupendra Kumar
Head of Logistics
IOL Chemicals & Pharmaceuticals

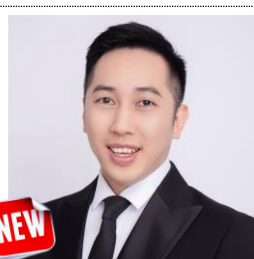

Gaurav Bhatia
Head, Global Planning
Shalina Healthcare

Erik Ekman
CEO
Bluefish Pharmaceuticals

				
Brett Marshall Former VP, Quality & HSSE Zuellig Pharma 	Belinda Ang Head of Supply Chain, China Roche 	Mike Langford Global Logistics Manager Ego Pharmaceuticals 	Wanni Tang Director – Service Operations & Customer Experience, ASEAN, Korea & ANZ GE Healthcare 	Aruneganes Meenakshisundaram Product Manager – New Product Launches Kenvue 
				
Marco Gaudesi Pharmaceutical Logistics Consultant GSDP & Distribution Specialist	Shekhar Nambi Director, Digital Identification and Traceability Johnson & Johnson 	Tam C. Nguyen Deputy Director of Research St Vincent's Hospital Melbourne 	James Yang Regional Senior Transportation Manager, APAC, Pharma Services Thermo Fisher Scientific 	Arun Sundriyal Senior Director, Clinical Operation, Area Head North & South Asia PPD 
				
Michael Cuan Global E2E Supply Chain Planning Process Adherence and Improvement Sanofi 	Frank Binder Managing Director Global Supply Chain Advisors (GSCA)	Ankit Kulin Head of Sales Life Sciences APAC, Sensitech 	David Frouin Senior Vice-President Vertical Market Healthcare GEODIS 	Dr. Bobby George Vice President, Group Head Regulatory Affairs Reliance Life Sciences 

				
Dario Bisogni Global Director Extended Supply Chain & Operational Excellence FarmaMondo Group 	Ni Sheng Jie Managing Director BOSC Consulting Asia 	Reji John Editor STAT Media Group	Jerry Zhang Senior Director, Procurement & Logistics, Greater Asia Becton Dickinson Holdings 	Simran Sethi Founder Antar Consulting

LogiPharma Asia 2025

Main Conference Day 1 – 17th June 2025

8:20	Innovation Incubator Registration
8:50	Innovation Incubator Welcome Address: Heather Ang, Lead Editor, Researcher & Producer, LogiPharma Asia

Invite-Only Innovation Incubator

9:00	Innovation Focus Roundtables: Engage with 2 rotating roundtables to explore the newest technology offerings with your peers and establish who best meets your business needs (25 minutes per session)  Roundtable 1: Facilitators: Roundtable 2: Facilitators:	9:00-10:00 Main Conference Registration & Morning Refreshments
------	---	---

Main Conference Day 1 Kick-Off

9:30	Start of Main Conference Day 1 & Welcome Address: Heather Ang, Lead Editor, Researcher & Producer, LogiPharma Asia
9:35	Chairperson's Opening Remarks: Erik Ekman, CEO, Bluefish Pharmaceuticals 

Shaping The Supply Chain Of The Future

9:45	Opening Leadership Panel: What will the supply chain of the future look like, and how can these advanced models drive enhanced resilience and adaptability in supply chains? Speakers: Ravinder Dhar, Senior Director, Supply Chain – APAC & N GC Cluster, Teva Pharmaceuticals Vighnesh Balan, Senior Director, Global Supply Chain Business Excellence Lead, Takeda Prasad S. Deshpande, President, Shalini Healthcare, Shalina Laboratories    	
10:25	Keynote Insights Panel: How can you evaluate the effects of conflicts, inflation, supply chain challenges, and other geopolitical threats on your business, and effectively anticipate the risks and strengthen your resilience? Speakers: Raneeth Reghu, Senior Director, Procurement & Supply Chain, Biocon Biologics Brett Marshall, Former VP, Quality & HSSE, Zuellig Pharma Tam C. Nguyen, Deputy Director of Research, St Vincent's Hospital Melbourne Simran Sethi, Founder, Antar Consulting Moderator: Gaurav Bhatia, Former General Manager, Supply Chain, Reliance Retail Pharmaceuticals   	
11:05	Keynote Case Study/Tech Showcase: How to transition from legacy systems to modern solutions while minimizing the costs, time, and operational disruptions associated with technology upgrades Sponsored by Tracelink 	

