

OF GREAT BRITAIN AND IRELAND

Wednesday 23rd November 2022

0730	Registration opens					
0800-1030	Oxford Hall PAD, Renal Access, Carotid Abstract Session Chairs: Alistair McCleary, Meryl Davis, Ansy Egun	Ambassador SRS, Training, Audit Abstract session Chairs: Frank Smith, Ian Chetter, Patrick Coughlin	Hall 4 Aortic, Trauma Abstract Session Chairs: Donald Adam, Sadasivam Selvakumar, Matt Bown	Clarence Venous Forum Abstract Session Chairs: Manj Gohel, Dan Carradice	Lancaster Introduction to Vascular Surgery Course Chairs: The Rouleaux Club <i>Supported by Conveners IVS Course* + Education Committee member</i>	Dukes BACPAR Programme 0900-1000 Prosthetic Engineering for Children with Lower Limb Loss in Low and Middle Income Countries – Caitlin Edgar 1000-1030 The Starworks Network: Exploring opportunities for sharing innovation in prosthetics for children and young people – Gemma Wheeler
1030-1100	Coffee and Exhibition					
1100-1200	Oxford Hall PVD/ Carotid Abstract Session Chairs: Alistair McCleary, Meryl Davis, Ansy Egun	Ambassador SRS, Training, Audit Session Chairs: Frank Smith, Ian Chetter, Patrick Coughlin Hunterian Lecture Chair: Frank Smith Understanding the common pathways regulating venous, lymphatic, and cardiac valve formation - Oliver Lyons	Hall 4 Aortic/Trauma Abstract Session Chairs: Donald Adam, Sadasivam Selvakumar, Matt Bown	Clarence Venous Forum Session Chairs: Manj Gohel, Dan Carradice		Dukes BACPAR Programme 1100-1115 An intro to Soft Prosthetics by Koalaa – Nate Macabuag-Koalaa 1115-1145 "Tricky Transition" Patient experience moving from paediatric to adult services from a teenager and parent's POV – Ollie Bauer and Carly Bauer Abstracts
1200-1300	Lunch and Exhibition					
1300-1500	Oxford Hall President's Symposium Chairs: Jon Boyle and Douglas Orr 1300-1310 Introduction and Life time achievement awards – Mr Jon Boyle 1310-1325 The CLTI CQUIN has raised the profile of PAD and will lead to fewer amputations - Professor Rob Sayers 1325-1340 High stakes surgery is a team sport, time to move away from surgeon-level reporting - Mr Narain Moorjani					Dukes BACPAR Programme 1300-1330 Innovations in upper limb prosthetics and the implications for physio! – Ruth Nicholson Abstracts

*Programme Subject to Change

1340-1355	The National Consultant Information Programme (NCIP) will drive improved patient outcomes in Vascular Surgery - Professor Sir Norman Williams		
1355-1410	Improving care and eliminating variation in the management of leg and foot ulcers - Dr Una Adderley,		
1410-1425	Timing of intervention in acute uncomplicated type B-dissection, lessons from the Vascular Quality Initiative - Professor Adam Beck		
1425-1440	UK-Compass headlines, are we repairing too many AAAs? – Professor Rao Vallabhaneni		
1440-1500	Panel Discussion		
1500-1530	Coffee and ExhibitionExhibition Hall		
1530-1645	The Workplace: the good, the bad and the ugly Joint symposium with Rouleaux club Chairs: Ciaran McDonnell, Keith Jones, Rachael Forsythe		BACPAP Programme 1530-1705 World Café: Factors which may influence the implementation of narrative videos – Fiona Leggat World Café: Role of exercise in vascular disease – Lindsay Bearne World Café: Supporting clinical practice through research – Siobhan Strike TBC – Ross Wadey World Café: Reflections on the narrative videos – Emily Taylor
1530-1545	Rouleaux Club Survey on Bullying Undermining & Harassment - Marta Madurska		
1545-1600	The Power of Positive Work Cultures - Rosarii Mannion		
1600-1615	Reflections on working in a “toxic” unit - Philippa Burns		
1615-1630	Surgical “seat racing”: tips from an Olympian on how to enhance performance in surgical training – Polly Swann		
1630-1645	Panel Discussion		
1645-1715	Combined Circulation Foundation/ Surgical Colleges Research Fellows Update Chair: Rachel Bell, Ian Chetter		
1645-1650	Identifying prehospital delays in the management of CLTI patients - Ellie Atkins (RCSEng)		
1650-1655	Reducing time to treatment in patients with CLTI - Penny Birmpili (RCSEng)		
1655-1700	“Management Jargon” to “Peak Performance” - Factoring in Ergonomics - Fiona Kerray (RCSEd)		
1700-1705	Frailty in Vascular patients – Silje Welsh (RCPSGlasg)		
1705-1715	Panel discussion		
1715-1800	Vascular Society Annual General Meeting Chair: Marcus Brooks	Rouleaux Club Annual General Meeting Chair: Rachael Forsythe Followed by drinks reception	
1800-1900	Welcome ReceptionExhibition Hall		
1900-2000	SVN Evening SymposiumHall 4		

