

USANZ 2025 PROGRAM

SATURDAY 1 MARCH 2025

0800-1930	Registration desk open				
1300-1700	Speaker preparation room open - Meeting Room 9				
0900-1200	USANZ Workshop	USANZ Workshop	Combined USANZ & ANZUNS Workshop	USANZ Workshop	Combined USANZ & ANZUNS Workshop
	Meeting Room 1	Meeting Room 8	Meeting Room 6	Meeting Room 3	Meeting Room 7
  					
	Prostate cancer / Complex robotics	Radical decisions: Navigating challenges before, during and after radical cystectomy	Masters of the (L)U(TS)niverse: Breaking down complex male LUTS with expert insights	Game of stones: Evolving techniques in endoscopy and lithotripsy	Female urology – Medical session
	Focus on management of complex robotic cases with tips and tricks, complications discussions. Focus on prostate with lesser coverage of renal/bladder	Surgical management, bladder preserving therapy and discussion of role of chemo/ immunotherapy (trial updates etc)	Evaluation and management of complex cases where lower urinary tract symptoms in men co-exist with neurology or other pathology. Urodynamics, OAB management and role for outflow surgery	Latest technology updates, along with expert tips and tricks for PCNL and complex stones	Updates on Oestrogen replacement update, sexual health considerations in females, Vulval and vaginal conditions to recognise, chronic UTIs and urethral masses.
	Chairs: Matt Brown, Renu Eapen	Chairs: Ahmed Goolam, Steve McCombie	Chairs: Janice Cheng, Amanda Chung, Jeff Thavaseelan	Chairs: Greg Jack, Nadya York	Chairs: Caroline Dowling, Jessica Yin
	Speakers: Alberto Breda, Orit Raz, Samir Taneja	Speaker: Laura Bukavina	Speaker: Steven Kaplan	Speakers: Joe Phillip, Rajeev TP, Steffi Yuen	Speaker: Mohit Khera
1015-1045	Morning Tea				
1200-1300	Lunch				

1300-1600	USANZ Workshop	Combined USANZ & ANZUNS Workshop	USANZ Workshop	USANZ Workshop	Combined USANZ & ANZUNS Workshop	USANZ/KUA Symposium
	Riverview 4	Meeting Room 6	Meeting Room 1	Meeting Room 3	Meeting Room 7	Meeting Room 8

Ultrasound unveiled: Mastering the mysteries of urological ultrasonography	Prostate cancer focal therapy: Techniques, innovations and its role in 2025 and beyond	Renal cancer controversies	Implants and infertility: Tackling complexities in andrology and male infertility	Reconstruction for female and functional conditions	KUA/USANZ Symposium (1-3pm)
This workshop is open to Consultants (USANZ Members) and SET Urology Trainees. This workshop has limited numbers	Deep dive into focal therapy for prostate cancer with comparison of treatment modalities, Australian and international experience updates	Management of renal cancer from diagnosis to treatment including discussion of diagnostic dilemmas, focal therapy and role of chemo/ immunotherapy	Discussion of complex cases and controversies in penile prosthetic surgery and male infertility microsurgery	Robotic, open and TV reconstruction in female and functional conditions with a panel discussion of complications seen in reconstructive surgery	
Chairs: Lewis Chan, Janice Cheng	Chairs: Phil Stricker, Andrew Tan	Chairs: Kara McDermott, Sarah O'Neill	Chairs: Gideon Blecher, Shannon Kim	Chairs: Caroline Dowling, Jessica Yin	Chairs Session 1: Seong Il Seo, Helen O’Connell, Shane La Bianca
Speakers to be confirmed	Speakers: Jeremy Grummet, Orit Raz, Peter Royce, Andrew See, Samir Taneja, Celi Varol	Speakers: Alberto Breda, Laura Bukavina	Speakers: Mohit Khera, Vaibhav Modgil, Ohad Shoshany	Speaker: Benoit Peyronnet	Chairs Session 2: Sung Kyu Hong, Kyung Hyun Moon, Damian Bolton

