

THIS PROGRAM IS UPDATED DAILY — [CLICK HERE TO DOWNLOAD THE LATEST VERSION](#)

Overview: Wednesday 31 August

19:00-20:10 AEST **Pfizer Webinar.** — IV Iron Induced Hypophosphataemia – a clinical concern in IBD? [Register here](#)

Overview: Friday 9 September

17:30-18:30 AEST **Small Bowel Symposium.** Sponsored by Cellmed. — C4.6 Meeting Room [Register here](#)

18:30-19:30 AEST **President's Reception** — Networking Event Sponsored by Celltrion Healthcare Australia Pty Ltd
shared event with GESA Research Workshop 2022
ICC Sydney, Level 4, Foyer outside Room C4.9

19:30-21:30 AEST **Boston Scientific Symposium.** The Stomach in Focus. This event is fully booked out – registrations closed.

19:30-21:40 AEST **IBD Nurses Meeting.** Sponsored by Takeda. Shared Care: Working Together for Optimal Patient Outcomes [Register here](#)

19:45-21:45 AEST **Norgine Dinner Symposium.** Advanced Liver Disease [Register here](#)

Overview: Saturday 10 September

06.45-07:45 AEST **Olympus Symposium.** Artificial Intelligence Should Be the Standard of Care in Endoscopy [Register here](#)

AEST	Pyrmont Theatre	C2.1 Meeting Room	C2.2 & C2.3 Meeting Rooms	C2.5 & C2.6 Meeting Rooms
Session 1 08:00-09:30	Liver: Autoimmune/PBC	GENERAL GASTRO - TOP 5 GI Conditions RU up to Date?	Surgery in IBD: From Fistulae to Pouches	State-of-the-Art Approaches to Upper GI Endoscopy & Barrett's Oesophagus
09:30	Morning Tea - Exhibition Hall			
Session 2 10:00-12:00	PLENARY: Bushell Lecture Unopposed session	Refer to Plenary		
12:00	Lunch - Exhibition Hall Posters Of Merit (POMs) - Exhibition Hall			
Session 3 13:00-15:00	State-of-the-Art IBD: Back to the future of IBD IBD AGM	Regional, Remote & Indigenous Network	Liver Advanced Chronic Liver Disease - from Cirrhosis to Transplant	Paediatrics (1)
15:00	Afternoon Tea - Exhibition Hall			
Session 4 15:30-17:30	Young Investigator Awards Presentations	No session scheduled	GENCA	Private Practice Network
Session 5 17:30-18:30	GENIUS (Gastroenterology Network of Intestinal Ultrasound)	Eosinophilic Esophagitis (EoE)	Young GESA (AGM & Networking) 17:30-19:00	Private Practice Network
17:00-18:00 AEST	Celltrion Healthcare Symposium. The REMSWITCH study Register Here			
18:00-19:15 AEST	Janssen Symposium. Is two better than one? The future of combination therapies in IBD w/ Prof Bruce Sands Register Here			
19:30	GESA-GENCA AGW Gala Evening – Australian National Maritime Museum, Darling Harbour. Presentation of Young Investigator Awards and Poster of Merit			

Overview: Sunday 11 September

07:00-07:55 AEST **Pfizer Symposium.** Tofacitinib citrate: 7 year safety¹ and RWE in UC: a clinical exchange [Register here](#)

AEST	Pyrmont Theatre	C2.1 Meeting Room	C2.2 & C2.3 Meeting Rooms	C2.5 & C2.6 Meeting Rooms
Session 1 08:00-09:30	State-of-the-Art Endoscopy: Colon/Polyps	Nutritional Management of Common Gastrointestinal Disorders Session	Liver: HCC and Viral Hepatitis + Free Papers	Paediatrics (2)
09:30	Morning Tea - Exhibition Hall			
Session 2 10:00-12:00	State-of-the-Art Endoscopy: State of the Approaches to Pancreatobiliary Disorders Endoscopy AGM	GESA Sustainability Network (GSN) Group	IBD: Pushing the Boundaries of IBD therapy	State-Of-The-Art Paediatrics GESA Paediatric Network Annual Members Meeting
12:00	GESA – AGM & Townhall 12:15 (Pyrmont Theatre)	Lunch - Exhibition Hall		
Session 3 13:00-15:00	State-Of-The-Art Liver Liver AGM	Motility Disorders & Free Papers	State-of-the-Art Difficult Scenarios in Endoscopy – Learn from the Experts	Practical IBD Matters that Count
15:00	Afternoon Tea - Exhibition Hall			
Session 4 15:30-17:30	Endoscopy Video Forum	Young GESA	Motility Disorders & DGBI Clinically Focused	Liver: MAFLD & Free Papers

Overview: Tuesday 27 September

19:30-20:30 AEST **GSK Webinar.** The role of gastroenterologists in disease prevention [Register here](#)

Saturday 10 September

06.45-07:45 **Olympus Symposium.** Artificial Intelligence Should Be the Standard of Care in Endoscopy. Crowne Plaza [Register here](#)

