

Basic Assessment and Support in Intensive Care

Dates:

23 and 24 June 2022

10 and 11 November 2022

Time: 8am – 5pm

Where: University of Tasmania, Medical Science Precinct, 17 Liverpool Street, Hobart

Cost: \$625 (GST inclusive) includes refreshments and learning materials

Specifically designed for junior ICU doctors, doctors with critical care rotations and senior trainees in medicine, surgery or emergency medicine. This course will prepare you to carry out assessment and practical management of seriously ill patients in an acute medical environment.

This course has been developed in Hong Kong, and is taught by local and Interstate Intensive Care Specialists using hands-on skill stations and tutorials and will cover:

- Principles of mechanical ventilation
- Acute myocardial infarction
- Management of severe sepsis and septic shock
- Management of severe trauma
- Transport of critically ill patients
- Oliguria and acute renal failure

Please note: Prior to attending the BASIC course, you will be required to complete an online MCQ test. Further details will be provided upon your enrolment.