1415-1445	Afternoon tea
1615-1715	Understanding the Fellowship Exam: Format Overview and Demonstration Vivas
	Meeting Room 1
1615-1730	USANZ AGM
	Meeting Room 2
1730-1830	Opening Ceremony & Harry Harris Oration (Prof Bruce Robinson AM)
	Riverside Theatre
1830-2000	Welcome Reception (Exhibition Hall with Industry)
1930-2200	Women in Urology Networking Reception - Long Chim, COMO The Treasury

SUNDAY 2 MARCH 2025

0645-1730	Registration desk open
0700-1730	Speaker preparation room open - Meeting Room 9
0700-0745	USANZ Breakfast symposium:
	Riverview 4
	BPH breakthroughs: Personalizing treatment in 2025 and beyond
	Evaluation and management of bPH with updates about minimally invasive surgical therapies both current and emerging as well as discussion of the role of cavitating therapies
	Chair: Henry Woo
	Speaker: Steven Kaplan (US)
0800-1000	USANZ Opening Plenary Session 1 - USANZ/BJUI Session (open to ANZUNS delegates)
	Riverside Theatre
	Chairs: Tanya Ha, Steven McCombie
0800-0825	Debate - Will we be removing Bladders in 2035? (Laura Bukavina (US) - PRO, Andrew Redfern (AU) - CON)
0825-0840	Alberto Breda (ES) - Upper tract urothelial cancer - from diagnosis to management
0840-0855	Steven Kaplan (US) - Is there still a role for medical therapy for BPH?
0855-0900	Q&A Session
0900-0915	Mohit Khera (US) - The traverse trial and testosterone: Addressing key controversies
0915-0930	Steven Kaplan (US) - Evaluating male LUTS: Urodynamics, UroCuff, or neither?
0930-0935	Presentation BJUI Global Research Prize
0935-0950	BJUI lecture: Samir Taneja (US) - Stimulated raman histology and artificial intelligence in the diagnosis, characterization and intraoperative assessment of prostate cancer
0950-1000	Q&A Session
1000-1030	Morning Tea with Industry (Exhibition Hall)
1010-1025	Poster Viewing (Exhibition Hall) - Moderator to be confirmed
1030-1230	Plenary Session 2 - USANZ Session
	Riverside Theatre
	Chairs: Renu Eapen, Jeremy Grummet
1030-1040	Peter Heathcote (AU) - Update on the review of the 2016 clinical practice guidelines for PSA testing & early management of test-detected prostate cancer
1040-1055	Orit Raz (IL) - Prostate biopsy - is there a gold standard?
1055-1110	Alberto Breda (ES) - Active surveillance is the best treatment for low to intermediate risk PCa
1110-1125	Samir Taneja (US) - Focal therapy is the best treatment for low to intermediate risk PCa
1125-1155	Panel discussion: Will we be removing prostates in 2035? (Samir Taneja, Orit Raz, Eve Tjong, Nat Lenzo)
1155-1210	Joseph Ischia (AU) - ADT Prescribing update and invitation to breakfast session
1210-1215	Vaibhav Modgil (UK) - Penile Rehabilitation - Separating facts from fictions
1215-1230	Q&A Session
1230-1330	Lunch with Industry (Exhibition Hall)
1240-1325	Poster Viewing (Exhibition Hall) - Moderators to be confirmed

