

8th Emirates International Orthopaedic Congress

PRELIMINARY SCIENTIFIC PROGRAM

27-29 February 2020

Le Meridien Dubai Hotel (Airport) & Conference Centre
Dubai, United Arab Emirates

Day I: 27th February 2020

Thursday

07:00 - 08:00 Registration

08:00 - 08:10 Welcome Remarks

Ali Al Suwaidi

08:10 - 09:50 Session 1: Anterior shoulder instability: an update

Moderators: Ali Al Suwaidi & Philippe Landreau & Saeed Al Thani

08:10 - 08:20 Anatomic lesions in anterior shoulder instability: description, epidemiology

Mohamad L Jabban

08:20 - 08:30 Imaging assessment in anterior shoulder instability

Ali Maqdes

08:30 - 08:40 Hyperlaxity and anterior shoulder instability: how to manage

Boris Poberaj

08:40 - 08:50 Bankart procedure: where are we in 2020?

Ali Al Suwaidi

08:50 - 09:00 Bony Bankart management

Saeed Al Thani

09:00 - 09:10 Remplissage: technique and indications

Raid Abutalib

09:10 - 09:20 Latarjet: Open or arthroscopic, for whom?

Philippe Landreau

09:20 - 09:30 Anterior instability and cuff tear

Boris Poberaj

09:30 - 09:50 Question & Answer

09:40 - 10:00 Opening Ceremony, Exhibition Inauguration & Coffee Break

10:30 - 12:20 Session 2: Failed ACL graft/ ACL revision

Moderators: Saeed Al Thani & Philippe Landreau

10:30 - 10:40 Spectrum of failures: overview & algorithm

Philippe Landreau

10:40 - 10:50 Clinical assessment of failed ACL graft with Imaging assessment

Abdulaziz Al Omar

10:50 - 11:00 How to deal with a loss of bone stock

Nicolas Graveleau

11:00 - 11:10 How to choose a new graft

Karl Almqvist

11:10 - 11:20 Combined procedures (lateral tenodesis, HTO)

Hervé Ouanezar

11:20 - 11:30 Management of infection after ACLR

Charles Brown

11:30 - 11:40 Management of Stiffness post ACL

Nicolas Graveleau

11:40 - 11:50 Painful knee after ACLR

Nader Darwich

11:50 - 12:10 X-Linked Hypophosphatemia Ddiagnosis & Treatment

TBC

12:10 - 12:20 Question & Answer

12:20 - 13:30 Lunch Break

13:30 - 14:20 Session 3: Tendon's pathology around the elbow

Moderators: M. Louay Jabban & Bernard Lallemand

13:30 - 13:40 Riceps tear

Bernard Lallemand

13:40 - 13:50 Lateral epicondylitis

Mathias Glehr

13:50 - 14:00 Medial epicondylitis

Mustafa Azab

14:00 - 14:10 Distal biceps tear

Bernard Lallemand

14:10 - 14:20 Question & Answer

14:20 - 15:10 Session 4: Traumatic Instability around the elbow

Moderators: Amin El Helw & M. Louay Jabban

14:20 - 14:30 Fracture coronoid

M. Louay Jabban

14:30 - 14:40 Fracture radial head

Amin El Helw

14:40 - 14:50 Fracture olecranon

Mustafa Azab

14:50 - 15:00 Stiff elbow

Amin El Helw

15:00 - 15:10 Question & Answer

15:10 - 15:30 Coffee Break

15:30 - 16:20 Session 5: Distal radioulnar joint DRUJ

Moderators: Khalid Awadi & Sherif Elsayed Ban

15:30 - 15:40 Anatomy and biomechanics

Sherif Elsayed Ban

15:40 - 15:50 TFCC pathology

Khalid Awadi

15:50 - 16:00 Arthroplasty and Salvage procedure

Lucia Heras

16:00 - 16:10 Fracture distal ulna

Basem Aly Arnaout

16:10 - 16:20 Question & Answer

16:20 - 16:40 Session 6: CMC joint

Moderators: M. Louay Jabban & Basem Aly Arnaout

16:20 - 16:30 Anatomy and biomechanics

Basem Aly Arnaout

16:30 - 16:40 Excision procedure

M. Louay Jabban

16:40 - 16:50 Arthrodesis

Sherif Elsayed Ban

16:50 - 17:00 Arthroplasty

Mathias Glehr

17:00 - 17:10 Question & Answer

07:00 - 08:00 Registration

08:00 - 10:00 Session 7: General Concepts in Ankle Arthroscopy
Moderators: Murray Penner & Mark Glazebrook

08:00 - 08:10	Basics in Anterior Ankle Arthroscopy	Jordi Vega
08:10 - 08:20	Indications of Ankle Arthroscopy	Maan Taba
08:20 - 08:30	OCD: Updates in concepts and management	Mike Uglow
08:30 - 08:50	Microinstability of the Ankle the Wave That Is Coming	Jordi Vega
08:50 - 09:00	Current management of syndesmosis injuries	Leslie Cannon
09:00 - 09:10	Acute Lateral Ankle Instability Treatment	Moez Ballal
09:10 - 09:30	Advanced Indications - Hindfoot Endoscopy	Jordi Vega
09:40 - 10:00	Question & Answer	