Thursday 24th November 2022

0730	Registration opens		
0800-0915	Oxford Hall Aortic update Chairs: Arun Pherwani , Lucy Wales, Donald Adam	Clarence Below the knee: what are we doing and what should we do? Chairs: Alistair McCleary , Sadasivam Selvakumar, ?IR rep	Dukes BACPAR Programme 0915-0930 Should TMR be performed routinely? – Hayley Freeman Abstracts
0800-0810	Impact of Covid-19 on AAA Screening in the UK, have services recovered? - Akhtar Nasim	0800-0815 Reconstruction below the knee and beyond - Rob Davies	
0810-0820	Do current aortic dissection pathways work for patients? - Haleema Saadia	0815-0830 Surgeon delivered crural angioplasty - Prakesh Madhavan	
0820-0830	“Implementing the Aortic Dissection Tool Kit - Rachel Bell	0830-0845 Venous arterialisation - Paul Moxey	
0830-0840	Optimising aortic neck seal during EVAR, lessons from the CLEVAR Study. - Colin Bicknell	0845-0900 Non standard amputations - Keith Jones	
0840-0850	How long can elective AAA repair be safely delayed? Will ESORT-V give us the answer? - Rob Hinchliffe	0900-0915 Panel discussion	
0850-0900	Contemporary management of blunt aortic trauma - Adam Beck		
0900-0915	Panel discussion		
0915-1030	Oxford Hall Vice Presidents Symposium – How big is too big? The opportunities and challenges for vascular networks Chairs: Rachel Bell and Marcus Brooks		
0915-0925	Strategies for managing a large inpatient workload – Miss Becky Sandford		
0925-0935	Management of the urgent vascular outpatients and avoidance of admission to hospital – Mr Neeraj Bhasin		
0935-0945	Subspecialisation – improving the quality of care – Mr Marcus Brooks		
0945-0955	Networking Vascular ultrasound – Mr Simon Ward		
0955-1005	The importance of clinical leadership in hospital reconfiguration – Mr David Murray		
1005-1015	The potential of a ‘whole systems’ multi-disciplinary approach to community reconfiguration to benefit hospital vascular services – Mr Naseer Ahmed		
1015-1030	Panel Discussion		
1030-1100	Coffee and exhibition		
1100-1230	Oxford Hall Sol Cohen Prize Session Chairs: Ciaran McDonnell, Ian Hunter, Lucy Wales	Clarence 1100-1200 Sponsored Symposium - Medtronic	Dukes BACPAR Programme

*Programme Subject to Change

	Abstract Populated		1100-1115 Exercise Intervention in the Treatment of Patients with Intermittent Claudication - Update of the SPARG Guideline – Mairi Ross
		Clarence 1200-1230 Sponsored Symposium	1115-1145 Developing behaviour change interventions to enhance physical activity in people with PAD and IC - Chris Seenan
1230-1300	Kinmonth Lecture Chair: Ian Loftus with processors Registry device capture is good for patients, clinicians and industry – Professor Adam Beck	Oxford Hall	1145-1200 Moving medicine and how to use this resource – Kiera Roche 1200-1215 Balance and falls in prosthesis users: What do we know and where should we go? – Cleveland Barnett 1215-1245 MPKs for primary patients –experience from West Midlands - Poorna Ramamurthy 1245-1300 Patient'sstories- #RehabLove – Miranda Asher and Gemma Boam
1300-1400	Lunch and exhibition		
1400-1530	Vascular Society/ BJS Prize Session Chairs: Rachel Bell, Donald Adam, Kaji Sritharan, Abstract Populated	Oxford Hall Clarence 1400-1500 Sponsored Symposium – W.L.GORE Clarence 1500-1530 Sponsored Symposium	BACPAR Programme Abstracts 1430-1530 Debate: Pros and cons of vascular hubs – Maggie Donovan and Chantel Ostler
1530-1600	Coffee and Exhibition		
1600-1700	Joint ESVS session Chairs: Jon Boyle, Arun Pherwani	Oxford Hall	BACPAR and SVN Joint Programme
1600-1615	What is new in the 2022 ESVS Carotid Guidelines? - Professor Ross Naylor		
1615-1630	The EJVES Forum, e-publication, social media and the future of scientific publication - Dr Melina Vega de Ceniga		
1630-1645	The importance of academic, educational and governance links with the ESVS, swimming against the Brexit tide - Professor Ian Loftus		
1645-1700	Vascunet and the ICVR collaborations drive improvement in Vascular Surgery - Professor Kevin Mani		
1700-1800	MDT with Rouleaux club Chairs: Paddy Coughlin , Keith Jones, Claire Dawkins, Klaus Bond	Vern's Dragons Den Chairs: Matt Bown , Ian Chetter	