1330-1500	Concurrent 1A	Concurrent 1B	Concurrent 1C	Concurrent 1D
	Oncology - Renal	Oncology - Functional	Endourology	Female and Reconstruction
Room	Riverside Theatre	Meeting Rooms 1&2	Riverview 4	Meeting Room 3
	Chairs to be confirmed	Chairs: Jenny Kong, Sophie Plagakis	Chairs to be confirmed	Chairs to be confirmed
1330-1345	Alberto Breda (ES) - Resection of recurrences of renal cell carcinoma	Speaker and topic to be confirmed	Joe Philip (UK) - Topic to be confirmed	Susannah Ahern - Australasian pelvic floor procedure registry update
	1345-1403 Speaker and topic to be confirmed	1345-1403 Speaker and topic to be confirmed	1345-1403 Speaker and topic to be confirmed	1345-1400 Benoit Peyronnet (FR)- Buccal mucosal graft ureteric reconstruction
	1403-1411 Sarah Lorgier - Management of a rare case of a mixed epithelial and stromal tumour of the kidney (MESTK) using robotic assisted surgery	1403-1411 Speaker and topic to be confirmed	1403-1411 Speaker and topic to be confirmed	1400-1411 Speaker and topic to be confirmed
1411-1418	Mohammadmehdi Adhami - Diagnostic performance of contrast-enhanced ultrasound compared with contrast-enhanced computed tomography and contrast-enhanced magnetic resonance imaging in the evaluation of renal masses	Q&A Session	Q&A Session	Q&A Session
	1418-1425 Shane Qin - Imaging in renal cell carcinoma detection	1417-1424 Eden Park - Quality of life outcomes in New Zealand: A propensity-weighted comparison of surgery versus external beam radiotherapy for prostate cancer	1418-1425 Jack Clarke - How can we improve flexible cystoscopic investigation? A single centre retrospective analysis	1418-1425 Jessica Yin - Beyond the vaginal mesh erosion - dealing with complex urinary tract mesh complications
	1425-1432 Darius Ashrafi - The first endovascular thrombectomy for IVC thrombus in renal cell carcinoma	1424-1432 Jonathan Kam - Autologous tissue vaginal suspension: a simple solution to prevent prolapse after female cystectomy	1425-1432 Madeleine Bain - Quantification of systemic absorption of iodinated contrast medium during retrograde pyelography	1425-1432 Devang Desai - Female urethral stricture: A multi-centre experience and lessons learnt
1432-1439	Sam McDonald - Cryoablation versus partial nephrectomy for T1a renal cell carcinoma's: A cost comparison in an Australian hospital	Steve Foley - 9 year analysis of the efficacy, longevity and safety of the adjustable transobturator male system® (ATOMS) in managing stress urinary incontinence (SUI) in men	Anne Hong - Timing and pressure: decoding the dual determinants of ureteroscopy outcomes	Tsz Man Li - FLUX trial: 3-month outcome of urethral bulking with DEFLUX for female stress urinary incontinence
1439-1446	Hyerin Park - Metastatic renal cell carcinoma – trends in prescribing habits	Jonathan Kam - Non-haematuria symptoms of genitourinary toxicity following pelvic radiation therapy	Yung Chi Shih - Application of a new technique in mini-endoscopic combined intrarenal surgery: 'Through-Through' approach	Bishoy Hanna - Robotic ureteric reimplantation: A multicentre experience of robotic surgery in the emergency setting
1446-1453	Xinyi Wei- Comparative survival outcomes of nephroureterectomy in patients with high grade versus low grade upper tract urothelial carcinoma - A retrospective analysis	Stuart Jackson - Measurement of eHealth literacy in prostate cancer patients and their carers: a systematic review	Jordan Santucci - Retrospective, observational, cohort analysis of predictive factors for urine leak after pelvic exenteration	Jess Wynn - Patient perceptions of botox and sacral nerve stimulation for overactive bladder symptoms

