OVERVIEW

This conference is an opportunity those who are in the field of Aesthetic Dermatology and Cosmetic Gynecology who are interested in providing integrated care in their practice. Besides the main venue of the conference, selected lectures will be provided on a traditional dhow cruise and at a desert camp.

This second edition of Laser Experts Assembly for Waves in a Woman's Life Congress is an assembly of international speakers and laser experts. Live Demonstrations and hands on workshops will be carried out at the University of Sharjah Clinical and Surgical Training Center. In particular, newer technologies in invasive and non- invasive laser procedures, surgical procedures will be discussed in lectures and live demonstrations.

THE FACE

- 4-Dimensional Laser Face Lift
- Periorbital Laxity and Dark Circles
- Laser Lip Augmentation
- Nasolabial Folds
- Double Chin Sculpting
- Post-Acne Scars
- Active Acne and Rosacea

VASCULAR LESIONS AND APPLIED LASER SCIENCES

- Laser Verde Long Pulses
- Laser Physics and Laser-Tissue Interaction
- Advanced Vascular Laser Management
- Versatility of Nd:YAG and Er:YAG Lasers

THE BODY AND CONTOURING

- Body Sculpting
- Cellulite
- Skin Laxity
- Post-Pregnancy Stretchmarks

COSMETIC GYNECOLOGY SYMPOSIUM

Raffles Hotel, Dubai

Cosmetic Gynecology has become one of the fastest growing subspecialties of elective surgery for women. This area of special interest includes both cosmetic procedures to enhance the aesthetic appearance of the vulvo/vaginal region, as well as functional vaginal repairs to enhance or help restore sexual function. It aims to make improvements to either the physical appearance or function of the vagina and labia; in many cases, both goals are accomplished simultaneously. The results of cosmetic gynecology can improve the enjoyment of sexual activities, while also rejuvenating the genitals to make the body appear younger or more aesthetically-pleasing.

Topics covered include:

LASER-ASSISTED PROCEDURES

- Conundrums and Crosswords in Laser Vaginal Rejuvenation
- The Magic of Erbium in Female Rejuvenation
- Concepts of Vulvo Vaginal Beauty
- Laser Management of Perineal Scars and Lesions
- Laser Management of Perineal Pigments
- Laser in Stress Urinary Incontinence
- From the Inventor of Laser Vaginal Rejuvenation: The Use of Lasers in Regenerative Gynecology. Wavelengths, Mechanism of Action, Outcomes and Evidence after 10 years. Trash or Treasure?
- Management of Pelvic Floor Dysfunction and Vaginal Atrophy with Laser: Clinical and Histological Evidence after 10 years
- Laser After Surgery
- Laser After Delivery
- Laser and Sexual Function

SURGICAL PROCEDURES

- Intraurethral Laser Urinary Incontinence
- Horseshoe Hoodoplasty Single Incision
- Introitoplasty: Improving Female Sexual Function
