

UK NATIONAL NEONATAL TRANSPORT GROUP CONFERENCE 2023

THURSDAY 23RD AND FRIDAY 24TH NOVEMBER 2023

ROYAL COLLEGE OF PHYSICIANS, 11 ST ANDREWS PLACE, LONDON NW1 4LE

The UK National Neonatal Transport Group Conference is aimed at an audience of doctors, nurses, nurse practitioners, ambulance personnel and managers who specialise in neonatal transport. The key learning aims and objectives of this conference gives neonatal transport professionals an opportunity to exchange and share good practice, ideas and experiences, and produces annual statistics on transport activity throughout the UK. In addition to this it also provides a great networking opportunity.
