1900-2200	Women in Urology Dinner (RACV Club)

SUNDAY 26 FEBRUARY 2023

0645-1730	Registration desk open			
0700-1730	Speaker preparation room open			
0700-0745	USANZ BREAKFAST SYMPOSIUM			
	You got to be "kidneying" - Updates in RCC			
	Chairs: Daniel Moon, Helen Nicholson			
	Speakers: Fiona MacLean (AU) & Shankar Siva (AU)			
0745-1000	USANZ OPENING PLENARY SESSION 1 (open to ANZUNS delegates)			
	Chairs: Declan Murphy, Prem Rashid			
0745-1000	Eyes wide open			
0745-0800	Caroline Moore (UK) - Prostate cancer screening - challenge and opportunity - can MRI allow a new approach?			
0800-0815	Anne Cameron (US) - Female urethral and vaginal wall masses: A visual atlas of diagnosis			
0815-0830	Matthew Bultitude (UK) - NICE ureteric stone guidelines - fact or fantasy?			
0830-0845	Henry Woo (AU) - BPH Treatment - are we doing as well as we think?			
0845-0900	Q&A Session			
0900-0920	DEBATE - Lymphadenectomy for prostate cancer in the PSMA era - Dead or Alive			
	DEAD - John Yaxley (AU)			
	ALIVE - Derya Tilki (GR)			
0920-0930	Q&A session / Audience poll			
	Professional reflections			
0930-0945	Ben Davies (US) - The how and why robotic surgery intergrated into urology			
0945-1000	Speaker and topic to be confirmed			
1000-1030	Morning Tea with Industry (Exhibition Hall)			
1010-1025	Poster Viewing (Exhibition Hall) - Moderator: Caroline Dowling			
1030-1230	Plenary Session 2 - USANZ SESSION/BJUI SESSION			
	Chairs: Rob Forsyth, Claire Whelan			
	Big Issues - Regional and rural urology			
1030-1035	Sally Langley (AU) - RACS presidential address			
1035-1050	Bridget Clancy (AU) - Rural disadvantage - can RACS change the status quo?			
1050-1100	Jacob Gleeson (AU) - Rural shortfall: The USANZ response			
1100-1115	DEBATE: Centralisation for the masses			
	Dickon Hayne (AU) - Hell Yeah!			
	Janelle Brennan (AU) - Absolutely not!			
1115-1125	Q&A Panel Discussion - Regional and Rural Urology			
	Big Ideas			
1125-1130	BJUI global research prize			
1130-1145	BJUI Lecture: Tamsin Greenwell (UK) - Urethral stricture - not just a man's game?			
1145-1200	The BAUS lecture: Jo Cresswell (UK) - Reimagining the bladder cancer pathway			
1200-1216	DEBATE - Access sheaths - good or evil - with Joyce and Matthew			
	1200-1208: Joyce Baard (NL) - A force for good			
	1208-1216: Matthew Bultitude (UK) - An access of evil			
1216-1230	Q&A Session			
1230-1330	Lunch with Industry (Exhibition Hall)			
1240-1325	Poster Viewing (Exhibition Hall) - Moderator: Joseph Ischia			
1330-1500	CONCURRENT 1A	CONCURRENT 1B	CONCURRENT 1C	CONCURRENT 1D
	ONCOLOGY (PROSTATE)	KIDNEYS/UPPER TRACT	NUERO-UROLOGY/ RECONSTRUCTIVE	MALE LUTS