1453-1500	Bryce Stewart - Renal mass evaluation with technetium 99m-sestamibi SPECT/CT	Mohammadmehdi Ahdami - Oncological outcomes post focal low-dose-rate brachytherapy in men with low-intermediate risk prostate cancer – results from liberate registry	Patrick Gordon - Impact of procedural delays on cost and efficiency of acute ureteric stent insertion: A retrospective analysis at Austin Health	Eden Park - Patient perceived postoperative outcomes following sling insertion for stress urinary incontinence. A difference in perceived outcome in patients with primary slings and revision following complications?
1500-1530	Afternoon Tea with Industry (Exhibition Hall)			
1510-1525	Poster Viewing (Exhibition Hall) - Moderators to be confirmed			
1530-1730	Concurrent 2A	Concurrent 2B	Concurrent 2C	Concurrent 2D
	Oncology - Prostate	OAB and UAB	BPH & Other	Andrology
Room	Riverside Theatre	Meeting Rooms 1&2	Riverview 4	Meeting Room 3
	Chairs to be confirmed	Chairs to be confirmed	Chairs to be confirmed	Chairs: Ania Sliwinski, Vincent Chan
1530-1730	Samir Taneja (US) - Decade of MRI -Targeted Prostate Biopsy: Lessons Learned and Challenges Remaining	Speaker and topic to be confirmed	Steven Kaplan (US) - Topic to be confirmed	Ohad Shoshany (IL)- Innovations in erectile dysfunction management: Exploring the latest advances
1550-1605	Speaker and topic to be confirmed	Speaker and topic to be confirmed	Speaker and topic to be confirmed	Mohit Khera (US) - Surgical management of chronic scrotal pain
	1612-1619 Devang Desai - Enhancing prostate cancer diagnosis: Concordance and potential of the biobot device	1605-1620 Speaker and topic to be confirmed	1605-1620 Speaker and topic to be confirmed	1605-1620 Vaibhav Modgil (UK) - Topic to be confirmed
	1619-1627 Bodie Chislett - The use of hydrogel for pre-robotic assisted radical prostatectomy hydrodissection in prior irradiated pelvis	1620-1627 Q&A Session	1620-1627 Q&A Session	1620-1627 Q&A Session
1627-1634	Flavio Ordonez - Machine learning-based predictive model of clinically significant prostate cancer and a risk calculator: A multimodal approach combining clinical parameters and PI-RADS v2.0	Jessica Paynter - Variation in the definitions of urinary retention in studies of intravesical botulinum toxin for idiopathic overactive bladder: A systematic review	Harrison Lucas - Outcomes of patients treated with Urolift for benign prostatic hyperplasia in a single Australian Tertiary Hospital	Eric Chung - A randomized, controlled trial on the use of postoperative penile traction therapy in patients with Peyronie’s disease following penile plication surgery: Clinical outcomes and patient satisfaction rates
1634-1641	Jonathan Kam - Oncological and functional outcomes of apical prostate cancers treated with focal laser ablation (ProFocal®)	William Chui - Long-term follow-up of intravesical botulinum toxin utilisation: A comparison of patients with multiple sclerosis and idiopathic overactive bladder	Sean Ong - 30 month retreatment rates post Optilume™ Drug-Coated Balloon in challenging patients - A prospective cohort study	Eric Chung - Penile plication versus graft reconstruction for Peyronie’s disease: What do patients choose and are they satisfied with the clinical outcomes?
1641-1648	Henry Wang - Outcomes of focal laser ablation (ProFocal®) treatment in clinically localised prostate cancer: A stratified analysis by tumour anatomical location	John Carlo Piedad - A pilot assessment of intra-detrusor Alluzience abobotulinumtoxinA in patients with detrusor overactivity refractory to Allergan Botox	Peter Stapleton - Robot-assisted simple prostatectomy for men with benign prostatic hyperplasia and bothersome LUTS - A prospective cohort study	Eric Chung - Phase 1 open-label, single-dose, randomized cross-over clinical study evaluating pharmacokinetics profile and safety outcomes between intranasal and oral vardenafil formulations administration in healthy male adults
1648-1655	Andrew Shepherd - IDEAL stage 2 implementation of the medtronic hugo™ Robotic-Assisted Surgery (RAS) in radical prostatectomy: Comparative study from the first UK centre	Ellen Kelsey - OnabotulinumA for idiopathic detrusor overactivity, reviewing the procedure - results from a survey of practice techniques in Australian and New Zealand	Andre Joshi - Initial experience and outcomes of Aquablation therapy for the treatment of benign prostatic hyperplasia at Berkshire Independent Hospital	Yizhou (Charles) Ruan - Pattern of mechanical failure of inflatable penile prosthesis

