

CONSENSUS CONTROVERSIES COMPROMISE

IN CARDIOVASCULAR MEDICINE

**2nd International
Interdisciplinary Meeting of
the Center of Cardiovascular
Medicine (CCVM)**

February 16–18, 2020

InterContinental Hotel
Vienna, Austria

www.C3Vienna.com

Sunday, February 16th, 2020

13:00 18:30 **HEART TEAM – Workshop Day**

WORKSHOP Modul 1

WORKSHOP Modul 2

WORKSHOP Modul 3

18:30 **Day 1 – End**

Monday, February 17th, 2020

08:00 09:00 **CCVM Session I**

CCVM Welcome

Keynote Lecture: Cardiovascular Medicine – A plea for curative medicine

Discussion

09:00 12:30 **HEART TEAM – Aortic Valve**

Case presentations

Live case I: Aortic Valve – TAVI (Interventional)

Developments in cerebral embolic protection

Developments in SAVR: The Ozaki procedure

Live case II: Aortic Valve (RAM or Homograft)

Coffee Break and Exhibition

The prosthesis of choice for TAVI

The right valve for the right patient – between economics and data

Live case III: Aortic Valve – TAVI (Interventional)

TAVI in low risk patients – ready for prime time?

SAVR in 2020 – still the gold standard?

The HeartTeam on Stage: Low risk TAVI – blessing or curse

12:30 14:00 **Lunch SYMPOSIUM and Exhibition**

Wrap-up Live Cases

14:15 16:45 **HEART TEAM – Tricuspid Valve**

Case presentations

Live case IV: Tricuspid Valve (Interventional)

Live case V: Tricuspid Valve (Surgical)

Functional tricuspid regurgitation – when to intervene?

The role of imaging in tricuspid interventions

Technique and outcomes of surgical tricuspid valve repair

Surgical tricuspid valve replacement

Transcatheter tricuspid valve repair – emerging evidence

Transcatheter tricuspid valve replacement – a feasible concept?

The HeartTeam on Stage: Tricuspid repair – the ideal patient

Coffee Break and Exhibition

17:15 18:30 **HEART TEAM – Recap and Outlook Mitral Valve**

Quantification of Functional Mitral Regurgitation

Transcatheter MV Interventions in FMR – Lessons Learned in 2019

Surgical MV Repair in FMR – New Horizons

Wrap-up Live Cases

18:30 **Day 2 – End**

Tuesday, February 18th, 2020

08:15	09:00	CCVM Session II
		Personalized Medicine in Cardiovascular Disease
		Discussion
09:00	12:30	HEART TEAM – Structural Interventions and Rhythm
		Case presentations
		Live case VI: Structural Intervention (TAVI + LAA-Verschluss)
		Live case VII: Mitral Repair with combined MAZE
		Coffee Break and Exhibition
		PFO – to close
		PFO – or not to close
		Surgical LAA exclusion
		Interventional LAA closure
		Fire or Ice – AFib ablation in 2020
		Surgical ablation in 2020
		AFib – Interventional and Surgical Intervention – Complementary or Overlapping
		Wrap-up Live Cases
12:30	14:00	Lunch SYMPOSIUM and Exhibition
14:00	16:15	HEART TEAM – Recap and Outlook Coronary Revascularisation
		The future of personalized coronary revascularisation
		Update on non-invasive coronary imaging
		Arterial grafting in CABG in 2020
		ISCHEMIA trial – what to do in stable disease?
		CTO trial update – what to do with the occluded vessel ?
		What we can learn from the TICAB trial?
		Vested Vein Grafts – The future of CABG?
16:15		Farewell Ceremony

C3-Meeting 2019

Welcome to Vienna!

Dear Colleagues

In the beginning of this year we revived the exciting **Consensus – Controversy – Compromise – C3** meeting in Vienna. Live procedures and hands-on workshops were combined with high-level lectures. This format of the meeting has ignited many interesting discussions, which we would like to continue. Therefore, **we hereby invite you** to cordially join us for the **C3 Meeting 2020** in February in Vienna.

In the first edition of the interdisciplinary meeting we counted almost 300 participants. Interventional cardiologists, cardiac surgeons and other specialists from Europe and overseas shared their expertise on consensus – controversies – compromise and debated on the management of cardiovascular pathologies.

The Center of Cardiovascular Medicine (CCVM) at Medical University of Vienna / AKH offers, under the umbrella of the Heart-Team Education Association an interdisciplinary activity focusing on:

CONSENSUS – CONTROVERSY – COMPROMISE – C3

Pro-Con Discussions, State-of-the-Art Lectures and transmission of **Live-Procedures** will be the environment to **discuss patient specific options** by individualized decisions, we will **challenge Guidelines** and **unveil real unmet medical needs**.

Bring your expertise and discuss burning questions about new therapies and established treatment algorithms. Catheter-based therapies will be performed **LIVE in the Hybrid-OR at AKH-Vienna**. Furthermore, novel, complex or minimally-invasive surgical procedures will be performed **LIVE** and transmitted to the appealing congress venue **Hotel Intercontinental Vienna**.

Join us in February at the **C3 Meeting 2020** in Vienna!