Chairs	Helen Nicholson, Kamran Zargar	Simon van Rij, Homi Zargar	Justin Chee	Danielle Delaney, Kail Sethi
1330-1500	1330-1345 Renu Eapen - PSMA and theranostics - a view from urology	1330-1345 Speaker and topic to be confirmed	1330-1345 Tamsin Greenwell - How to create the best mitrofanoff channel ever!	1330-1345 Eric Chung - Driving the decision making in male LUTS treatment - hype or hope?
	1345-1400 Derya Tilki - Management of pN1 prostate cancer	1345-1400 Matthew Bultitude - Lessons learnt from an upper tract TCC MDT	1345-1400 Peter Chin - Stricture cripples - Is optilume an option?	1345-1400 Dean Elterman - Reviewing the evidence - aquablation and PAE? Ready for prime time
	1400-1415 Caroline Moore - Focal therapy - looking back, looking forward	1400-1415 Speaker and topic to be confirmed	1400-1415 Amanda Chung - When all else fails in Urethral stricture disease	1400-1415 Johan Gani - Underactive bladder and neuromodulation: opportunities and pitfalls
	1415-1425 Q&A Session	1415-1425 Q&A Session	1415-1430 Q&A Session	1415-1425 Q&A Session
	1425-1430 Alexandar Blazevski - Focal Irreversible Electroporation as salvage treatment in radio- recurrent prostate cancer: A Prospective Multi-Centre Pilot Study (FIRE Trial)	1425-1430 Haidar Al Saffar - The diagnostic accuracy of Renal MRI in a tertiary Melbourne hospital: a 10-year review	1430-1435 Jean O'Riordan - Medium to long term outcomes of ventral onlay buccal mucosal graft urethroplasty in women	1425-1430 Speaker and title to be confirmed
	1430-1435 Timothy Harkin - Patient- reported outcome measures following low-dose-rate (LDR) brachytherapy for low- intermediate risk prostate cancer	1430-1435 Joshua Kealey - An analysis of the treatment and outcomes of all patients diagnosed with upper tract urothelial carcinoma: a single service retrospective analysis to guide a multicentre prospective registry	1435-1440 Jean O'Riordan - Right iliac fossa or umbilical stoma for a mitrofanoff – Which is the best site?	1430-1435 Speaker and title to be confirmed
	1435-1440 Nicolas Soputro - Effects of body mass index (BMI) on positive surgical margins following different approaches of radical prostatectomy	1435-1440 Kirby Qin - Long-term outcomes following radical nephrectomy with caval tumour thrombectomy and advanced caval reconstruction	1440-1445 Sankara Varun Bhoopathy - A retrospective evaluation of video urodynamic studies in terms of upper urinary tract protection for adult spina bifida patients	1435-1440 Speaker and title to be confirmed
	1440-1446 Sachin Perera - Video tutorial for the diagnosis of radiation induced haemorrhagic prostatitis	1440-1445 Vaisnavi Thirugnanasundralingam - A multi-centre retrospective audit of partial nephrectomy in the elderly – An Australian study	1445-1450 Nicolas Soputro - Clinical presentations, risk factors, and management of Urethral Stricture disease	1440-1445 Speaker and title to be confirmed
	1446-1452 Sean Ong - A guide to focal irreversible electroporation for prostate cancer	1445-1451 Anuradha Narayan - A wildcard for Bosniak Scoring: A systematic review and video demonstration of the role of contrast-enhanced ultrasound for diagnosing Bosniak III Cysts	1450-1456 Haidar Al Saffar - The ABCs of complicated artificial urinary sphincter insertion: The tunical flap technique	1445-1450 Kevin Keane - Does timing of local anaesthetic administration for flexible cystoscopy matter? A Randomised Controlled Trial
	1452-1458 Aoife Mcvey - Hitting the target: Tips and tricks for transperineal targeted biopsy of prostate	1451-1457 Kevin Keane - Rehearsing retrieval; the development of a porcine cadaveric kidney retrieval course	1456-1500 Q&A Session	1450-1455 William Wang - Haemoglobin and sodium levels decrease after transurethral resection and photoselective vaporisation of prostate
	1458-1500 Q&A Session	1457-1500 Q&A Session		1455-1500 Brendan Dias - Safety and feasibility of day case holmium laser enucleation of prostate within the Australian public health system
1500-1530	Afternoon Tea with Industry (Exhibition Hall)			
1510-1525	Poster Viewing (Exhibition Hall)			