1655-1702	Siyu Huang - Evaluating the effect of retzius-sparing and the hood-technique robotic-assisted radical prostatectomy on preserving continence: A systematic review, meta-analysis and exploratory network meta-analysis	Allen Guo - Predictors of progression to alternate 3rd line overactive bladder treatment following PTNS	Wei Tu - Local hemostatic matrix application was associated with a reduction in bleeding complications related to transurethral resection of prostate	Peter Chin - Techniques for cannulation of the vas deferens explored in a first in human clinical trial of ADAMTM and its implication for male contraception.
1702-1709	David Homewood - Initial experience with a digital model of care for the management of prostate cancer	Marnique Basto - A case series of sacral neuromodulation (SNM) malfunction due to device coiling: Lessons to be learnt from cardiac and neurosurgery	William Gondoputro - Use of a novel integrated guidewire Urethral Catheterisation Device (UCD®) for difficult urethral catheterisation in the emergency department	Nathan Lawrentschuk - Preliminary 90-day safety outcomes of a first in human clinical trial of ADAMTM, a vas-occlusive hydrogel designed for male contraception
1709-1716	Anne Hong - Reducing rectal injuries in salvage radical prostatectomies using hyaluronic acid	Stewart Whalen - Urodynamics findings of patients with detrusor underactivity before and during a trial of sacral neuromodulation	Amitesh Nagaratnam - Modified AGE-boari flap – A novel technique for ureteric re-implantation	Yung Chi Shih - Robotic-assisted varicocelectomy: Efficacy and safety for the treatment of patients with painful varicocele from single-center experience
1716-1723	Zoe Williams - Mastering robotic radical prostatectomy: how competency-based training benefits urology trainees in Australia	Johan Gani - Clinical features, risk factors and sequelae of detrusor underactivity: A study of possible cause and effect	Basil Razi - Renal trauma: Experience from a Sydney tertiary trauma centre	Lara Mcdonald - Electroejaculation (EEJ) and penile vibratory stimulation (PVS) for fertility preservation (FP) in children, adolescents, and young adults (CAYA). A systematic review
1723-1730	Benjamin Storey - Active surveillance in low risk, and low volume favourable intermediate risk (ISUP grade 1 & 2) prostate cancer – Trends from the Prostate Cancer Outcomes Registry of New South Wales	Cecile Pham - Sacral neuromodulation in patients with neurogenic lower urinary tract dysfunction	Jordan Santucci - Systematic review on oncological safety of testosterone replacement therapy in men with testosterone deficiency and prostate cancer	Takeshi Miyake - Needleless evaluation of corporeal veno-occlusive function
1730-1830	SET Urology Trainees meeting with BoU	Genitourinary Oncology SAG meeting	Paediatric and Reconstructive SAG meeting	Male LUTS SAG meeting
	Riverside Theatre	Meeting Room 1&2	Riverview 4	Meeting Room 3
1930-2230	President's and Convenor's Dinner (Invitation Only) - Fraser's Kings Park			

MONDAY 3 MARCH 2025

0645-1730	Registration desk open	
0700-1730	Speaker preparation room open - Meeting Room 9	
0700-0745	USANZ Breakfast symposium:	Combined USANZ & ANZUNS Breakfast symposium:
	Riverview 4	Meeting Rooms 1&2
	Prostate prescribing power: How urologists can (and must) remain relevant in managing advanced disease	Testosterone unleashed: Mastering hormonal therapies

