5th DUBAI SHOULDER COURSE & EXHIBITION

25-27 October 2024

Mohammed Bin Rashid University of
Medicine and Health Sciences, Dubai, UAE

Course Topics

- Analytical, diagnostic and treatment practice modalities specific to shoulder arthroscopy
- Arthroplasty
- Fracture management
- Complex shoulder etiologies
- Prosthetic surgery

Scientific Program

DubaiShoulder@InfoPlusEvents.com

www.DubaiShoulder.ae | #DubaiShoulder | #IPEvents

Course Secretariat: InfoPlus Events LLC, United Arab Emirates, Tel: +971 4 4218996, Plus@InfoPlusEvents.com, www.InfoPlusEvents.com

Scientific Program

25 Oct 2024 - Day 1

Friday

13:00 - 14:00 Registration

13:45 - 14:00 Opening Remarks

14:00 - 14:30 Session 1: Updates on Acromio-clavicular joint instability

Moderators: Rachel Frank & Ahmad Hany Khater

14:00 - 14:10 Vertical and horizontal acromio-clavicular stabilization is a must for good results Thibault Lafosse

14:10 - 14:20 Complications of ACJ stabilizations and how to avoid them Surena Namdari

14:20 - 14:30 Chronic symptomatic ACJ dislocations - how i treat them and what do i expect Guiseppe Milano

14:30 - 15:15 Live surgery case 1 from Toulouse - France (Transosseus rotator cuff tear) Jean Kany

15:15 - 16:30 Session 2: Updates on Anterior Shoulder Instability

Moderators: Surena Namdari & Sami Roukoz

15:15 - 15:25 What is the literature telling us about first time dislocators? Rachel Frank

15:25 - 15:35 Labral repair with remplissage - when and how Nuno Gomes

15:35 - 15:45 Can we really trust All Suture anchors in anterior shoulder labral stabilization Guiseppe Milano

15:45 - 15:55 The open Latarjet revisited Philippe Landreau

15:55 - 16:05 The Arthroscopic Latarjet for anterior shoulder instability George Athwal

16:05 - 16:15 Making the arthroscopic Latarjet simpler and more reproducible - the “flipped” subscapularis sparing Latarjet Patric Raiss

16:15 - 16:25 Dynamic anterior stabilization Ahmed Hany

16:25 - 16:30 Question & Answer

16:30 - 17:00 Industry Symposium 1 Arthrex

17:00 - 17:15 Coffee Break

17:15 - 18:00 Session 3: Anterior shoulder instability cases - Case presentations

Moderator: Deepthi Adla & Guiseppe Milano & Samer Hasan

Panel: Saeed Al Thani & Surena Namdari & Nuno Gomes & Thibault Lafosse

18:00 - 18:50 Session 4: Updates on posterior shoulder instability

Moderators: Patric Raiss & Nuno Gomes

18:00 - 18:10 Key to success for posterior shoulder stabilization Rachel Frank

18:10 - 18:20 How I do Posterior labral repair Ali Al Suwaidi

18:20 - 18:30 Locked posterior shoulder dislocation Nady Hamid

18:30 - 18:40 Posterior glenoid bone block Laurent Lafosse

18:40 - 18:50 Question & Answer

18:50 - 19:10 Keynote Lecture 1 Laurent Lafosse

How treatment of anterior shoulder instability changed in the last 10 years - Where I think it's going in the future?

