This session will focus on the roles and remits of underwriters, claims assessors and CMO's in light of current technology advances.
Monday	16.15	17.15	(Session I) - Keynote Speaker	Professor Richard Wiseman, Psychologist and specialist on deception - The Psychology of Lying and Deception. As an industry we strive to be transparent and fair to all our customers. Yet misrepresentation still occurs, why? • Can we do more to understand the behaviour of our consumers? • Why do some people lie and deceive, whilst others are honest and reliable? • Is it possible to employ technology to help catch a liar? • Why are most people very poor lie detectors, and can anything be done to improve their skills? In this interactive talk, Professor Wiseman with his magical blend of humour and charisma, provides a lively and highly entertaining session presenting an accessible and informative insight into the psychology of deceit, and how science can help distinguish truth from fiction.
Monday	19.00	20.00	Drinks Reception	Drinks Reception
Monday	20.00	01.00	Conference Dinner	Conference Dinner
Tuesday	8.00	16.00	Registration Opens	Registration Opens