	Update on the role of new therapies for advanced prostate cancer and the importance of the urologist in the treatment/prescribing paradigm. Practical advice and discussion about how to initiate therapy and manage dose adjustments	Update on the latest evidence in the use of testosterone and the results of recent trials. Discussion of testosterone use in the context of prostate cancer and fertility preservation. Discussion of different types of therapies and guidelines on how to prescribe
	Chair: Joe Ischia	Chairs: Eric Chung, Darren Katz
	Speaker to be confirmed	Speaker: Mohit Khera (US)
0800-1000	Plenary Session 3 - USANZ/AUA Session	
	Riverside Theatre	
	Chair: Ashani Couchman, Melvyn Kuan	
0800-0845	Panel - Nightmare Fuel - Navigating Complications from the kidney to the scrotum. Speakers: Laura Bukavina (US), Steven Kaplan (US), Benoit Peyronnet (FR), Samir Taneja (US)	
0845-0900	AUA lecture: Jaspreet Sandhu (US) - Updates from the OAB clinical guidelines. Will it change my practice?	
0900-0915	Benoit Peyronnet (FR) - Updates in neuromodulation	
0915-0930	Benoit Peyronnet (FR) - The robotics revolution in female urology	
0930-0945	Alberto Breda (ES) - Preserving sexual function in female cystectomy with neobladder	
0945-1000	Q&A Session	
1000-1030	Morning Tea with Industry (Exhibition Hall)	
1010-1025	Poster Viewing (Exhibition Hall) - Moderators to be confirmed	
1030-1230	Plenary Session 4	
	Riverside Theatre	
	Chair: Nicola Jeffery, Chris Love	
1030-1055	Penile cosmetic surgery: Should urologists offer it? - Debate	
	Mohit Khera (US) - PRO	
	Vaibhav Modgil (UK) - CON	
	Chris Love (AU) and Ross Calopedos (AU) - Summary	
1055-1100	Darren Katz (AU) - Australian male infertility guidelines: Latest update and how it effects us	
1100-1115	Vaibhav Modgil (UK) - Andrology Mythbusting	
1115-1120	Q&A Session	
1120-1130	Naeem Samnakay (AU) - Controversies in the early management of disorders of sexual differentiation	
1130-1140	Hans Goossen (AU) - Update on gender affirming surgery services in Australia	
1140-1155	BAUS lecture: Joe Philip (UK) - IMG credentialling in Australia and New Zealand, lessons learned from the UK experience	
1155-1210	UAA lecture: Steffi Yuen (HK) - Back to school: Navigating through the new era of endourology	
1210-1225	Louise Newson (UK) - Vaginal estrogen: Should it be available over the counter?	
1225-1230	Q&A Session	
1230-1330	Lunch with Industry (Exhibition Hall)	