19:10 End of Day 1

Scientific Program

26 Oct 2024 - Day 2

Saturday

07:30 - 08:00	Registration	
08:00 - 09:10	Session 5: Updates on superior rotator cuff tears	
	Moderator: Ziyad El Qirem & Richard Friedman	
08:00 - 08:10	Will the tendon heal?	Fawaz Al Fahad
08:10 - 08:20	Do we still need to do an acromioplasty with the rotator cuff repair?	Fares Uddin
08:20 - 08:30	Single row-Double row, what is the updates in 2024 ?	Samer Hasan
08:30 - 08:40	ACJ - Biceps management in cuff repair	Rachel Frank
08:40 - 08:50	Biological augmentation of rotator cuff tears	Guiseppe Milano
08:50 - 09:00	Regional economical issues - is it affecting our surgical techniques and results?	Hatem G. Said
09:00 - 09:10	Question & Answer	
09:10 - 09:30	Keynote Lecture 2: Pain management after arthroscopic shoulder surgery	Scott Sigman
	Moderator: TBC	
	Pain management after arthroscopic shoulder surgery	
09:30 - 10:10	Session 6: Updates on Subscapularis tears	
	Moderators: George Athwal & Ahmed Maher Ibrahim	
09:30 - 09:40	I always repair them in the box	Raid Abutalib
09:40 - 09:50	I prefer repairing out of the box	Laurent Lafosse
09:50 - 10:00	What do I do if the subscapularis is irreparable?	Thibault Lafosse
10:00 - 10:10	Question & Answer	
10:10 - 10:30	Coffee Break	
10:30 - 10:50	How I examine the shoulder	Samer Hasan
10:50 - 11:30	Session 7: Rotator cuff repair cases - Case presentations	Hasan Baydoun & Nady Hamid
	Panel: Ali Al Suwaidi - Saad AlQahtani - Olivier Verbogt - Patric Raiss	
11:30 - 12:30	Live surgery 2 - live - Arthroplasty	George Athwal
12:30 - 13:00	Industry Symposium 2	Smith & Nephew
13:00 - 14:00	Lunch Break	
14:00 - 15:00	Session 8: Massive Irreparable Cuff Options	
	Moderators: Sabri Mahjoub & Surena Namdari	
14:00 - 14:10	Nutritional supplementation after rotator cuff repair	Surena Namdari
14:10 - 14:20	Partial repair with biceps augmentation	Nuno Gomes
14:20 - 14:30	Does the Balloon reduce re-tear rate?	Thibault Lafosse
14:30 - 14:40	Patch augmentation is the way to go	Scott Sigman
14:40 - 14:50	I can repair any retracted tear by advancing the muscle	Ashish Gupta
14:50 - 15:00	Latissimus dorsi or lower trapezius - which works better?	Usama Saleh
15:00 - 16:00	Session 9: Fast - fire short videos (Arthroscopy)	
	Moderators: TBC	
15:00 - 15:10	Arthroscopic suprascapular Nerve release	Ali Maqdes
15:10 - 15:20	Arthroscopic Acjoint stabilization	Usama Saleh
15:20 - 15:30	What I do in a severely osteoporotic patient with cuff tear	Saeed Al Thani
15:30 - 15:40	Greater tuberosity fracture arthroscopic fixation	Deepthi Adla
15:40 - 15:50	How I manage bad quality rotator cuff tendos during repair	Rachel Frank
15:50 - 16:00	Question & Answer	
16:00 - 16:15	Coffee Break	
16:15 - 17:00	Keynote Lecture 3	Bassem Elhassan
	Scapulo-thoracic Abnormal Motion - Classification, Examination & treatment	
17:00 - 18:10	Session 10: Arab Shoulder & Elbow Society free talks	
	Moderators: TBC	
17:00 - 17:10	Introduction to the society	Saeed Al Thani
17:10 - 17:20	Management of anterior shoulder instability with bone deficiency	Walid Reda
17:20 - 17:30	My way of repairing partial thickness tear, don't complet the tear	Sami Roukoz
17:30 - 17:40	Recurrent instability after latarjet procedure	Khalid Alkhelaifi
17:40 - 17:50	Pectoralis minor syndrome - diagnosis to treatment	Ziyad El Qirem
17:50 - 18:00	Scapulo-thoracic fusion - indication and technique	Saad AlQahtani
18:00 - 18:10	Question & Answer	
18:10	End of Day 2	