11:25	Morning Networking Break (25mins)		
11:50	Keynote Presentation: Where does AI fit in demand forecasting decision-making and how can we leverage its potential? Speaker: Mo Hussain, Global Head of Demand, Olympus UK & Ireland		 
12:10	Keynote Insights: Geopolitical tensions and trade turmoil’s leading to disruptions in Pharma and Biotech supply chains Speaker: Dr Bobby George, Vice President & Group Head Regulatory Affairs, Reliance Life Sciences		
Conquering Visibility Challenges			
12:30	Keynote Panel: As the focus on carbon reduction and cost efficiency intensifies, the shift from air freight to ocean transport gains momentum: What strategies are freight forwarders employing to address the challenges of ocean shipping—such as visibility, intervention issues, and maintaining the integrity of sensitive products? Sponsored by Kuehne+Nagel		 
13:10	Keynote Case Study/Tech Showcase: How to create end-to-end visibility across multiple tiers of the supply chain and establish a unified data model with both upstream and downstream partners to build a truly interconnected supply chain Reserved For Sponsor		
13:30	General Networking Lunch (60mins) Sponsored by Toll 	Innovation Theatre (Live): <i>Join our sponsors as they engage in livestreamed Q&As and mini-interviews to bring us their insights and perspectives on the future of pharmaceutical logistics, innovation, and sustainability.</i> Available for Sponsor	Closed Door VIP Invitation Only Lunch: Facilitators: 
TRACK A: MAIN CONFERENCE SESSIONS Conquering Visibility Challenges (Continued)		TRACK B: CASE STUDY SPOTLIGHT Perfecting Temperature Control	TRACK D: MASTERCLASSES Mastering The Essentials
14:30 Networking Icebreaker			10 Minutes Transition Time

14:40 AMA Panel: When shippers discuss “real-time data”, is it truly real-time? What proactive interventions and contingency procedures do you have in place to address disruptions on route?

Sponsored by Geodis

Speakers:

David Frouin, Senior Vice-President Vertical Market Healthcare, **GEODIS**

Moderator: Reji John, Editor, **STAT Media Group**

GEODIS

14:40 Customer Success Panel: What passive and active packaging solutions are shippers using for various temperature ranges, and what factors influence their choice of packaging?

Speakers:

Ravinder Dhar, Senior Director, Supply Chain – APAC &N GC Cluster, **Teva Pharmaceuticals**

Moderator: Frank Binder, Managing Director, **Global Supply Chain Advisors (GSCA)**

Sponsored by CSafe

14:40 LogiPharma Academy

Dive into the fundamentals of pharmaceutical supply chain management with LogiPharma Academy—a series of dynamic 40-minute masterclasses designed for busy professionals. Whether you're looking to strengthen your foundation or sharpen your expertise, these bite-sized sessions offer a comprehensive crash course on the key principles, best practices, and essential knowledge that drive success in pharma logistics. From regulatory compliance to temperature control and everything in between, LogiPharma Academy is your fast-track route to mastering the pharmaceutical supply chain.

You will receive an electronic Certificate of Participation from the LogiPharma Asia team upon the completion of your chosen module(s).

Module 1: Logistics and Distribution Strategies

- *Fundamentals of logistics in the healthcare sector*
- *Transportation modes and their implications*
- *Cold chain management for temperature-sensitive products*
- *Inventory management techniques and best practices*

Speaker: Ni Sheng Jie, Managing Director, **BOSC Consulting Asia**

Module 2: Demand Forecasting and Planning

- *Principles of demand forecasting in life sciences*
- *Data analytics tools and techniques*
- *Collaborative planning and inventory optimization*
- *Real-world applications and case studies*

Module 3: Regulatory Landscape and Compliance

15:20 All-Star Panel: Is it possible to achieve real-time, end-to-end visibility without the complexity and overhead of managing multiple IT systems and applications?

Speakers:

James Yang, Regional Senior Transportation Manager, APAC, Pharma Services Pantheon,

Thermo Fisher Scientific

Angela Tan, Logistics Strategy & Governance Lead, Asia Pacific, China & CMA, Roche

Available for Sponsor

15:20 Customer Success Panel: How to ensure the safe and reliable transport of pharmaceutical products that require frozen conditions

Sponsored by CEVA

- *Understanding global regulatory requirements (FDA, EMA, etc.)*
- *Strategies for navigating compliance challenges*
- *Risk management in the supply chain*
- *Effective documentation practices*

Balancing The Bottom Line and Sustainability

16:40 Case Study (TOPIC TBC): What sustainable materials can be incorporated into isothermal packaging solutions, and how do you ensure they can be easily recycled, reused, or composted at the end of their life cycle?

Sponsored By Emball'iso

AI Strategies for Supply Chain Resilience

16:40 Case Study (TOPIC TBC): Navigating Supply Chain Disruptions: Strategies for Predicting, Preventing, and Resolving Transportation Network Challenges by harnessing AI and ML

Sponsored by Sensitech

Speakers

Ankit Kulin, Head of Sales Life Sciences - APAC, Sensitech

'How-To' Roundtables

16:40 Rotating Roundtables: Join us for an exclusive opportunity to engage with industry peers in two 30-min dynamic roundtable discussions tailored for supply chain professionals in the **clinical trial** sector.

