

37TH ANNUAL UC DAVIS INFECTIOUS DISEASES CONFERENCE

Tentative Program

Friday - January 25, 2019

- 11:30 AM Registration, Refreshments, Visit Exhibits
- 12:25 PM **Welcome and Course Objectives**
Stuart H. Cohen, MD
- 12:35 **Top Papers in Infectious Diseases 2018**
Hien H. Nguyen, MD, MAS
Dr. Nguyen will review and discuss the most important publications of the last year in the field of Infectious Diseases. He will provide the insight that will allow taking this information to improve patient care.
- 1:25 **Q and A**
- 1:30 **Sexually Transmitted Infections**
Archana Maniar, MD
Dr. Maniar will review the current epidemiology of sexually transmitted infections. Due to the increase of infections and the increasing antimicrobial resistance the approach to prevention and treatment is evolving. These approaches will provide an approach to diagnosing and managing these patients.
- 2:20 **Q and A**
- 2:25 Break, Visit Exhibits
- 2:45 **The 12th Annual Jeff King Lecture**
Advances in the Treatment of Hepatitis C
Patricia Poole, PharmD, BCPS AQ-ID, AAHIVP
Dr. Poole will provide a history of treatment of chronic hepatitis C infection with an update of current management of this patient population.
- 3:25 **Q and A**
- 3:30 **HIV Infection: Focus on Prevention and Treatment**
David M. Asmuth, MD
This lecture will continue to update participants on the evolution of treatment of HIV infected patients, including movement towards easier regimens and even cure. Dr. Asmuth will also update the learners on the use of pre-exposure prophylaxis (PrEP).
- 4:10 **Q and A**
- 4:15 Break
- 4:45 **Concurrent Breakout Sessions**
1. Endocarditis and Other Bloodstream Infections
Hien H. Nguyen, MD, MAS, Janet Yang, MD, Nicola A. Clayton, PharmD
2. Rapid Diagnostic Testing
Anna Romanelli, PhD, Anne Spichler, MD, Matthew R. Davis, PharmD
3. Challenging Cases in Infection Prevention
Elizabeth Partridge, MD, Melony Chakrabarty, MD, Mary E. Reilly, RN
- 5:45 **Adjourn**

Please contact Conference and Event Services at events@ucdavis.edu.

Saturday - January 26, 2019

- 7:15 AM Continental Breakfast, Registration, Visit Exhibits
- 8:00 **Welcome and Course Objectives**
Stuart H. Cohen, MD
- 8:05 **Recent Developments in Tuberculosis (TB)**
Bennett H. Penn, MD, PhD
The management of patients with TB is changing. There remain controversies with the Interferon Gamma-Release Assays for diagnosis of latent TB, management of latent TB, and the treatment of drug susceptible and Multi-Drug Resistant TB are changing. This discussion with review these issues and provide an approach to using these in clinical practice.
- 8:55 **Q and A**
- 9:00 **The Role of Antimicrobial Stewardship in Treatment and Prevention of Multi-drug Resistant Organisms (MDRO)**
Natasha Nakra, MD
This lecture will provide education on the appropriate use of antimicrobials and how this practice will limit the spread of MDRO. Dr. Nakra will provide the evidence to support stewardship and the management of patients infected with these organisms.
- 9:45 **Q and A**
- 9:50 Break, Visit Exhibits
- 10:10 **Infections and Pets**
George R. Thompson, MD
This lecture will review the interface between humans and their pets. The closer people get with their pets, the higher the risk of passing microbes between them. This lecture will also provide information on how to avoid these shared microorganisms.
- 10:55 **Q and A**
- 11:00 **Laboratory Exercises**
Stuart H. Cohen, MD; Anna Romanelli, PhD
- 12:00 PM Lunch
- 1:00 **Announcements**
Stuart H. Cohen, MD
- 1:05 **Review and Discussion of the Laboratory Exercises**
Stuart H. Cohen, MD
- 2:00 **Skin and Soft Tissue Infections**
Sarah Doernberg, MD, MAS
This lecture will discuss the pathogens involved in these infections, the clinical presentation and the approach to treatment and prevention.
- 2:45 **Q and A**
- 2:50 Break
- 3:00 **Interesting Cases in Transplant Infectious Diseases**
Stuart H. Cohen, MD
This lecture will provide the understanding of current issues in Transplant Infectious Diseases using recent cases as the focus of discussion.
- 3:50 **Q and A**
- 4:00 **Concurrent Breakout Sessions**
1. Sepsis
Anne Spichler, MD, Wesley J. Hoffmann, PharmD, George R. Thompson, MD
2. Use of Newer Vaccines
Melony Chakrabarty, MD, Monica A. Donnelley, PharmD, Becks Wittenberg, PharmD
3. Clostridium difficile Infection
Jean A. Wiedeman, MD, MPH, Archana Reddy, MD, Scott J. Crabtree, MD
- 5:00 **Adjourn**
