

14th - 16th
February
2025

Preliminary Agenda

ITC 2025 Agenda

Day (1) 14th February 2025

From	To	Topic	Speaker
8:00	8:30	Registration & Exhibition Opening	
8:30	10:30	Session (1) Pelvis	
8:30	8:40	The killing pelvic fracture: Incidence, characteristics and early decision making	Emmanuel Liodakis
8:40	8:50	AP1 and LC1 injuries: Benign or they require treatment?	Peter Giannoudis
8:50	9:00	AP3 pelvic lesions: My preferred method of reconstruction	Francisco Chana Rodriguez
9:00	9:10	Vertical shear pelvic lesions: Reduction tips and tricks to optimize outcomes.	Nikhil Shah
9:10	9:20	Combined pelvis and acetabulum injuries: How to analyse and fix the lesion?	Nikhil Shah
9:20	9:30	Modern management of open pelvic fractures	Francisco Chana Rodriguez
9:30	9:40	Sacral lesions with neurological compromise: Assessment and treatment	Peter Giannoudis
9:40	9:50	Percutaneous fixation of pelvic lesions: Latest advances	Emmanuel Liodakis
9:50	10:00	Pelvic ring lesions in the elderly: which ones to fix and how?	Thierry Begue
10:00	10:10	Pelvic ring non-union: Incidence, topography and algorithm of treatment.	Emmanuel Liodakis
		Management of fracture pelvis and acetabulum presented late	Hazem Abdul Azeem
10:10	10:20	Total hip replacement after acetabular fractures	Nikhil Shah
10:20	10:30	Acute fix and replace	
10:20	10:30	Q&A	
10:30	11:00	Opening Ceremony & Coffee Break	

11:00	13:00	Session (2) Polytrauma	
11:00	11:10	The ideal trauma care system: My personal view	Peter Giannoudis
11:10	11:20	Initial physiological assessment: Has anything changed with conventional and inflammatory markers?	
11:20	11:30	Soft tissue injuries , top priority in fracture treatment	Hazem Abdul Azeem
11:30	11:40	Use of ROBOA in polytrauma: friend or enemy?	Emmanuil Liodakis
11:40	11:50	What markers I look for to stop operating?	
11:50	12:00	Systemic inflammatory response (SIRS): Friend or enemy?	Peter Giannoudis
12:00	12:10	More than 2 long bone fractures still an issue of concern?	
12:10	12:20	Multiple trauma in children: What have we learned?	
12:20	12:30	Do elderly polytrauma patients have special needs?	Emmanuil Liodakis
12:30	12:40	Polytrauma and pregnancy: Protocol and outcomes	Peter Storm
12:40	12:50	Case Discussion	
12:50	13:00	Q&A	
13:00	14:30	Lunch Break & Prayer Break	

14:30	16:20	Session (3) Lumbar Spine. Back to the Basics	
14:30	14:40	Disc Pathologies, What does really hurt?	Omar AlNori
14:40	14:50	Lumbar Disc Herniation. Natural history and treatment options	Wael Chaaban
14:50	15:00	Thoracolumbar fractures: MIS vs open treatment	Alexander Vaccaro
15:00	15:10	Instrumentation Failure in Osteoporotic Spine: Etiology and How to Prevent it	Abdulrazzaq Alobaid
15:10	15:20	Q&A - Audience Response	
15:20	15:30	What is truly Sagittal balance?	Tony Tannoury
15:30	15:40	Post Traumatic Kyphosis: Evaluation and Treatment	TBA
15:40	15:50	Proximal Junctional disease	Nayef Bin Dajem
15:50	16:00	Posterior approach deformity correction	Alexander Vaccaro
16:00	16:10	Anterior to the Psoas approach Deformity correction	Tony Tannoury
16:10	16:20	Case Discussion	Omar Alnori
16:20	16:30	Q&A - Audience Response	
16:30	16:40	Coffee Break	