Pymont Theatre

SESSION 1 08:00-09:30	Liver: Autoimmune/Cholestatic		Chairs: Geoff McCaughan & Amanda Nicoll
	08:00	Case Presentation- Autoimmune Hepatitis	Rachael Jacob
	08:05	Difficult to Treat Autoimmune Hepatitis – Where to Now?	Amanda Nicoll
	08:20	Panel Discussion – Autoimmune Hepatitis	
	08:30	State-of-the-Art Lecture: IgG4 disease in 2022- from Diagnosis to Management	Emma Culver (UK in person)
	08:55	IgG4 Disease – the Australian Experience	Will Kemp
	09:05	Emerging Treatments in Primary Biliary Cholangitis	Marc LeMire
	09:20	PBC – the Australian Experience	Janine French
09:30 — Morning Tea - Exhibition Hall			
SESSION 2 10:00-12:00	Plenary/Bushell Lecture – Unopposed session		Chair: Benedict Devereaux
	10:00	Welcome & Presidential Address	Benedict Devereaux
	10:10	Bushell Lecture - Serrated Lesions: State-of-the-Art Pathobiology, Detection, Resection and Impact on CRC	Evelien Dekker (NL in person)
	10:45	Distinguished Researcher Prize: Can the Placenta Cure Cirrhosis?	William Sievert
	11:05	Outstanding Clinician Award: The strength and power of togetherness- how teams can make a difference in health care	William Connell
	11:25	Trans-Tasman Lecture: The Simplicity and Complexity of Equity	Zoë Raos (NZ in person)
	12:00 — Lunch - Exhibition Hall Posters Of Merit (POMs) - Exhibition Hall		
SESSION 3 13:00-15:00	State-of-the-Art IBD: Back to the Future of IBD		Chairs: Reme Mountifield & Michael Kamm
	Free papers: 10min total (8 min pres & 2 min Q&A)		
	13:00	Future of Integrated IBD Decision Making	Mark Silverberg (Canada in person)
	13:30	Free Paper: Rare mutation in OTUD3 Cause Ulcerative Colitis	Jakob Begun
	13:40	The Changing Face of Global IBD	Siew Ng (HK virtual)
	14:00	Free Paper: Superior Treatment Persistence with Ustekinumab in Biologic-experienced Luminal Crohn’s Disease: Real-world Registry Data from the Persistence Australian National IBD Cohort (PANIC) study	John Chetwood
	14:10	Positioning Biologics in 2022	Bruce Sands (USA in person)
	14:30	Q&A	
IBD – AGM			
15:00 — Afternoon Tea - Exhibition Hall			
SESSION 4 15:30-17:30	Young Investigator Awards (YIA)		Chairs: Paul Pavli & Vicki Whitehall
	15.30	Introduction to YIA Session	Paul Pavli & Vicki Whitehall
	15:35	Basic Science: Targeted uPA Inhibition Combined with Chemotherapy Halts Primary Tumour Growth Andeliminates Metastasis in Advanced Pancreatic Cancer	SM Zahid Hosen
	15:47	Clinical Research: Long-term Outcomes After Endoscopic Eradication Therapy for Dysplastic Barrett’s Esophagus: Higher Rate of Late Dysplastic Recurrence with Radio-frequency Ablationmonotherapy.	Tony He
	15:59	Basic Science: Gene Therapy for Genetic Metabolic Liver Disease: Correcting Maple Syrup Urine Disease in a Pre-clinical Neonatal Lethal Disease Model	Kathryn Mullany
	16:11	Clinical Research: Local Peri-fistula Injection of Allogeneic Human Amnion Epithelial Cellsis a Safe and Promising Treatment for Refractory Complex Fistulising Perianal Crohn’sDisease: a Phase I Open Label Study (IBD Clinical)	Charlotte Keung
	16:33	Basic Science: Autophagy Influences Inflammation in Helicobacter Pylori-related Gastric Carcinogenesis (GI Cancer)	Isidora Simovic
	16:45	Clinical Research: Progress Towards Hepatitis C Elimination: The Feasibility and Success of a Nurse and Harm Reduction Practitioner Led Model of Care Utilising Rapid Point of Care HCV RNA Testing at a Medically Supervised Injecting Room in Melbourne, Australia.	Michael Macisaac
	16:57	Basic Science: The Characterisation of Tumour Self-Seeded Cells in Liver Cancer	Haotian Yang
	17:09	Clinical Research: A Pilot Study of Pan-enteric Capsule Endoscopy (ce) vs Bidirectional Endoscopy (bde) in Patients with Low Risk Iron Deficiency Anaemia (ida)	May Wong
SESSION 5 17:30-18:30	GENIUS (Gastroenterology Network of Intestinal Ultrasound)		Chair: Robert Bryant & Co-Chair Emma Flanagan
	17:30	Free paper: Gastrointestinal Ultrasound Predicts Need for Rescue Therapy in a Multicentre Prospective Cohort of Acute Severe Ulcerative Colitis Patients: USUC Study Including the GENIUS Cohort.	Yoon-kyo An
	17:40	Transmural Healing – A New Therapeutic Paradigm in IBD?	Christian Maaser (Germany virtual)
	18:00	Is IUS Operator Dependent? Standardisation and Scoring in IUS	Thomas Goodsall
	18:10	Q&A	Chairs, Maaser & Goodsall
	18:20	GENIUS Training Program Update	Lauren White
	18:25	Closing Remarks	Robert Bryant
17:00-18:00 Celltrion Healthcare Symposium. The REMSWITCH study Register Here			
18:00 – 19:15 Janssen Symposium. Is two better than one? The future of combination therapies in IBD w/ Prof Bruce Sands Register Here			
19:30 GESA-GENCA AGW Gala Evening – Australian National Maritime Museum, Darling Harbour. Presentation of Young Investigator Awards and Poster of Merit			

