Session Talks	14:00-16:00

Network & Refreshments	16:00-16:15
Workshop & Symposium	16:15-18:00

Exhibition Show	10:00-18:00
-----------------	-------------

SCIENTIFIC SESSIONS

- Global Spread Of Viruses
- Infectious Diseases and Cancer
- Clinical Microbiology and Virology
- Mechanism of Resistance
- Advanced in Anti Microbial & Vaccines
- Infection Control In Critical Care
- Emerging & Re-emerging Infections
- Nosocomial Infections & Control
- Infection Control in Dialysis
- Blood Borne And Exposure Control
- Pediatric Infectious Diseases
- Infection and Immunity
- Veterinary Infectious Diseases
- Sexually Transmitted Diseases/ Sexually Transmitted Infections
- HIV related Infection, Co-Infections
- Antimicrobials/ Antibiotics/ Antibacterials
- Antigen- Antibody reactions
- Host and Microbial Genetics
- Pathology of Infectious Diseases
- Viral Diseases

Dr. Glenn S,
Tillotson Cempra Pharmaceuticals, USA

Glenn S Tillotson has over 30 years pharmaceutical experience in pre-clinical and clinical research, commercialization, medical affairs, scientific communications including publication planning strategic drug development, life cycle management and global launch programs. He has been instrumental in the development and launch of ciprofloxacin, moxifloxacin, gemifloxacin, fidaxomicin and several other agents. He is a SVP of Medical Affairs where he is preparing for the launch of solithromycin for community acquired bacterial pneumonia. He has published more than 170 peer-reviewed manuscripts and is on several journal Editorial Advisory Boards including the Lancet Infectious Disease, eBioMedicine, Expert Reviews in Anti-infective Therapy and F1000.

Session Talk

Title:- Timely hepatitis b immunization of the at-risk neonate

Dr. Ambrose Talisuna , International Health Regulations, Congo

Title:- The Challenges of Caring for People Who Inject Drugs

Dr. Kayur Mehta, Professor of Infectious Diseases, Canada

Title:- Care Transformation in Infectious Diseases

Dr. Marc Vekemans, Director of bacterial and infectious diseases, Australia

Title:- Impact of an Infectious Diseases Fellow-Led Antimicrobial Stewardship Initiative in a Medical/Surgical ICU

Dr. Eijiro Akasaka, Infectious and Tropical Disease Clinic, Belgium

Keynote speaker announced to be soon, Registration still going on

Eugénie Bergogne-Bérézin

*Centre Hospitalo-Universitaire Bichat- Claude
Bernard University Diderot, France*

Eugenie Bergogne-Berezin is a Professor of Clinical Microbiology at University Diderot, Paris. She has studied MD in Medicine and PhD in Sciences in the early 1970s. She is a Chief of Department of Clinical Microbiology and research group, University Bichat Claude-Bernard and developed research on *Acinetobacter* spp., (nosocomial pathogen, pathogenicity, resistance), pharmacology of antibiotics, tissue distribution (lungs, brain, bronchi), research on intestinal ecology, jejunal flora and bacterial adhesion. She is an Adviser to pharmaceutical companies, expert in pharmacology-toxicology for the Ministry of Health, expert for international journals. She has developed a journal Antibiotics, (Elsevier). She has published 6 medical books, many chapters in international infectious diseases books, 200 articles in scientific journals.

Session Talk

Title:- Assessment of key infectious diseases among asylum seekers at the French-Italian border (Liguria)

Dr. Dima Almutrafi, Physician Director, Infectious Diseases, Saudi Arabia

Title:- Diagnostic Stewardship in Infectious Diseases Molecular Viral Testing

Dr. Lynda Arellano, infectious diseases at University of Antwerp, Belgium

Title:- Mandatory Infectious Diseases or Hepatology Consult to Improve HCV Linkage to Care in the Inpatient Setting

Dr. Pierre Spelman, Professor of Medical Microbiology, Japan

Title:- Joint Initiative Between Infectious Diseases and Podiatry in Outpatient Settings Improves Diabetic Foot Infection Patients' Compliance and Outcomes

Dr. Nojoud Almutrafi, Professor (Ghent Univ.) , London

Chair-Co chair announced to be soon

Junie Lia Monica*University of Medicine and Pharmacy, Romania*

Junie Lia Monica is an MD, Ph D, Professor, Head Microbiology Department, "Iuliu Hatieganu" University of Medicine and Pharmacy, Cluj Napoca, Romania. She is a Coordinator of resident doctor's in the Laboratory Medicine specialty and Leadership PhD doctor's thesis in Medicine field. She is a Board Member of European professional Societies ESCMID (ESGCP Study Groups), Society of Chemotherapy, Scientia Parasitologica Pro Vita and is a Reviewer of international reviews, Member of International organizations, Director/Coordinator in research projects. She has more than 63 papers published in full in international journals and is an editorial board member of national reviews. She is an Organizer/ President, Keynote, Invited Speaker and Chair of International and National Congresses.

Session Talk

Title:- Relationship of Total Body Surface Area Burn and Length of Stay to Multidrug Resistant Bacterial Infections

Dr. Stijn Zimmo, Prof. of bacterial and Infectious Diseases (Univ. of Queensland), Belgium

Title:- detection of bacterial enteric infection impacts management of outpatients with flares of inflammatory bowel disease

Dr. Michel Moutschen, Prof. Microbiology Diseases, King Saud University, UAE

Title:- Host Gene Expression Signatures for Diagnosis of Acute Respiratory Infections in the Elderly

Dr. Erika Colebunders, Professor infectious diseases, Japan

Title:- Diagnostic Errors in Bacterial Osteomyelitis in Children

Dr. Bob Vlieghe, Professor infectious diseases, Hiroshima University, Japan

Few speaker slots are available.

Stef Stienstra

*Dutch Armed Forces / Royal Dutch Navy,
Netherlands*

Stef Stienstra is a strategic and creative Consultant in Biomedical Science with a parallel career as a Commander of the reserve of the Royal Dutch Navy. For the Dutch Armed Forces he has responsibility for the counter measures in CBNRe threats and (Medical) consequence management both in a military and a civilian (terrorism) setting. He is a strategic functional specialist for “Health & Environment” of the 1-Civil-Military-Interaction Command (1-CMI) of the Dutch Armed Forces and for 2015 also in the NATO Response Force (NRF), which is in 2015 the responsibility of the 1-German-Netherlands-Corps (1-GNC). In his civil career he works internationally as Consultant or as Scientific Supervisory Board Member for several medical and biotech companies, merely involved in biodefense. He is also a Visiting Professor for Punjab University in Pakistan and Rhein-Waal University in Germany. He has completed his studies in Medicine and in Biochemistry at the University of Groningen in The Netherlands and has extensive practical experience in cell biology, immuno-hematology, biodefense and transfusion medicine. His natural business acumen and negotiation competence helps to initiate new successful businesses, often created out of unexpected combinations of technologies. His good understanding of abstract science combined with excellent skills in the communication of scientific matters to non-specialists, helps him with strategic consulting at top level management.

Session Talk

Title:- Infectious Complications Following Hematopoietic Cell Transplantation in Patients With Primary Immunodeficiency Diseases

Dr. Jeroen De, Professor Bacteriology, University of Calgary

Title:- Is Chronic Vertebral Disk Infection With Low Virulence Bacteria a Common Cause of Back Pain?

Dr. Erlangga Bakus, Prof. of Medical Microbiologist, Netherlands

Few speaker slots are available.
