

Preliminary Agenda

Pre-Conference Workshops Wednesday – April 27, 2022

AM WORKSHOP (Total CE = 3.0)

0900-1200 *Basic Suturing Foundations for Clinical Practice** – Greg Brooks, DNP, FNP-C

AM WORKSHOP (Total CE = 3.0)

0900-1200 *Addressing Commercial Tobacco/Nicotine Dependence with Your Patients* – Maxine Daggett, MSW, TTS & Jo Wardell, TTS

PM WORKSHOP (Total CE = 2.0 for IUD & Implant)

1230-1430 *IUD Clinical Skills Practicum Session 1* – Jennifer Robinson, MS, WHNP-BC, CNM

1500-1700 *IUD Clinical Skills Practicum Session 2* – Jennifer Robinson, MS, WHNP-BC, CNM

1730-1930 *Nexplanon FDA Training (Free & Non-CE)* – Jennifer Robinson, MS, WHNP-BC, CNM

PM WORKSHOP (Total CE = 3.0)

1300-1600 *Advanced Suturing & Digital Blocks: Taking Your Skills to the Next Level** – Greg Brooks, DNP, FNP-C

**See brochure for more information*

IUD clinical skills practicum has two sessions to accommodate for smaller groups. You only need to register for one session. We will focus on hands on practice for IUD insertion and removal, in addition to covering some information about eligibility, contraindications, and pain management during IUD insertion.

If you also need implant training, sign up for the required FDA Nexplanon training session (there is no fee or CE credit for this session). This two-hour long training is required if you want to provide Nexplanon insertion or removal care and you need it to order Nexplanon for your patient care. If you already have this training, you don't need to repeat it unless you need a refresher course.

2022 Spring Conference - April 28-30

Thursday – April 28, 2022

(Total CE = 8.25)