1240-1325	Poster Viewing (Exhibition Hall) - Moderators to be confirmed			
1330-1530	Plenary Session 5 - Keith Kirkland & Villis Marshall Session			
	Riverside Theatre			
	Chairs: Rick Catterwell, Lydia Johns Putra			
1330-1335	Award Explanation			
1336-1346	Bharti Arora (AU) - Long term results of trans-vaginal prolapse repair with autologous vaginal graft			
1347-1357	Magnus Cheesman (NZ) - En-Bloc Laser Resection of Bladder Tumours vs. traditional TURBT: 7 years of outcomes from the Manawatu, NZ.			
1358-1408	Speaker and topic to be confirmed			
1409-1419	Cecile Pham (AU) - Pelvic floor muscle function and its relationship with post-prostatectomy incontinence			
1419-1429	Cecile Pham (AU) - Clinical outcomes of patients with pyelonephritis in a regional centre			
1430-1440	Liang Qu (AU) - Comparing presentation, risk factors and urodynamic parameters of detrusor overactivity with detrusor underactivity between age groups			
1441-1451	Bradley Reynolds (AU) - ROBOT-WARS: Robotic-assisted surgery among Western Australian urology registrars: A statewide survey			
1452-1504	Stuart Jackson (AU) - Broad measurement of eHealth, digital information and technology use of men with prostate cancer in Australia			
1504-1516	Stuart Jackson (AU) - Artificial intelligence and prostate cancer education: A multimetric assessment evaluating common prostate cancer questions posed to ChatGPT-4			
1517-1529	Gavin Wei (AU) - Developing an immunohistochemical profile to predict response to intravesical Bacillus Calmette–Guérin (BCG) in patients with high-grade non-muscle invasive bladder cancer			
1530-1600	Afternoon Tea with Industry (Exhibition Hall)			
1540-1555	Poster Viewing (Exhibition Hall) - Moderators to be confirmed			
1600-1730	Concurrent 3A	Concurrent 3B	Concurrent 3C	Concurrent 3D
	Oncology - Bladder & Other	General Urology	Social Issues In Urology	Genitourinary Reconstructive
Room	Riverside Theatre	Meeting Room 1&2	Riverview 4	Meeting Room 3
	Chairs: Janelle Brennan, Dickon Hayne	Chairs: Yuigi Yuminaga, Sarah Norton	Chairs: Caroline Dowling, Deanne Soares	Chairs to be confirmed
1600-1610	Dickon Hayne - Bladder cancer trials: current developments and future directions	Rajeev TP (IN) - Choosing a subspecialty - would I make different decisions today?	Louise Newson (UK) - Menopause and systemic estrogen replacement	Tony Mundy - Topic to be confirmed
1610-1620	Speaker and topic to be confirmed	Melvyn Kuan - The prostate cancer registry and management of underperformance		Stella Ivaz (UK) - Topic to be confirmed
1620-1630	Speaker and topic to be confirmed	Speaker and topic to be confirmed	Speaker and topic to be confirmed	Speaker and topic to be confirmed
1630-1641	Speaker and topic to be confirmed	Speaker and topic to be confirmed	Speaker and topic to be confirmed	Speaker and topic to be confirmed
1641-1648	Q&A Session	Q&A Session	Zoe Williams - Inaugural Australian urology bootcamp for early-career medical officers: Improving knowledge, skills, and confidence in preparation for their registrar years	Q&A Session
1648-1655	Alexandra Gower - Cost effectiveness and safety of Cx Bladder Monitor for surveillance of non-muscle invasive bladder cancer	Arthur Yim - Predicting complications after hydrocelectomy: Identifying risk factors and outcomes	Marina Youssef - Barriers to the recognition and treatment of female functional pathologies in urology. Too boring or too hard basket?	Marnique Basto - Urethral stricture recurrence after urethroplasty: An Australian multi-institution, single surgeon series
1655-1702	Kevin Keane - An Introduction to G-DISCO: Gemcitabine-Docetaxel Intravesical Instillation SynChroNously – a Phase I study	Ivan Thia - Candiduria in the era of SGLT-2 inhibitor use: Is it relevant?	Marina Youssef - Do we always examine? Differences between males and females in urology and their approach to the genitourinary examination	Devang Desai - Establishing and evaluating a high-volume urethroplasty service in regional Australia