Choose from four compelling topics, each designed to tackle key challenges and opportunities in your field:

Topic 1: How to manage complexities in global distribution, regulatory compliance, temperature-sensitive shipments, and risk mitigation in clinical trials

Speakers:

James Yang, Regional Senior Transportation Manager, APAC, Pharma Services Pantheon, Thermo Fisher Scientific

Topic 2: How to leverage real-time tracking, data analytics, and automation to optimize inventory management, reduce delays, and ensure the integrity of clinical trial materials

Achieving Seamless Regulatory Compliance

17:00 Sustainability Leaders Panel: Sustainability often comes with a price tag—how can you strike the right balance between managing costs and meeting sustainability goals?

Speakers:

Raneeth Reghu, Senior Director, Procurement & Supply Chain, **Biocon Biologics**
Dario Bisogni, Global Director Extended Supply Chain & Operational Excellence, **FarmaMondo Group**

17:00 Fireside Chat: What are the latest regulatory and inspection trends to watch, and what steps should you take to ensure ongoing compliance with evolving regulatory standards?

Speakers:

Shirish Ambulgekar, President, Global Quality Head, **Alkem Laboratories**

Moderator: Frank Binder, Managing Director, Global Supply Chain Advisors (GSCA)

16:40 (Concurrent with the above) Rotating Roundtables: Join us for an exclusive opportunity to engage with industry peers in two 30-min dynamic roundtable discussions tailored for supply chain professionals in the **medical device** sector.

Choose from four compelling topics, each designed to tackle key challenges and opportunities in your field:

Topic 1: How to stay ahead of evolving regulatory requirements, ensure product quality, and manage supply chain risks in the medical device sector

Speaker:

Topic 2: How to improve supply chain efficiency, reduce lead times, and maintain product integrity across the manufacturing and distribution process of medical devices

Empowering The Future Of Supply Chain

17:40 Closing Leadership Panel: How can you develop the talent, expertise and organizational culture needed to navigate crises, adapt to emerging technologies, and ultimately strengthen your supply chain resilience?

Speaker:

Mike Langford, Global Logistics Manager, **Ego Pharmaceuticals**

Belinda Ang, Head of Supply Chain, China, **Roche**

Tam C. Nguyen, Deputy Director of Research, **St Vincent's Hospital Melbourne**

Moderator:

18:20 Chairperson's Closing Remarks

18:25 Opening of Networking Drinks Reception by Commercial Partner

18:30 LogiPharma Asia 2025 Networking Drinks Reception

Available for Sponsorship

19:30 VIP Invitation Only Dinner:

Available for Sponsorship

LogiPharma Asia 2025

Main Conference Day 2 – 18th June 2025

8:00	Breakfast Workshops Registration
8:15	'Women in Pharma' Breakfast Welcome Address: Heather Ang, Lead Editor, Researcher & Producer, LogiPharma Asia

Stirring The Conversation

8:30	'Women in Pharma' Breakfast Panel: How can we empower women in pharma supply chain to take ownership of their careers by fostering connections and providing the support they need to access new opportunities and drive their professional growth? Speakers: Katherine Barredo-Ancheta, Former Director, Global Shared Services & BPO Governance, Medtronic Belinda Ang, Head of Supply Chain, China, Roche Wanni Tang, Director – Service Operations & Customer Experience, ASEAN, Korea & ANZ, GE Healthcare Moderator: Simran Sethi, Founder, Antar Consulting   	9:00-10:00 Main Conference Registration & Morning Refreshments
------	--	---

Main Conference Day 2 Kick-Off

9:15	Start of Main Conference Day 2 & Welcome Address: Heather Ang, Lead Editor, Researcher & Producer, LogiPharma Asia
9:20	Chairperson's Opening Remarks: Aleksander Debicki, Head of Supply Chain, Pierre Fabre Group 
9:30	Networking Icebreaker

Building Leaders of The Future

9:40	Opening Keynote: Empowering female leaders within the supply chain function – How to build a programme from scratch and the key metrics that indicate its tangible impact on the development and advancement of women in leadership roles Speaker: Katherine Barredo-Ancheta, Former Director, Global Shared Services & BPO Governance, Medtronic  
------	--

Reimaging Pharma Supply Chain Infrastructure

10:10	Keynote Client Case Study: Reimagining Pharma Supply Chain Infrastructure in APAC: Beyond the Facility Sponsored by JLL  
10:30	Morning Networking Break (30mins)