Saturday 10 September

06.45-07.45 **Olympus Symposium.** Artificial Intelligence Should Be the Standard of Care in Endoscopy. Crowne Plaza [Register here](#)

C2.1 Meeting Room

SESSION 1 08:00-09:30	GENERAL GASTRO - TOP 5 GI Conditions RU up to Date?		Chairs: Anil Asthana & Natalie Kiel
	08:00	GERD, FD and HP – Navigating a Stomach Full of Acronyms	Alex Boussioutas & Geoff Kohn
	08:30	Management of iron deficiency. What the Gastroenterologist needs to know	Mayur Garg
	08:50	To Push or not to Push? Medical, Obstetric and Surgical Management of Faecal Incontinence	
		Gastroenterologist view: Allison Malcolm Obstetrician and Gynaecologist view: Gil Burton Colorectal Surgeon view: Margaret Schnitzler	

09:30 — Morning Tea - Exhibition Hall

SESSION 2 10:00-12:00	Plenary: Pyrmont Theatre CLICK HERE for details		

12:00 — Lunch - Exhibition Hall | Posters Of Merit (POMs) - Exhibition Hall

SESSION 3 13:00-15:00	Regional, Remote & Indigenous Network		Chairs: Kirsty Campbell & Julian Rong
	13:00	Regional, Remote & Indigenous Network Update	Kirsty Campbell
	13:20	Training in Regional and Remote Areas	
	13:40	IBD Nurse Perspective: Reducing PBS Rejection of Biologics	Tessa Cubillo
	14:00	Panel Discussion: Establishing and Growing Regional Hubs	Chairs and Speakers

15:00 — Afternoon Tea - Exhibition Hall

SESSION 4 15:30-17:30	No session scheduled in this room at this time		

SESSION 5 17:30-18:30	Eosinophilic Esophagitis (EoE)		
	Free papers: 9min total (7 min pres & 2 min Q&As)		Chairs: Rebecca Burgell & Ajay Sharma
	17:30	EoE: New Therapies for a New Disease	Hamish Philpott
	17:50	Free Paper: Correlations of Distensibility Plateau and Endoscopic Reference Score in Adult Patients with Active Eosinophilic Esophagitis	Ikuo Hirano (virtual)
	18:00	Free Paper: Food-specific Serum IgG4 in the Assessment and Management of Eosinophilic Esophagitis: its role in Guiding Food Elimination Diet	Amanda Lim
	18:10	Free Paper: Florid Eosinophilia is Present in the Muscularis of a Subset of Patients with Achalasia Undergoing POEM.	Sophie Hoile
	18:20	Free Paper: Patient Demographics and Management of EoE in Australasian Children: Racial Differences and Regional Patterns of Care vary Across all Capital Cities. A Decade of Data	Hamish Philpott

17:00-18:00 **Celltrion Healthcare Symposium.** The REMSWITCH study [Register Here](#)

18:00 – 19:15 **Janssen Symposium.** Is two better than one? The future of combination therapies in IBD w/ Prof Bruce Sands
[Register Here](#)

19:30 **GESA-GENCA AGW Gala Evening** – Australian National Maritime Museum, Darling Harbour.
Presentation of Young Investigator Awards and Poster of Merit

Saturday 10 September

06.45-07.45 **Olympus Symposium.** Artificial Intelligence Should Be the Standard of Care in Endoscopy. Crowne Plaza [Register here](#)

C2.2 & C2.3 Meeting Rooms

SESSION 1 08:00-09:30	Surgery in IBD: From Fistulae to Pouches		Chairs: Brit Christensen & Kavitha Subramaniam
	08:00	Best Practice in the Management of Fistulising Crohn's Disease	Mark Silverberg (Canada in person)
	08:20	Role of Interventional IBD in the era of Biologic Therapy	Bo Shen (USA virtual)
	08:40	Case Presentations	Susan Conner & Scott Mackenzie
	09:10	Panel discussion facilitated by Britt Christensen and Kavitha Subramaniam	Bruce Sands , Mark Silverberg , Bo Shen (virtual), Susan Connor & Scott Mackenzie