1900-0000	
-----------	--

Friday 25th November 2022

0800	Registration opens		
0830-0900	Compass Study Update Chairs: Jon Boyle , Rao Vallabhaneni TBC	Oxford Hall	Hall 4 Non NTN trainees/ CESR applicants session Chair: Paddy Coughlin, Ciaran McDonnell, Sadasivam Selvakumar 0830-0838 The current state of play for non NTN trainees in vascular surgery in the UK - Ibrahim Enemosah and Tatiana Martin 0838-0845 Current challenges experienced by non NTN trainee doctors in the UK – Sadasivam Selvakumar 0845-0850 The VS vision for non NTN vascular surgical training – Paddy Coughlin 0850-0900 Panel discussion
0900-0930	Hunterian Lecture Chair: Rob Sayers Surgery and Stenting will halve future stroke risk - 30 years of trials for tight asymptomatic carotid stenosis - Alison Halliday	Oxford Hall	Hall 4 0900-1000 Amputation update Chair: David Bosanquet , Rob Hinchliffe, Miranda Asher Amputation Research Activities update 0900-0907 Chantel Ostler, Consultant Clinical Academic Physiotherapist in Prosthetic Rehabilitation 0907-0914 Ruth Benson - Senior Vascular Fellow, Christchurch, New Zealand 0914-0921 Natalie Vanicek - Professor of Clinical Biomechanics, Hull 0921-0928 Sandip Nandhra – Consultant Vascular Surgeon, Newcastle 0928-0935 David Bosanquet - Consultant vascular surgeon and honorary senior lecturer 0935-0942 Esmee Hanna - Associate Professor/Reader- Health, Wellbeing and Society 0942-0949 Dan Carradice – Consultant Vascular Surgeon, Hull 0949-1000 Panel Discussion
0930-1000 0930-0935 0935-0945 0945-0950 0950-0955 0955-1000	Circulation Foundation Chair: Rachel Bell , Neeraj Bhasin Welcome and Session Outline – Rachel Bell Circulation Foundation Update – Neeraj Bhasin Human Factors Research (funded by the CF) – Fiona Kerray Alternatives to Supervised Exercise Programmes – Philip Stather Panel discussion	Oxford Hall	
1000-1030	Edinburgh RCS Lecture Chairs: Andrew Garnham , Sadasivam Selvakumar The risks and rewards of the centralization of aortic surgery – Professor Kevin Mani	Oxford Hall	Hall 4 Research – Updates Chairs: Ian Chetter , Paddy Coughlin, Ian Hunter Vascular NIHR Doctoral Research Fellows 1000-1010 Sex-Specific Discrepancies in Peri-operative Mortality and Morbidity following Elective Abdominal Aortic Aneurysm Repair - Miss Anna Pouncey 1010-1020 Evaluating Shockwave therapy Of Lower Extremity diabetic Foot ULcers (SOLEFUL) - Miss Louise Hitchman New studies 1020-1030 Perineural Local Anaesthetic Catheter after Major lower limb amputation Trial (PLACEMENT) - Mr David Bosanquet
1030-1100	Hunterian Lecture Chair: Lasantha Wijesinghe	Oxford Hall	

*Programme Subject to Change

	Surgical Innovation in Patients with Ruptured Abdominal Aortic Aneurysm - Rob Hinchliffe	1030-1040 DVT prophylaxis & EndoVenous Thermal Ablation - Prof Alun Davies 1040-1050 Early Endovascular Repair of uncomplicated Type B Aortic dissection - Mr Colin Bicknell Surgical Specialty Lead 1050-1100 Surgical Specialty Lead update - Mr George Smith
1100-1130	Brunch and Exhibition	
1130-1230	Managing Co-morbidity in the Vascular Patient Chair: Andy Garnham , Kaji Sritharan, Meryl Davis	Oxford Hall Venous session Chair: Manj Gohel , Dan Carradice
1130-1140	Evidence based Risk Stratification – Dr Vanessa Fludder	1130-1140 Managing the venous backlog - Bruce Campbell
1140-1150	Does Prehabilitation prior to Vascular Surgery work? – Dr Louisa Shovel	1140-1150 Impact of the primary care CQUIN for leg ulcer referral on patients and vascular units - Una Adderley
1150-1200	Taking an Integrated Approach to the Vascular Patient – Dr Ganar Sritharan	1140-1150 Is current training adequate for producing the venous specialists of the future? - Paddy Coughlin
1200-1210	End of Life Care in Vascular Surgery - How well do we do this? – Ms Shona McIntosh	1150-1200 Deep venous stenting for chronic venous outflow obstruction: why, who, when and how - Emma Wilton
1210-1230	Panel Discussion	1200-1210 Pragmatic management of low-flow vascular malformations in NHS vascular units - Chung Lim
1230-1300	Invited Vascular Society Lecture Chairs: Jon Boyle , Rachel Bell From bottom of the pile to best of the rest, where next for AAA outcomes in the UK? – Professor Ian Loftus	
1300-1315	Inauguration of new president Current President: Mr Jon Boyle Incoming President: Ms. Rachel Bell