16:45	18:35	Session (4) Cervical Spine Injuries with Neurological Deficit	
16:45	16:55	How I evaluate cervical fractures	Alexander Vaccaro
16:55	17:05	Updates on pharmacological therapies for cord injuries	Alexander Vaccaro
17:05	17:15	Management of C1-2 injuries	Nader Hebela
17:15	17:25	Surgical indications for Lateral mass and or facet fractures	Abdulrazzaq Alobaid
17:25	17:35	Q&A - Audience Response	
17:35	17:45	Natural history of OPLL and how it affects treatment choices	TBA
17:45	17:55	Anterior approach for multiple level DDD with central cord syndrome	Nick Haden
17:55	18:05	Posterior approach for multiple level DDD	Tony Tannoury
18:05	18:15	Cervical Myelopathy: Diagnosis and treatment recommendations	TBA
18:15	18:25	Updates on management of Post Surgical Spinal Infections	Omar Alnori
18:25	18:35	Cervical Case discussion	Nayef Bin Dajem
18:35	18:45	Q&A - Audience Response	

End of Day (1)

Day (2) 15th February 2025

From	To	Topic	Speaker
8:00	8:30	Registration & Exhibition Opening	
8:30	10:10	Session (5) Shoulder Sports	
8:30	8:40	The Role of ligament transfer in acute, chronic or failed repair of ACJ dislocation.	Sami Roukoz
8:40	8:50	Patho-anatomy of ACJ-injuries and their implications for surgical treatment	Martin Jaeger
8:50	9:00	Anterior shoulder dislocation: How do deal best with first time dislocations (non-operative, Bankart repair, or more?)	Bhuvan Machani
9:00	9:10	Anterior shoulder instability: How to deal best with anterior bone loss (anatomic versus non-anatomic procedures)	
9:10	9:20	Rotator cuff tears: Treatment algorithm – When shall I operate?	
9:20	9:30	Massive rotator cuff tears : Role of non prosthetic treatment.	Sami Roukoz
9:30	9:40	Simple technique of all arthroscopic anchorless biceps tenodesis	Sami Roukoz
9:40	9:50	Shoulder arthroplasty for rotator cuff tears: Is return to sport / work still possible?	Martin Jaeger
9:50	10:00	Case Discussion	
10:00	10:10	Q&A	
10:10	10:30	Coffee Break	
10:30	11:50	Session (6) Shoulder and Elbow Trauma	
10:30	10:40	Proximal Humerus Fracture, When to operate / any update	Hayder Al Saadi
10:40	10:50	Complex proximal humerus fracture Hemi vs Reverse Arthroplasty any place for Conservative Management?	Bhuvan Machani
10:50	11:00	How to Manage Instability after Reverse Arthroplasty	
11:00	11:10	Periprotetic fractures around the shoulder and elbow	Prof Karl Stoffel
11:10	11:20	Terrible Triad Fracture Dislocation	Peter Storm
11:20	11:30	ORIF vs TEA distal humerus fractures	Thierry Begue
11:30	11:40	Case Discussion	Bhuvan Machani
11:40	11:50	Q&A	
11:50	13:30	Lunch Break & Prayer Break	

13:30	15:20	Session (7) Knee by Dr. Gerhard Achatz	
13:30	13:40	Update on indications and treatment strategies for anterior cruciate ligament injuries	Gerhard Achatz
13:40	13:50	Multiligamentous knee joint injuries - concepts for treatment	Hendrik Fahlbusch
13:50	14:00	Pitfalls in the treatment of distal intraarticular femur fractures	Prof Karl Stoffel
14:00	14:10	Fracture treatment of the patella - is there anything new to know?	Hendrik Fahlbusch
14:10	14:20	Tibial plateau fractures - special challenges	Gerhard Achatz
14:20	14:30	Periprosthetic Fracture around the Knee	Thierry Begue
14:30	14:40	Tibial shaft fractures - plating or nailing?	Axel Franke
14:40	14:50	Complex fractures of the distal femur including peri-prosthetic fractures	Prof Karl Stoffel
14:50	15:00	Proximal Tibia Fracture, Plating or Nailing?	Robert Dunbar
15:00	15:10	Case - Discussion 2: Once the germ is inside - experiences from septic surgery	Axel Franke
15:10	15:20	Q&A	
15:20	15:35	Coffee Break	