09:30 — Morning Tea - Exhibition Hall

SESSION 2 10:00-12:00	Plenary: Pyrmont Theatre CLICK HERE for details		

12:00 — Lunch - Exhibition Hall | Posters Of Merit (POMs) - Exhibition Hall

SESSION 3 13:00-15:00	Liver: Advanced Chronic Liver Disease - from Cirrhosis to Transplant		Chairs: Avik Majumdar & Jacinta Holmes
	13:00	Case Presentation – Cirrhosis	Lucy Gracens
	13:05	Debate: Forget the Rest, in Cirrhosis Beta-Blockers are Best. AFFIRMATIVE	James O'Beirne
	13:15	Debate: Forget the Rest, in Cirrhosis Beta-Blockers are Best. NEGATIVE	Jacinta Holmes
	13:25	State of the Art Lecture - Preventing Further Decompensation in Cirrhosis	Juan Abraldes (Canada virtual)
	13:45	State of the Art Lecture - The Optimal Use of Albumin in Cirrhosis	Paolo Caraceni (Italy in person)
	14:05	The AUSTIPS study - Optimising TIPS in Australia	Golo Ahlenstiel
	14:15	Assessment and Management of Bleeding Risk and Thrombosis in Cirrhosis	Natasha Janko
	14:25	Care Bundles and Outcomes in Decompensated Cirrhosis	Madeleine Gill
	14:35	Liver Transplantation Update: What's New in 2022	Ken Liu
	14:45	Panel Discussion and Wrap-up	

15:00 — Afternoon Tea - Exhibition Hall

SESSION 4 15:30-17:30	GENCA		Chairs: Lea Wiggins & Daniel Lightowler
	Free papers: 10min total (8 min pres & 2 min Q&As)		
	15:30	Welcome and GENCA updates	Lea Wiggins
	15:40	Anaesthetic and Recovery for Endoscopy	Jane McDonald
	16:00	Updates in Interventional Endoscopy	Mayenaaz Sidhu
	16:20	Inflammatory Bowel Disease Updates and Review of AGW Content	Stephanie Buckton
	16:40	Infection Control in Endoscopy	Di Jones
	17:00	Free Paper: Effects of an Established Specialist Inflammatory Bowel Disease Nursing Service on Patient Outcomes, Quality of Care and Healthcare Costs	Natalie Yu
	17:10	Free Paper: Nurse Led Model of Care to Risk Stratify Patients with Non-alcoholic Fatty Liver Disease	Brenda Henry
	17:20	Free Paper	TBC

SESSION 5 17:30-19:00	Young GESA (AGM & Networking)		David Prince & May Wong
	17:30	Overview of Young GESA and upcoming activities for 2022-2023	David Prince
	17:50	Q&A	All
	18:00	Networking (concludes 19:00)	All

17:00-18:00 **Celltrion Healthcare Symposium.** The REMSWITCH study [Register Here](#)

18:00 – 19:15 **Janssen Symposium.** Is two better than one? The future of combination therapies in IBD w/ Prof Bruce Sands
[Register Here](#)

19:30 **GESA-GENCA AGW Gala Evening** – Australian National Maritime Museum, Darling Harbour.
Presentation of Young Investigator Awards and Poster of Merit

Saturday 10 September

06.45-07.45 **Olympus Symposium.** Artificial Intelligence Should Be the Standard of Care in Endoscopy. Crowne Plaza [Register here](#)

C2.5 & C2.6 Meeting Rooms

SESSION 1 08:00-09:30		State-of-the-Art Approaches to Upper GI Endoscopy & Barrett's Oesophagus Chair: Bronte Holt, Prasad Iyer & TBC	
	08:00	Chairs Welcome	
	08:05	High Quality Upper Endoscopy	Krish Ragunath
	08:25	Best Management of Dysplasia in Barretts – Indeterminate, LGD and HGD	Eric Lee
	08:45	Endoscopic Resection of Early Oesophageal Cancer	Michael Bourke
	09:05	State of the Art in Barretts Oesophagus – New Approaches to Screening, Diagnosis and Management – What Does the Future Hold?	Prasad Iyer (USA in person)
	09:25	Wrap Up / Discussion	
	09:30	Morning Tea - Exhibition Hall	

SESSION 2 10:00-12:00		Plenary: Pyrmont Theatre CLICK HERE for details	
	12:00	Lunch - Exhibition Hall Posters Of Merit (POMs) - Exhibition Hall	