1530-1730	CONCURRENT 2A	CONCURRENT 2B	CONCURRENT 2C	CONCURRENT 2D
	DIVERSITY/WOMEN IN UROLOGY	ROBOTIC SURGERY (BRING THE POPCORN)	EDUCATION AND UROLOGY IN AUSTRALIA & NZ	ENDOUROLOGY
Chairs	Anita Clarke, Melvyn Kuan	Renu Eapen, Matt Brown	Richard Grills, Nathalie Webb	Daniel Lenaghan, Courtenay West
	Does Gender Influence Practice?	1530-1550 Kirsten Greene - Retzius sparing versus anterior hood prostatectomy	Education	1530-1545 Joyce Baard - State of the art - flexible ureteroscopy and Intracorporeal lithotripsy
	1530-1540 Eric Chung - Can female gender urologists offer penile prosthesis surgery?	1550-1605 Ben Thomas - Choices, choices - new robotic platforms	1530-1545 Caroline Dowling - The great unaccredited bed block	1545-1600 Matthew Bultitude - Cystinuria 101
	1540-1550 Briony Norris - Can female gender urologists not offer female urology?	1605-1620 Tamsin Greenwell - Robotic VVF - A Waste of Time and Money?	1545-1605 Kathryn MacLeod - The underperforming trainee and the new USANZ curriculum - Perfect marriage or potential divorce?	1600-1615 Speaker and topic to be confirmed
	1550-1605 Q&A Session	1620-1630 Q&A Session	1605-1625 Matthew Gray - Teaching non technical skills - lessons from the cockpit	1615-1625 Q&A Session
	1605-1620 Caroline Moore - Imposter Syndrome (who me?)	1630-1636 Alice Thomson - Transurethral placement of a ureteric Fogarty catheter to aid intra-operative decision making in robotic-assisted laparoscopic distal ureterectomy and reimplantation	1625-1635 Speaker and topic to be confirmed	1625-1630 Anne Hong- Raised intrarenal pressure and mechanisms of infection: macroscopic studies of an ex vivo animal model
	1620-1635 Jo Cresswell - Has BAUS got the blues? An update on widening participation and workforce	1636-1642 Jianliang Liu - Making ends meet: tips and tricks for urethrovesical anastomosis during robot-assisted radical prostatectomy	1635-1645 Speaker and topic to be confirmed	1630-1635 Anne Hong - Microscopic studies of the effect of raised intrarenal pressures: an ex vivo animal model
1530-1730	1635-1650 Anne Cameron - Are things swell at SWIU?	1642-1648 Jonathan O'Brien - Following the Firefly: A narrated video case series of indocyanine green enhanced robot-assisted radical inguinal lymph node dissection for N1 penile cancer	1645-1650 Daniel Costello - Feasibility of ethical surgical training using simulation and 3D printed synthetic organs	1635-1640 Matthew Alberto - A systematic review on stented vs stentless technique for minimally invasive pyeloplasty in adults
	1650-1705 Kristen Greene - Letters from America - urology workforce	1648-1654 Anthony Ta - Techniques for organ-preservation during robotic female cystectomy	1650-1705 Q&A Session	1640-1645 Vineet Gauhar - Pre-stenting and retrograde intrarenal surgery (RIRS) outcomes. Inferences from 6679 patients of the global FLEXible ureteroscopy Outcomes Registry (FLEXOR)
	1705-1720 Q&A Session	1654-1700 David Homewood - Learning the know how to getting the nodes out: Tips and Tricks for Robotic RPLND	Urology Down Under and in the Land of the Long White Cloud	1645-1650 Vineet Gauhar - Role of pre-operative stenting on outcomes of retrograde intra-renal surgery (RIRS) in children. Lessons learnt from a multicenter series of 400 cases

