

Saturday, 17 June 2023

- 09.00-12.30 **Education Course** (Auditoriums 10-11)
- 09.00-09.50 ***The Assembly of the Node of Ranvier in Response to Myelination***
Catherine Faivre-Sarrailh, PhD
- 09.50-10.40 ***Approach to Laboratory and Neurophysiological Testing in Peripheral Neuropathy***
Rocio Vazquez Do Campo, MD
- 10.40-10.50 Coffee Break (Foyer)
- 10.50-11.40 ***Emerging Pathology and Potential for Treatments in GBS***
Simon Rinaldi, MBChB, PhD
- 11.40-12.30 ***Basic Mechanisms of Pain: New Developments***
Grace Shin, PhD
- 12.40-13.40 Lunch with the Experts (Treehouse)
- 13.50-16.20 **Education Course Cont'd** (Auditoriums 10-11)
- 13.50-14.40 ***Treatment Approach for Painful Neuropathy***
Nanna Brix Finnerup, MD, PhD
- 14.40-15.30 ***Treatment Induced Neuropathy of Diabetes***
Christopher Gibbons, MD, MMSc
- 15.50-16.20 ***CMTX: Clinical to Basic Biology***
Alexia Kagiava, BSc, MSc, PhD
- 16.20-17.05 Coffee Break, Poster Set Up, & Exhibit Hall Opening (Hall D)
- 17.05-18.35 **PNS Concurrent Mini Symposia** (Auditoriums 10 & 11)
- 1. *Emerging Gene Therapies for Peripheral Neuropathies from the Bench to Translation***
Speakers: Marina Stavrou, PhD; Suzan Boutary, PhD; Kathrin Meyer, PhD
- 2. *Young Investigator Symposium: Fluid Biomarkers in Inflammatory Neuropathies***
Speakers: Janev Fehmi, MD; Elba Pascual Goni, MD, PhD; Luise Appeltshauser, MD, MSc; Christian Moritz, PhD
- 19.30-22.30 **PNS Welcome & Junior Reception** (Offsite: Tivoli Gardens)

Sunday, 18 June 2023

- 07.30-08.30 Poster Set Up (Hall D)
- 08.30-09.15 Peter Dyck Lecture** (Auditoriums 10-12)
Structural-Functional Plasticity of Peripheral Nerves in Chronic Pain
Rohini Kuner, PhD
- 09.15-10.15 **PNS Platform Presentations** (Auditoriums 10-12)
- 10.15-11.00 Richard & Mary Bunge Lecture** (Auditoriums 10-12)
Schwann Cell Gene Regulatory Networks Driving Myelination and Injury Responses
John Svaren, PhD

Modified 13 February 2023

- 11.00-11.30 Coffee Break, Exhibits & Poster Viewing (Hall D)
11.30-12.15 Arthur Asbury Lecture (Auditoriums 10-12)
Changing Views of CIDP
 Claudia Sommer, MD, PhD
 12.30-13.30 Lunch Sponsored Symposium – Takeda (Hall D5)
Unlocking the Future of CIDP Management
 12.30-13.30 Lunch with the Experts (Treehouse)
 13.45-15.45 **Concurrent SIG Sessions – CMTR, INC, IDNC/NPC/TNC (Auditoriums 10, 11, and 12)**

CHARCOT-MARIE-TOOTH AND RELATED NEUROPATHIES CONSORTIUM (CMTR)

- 13.45-15.15 **CMTR Abstract Presentations**
 15.15-15.45 ***The Phenotypic Complexity of CMT and Related Disorders***
 Tanja Stojkovic, MD
 15.45-16.15 Coffee Break, Exhibits & Poster Viewing (Hall D)
 16.15-16.45 ***Early Onset ALS and the Importance of Sphingolipid Regulation: New Insights into SPT-associated Nerve Disease***
 Carsten Bönnemann, MD, habil.
 16.45-17.45 **CMTR Abstract Presentations**

INFLAMMATORY NEUROPATHY CONSORTIUM (INC)

- 13.45-15.15 ***Alternative Trial Designs in Neuropathies / Mini Symposia***
 Michael Lunn, MD, PhD; Jeremy Chataway, MA, PhD, FRCP; Max Parmar
 15.15-15.45 **INC Project Updates**
 15.45-16.15 Coffee Break, Exhibits & Poster Viewing (Hall D)
 16.15-16.45 **INC Platform Presentations**
 16.45-17.45 **INC Oral Poster Presentations**

JOINT SIG SESSION:

INTERNATIONAL DIABETES NEUROPATHY CONSORTIUM (IDNC)

NEUROPATHIC PAIN CONSORTIUM (NPC)

TOXIC NEUROPATHY CONSORTIUM (TNC)

- 13.45-15.15 ***Mechanistic Insights Across Diabetic and Toxic Neuropathies and Neuropathic Pain***
IDNC Speaker
 Yves De Koninck, PhD | Failing Central Inhibition as a Common Culprit Across Painful Neuropathies: Uncontrolled Sensitization and Sensory Crosstalk
NPC Speaker
 Nanna Brix Finnerup, MD, PhD | Mechanisms of Painful Polyneuropathy: Insights from Sensory and Nerve Excitability Testing
TNC Speaker
 Ruth Stassart, MD | Myelin Heterogeneity of Peripheral Nerve Axons
 15.15-15.45 **Moderated Discussion Panel**
 15.45-16.15 Coffee Break, Exhibits & Poster Viewing (Hall D)
 16.15-17.45 ***Emerging Talent Joint SIG Session***
IDNC Speaker