SESSION 3 13:00-15:00		Paediatrics (1) Chairs: Michael Stormon	
	13:00	Acute Liver Failure: A Storm is Brewing?	Richard Thompson (UK in person)
	13:20	Free Paper: Designing an eHealth Clinical Management System for Young People with Inflammatory Bowel Disease: Consensus Opinion on Topics for Inclusion by Patients, Parents and Clinicians.	Joseph Pipicella
	13:30	The Microbiome in GI Disease: Lessons from Cystic Fibrosis	Keith Ooi and Josie van Dorst
	13:50	Free Paper: Home Administration of Ferric Carboxymaltose (Ferinject ®) is Safe for Children Requiring Home Parenteral Nutrition.	Nicole McFarlane
	14:00	The Changing Face of Paediatric IBD	Andrew Day (NZ in person)
	14:20	Free Paper: An Open Study of Outcomes in Paediatric Acute Severe Colitis and Empiric use of PRASCO Antibiotic Cocktail	Benjamin Loel
	14:30	Eosinophilic GI Diseases Beyond the Oesophagus: Red is the New Black!	Alexandra Papadopoulou (Greece virtual)
	15:00	Afternoon Tea - Exhibition Hall	

SESSION 4 15:30-TBC		Private Practice Network Chairs: Stephen Pianko & Albert Nwaba	
	15:30	Cirrhosis Management in Private Practice	Marcus Robertson
		Panel session: Case discussion, Q&A	Amany Zekry , John Lubel & Helen Vidot
		Chairs: Natalie Kiel & Anil Asthana	
	16:30	Functional Gut Disorders in Private Practice	Michael Kamm
		Panel session: Case discussion, Q&A	Geoff Kohn , Trina Kellar , Jim Kantidakis & Louisa Stephens

SESSION 5 17:15-18:30		Private Practice Network Town Hall Session - a Platform for Change Chairs: Anil Asthana & Adam Gordon	
	17:15	Medical Cost Finder	Brian Kelleher (virtual)
	17:30	The Story of GESA-Private Practice Network Private Gastroenterologists: a Voice for Change Advocacy: - Prostheses List Reform - Telehealth Consultations - Endoscopy Day Hospital Network	

17:00-18:00 **Celltrion Healthcare Symposium.** The REMSWITCH study [Register Here](#)

18:00 – 19:15 **Janssen Symposium.** Is two better than one? The future of combination therapies in IBD w/ Prof Bruce Sands
[Register Here](#)

19:30 **GESA-GENCA AGW Gala Evening** – Australian National Maritime Museum, Darling Harbour.
Presentation of Young Investigator Awards and Poster of Merit

Sunday 11 September

07:00-07:55 Pfizer Symposium. Tofacitinib citrate: 7 year safety¹ and RWE in UC: a clinical exchange [Register here](#)

Pymont Theatre

SESSION 1 08:00-09:30	State-of-the-Art Endoscopy: The Cutting Edge - Approaches For Colon Polyps and Colorectal Cancer		
	Chairs: Michael Bourke and Evelien Dekker		
	08:00	Chairs Welcome	
	08:05	Polyp Detection and Diagnosis – Ensuring high Quality in your Everyday Colonoscopy now and what the Future Holds	Rajvinder Singh
	08:25	Best Practice Polypectomy and EMR- Updates for 2022. How to Ensure the best Evidence Based Outcomes for Patients	Nick Tutticci
	08:45	Endoscopic Recognition and Decision Making in Early CRC – When to Refer, When to Resect	Nick Burgess
	09:05	Recognition and Endoscopic Management of Polyposis Syndromes	Evelien Dekker (NL in person)
	09:25	Wrap Up / Discussion	

09:30 — Morning Tea - Exhibition Hall

SESSION 2 10:00-12:00	State-of-the-Art Endoscopy: The Cutting Edge - Pancreatobiliary Disorders		
	Chairs: Vipul Aggarwal, Arthur Kaffes & Christine Welch		
	10:05	Pancreatic Cystic Lesions – Update on Management	Andrew Metz
	10:25	EUS Guided Tissue Acquisition for Solid Pancreatic Neoplasms- Best Practice in 2022	Sarah Cho
	10:45	Managing Severe Pancreatitis and Pancreatic Fluid Collections	Bronte Holt
	11:05	Chronic Pancreatitis and pain – When to Intervene and when to Medically Manage	Vipul Aggarwal
	11:25	Cholangiocarcinoma – Diagnosis and Management – Updates in 2022	Phillip Craig
	11:45	Wrap Up / Discussion	All

Endoscopy – AGM

concludes 12:00

12:00 — Lunch - Exhibition Hall

12:15 **GESA – AGM and Townhall** (Pymont Theatre)

SESSION 3 13:00-15:00	State-of-the-Art Liver		
	Chairs: Kate Lynch and Purnima Bhat		
	13:00	Case Presentation- PSC	Chloe Attree
	13:05	State of the Art Lecture – The Diagnosis and Management of PSC in 2022	Tom Karlsen (virtual)
	13:35	Manipulating the Microbiome in PSC	Sam Costello
	13:50	Future Therapies in PSC	Palak Trivedi (UK virtual)
	14:00	The Role of MRI in PSC	Yu Xuan Kitzing
	14:15	The Epidemiology of PSC in Australia	Natassia Tan
	14:25	PSC – The Lived Experience – Patient Presentation	Bek Goldsmith
	14:30	Panel Discussion and Case Wrap Up	
	14:45	Liver – AGM	

