

SCIENTIFIC SESSION PROGRAM

WEDNESDAY, 29 MARCH 2023

ICTEHV Conference

5:30
7:30

Movies & Libations I

Movies & Libations II

THURSDAY, 30 MARCH 2023

9:00
10:30

Plenary Session I: Mitral Valve:
The Treatment of Mitral Regurgitation: From the Past to the Future

11:00
12:30

Aortic Stenosis: From the Source
of the Problem to the Outcomes

Advances in Tricuspid
Valve Disease

ABSTRACT
COMPETITION I

ABSTRACT
COMPETITION II

1:30
3:00

Plenary Session II: HVD in Women

3:30
5:30

Mitral Valve Prolapse: From
Pathophysiology to Treatment

Cellular-Extracellular Matrix
Cross-Talk in Heart Valve Disease

ABSTRACT
COMPETITION III

ABSTRACT
COMPETITION IV

FRIDAY, 31 MARCH 2023

9:00
10:30

Deep Dive in the Treatment
for Aortic Stenosis

The Contribution of the Biomechanical
Environment in the Pathobiology
Development of Heart Valve Disease

Antithrombotic Therapy
After Valve Procedure:
One Size Fits All?

Heart Valve Disease
Becomes Global

11:00
12:30

Plenary Session III: Presidential Plenary Session

1:30
3:00

Plenary Session IV: Aortic Valve: Moderate Aortic Stenosis: From Diagnosis to Therapy

3:30
5:30

A New Look To Secondary
Mitral Regurgitation

Deep Dive in Secondary
Tricuspid Valve Regurgitation

A Vicious Circle:
Atrial Fibrillation & Atrioventricular
Regurgitation

The Proximal Aorta:
Still Much to Learn

SATURDAY, 1 APRIL 2023

9:00
11:00

Proximal Aorta &
Aortic Disease

Challenging Tricuspid
Valve Disease
Underrepresented in RCT

Mitral Bioprostheses
Degeneration: From Bench
to Bedside

Aortic Insufficiency: New
Concepts, New Developments

11:30
12:30

Plenary Session V: Tricuspid Valve: TR: The Rising Star