Jonathan Enders, PhD | Mechanisms of Analgesia by a Ketogenic Diet

NPC Speaker

Kate Sadler, PhD | Peripheral Nerve Dysfunction and Pain in Sickle Cell Disease

TNC Speaker

Elisabetta Babetto, PhD | Schwann Cells Respond to Axon Injury with Distinct Neuroprotective Programs

Monday, 19 June 2023

08.30-08.45	Meeting Highlights (Auditoriums 10-12)
08.45-09.30	Anita Harding Lecture (Auditoriums 10-12) <i>Exploring Beyond the Exome: A CMT Genetics Odyssey from Exome to Structural Variation and Non-Coding Mutations</i> Marina Kennerson, BSc (Hons), MSc (Med), PhD
09.30-10.30	PNS Platform Presentations (Auditoriums 10-12)
10.30-11.00	Coffee Break, Exhibits & Poster Viewing (Hall D)
11.00-11.45	Jack Griffin Lecture (Auditoriums 10-12) <i>Building the Peripheral Nervous System from Human Stem Cells</i> Lorenz Studer, MD
11.45-12.45	PNS Oral Poster Presentations (Auditoriums 10-12)
12.45-13.15	PNS Annual General Business Meeting (Auditoriums 10-12)
13.30-14.30	Lunch Sponsored Symposium – Alnylam (Hall D5) <i>Evolving Patient Expectations and Experience in Hereditary ATTR Amyloidosis</i>
13.30-14.30	Lunch with the Experts (Treehouse)
14.45-16.15	Concurrent SIG Sessions – CMTR, IDNC, INC, NPC, TNC (Auditoriums 10, 11, 12, 15 & 180-181)
CHARCOT-MARIE-TOOTH AND RELATED NEUROPATHIES CONSORTIUM (CMTR)	
14.45-15.15	Emerging Therapies for CMT Davide Pareyson
15.15-16.15	CMTR Abstract Presentations
INFLAMMATORY NEUROPATHY CONSORTIUM (INC)	
14.45-15.15	INC Oral Poster Presentations
15.15-15.45	We Need to Talk about GM1 Hugh Willison
15.45-16.15	COVID19, Vaccines and Peripheral Neuropathies Giuseppe Lauria
INTERNATIONAL DIABETES NEUROPATHY CONSORTIUM (IDNC)	
14.45-16.15	IDNC Platform & Oral Poster Presentations
NEUROPATHIC PAIN CONSORTIUM (NPC)	
14.45-16.15	NPC Platform & Oral Poster Presentations
TOXIC NEUROPATHY CONSORTIUM (TNC)	
14.45-15.15	Update on TNC Activities and Discussion
15.15-16.15	TNC Platform Presentations

Modified 13 February 2023

- 16.15-16.45 Coffee Break, Exhibits & Poster Viewing (Hall D)
- 16.45-18.15 **PNS Concurrent Mini Symposia** (Auditoriums 10, 11 & 12)
1. ***Genes and the Peripheral Nervous System – Beyond CMT***
Speakers: Andrea Cortese, MD, PhD; Vincent Timmerman, MSc, PhD; Violaine Plante-Bordeneuve, MD
 2. ***Update on Peripheral Nerve and Muscle Imaging: from Bench to Bedside***
Speakers: Daniel Schwarz, MD, PhD; Lisa Hobson-Webb, MD, PhD; Stefano Tamburin, MD, PhD
 3. ***Schwann Cell Renaissance in Pain: Critical Appraisal of New Knowledge on Old Cells***
Speakers: Pall Karlsson, PhD; Wendy Campana, PhD; Nurcan Uceyler, MD, PhD
- 18.15-20.15 **PNS Poster Reception** (Hall D)

Tuesday, 20 June 2023

- 08.30-08.45 **Meeting Highlights** (Auditoriums 10-12)
- 08.45-09.30 PK Thomas Lecture** (Auditoriums 10-12)
Disease Mechanisms and Therapeutic Strategies for tRNA Synthetase-Associated Peripheral Neuropathies
Robert Burgess, PhD
- 09.30-10.30 **PNS Platform Presentations** (Auditoriums 10-12)
- 10.30-11.00 Coffee Break, Exhibits & Poster Viewing (Hall D)
- 11.00-11.45 Jonathan Pembroke Lecture** (Auditoriums 10-12)
Therapeutic Approaches for Hereditary Peripheral Neuropathies and Motor Neuron Disease
Giampietro Schiavo, PhD
- 11.45-12.45 **PNS Oral Poster Presentations** (Auditoriums 10-12)
- 13.00-14.00 Lunch Sponsored Symposium - Sanofi (Hall D5)
Complement in CIDP
- 13.00-14.00 Lunch with the Experts (Treehouse)
- 14.15-16.15 **Richard A.C. Hughes Symposium: Clinical Highlights** (Auditoriums 10-11)
Clinical Trials & Novel Late Breaking Abstracts
- 14.15-16.15 **Basic Science Highlights** (Auditorium 12)
- 16.15-16.45 Coffee Break, Exhibits & Poster Viewing (Hall D)
- 16.45-17.15 **Meeting Takeaways & Future Perspectives** (Auditoriums 10-12)
- 17.15-18.00 Presidential Lecture** (Auditoriums 10-12)
My Fascination with Demyelinating Neuropathies
Richard Lewis, MD
- 18.00-18.30 **PNS Awards Ceremony** (Auditoriums 10-12)
- 19.30-22.30 **PNS Closing Reception** (Offsite: Royal Danish Playhouse)

Wednesday, 21 June 2023

- 09.00-12.00 **PNS Board Meeting** (178)