Scientific Program

27 Oct 2024 - Day 3

Sunday

07:30 - 08:00	Registration	
08:00 - 09:00	Session 11: Updates on anatomic shoulder replacement	
	Moderators: Samer Hasan & Thibault Lafosse	
08:00 - 08:10	What if use other type of humeral head arthroplasties	Samer Hasan
08:10 - 08:20	Why I prefer stemless humeral implants	Patric Raiss
08:20 - 08:30	I think short stems are better	Howard Routman
08:30 - 08:40	Inlay glenoid components - advantages	Nady Hamid
08:40 - 08:50	Will Augmented glenoid polyethylene components save the total shoulder arthroplasty from going extinct ?	George Athwal
08:50 - 09:00	Question & Answer	
09:00 - 10:00	Session 12: Updates on reverse shoulder replacement	
	Moderators: Nady Hamid & Mohamed Morsey	
09:00 - 09:10	What is the ideal RSA configuration ?	Sabri Mahjoub
09:10 - 09:20	RSA angle: importance and methods of correction	Surena Namdari
09:20 - 09:30	Everyone agrees on inclincation but how about retroversion - does it really matter ?	Richard Friedman
09:30 - 09:40	How much should we distalize or lateralize ?	Samer Hasan
09:40 - 09:50	Bone or metal glenoid lateralization ?	Thibault Lafosse
09:50 - 10:00	Question & Answer	
10:00-10:15	Coffee Break	
10:15 - 10:35	Keynote Lecture 3	Surena Namdari
	Latest literature to decrease infection in shoulder arthroplasty	
10:35 - 11:10	Session 13: Complications in shoulder arthroplasty	
10:35 - 10:45	Obesity and shoulder arthropolasty	Richard Friedman
10:45 - 10:55	Treatment of the unstable reverse shoulder replacement	George Athwal
10:55 - 11:05	Who will get an acromial stress fracture?	Howard Routman
11:05 - 11:10	Question & Answer	
11:10 - 11:30	Keynote Lecture 4	Thibault Lafosse
	Neurological complications in shoulder surgery	
11:30 - 12:30	Live surgery 3 - live - Rotator cuff repair	Surena Namdari
12:30 - 13:00	Industry Symposium 3	Arthrex
13:00 - 14:00	Lunch Break	
14:00 - 15:00	Session 14: Planning in shoulder replacement	
	Moderator: Ali Maqdes & Laurent Lafosse	
14:00 - 14:10	The principles of planning in shoulder arthroplasty	Adeeba Albadran
14:10 - 14:15	Ideal implantation "Golden rules"	Ali Maqdes
14:15 - 14:20	Case presentation	Ali Maqdes
14:20 - 14:25	How I plan this case (ZB)	Olivier Verbogt
14:25 - 14:30	How I plan this case (Exactech)	Howard Routman
14:30 - 14:35	How I plan this case (Arthrex)	Patric Raiss
14:35 - 14:40	How I plan this case (Stryker)	George Athwal
14:40 - 14:45	How I plan this case (FH Orthopedics)	Gregoire Ciais
14:45 - 14:50	How I plan this case (DJO)	Surena Namdari
14:50 - 14:55	How I plan this case (Akunah)	Ashish Gupta
14:55 - 15:00	Question & Answer	
15:00 - 16:00	Session 15: Executing the plan	
	Moderators: Ashish Gupta & Fares Uddin	
15:00 - 15:10	I prefer PSI	Nuno Gomes
15:10 - 15:20	I only use navigation	Howard Routman
15:20 - 15:30	I rely on the re-usable guide	Patric Raiss
15:30 - 15:40	Augmented reality is the way to go	George Athwal
15:40 - 15:50	I think the robot will rule the world	Olivier Verbogt
15:50 - 16:00	Question & Answer	
16:00 - 16:20	Coffee Break	
16:20 - 16:40	Keynote lecture 5: Social media influence on my practice	
	Scott Sigman	
16:40 - 18:00	Session 16: Fast-fire short videos (Arthroplasty)	
	Moderators: Saeed Al Thani & Patric Raiss	
16:40 - 16:50	Glenoid exposure made easy	Olivier Verbogt
16:50 - 17:00	Subscapularis peeling	Gregoire Ciais
17:00 - 17:10	Shoulder arthroplasty in 4 part proximal humerus fractures	George Athwal
17:10 - 17:20	Asymetric glenoid reaming with metal augmentation	Ali Maqdes
17:20 - 17:30	Question & Answer	
17:30 - 18:00	Closing Ceremony	
18:00	End of Day 3	

Updated as on August 22, 2024