1530-1730	1720-1725 Sophie Rintoul-Hoad - Equality, Diversity and Inclusion extends to more than who's on the panel: assessing the speakers and prominent roles at two Urological Conferences 2022	1700-1706 Alice Thomson - Rectal leak test during robotic-assisted and laparoscopic prostatectomy: a time- and cost-effective measure for the conscientious surgeon	1705-1710 Kate Wilson - Burkholderia Pseudomallei: the main culprit of prostatic abscesses in the top end of the Northern Territory?	1650-1655 Nishal Patel - SLAP Trial: Shock wave lithotripsy and mechanical percussion therapy for lower pole renal calculi.
	1725-1730 Jessica Wynn - Medical Student Perceptions: Who Wants to be a Urologist?	1706-1712 Anthony Ta - Techniques for preserving erectile function in men undergoing robotic cystoprostatectomy	1710-1715 Cindy Nguyen - Estimating the cost of prostate cancer diagnosis, treatment, and follow-up in New Zealand: a modelling study	1655-1700 Bridget Heijkoop - Quality of life in ureteroscopy for stone disease may benefit from primary ureteroscopy
		1712-1718 Jonathan O'Brien - Salvage Prostatectomy Following Neoadjuvant Radioligand Therapy: Prospective Evidence of Surgical Difficulty from the Lutectomy Trial	1715-1720 Natasha Roberts - Unmet needs for men treated for localised prostate cancer	1700-1705 Vineet Gauhar - A multicenter study to evaluate the risk factors associated with complications in patients with Xanthogranulomatous Pyelonephritis undergoing nephrectomy
		1718-1724 Anthony Ta - The LaserSAFE technique: improving real time assessment of surgical margins during radical prostatectomy with the Histolog scanner	1720-1725 Harry Collin - Contemporary use of radical prostatectomy and pelvic lymphadenectomy across Australia	1705-1710 Anne Hong - Intrarenal pressure measurements with a pressure guidewire
		1724-1730 Brian Kelly - The ever-evolving role of indocyanine green in open and robotic surgery in a major cancer centre: A tips and tricks video.	1725-1730 Brendan Yanada - The Treatment Landscape of Non-Metastatic Castrate Resistant Prostate Cancer – A 5-Year Retrospective Review	1710-1715 Vineet Gauhar - Prognosis of extended spectrum beta-lactamase producing agents in emphysematous pyelonephritis: A analysis of 570 patients by the global research for emphysematous pyelonephritis study (GREMP) research group
				1715-1720 Gavin Wei - Outcomes, safety and tolerability of intracavitary Jelmyto instillation for low grade upper tract urothelial cancer: the initial Australian experience
				1720-1726 Zein Alhamdani - A drape technique to enable safe ureteropyeloscopy to access the upper urinary tract in patients post-cystectomy with an obliterated ureteric orifice
1730-1830	SET Urology Trainees meeting with BoU	GU Oncology SAG Meeting	Paediatric and GenitoUrinary Reconstruction SAG meeting	Male LUTS SAG meeting
1930-2230	President & Convenors' Dinner - Invitation Only			

MONDAY 27 FEBRUARY 2023

0645-1730	Registration Desk Open	
0700-1730	Speaker Preparation Room Open	
0700-0745	COMBINED USANZ/ANZUNS BREAKFAST SYMPOSIUM	USANZ BREAKFAST SYMPOSIUM

Topic	Sacral neuromodulation - pearls and pitfalls	Improving outcomes in NMIBC
	Chairs: Johan Gani, Jos Jayaranjan Speakers: Anne Cameron (US), Johan Gani (AU), Dean Elterman (CA)	Chairs: Paul Anderson, Carlo Yuen Speakers: Paul Anderson (AU), Jo Cresswell (UK), Kathryn Chatterton (UK)
0800-1000	PLENARY SESSION 3 - USANZ/AUA SESSION (open to ANZUNS delegates)	
	Chairs: Eva Fong, Manish Patel	
	Discharging for keeps	
0800-0810	Kirsten Greene (US) - ERAS for prostatectomy	
0810-0820	Jo Cresswell (UK) - Day case urology: the next frontier	
0820-0830	Ben Davies (US) - Building walls: Preventing readmissions after radical cystectomy	
0830-0845	The AUA lecture: Dean Elterman (CA) - Minimally invasive BPH treatments - Rezum, Urolift, iTIND: what, when, how and why?	
0845-0900	Q&A Session / Panel Discussion	
	Shaking and baking - Urological infections	
0900-0910	Anne Cameron (US) - UTIs and the neurogenic bladder - prevention and management	
0910-0920	Julian Shah (UK) - Prostatitis - where are we now?	
0920-0930	Sandra Elmer (AU) - The end of the road: Novel treatments for die hard recurrent UTIs	
0930-0945	Q&A session / Panel Discussion	
	Professional Reflections	
0945-1000	Sue Chapman (AU) - Notes to my younger self	
1000-1030	Morning Tea with Industry (Exhibition Hall)	
1010-1025	Poster Viewing (Exhibition Hall)	
1030-1230	PLENARY SESSION 4	
	Innovations in urology	
	Chairs to be confirmed	
1030-1045	The UAA lecture: Shin Egawa (JP) - Liquid biopsy in uro-oncology	
1040-1050	Nadya York (NZ) - Laser shopping with Nadya	
1050-1100	Joyce Baard (NL) - Advances in management of upper tract urothelial cancer	
1100-1110	Speaker and topic to be confirmed	
1110-1115	Speaker and topic to be confirmed	
1115-1130	Q&A Session	
1130-1140	Fiona Maclean (AU)- The machines are coming - AI in pathology	
1140-1150	Caroline Moore (UK) - Active Surveillance - working towards a better future	
1150-1200	Eva Fong (NZ) - Meshing about: new techniques in mesh removal	
1200-1210	Anthony Costello (AU) - From Halsted to Big Brother - training the next generation of urologists	
1210-1220	Speaker and topic to be confirmed	
1220-1230	Q&A Session	
1230-1330	Lunch with Industry (Exhibition Hall)	
1240-1325	Poster Viewing (Exhibition Hall) - Moderator: Greg Jack	
1330-1530	PLENARY SESSION 5 - KEITH KIRKLAND & VILLIS MARSHALL PRESENTATIONS	
	Chairs: Lydia Johns-Putra, Nestor Lalak	