15:35	17:10	Session (8) Knee Sports	
15:35	15:45	Cruciate ligament injury - Modern concepts of non contact injury mechanisms and concomitant injuries	Kaywan Izadpanah
15:45	15:55	Meniscal root lesions and their impact on knee stability	Robbert van Dijck
15:55	16:05	Anterolateral stabilization - Indication, techniques and outcomes	Robbert van Dijck
16:05	16:15	Anteromedial to posteromedial injuries in the anterior cruciate torn knee joint	Kaywan Izadpanah
16:15	16:25	Bony alignment in cruciate ligament torn patients	
16:25	16:35	ACL- revision - Indications based on the ESSKA consensus	Robbert van Dijck
16:35	16:45	One step or two step revision cruciate ligament repair	
16:45	16:55	Rehab and prevention of the ACL tear - State of the art	Kaywan Izadpanah
16:55	17:05	Posterolateral corner injury, diagnosis, how to treat	Robbert van Dijck
17:05	17:15	Q&A	

End of Day (2)

Day (3) 16th February 2024

From	To	Topic	Speaker
8:00	8:30	Registration & Exhibition Opening	
8:30	10:20	Session (9) Hip & Femur	
8:30	8:40	Hip dislocation and Pipkins fracture - How to handel, how to treat? An Update ... !	Axel Franke
8:40	8:50	The femoral neck fracture - new implants, old problems?	Fabian M. Stuby
8:50	9:00	Poximal femur fracture - special anatomical and biomechanical features for treatment	Gerhard Achatz
9:00	9:10	Periprosthetic fractures around the hip	Nikhil Shah
9:10	9:20	Fracture arthroplasty on the proximal femur	Fabian M. Stuby
9:20	9:30	Periprosthetic fractures around the hip	Hazem Abdul Azeem
9:30	9:40	Metaphyseal and supracondylar femur fractures - a challenge in treatment	Gerhard Achatz
9:40	9:50	Joint fractures of the distal femur	Axel Franke
9:50	10:00	Nonunion of fracture neck of femur after internal fixation ,new approach	Hazem Abdul Azeem
10:00	10:10	Case - Discussion 2: The challenge of a periprosthetic femur fracture	
10:10	10:20	Q&A	
10:20	10:45	Coffee Break	
10:45	12:55	Session (10) Recon	
10:45	10:55	Circular fixation in acute trauma	
10:55	11:05	The role of ciruclar fixation in tibial pilon fractures	
11:05	11:15	Soft tissue reconstruction in open fractures: the role of Deformity Assisted wound closure	Nando Ferreira
11:15	11:25	Local antibiotics in open fracture management: is there a place?	
11:25	11:35	Case example: circular fixator in acute trauma	Nando Ferreira
11:35	11:45	Case example: Deformity assisted wound closure	
11:45	11:55	Update on fracture related infection (FRI)	
11:55	12:05	Reconstruction of segmental bone defects	Thierry Begue
12:05	12:15	Evidence based appraoch to nonunion management	Nando Ferreira
12:15	12:25	Treatment of infected non-unions	
12:25	12:35	FRI case example: To DAIR or not to DAIR	Nando Ferreira
12:35	12:45	Case example: Bone defect reconstruction	Sami Roukoz
12:45	12:55	Q&A	
12:55	14:00	Lunch Break & Prayer Break	

14:00	15:30	Session (11) Foot & Ankle	
13:30	13:40	Ankle Replacement, Indications and Techniques	
13:40	13:50	Calcaneus fractures management - treatment choices	Ehab Kheir
13:50	14:00	Talus Fracture, My approach?	
14:00	14:10	Evolution of treatment of Lisfranc injury	Ehab Kheir
14:10	14:20	Metatarsalgia (Painful Forefoot), Any Update?	
14:20	14:30	Adult Flexible Pus planus when to interfere?	
14:30	14:40	Pes Cavus, Diagnosis and Management	
14:40	14:50	Hallux Valgus, management update?	
14:50	15:00	My approach to Pilon Fracture	Robert Dunbar
15:00	15:10	Little Toe deformity, When to interfere?	
15:10	15:20	Case Discussion	
15:20	15:30	Q&A	
15:30	15:45	Coffee Break	
15:45	17:45	Session (12) Oral Abstract	
15:45	15:55		
15:55	16:05		
16:05	16:15		
16:15	16:25		
16:25	16:35		
16:35	16:45		
16:45	16:55		
16:55	17:05		
17:05	17:15		
17:15	17:25		
17:35	17:45		

End of Day (3)

14th - 16th
February
2025

Thank You