15:00 — Afternoon Tea - Exhibition Hall

SESSION 4 15:30-17:30	Endoscopy Video Forum & Free Papers		
	Chairs: Payal Saxena, Sneha John & Matthew Remedios		
	15:30	Atrial-Septal Defect occlusion device for closure of broncho-oesophageal fistula	Bronte Holt
	15:40	Laser Lithotripsy for Intraductal Pancreatic Calculi	Nicholas Holt
	15:50	17cm Circumferential Oesophageal ESD for Squamous Carcinoma in situ	Tony He
	16:00	Free paper: Piecemeal cold snare polypectomy for the removal of large duodenal adenomas	Hunter Wang
	16:10	Free paper: Endoscopic ultrasound guided portal pressure gradient measurement in predicting outcomes of abdominal surgery in liver cirrhotic patients: preliminary results	Amanda Lim
	16:20	C-POEM: Restoration of Swallowing Function Following Cricopharyngeal Peroral Endoscopic Myotomy	Nicholas Holt
	16:30	Endoscopic Management of Bouveret's Syndrome with Electrohydraulic Lithotripsy	Conner Blackmore
	16:40	Free paper: Peroral endoscopic myotomy is an effective treatment for hypercontractile oesophageal disorders	Varan Perananthan
	16:50	Free paper: Gastric endoscopic submucosal dissection for early gastric cancer; outside criteria outcomes are comparable to inside criteria in a large Western cohort	Hunter Wang
	17:00	Free paper: The impact of Texture and Colour Enhancement Imaging (TXI) on adenoma detection at colonoscopy: an interim analysis of a randomised-controlled trial	Edward Young
	17:10	Free paper: Project Green Endoscopy: GE Online successfully reduces carbon footprint associated with patient travel in a metropolitan endoscopy unit	Yuming Ding
	17:20	Q&A	

Sunday 11 September

07:00-07:55 Pfizer Symposium. Tofacitinib citrate: 7 year safety¹ and RWE in UC: a clinical exchange [Register here](#)

C2.1 Meeting Room

SESSION 1 08:00-09:30	Nutritional Management of Common Gastrointestinal Disorders Session		
	Chairs: Rebecca Burgell and Alice Day		
	08:00	Inflammatory Bowel Disease: Diet for Symptom Control, Diet for Therapy	Jessica Fitzpatrick
	08:20	Dietary Therapy in MAFLD. More Than Just a Fad Diet.	Marno Ryan
	08:40	Pitfalls in Using Diet to Manage DBGI	Jessica Peters
SESSION 2 10:00-12:00	09:10	Are You Using the Right Fibre? When, What and How	Daniel So (virtual)
	09:30 — Morning Tea - Exhibition Hall		
	GESA Sustainability Network (GSN) Group		
	Chairs: Michael Swan, Co-Chairs: Dan Schneider & Zoe Raos		
	10:00	GSN; a way Forward	Chris Hair
SESSION 3 13:00-15:00	10:10	Meeting the Challenge of Climate Change; a Global Gastroenterology Effort	Geoffrey Metz (virtual)
	10:25	Incorporating NHS actions into the Australian Gastroenterology Environment	Krish Rangunath
	10:40	TBC	Ben Dunne (virtual)
	11:00	The impact of climate change on Pacific Healthcare and People	Mai Ling Perman
	11:15	Implementing Sustainability Actions in the Endoscopy Room Today	Lea Wiggins
SESSION 4 15:30-17:30	11:30	GSN Action Plan	Michael Swan
	11:40	Round Table Discussion – Where to now?	All speakers and chairs
	12:00	Summary and Close	Michael Swan
	12:00 — Lunch - Exhibition Hall		
	Motility Disorders & Free Papers		
SESSION 3 13:00-15:00	Free papers: (7 min pres & 2 min Q&As)		Chairs: Chamara Basnayake & TBC
	13:00	Approach and Management of Refractory GORD?	May Wong
	13:30	Free Paper: Laryngopharyngeal Reflux is a Distinct Disorder from Typical Gastro-oesophageal Reflux Disease Associated with Direct Contamination of the Airway and Associated Hypoxia as Demonstrated by Reflux Scintigraphy	Scott Simpson
	13:40	Free Paper: Functional Dyspepsia is Associated with Retrograde Gastric Slow Wave Activity Detected by a New Body Surface Gastric Mapping Device	Muayad Al-kamyani
	13:50	Free Paper: Can Symptom-based Reflux Questionnaire Predict Abnormal 24-hour Oesophageal pH-impedance Study?	Lisa Shim
SESSION 4 15:30-17:30	14:00	OGJ Outflow Obstruction: a new Diagnostic Entity Associated with Dysphagia	Santosh Sanagapalli
	14:20	POEM in Non-achalasia Motility Disorders	Payal Saxena
	14:40	Panel Discussion	
	15:00 — Afternoon Tea - Exhibition Hall		
	Young GESA: The Pursuit of Happiness – Interesting Career Pathways in Gastroenterology		
SESSION 4 15:30-17:30	Chair: David Prince & Kirsty Campbell		
	15:30	Just Another Talk on Careers in Gastroenterology	Chamara Basnayake
	15:50	Choosing a Career in Motility	May Wong
	16:10	Broadening the Horizons of Gastroenterology	John Ding
	16:30	The Path Less Travelled – Applying Lessons from MBA to Gastroenterology	Yoon-Kyo An
SESSION 4 15:30-17:30	16:50	Q&A and Panel Discussion	