1702-1709	Samiha Arulshankar - The weight of survival: The impact of body mass index (BMI) on radical cystectomy (RC) outcomes in an Australian cohort	Eden Park - The retrograde trial removal of catheter and post-void residual ratio. A more cost effective method: A trial undertaken at Auckland City Hospital, Aotearoa	Jessica Paynter - Female pelvic medicine and reconstructive surgery availability within Australia	Devang Desai - Donor site morbidity and impact on oral health following buccal mucosal graft harvesting for urethroplasty
1709-1716	Samiha Arulshankar - Survival outcomes for muscle invasive bladder cancer (MIBC) patients with CT positive lymph nodes undergoing radical cystectomy at a single tertiary institution in Australia	Peter Galloway - The Concord Health and Aging in Men Project (CHAMP) 11 year trends in lower urinary tract symptoms, urinary incontinence and quality of life in the older male	Jessica Paynter - Characterisation of H-index of Australian urologists	Devang Desai - Dorsal inlay skin flap urethroplasty for penile urethroplasty: A novel technique
1716-1723	Brusabhanu Nayak - Survival and recurrence after post-chemotherapy retroperitoneal lymph node dissection in nonseminomatous germ cell tumors	Allen Guo - Saving the planet: One catheter at a time	Basil Razi - To determine the effectiveness of Uromune reducing urinary tract infections in patients with a spinal cord injury who suffer from them recurrently	Devang Desai - UrethroNAV: The aetiology and extent of idiopathic urethral stricture in an Australian population
1723-1730	Jeremy Cheng - Features and management of lymphomas diagnosed incidentally in prostatic tissue obtained from surgical lower urinary tract symptoms treatment: A systematic review	Rosie Latimer - Feel the burn; the causes of dysuria and frequency amongst female attendees of a large metropolitan STI service	Marnique Basto - Family planning, pregnancy and parenthood during surgical training: Experiences and perspectives from trainees and early career surgeons in Australia and New Zealand	Devang Desai - Tissue-based biomarkers of male genital lichen sclerosis
1730-1830		Endourology SAG Meeting	Andrology SAG Meeting	Female Urology SAG Meeting
	Riverside Theatre	Meeting Room 1&2	Riverview 4	Meeting Room 3
1930-2330	Gala Dinner - Optus Stadium			

TUESDAY 4 MARCH 2025

0730-1300	Registration desk open
0700-1200	Speaker preparation room open - Meeting Room 9
0745-0830	USANZ Breakfast symposium
	Meeting Rooms 1&2
	Overactive bladder management. Workup of OAB and role of medical therapy vs interventional therapy in 2025
	
	Chairs: Amanda Chung, Tom Jarvis
	Speakers: Benoit Peyronnet (FR) , Jaspreet Sandhu (US)
0845-1030	Plenary Session 6 - USANZ /EAU SESSION
	Riverside Theatre
	Chair: Shane La Bianca, Aleksandra Vujovic
0845-0900	Orit Raz (IL) - Adrenal adventures: Key tips for adrenalectomy success
0900-0915	Laura Bukavina (US) - Circulating Tumour DNA in bladder cancer - considerations pre and post cystectomy
0915-0930	Alberto Breda (ES) - Advances in adjuvant therapies for advanced and metastatic renal cancer
0930-0945	Speaker and topic to be confirmed
0945-1000	Orit Raz (IL) - New robots in urology: Evaluating the pros and cons
1000-1015	EAU Lecture: Arnulf Stenzl (DE) - Latissimus Dorsi Detrusor Myoplasty: A Novel approach to treating bladder atonia
1015-1030	Q&A Session
1030-1100	Morning Tea with Industry (Exhibition Hall)
1100-1300	Plenary Session 7
	Riverside Theatre
	Chairs: Trenton Barrett, Devang Desai
1100-1115	SIU Lecture - Stella Ivaz (UK) - Topic to be confirmed
1115- 1125	Tony Mundy (UK) - Posterior urethral complications in the treatment of prostate cancer
1125-1135	Dickon Hayne (AU) - What's up at ANZUP
1135-1150	Rajeev TP (IN) - Microbiome matters: Its impact on urological health and disease
1150-1200	Louise Newson (UK) - Managing the digital backlash: Strategies for handling negative online reviews
1200-1215	Alex Galante (US) - How to do the perfect vasectomy
1215-1230	Alberto Breda (ES) - Telesurgery in 2025: Current landscape and future directions
1230-1245	Steven Kaplan (US) - The role of urologists in innovation - AUA innovation NEXUS
1245-1300	Arnulf Stenzl (DE) - The role of AI in urology: Shaping the future of patient care
1300-1310	Q&A
1310-1315	Closing Remarks & Introduction of USANZ 2026 ASM Convenor, Renu Eapen & Scientific Committee Chair, Devang Desai
1315	USANZ Meeting Close