Streamlining Processes for Peak Performance

11:00	Keynote Client Case Study: How to leverage automation and predictive analytics to optimize operations and streamline process flows for greater efficiency and performance Available for Sponsor 
11:20	Keynote Fireside Chat: How can cross-departmental collaboration between manufacturing, supply chain, legal, tech, and compliance drive more efficient processes and foster greater overall organizational alignment? Speaker: Prasad S. Deshpande, President, Shalini Healthcare, Shalina Laboratories Jerry Zhang, Senior Director, Procurement & Logistics, Greater Asia, Becton Dickinson Holdings  

	Moderator: Frank Binder, Managing Director, Global Supply Chain Advisors (GSCA)	
Innovations Driving Efficiency & Sustainability In Clinical Trial		
11:40	Keynote Insights Presentation (Topic TBC): How is AI being leveraged to improve demand forecasting and reduce supply chain inefficiencies in clinical trials, particularly in managing drug overages and shortages? Speaker: Arun Sundriyal, Senior Director, Clinical Operation, Area Head North & South Asia, PPD	 
12:00	Movers & Shakers AMA (Topic TBC) : What emerging technologies or collaborative efforts do you see as game-changers in making clinical trial and healthcare supply chains more sustainable, and how can industry stakeholders work together to drive systemic change? Speakers: TBC Moderator: Arun Sundriyal, Senior Director, Clinical Operation, Area Head North & South Asia, PPD	
Investing In Future-Ready Innovations & Infrastructure		
12:50	Keynote Investment Panel: What recent innovation and technological investments have logistics providers made, and how will these enhance the efficiency and reliability of the pharma supply chain network? Available for Sponsor 	
13:30	General Networking Lunch (60mins) Sponsored by Toll 	Closed Door VIP Invitation Only Lunch: Facilitators: Available for Sponsor
TRACK A:MAIN CONFERENCE SESSIONSRevolutionising Demand Planning With AI TRACK B:INTENSIVE SPOTLIGHTUnlocking Growth In Asia TRACK C:SITE VISITSBehind The Scenes		
14:30 Networking Icebreaker		10 Minutes Transition Time
14:40 Case Study: How to leverage AI for more accurate demand planning and forecasting to reduce reliance on costly, ad-hoc air freight and minimize unnecessary CO2 emissions Available for Sponsor	14:40 Insights Revealed: Adoption and compliance in Good Distribution Practices (GDP) in Logistics and Supply Chain industry in Asia. In this presentation, we'll hear an overview of how Asian logistics players are improving their cold chain infrastructure and regulatory compliance to support pharmaceutical distributions. How can pharma companies identify qualified logistic partners and improve their supply chain supplier network? Speaker: Ni Sheng Jie, Managing Director, BOSC Consulting Asia 	14:40 Site Visit & Corporate Tour: Join us for exclusive site visits that take you behind the scenes of the pharmaceutical and life science supply chain ecosystem. Discover the intricate processes that drive innovation and ensure the delivery of life-saving products to patients around the globe. Through these exclusive tours, we strive to allow you to: Experience firsthand the state-of-the-art manufacturing sites where cutting-edge technology meets stringent quality control.

15:20 Case Study: How to unlock the power of digital labelling Speakers: Shekhar Nambi, Director, Digital Identification and Traceability, Johnson & Johnson 		15:00 Spotlight Presentation: As Asia emerges as a hub for biologics production, how can supply chain logistics be optimized to meet the stringent production, storage, and transportation requirements, ensuring the safe and effective handling of these sensitive products? Available for Sponsor 15:20 Fireside Chat: What are the key best practices and essential requirements for ensuring a halal-compliant supply chain, from sourcing to distribution? Speaker: Fais Adha, Head of Supply Chain, IE Direct 	• Tour expansive distribution centers that efficiently manage logistics and inventory, and gain insight into the meticulous operations of our warehouses. • Witness the pivotal role of ports in facilitating global trade and enhancing supply chain efficiency. This immersive experience is designed for industry professionals seeking to deepen their understanding of supply chain dynamics, foster valuable connections, and explore best practices. Don't miss this opportunity to engage with key players, share knowledge, and drive the future of healthcare logistics. Secure your spot today! Sponsored by UPS Healthcare 
15:40	Afternoon Networking Break (30mins)		
16:10	Networking Icebreaker		
TRACK A: MAIN CONFERENCE SESSIONS		TRACK B: INTENSIVE SPOTLIGHT	
16:20 Case Study: How to develop robust Business Continuity Plans (BCP) that can effectively and adaptably address a wide range of potential disruptions and unforeseen events Speaker: Tam C. Nguyen, Deputy Director of Research, St Vincent's Hospital Melbourne 		16:20 Fireside Chat (TBC): What role does global planning play in advancing sustainability goals, and how do you balance cost-effectiveness with environmentally responsible supply chain decisions? Speaker: Gaurav Bhatia, Head, Global Planning, Shalina Healthcare 	
16:40	Chairperson's Closing Remarks		
16:50	End of LogiPharma Asia 2025 – See you next year!