Sunday 11 September

07:00-07:55 Pfizer Symposium. Tofacitinib citrate: 7 year safety¹ and RWE in UC: a clinical exchange [Register here](#)

C2.2 & C2.3 Meeting Room

Liver: HCC and Viral Hepatitis + Free Papers		Chairs: Miriam Levy & Alexander Thompson
Free papers: 10min total (8 min pres & 2 min Q&As)		
SESSION 1 08:00-09:30	08:00 Case presentation HCC	Lauren Andersson
	08:05 Immunotherapy in HCC - an Update	Sid Sood
	08:15 Stereotactic Ablative Radiotherapy	Alan Wigg
	08:25 Preventing HCC in Cirrhosis- is Aspirin the Answer?	John Olynyk (virtual)
	08:35 Case Wrap up	Lauren Andersson
	08:40 Remaining Challenges in HCV	Amany Zekry
	08:50 What's Hot in HBV	Jess Howell
	09:00 Free Paper: Effect of Gut Influence on the Immune Environment in Pre-clinical Hepatocellular Carcinoma	Sj Sijie Shen
	09:10 Free paper: Rapid Point of Care HCV RNA Results are Highly Concordant with Serum HCV RNA Results in a Real-world Setting	Rachit Gupta
	09:20 Free paper: Metabolic Associated Fatty Liver Disease and Alcohol-related Liver Disease are Leading Causes of HCC – an Interim Analysis of the HOMER-2 Study	Joan Ericka Flores
09:30 — Morning Tea - Exhibition Hall		
IBD: Pushing the Boundaries of IBD therapy		Chair: Mark Ward & Alexandra Sechi
Free papers: 10min total (8 min pres & 2 min Q&As)		
SESSION 2 10:00-12:00	10:00 What to Do When the Dose on the Label Fails	Mark Silverberg (Canada in person)
	10:20 Free Paper: Up-front Infliximab Dose Intensification for Secondary Loss of Response in Inflammatory Bowel Disease: similar Efficacy to Dose Interval Shortening with the Added Advantage of Early Clinical and Pharmacokinetic Predictors of Durable Response.	Ashish Srinivasan
	10:30 Free Paper: Long-term use of Ozanimod in Patients with Moderately to Severely Active Ulcerative Colitis	Miles Sparrow
	10:40 Jak and Jills for Jackeroos	Jake Begun
	11:00 Free Paper: Food Nanoparticle is Associated with Gut Microbiome Dysbiosis and Targeted Bacterial Changes in Crohn's disease. The ENIGMA study.	Jingwan Zhang (virtual)
	11:10 Diet in IBD – Prevention and Treatment	Emma Halmos
	11:30 Free Paper: Outcomes at One Year after Sequential use of High-dose Tofacitinib Following Infliximab in Acute Severe Ulcerative Colitis	Ali Eqbal
	11:40 When to pull up stumps? ASUC	Peter De Cruz
12:00 — Lunch - Exhibition Hall		
State-of-the-Art Difficult Scenarios in Endoscopy – Learn from the Experts		Chairs: Saurabh Gupta, Nam Nguyen & Michael Swan
SESSION 3 13:00-15:00	13:05 Dysplastic BE Refractory to RFA and its Management	Prasad Iyer (USA in person)
	13:25 Managing Difficult Oesophageal Strictures	Spiro Raftopoulos
	13:45 Maximising Success and Avoiding Complications in ERCP	Matthew Remedios
	14:05 Safe Interventional EUS – Transluminal Biliary and Gallbladder Access	Saurabh Gupta
	14:25 Post-surgical Complications – What Can Endoscopists Do?	Milan Bassan
	14:45 Wrap Up / Discussion	
15:00 — Afternoon Tea - Exhibition Hall		
Motility Disorders & DGBI Clinically Focused		Chairs: Allison Malcolm & Vincent Ho
Free papers: (7 min pres & 2 min Q&As)		
SESSION 4 15:30-17:30	15:30 Complex Outpatient Cases: What's Your Diagnosis and Management?	Nick Talley
	16:00 Clinical Investigation of Chronic Constipation: Consensus and Controversy	Mark Fox (Switzerland virtual)
	16:25 Free Paper: Clinical features and outcomes of idiopathic megarectum – a case series from a tertiary referral centre	Kyle Wu (pre-recorded)
	16:35 Free Paper: Colonic Faecal Loading on Abdominal X-ray is More Useful than Bowel Habit History in Managing Patients Presenting with Functional Gut and Reflux Symptoms	Scott Simpson
	16:45 FMT as a Treatment for Functional GI Disorders. Are We There Yet?	Sam Costello
	17:15 Panel Discussion	