Jessica Hunter (NZ) - The operative volume of New Zealand based Urology trainees during the COVID-19 pandemic
Arveen Kalapara (AU) - Outcomes of active surveillance for low- and intermediate-risk prostate cancer
Bashar Matti (NZ) - Ethnic differences in outcomes from Acute Scrotum: 10-year experience from a regional New Zealand center
Bashar Matti (NZ) - Predictors of testicular torsion in young males presenting with Acute Scrotum and external validation of the TWIST score
Ellen O'Connor (AU) - Impact of robotic renal surgery on surgical management and outcomes for patients with renal tumours
Bradley Reynolds (AU) - Outcomes of transurethral resection alone in high-grade non-muscle-invasive bladder cancer patients: who really needs BCG?
Niranjan Sathianathen (AU) - The long-term oncological impact of pelvic lymph node dissection in men with prostate cancer undergoing radical prostatectomy
Dale Wood (AU) - Radiomics Analysis of Multi-Parametric MRI Prostate and Association with PSA Measures
Bashar Matti (NZ) - The impact of regular access to PSA testing on Prostate cancer-specific and overall survival in New Zealand men
Niranjan Sathianathen (AU) - Cost-effectiveness of systemic treatment intensification in men with metastatic hormone-sensitive prostate cancer in the Australian health system
Andrew Silagy (AU) - Should systemic therapy be deferred after cytoreductive nephrectomy?

1530-1600	Afternoon Tea with Industry (Exhibition Hall)

1600-1730	CONCURRENT 3A	CONCURRENT 3B	CONCURRENT 3C	CONCURRENT 3D
	FEMALE UROLOGY	UROLOGY IN PRACTICE	ANDROLOGY/PENILE CONDITIONS	ONCOLOGY (UROTHELIAL)
Chairs	Caroline Dowling, Dominic Lee	Damien Bolton, Mariolyn Raj	Gideon Blecher, Darren Katz	Sarah Azer, Weranja Ranasinghe
1600-1730	Tamsin Greenwell - How Useful are Nomograms in Female Urology	Nadya York - Weighty topics	Hyun Jun Park - Controversies in testosterone therapy	Speaker and topic to be confirmed
	Anne Cameron - Management of SUI after a failed sling	Nick Ellis - Period pain management post purdue pharma	Trent Barret - Chronic scrotal discomfort - No longer such a pain	Fiona Maclean - GU malignancies: the battle between morphology and origin
	Dean Elterman - Sacral nerve whispering for advanced implanters	Greg Jack - Disposable scopes – environmental saviour or carbon polluter?	Daniela Witman - Current trends in sexual health care in prostate cancer survivorship and the role of telemedicine	Shin Egawa - En bloc resection - more than a trendy tool?
	Eva Fong - Expanding the influence of urologists in pelvic floor surgery	Ben Dunne - The times are a-changin': climate change and healthcare	Speaker and topic to be confirmed	Speaker and topic to be confirmed
	Vincent Tse - Don't mention the C word - Credentiailling in mesh across Australia and New Zealand	Q&A / Panel Discussion	Q&A Session	Q&A / Panel Discussion
	Q&A / Panel Discussion	Shayan Soroush - Improving post-biopsy waiting times using a stream-lined prostate cancer care pathway in a large volume tertiary centre	Justin La - Is a 0% infection rate possible with inflatable penile prosthesis placement? The ten-year results of the Minimally Invasive No-Touch (MINT) technique.	Anthony Ta - Organ-sparing in female radical cystectomy – how radical do we need to go?
	Sandra Elmer- Mesh-free Surgical Management of Apical Pelvic Organ Prolapse: A Comparative Study of Vaginal Sacrospinous Fixation v Robot Assisted Suture Hysteropex	Ting Wai Yiu - Application of blockchain technology in urology – a proof of concept	Eric Chung - A randomised placebo-controlled D-Health Trial on vitamin D supplementation and erectile dysfunction: Can vitamin D improve erectile function?	Anthony Ta - Accuracy of MRI to predict muscle invasive bladder cancer prior to cystectomy
	Bernadette Dellar - A novel method to assess female voiding dysfunction: Is transpubic voiding sonography a reliable assessment of functional voiding in asymptomatic females?	Thomas Ahn - Pre-operative urine list – a MDT solution which benefits everyone	Eric Chung - A randomised, controlled trial on the role of PDE5i drug for penile rehabilitation in Peyronie's disease surgery: Clinical outcomes and patient satisfaction rate following penile plication surgery	Mo Li - WATIP: A pilot study of water irrigation post TURBT for preventing recurrence of NMIBC