Sunday 11 September

07:00-07:55 Pfizer Symposium. Tofacitinib citrate: 7 year safety¹ and RWE in UC: a clinical exchange [Register here](#)

C2.5 & C2.6 Meeting Room

SESSION 1 08:00-09:30	Paediatrics (2)	Chairs: TBC and Ajay Sharma
	08:00 Is There a Role for Esophageal Manometry and Impedance in Children	Mark Safe
	08:20 Free Paper: Autism, Heterogeneity and Dietary Intakes in an Australian Paediatric population.	Nisha Mathew
	08:30 Coeliac Disease: Levelling the Playing Field	Shaun Ho
	08:50 Free Paper: Anthropometric Measures in Paediatric Inflammatory Bowel Disease: A Single-centre Retrospective Cohort Study in Sydney, Australia	Aylin Gunes
	09:00 Colonoscopy in Paediatrics: What's the Ideal?	Looi Ee
	09:20 Free Paper: Paediatric Inflammatory Bowel Disease (PIBD) in Australian Children from Immigrant Backgrounds: A Single-centre Description of Disease Phenotype and Biologic Therapy use in Sydney, Australia	Saurav Jain
	09:30 — Morning Tea - Exhibition Hall	
SESSION 2 10:00-12:00	State-of-the-Art Paediatrics: Genomics in Acute Liver Failure	Chairs: Ajay Sharma and Usha Krishnan
	10:00 State of the Art Paeds: New Age Genomics in Acute Liver Failure	Richard Thompson (UK in person)
	10:30 Introducing PEDAGREE: ANZ Paediatric Research Collaboration	Andrew Day (NZ in person)
	GESA Paediatric Network Annual Members Meeting	
	12:00 — Lunch - Exhibition Hall	
SESSION 3 13:00-15:00	Pragmatic Pearls in an Ocean of IBD	Chairs: Simon Ghaly & Daniel Lightowler
	Free papers: 10min total (8 min pres & 2 min Q&As)	
	13:00 Crystal Ball of IBD: Precision Medicine	Miles Parkes (UK virtual)
	13:20 Free Paper: Post-induction IL12/23 Levels Correlate with Clinical Response and Remission after Ustekinumab in a Multi-centre Prospective Cohort Study of Crohn's Disease Patients: Preliminary Induction Results of the AURORA Study Including the ANZIBDC Cohort	Yoon-kyo An
	13:30 Histologic Healing: How Far to Reach?	Britt Christensen
	13:40 Free paper: Histological Remission using a Nancy Index of 0 is Associated with Longer Relapse-free Survival than Histological Activity in Patients with Ulcerative Colitis in Clinical and Endoscopic Remission	Aviv Pudipeddi
	13:50 IBD in a Time of COVID	Eva Zhang
	14:00 Free Paper: Humoral and T cell responses to COVID-19 vaccination in IBD	Eva Zhang
	14:10 Keeping the IBD Service Afloat During COVID	Stephanie Fry
	14:20 The Mamas and the Papas of IBD	Emma Flanagan
	14:35 Q&A	
	15:00 — Afternoon Tea - Exhibition Hall	
SESSION 4 15:30-17:30	Liver: MAFLD + Free Papers	Chairs: Jacob George & Elizabeth Powell
	Free papers: 10min total (8 min pres & 2 min Q&As)	
	15:30 Case presentation	Damian Harding
	15:35 Non-invasive Testing in MAFLD - Tips and Tricks	Luis Bertot (virtual)
	15:50 State of the Art: Future Therapies for Fatty Liver Disease	Michael Trauner (Austria virtual)
	16:15 MAFLD - it's All in a Name	Jacob George
	16:30 Case Wrap Up	Damian Harding
	16:40 Free Paper: Expanded use of New Diabetes Medications in Patients with Type 2 Diabetes and Nonalcoholic Fatty Liver Disease is Associated with a Lower Prevalence of Elevated Liver Stiffness Measurements	Lucy Gracen
	16:50 Free paper: Investigating the Therapeutic Potential of Targeted Interleukin-22 Therapy in Metabolic Dysfunction Associated Steatohepatitis	Haresh Sajiir
	17:00 Free paper: Pregnancy-related Liver Disease is More Common in Aboriginal and Torres Strait Islanders: Targeting an at-risk and Unstudied Population	Alexandra Fullerton (virtual)
	17:10 Free paper: Long-term Obeticholic Acid for Primary Biliary Cholangitis in a Clinical Trial Improved Event Free Survival (Death, Liver Transplant, and Hepatic Decompensation) Compared to External Controls from the GLOBAL PBC Real-world Database	Gideon Hirschfield (virtual)
	17:20 Free paper: Liver Outcome Score Predicts Liver-related Mortality in Patients with Autoimmune Liver Disease Overlap Syndrome.	Dujinthan Jayabalan