1600-1730	Jean O'Riordan - The learning curve for vesico-vaginal fistula (VVF) repair	Paolo Masangcay - Financial toxicity in prostate cancer: when cost affects treatment	Peter Chin - Varicoceles and Iliac vein compression: understanding aetiology and treatment failure.	Gavin Wei - Outcomes of intravesical BCG stratified by the new EAU non-muscle invasive bladder cancer prognostic factor risk groups
	Jean O'Riordan - Diagnostic accuracy of magnetic resonance imaging and transrectal/transvaginal ultrasound for pelvic mesh complications	Katherine Ong - Environmentally sustainable healthcare and the urologists' role – simple steps to reduce our contribution to climate change	Nicolas Soputro - Contemporary practices of vasectomy reversal in Australia and New Zealand	Arthur Yim - Proof-of-concept: Assessment of bladder cancer invasion using non-invasive spectroscopy
	Jodie McDonald - Robotic assisted suture hysteropexy – a minimally invasive mesh free technique for managing uterine prolapse	Jessica Paynter - Emergency urology performed by general surgeons: A systematic review	Haidar Al Saffar - FDA warning on Finasteride: What should Urologists Know?	Antara Karmakar - Development and validation of a method for detection of circulating tumour DNA in non-muscle-invasive bladder cancer patients in tissue, blood and urine
	Saiyar Rashid - Autologous Fascial Sling vs Burch Colposuspension in the management of stress urinary incontinence: A systematic review	Tobias Baker - Self-reported pain assessment during transperineal prostate biopsy under local anaesthetic alone versus combined Nitrous Oxide 'Entonox' and local anaesthetic	Ghadir Omran - Project impact: Genital protector simulator testing. Do genital protectors adequately protect players?	Mohammed Al-Zubaidi - Clinical value of 18F-FDG-PET compared with CT scan In the detection of nodal and distant metastasis in urothelial carcinoma or bladder cancer
	Jodie McDonald - Robot assisted management of mesh erosion into the urinary bladder following bilateral inguinal hernia repair	Claire Whitehead - Impact on patient and health system of nephrostomy tubes for upper tract obstruction	Jiasian Teh - Establishment of a medium-throughput drug screening platform in penile cancer tumouroids	Jennifer Xu - A comparison of intravesical gemcitabine versus Bacillus Calmette-Guerin for non-muscle invasive bladder cancer
		Shayan Soroush - Use and accuracy of PrecisionPoint prostate biopsy: Australian institutional experience	Jonathan O'Brien - Machining accuracy in uro-urology diagnostics: A pilot study on the role of machine learning to diagnose penile cancer	Alice Thomson - Iodinated hydrogel as a tissue fiducial marker for image-guided radiation therapy in bladder cancer
		Jake Tempo - Clinical photography in urology: how to protect yourself and patients	Michelle Christodoulidou - Sarcopenia as a prognostic indicator for the management of patients with penile cancer: The development of a novel prognostic nomogram	
1730-1830	Female Urology SAG Meeting	Edourology SAG Meeting	Andrology SAG Meeting