10:00 - 10:30 Coffee Break

10:30 - 12:00 Session 8: Ankle Arthritis
Moderators: Mike Uglow & Jordi Vega & Orfan Arafa

10:30 - 10:40	Ankle Replacement vs Fusion	Mark Glazebrook
10:40 - 10:50	Ankle replacement in severe deformity	Meshal Alhadhood
10:50 - 11:00	Addressing Mild to moderate Varus: walk me through steps	Murray Penner
11:00 - 11:10	Revision ankle replacement: why not just bail out to fusion	Husam AL Rumaih
11:10 - 11:20	My Primary TAR technique	Murray Penner
11:20 - 11:30	Great X-Rays, Terrible Pain: what to do with presistently painful TAR?	Group Panel
11:30 - 11:45	Case discussion	
11:45 - 12:00	Question & Answer	

12:00 - 13:30 Lunch Break & Friday Prayer

13:30 - 14:30 Session 9: Charcot Foot
Moderators: Mark Glazebrook & Murray Penner

13:30 - 13:40	Beams, Bolts and Nails on the Construction Site: How to Optimize Internal Fixation in Charcot Ankle and Foot	Talal Al Malki
13:40 - 13:50	Role of ring fixator in treatment of charcot neuropathic foot deformity	Mohammad Kamal
13:50 - 14:00	Charcot Foot Pathophysiology, Diagnosis and Classification	Mark Glazebrook
14:00 - 14:10	External Fixation for Charcot Salvage: Indications and How-	Meshaal Al Hadhood
14:10 - 14:20	Minimally Invasive Techniques for the Neuropathic foot	Maan Taba
14:20 - 14:30	Question & Answer	

14:30 - 15:00 Coffee Break

15:00 - 17:00 Session 10: Midfoot & Forefoot
Moderators: Leslie Cannon & Husam Al Rumaih

15:00 - 15:10	Hallux Regidus : Arthroplasty vs Arthrodesis	Mark Glazebrook
15:10 - 15:20	Updates on foot surgery with MIS techniques	Maan Taba
15:20 - 15:30	Midterm Outcome of synthetic Cartilage Implant for 1st MTPJ in advanced Hallux Regidus	Mark Glazebrook
15:30 - 15:40	Adult pes Planus deformity treatment update	Natalie Bouffieux
15:40 - 15:50	Pes Cavus foot correction	Orfan Arafa
15:50 - 16:00	Difficult Fractures & nonunions of the foot & ankle	Murray Penner
16:00 - 16:10	Hallux Valgus corrective Surgery: Art or Science?	Harpal Jadeja
16:10 - 16:20	Advances in Hallux rigdus management	Moez Ballal
16:20 - 16:30	Advances in Tendo Achilles ruptures	Roger Haene
16:30 - 16:45	Case discussion	Group Panel
16:45 - 17:00	Question & Answer	

07:00 – 08:00 Registration

08:00 - 08:50 Session 11: Management of early osteoarthritis

Moderators: Ali Al Belooshi, Mojieb Manzary

08:00 - 08:10	Prevention of osteoarthritis after sport injuries	Fares Haddad
08:10 - 08:20	High tibial osteotomy ideal candidate, Technique and outcome	Jimmy Chow
08:20 - 08:30	UKA Ideal candidate, tips and tricks and outcome	Sebastian Parrette
08:30 - 08:40	PFJ Ideal Candidate, tips and troicks and outcome	Jordi Vega
08:30 - 08:50	Question & Answer	

08:50 - 10:00 Session 12: Primary Total knee replacement

Moderators: Hesham Al Khatib & Saeed Al Thani

08:50 - 09:00	High flexion knee: Kinematics following arthroplasty	Seth Greenwald
09:00 - 09:10	Robotic assisted ACL sparing TKA, Does it worth keeping?	Jimmy Chow
09:10 - 09:20	Robotic TKA is the way forward	Fares Haddad
09:20 - 09:30	TKA polyethylene in 2020	Seth Greenwald
09:30 - 09:40	Rapid recovery program	Jimmy Chow
09:40 - 09:50	Patient satisfaction after TKR	Mojeib Manzary
09:50 - 10:00	Question & Answer	

10:00 - 10:30 Coffee Break

10:30 - 11:20 Session 13: Complication post knee replacement

Moderators: Saeed Al Thani & Hesham Al Khatib

10:30 - 10:40	Infection Diagnosis	Hesham Al Khatib
10:40 - 10:50	Infection algorithms update	Fares Haddad
10:50 - 11:00	Revision total knee replacement. When and how	Sebastian Parrette
11:00 - 11:10	Management of bone loss in knee replacement	Usama Chaar
11:10 - 11:20	Question & Answer	

11:20 - 12:05 Session 14: Plenary case based discussion

Moderator: Maan Taba

Panel: Fares Haddad, Jimmy Chow, Seth Greenwald & Sebastian Parrette

12:05 - 13:00 Lunch Break

13:00 - 14:10 Session 15:

Moderators: Hayder Al-Saadi & Saeed Al Thani

13:00 - 13:10	Welcome message and introduction	Hayder Al-Saadi & Usama Saleh
13:10 - 13:20	The assessment of the polytrauma patient	Usama Saleh
13:20 - 13:30	Imaging in polytrauma	Yousef Duhair
13:30 - 13:40	Introduction of the patient for the debate	Habeeb Al-Ismaily
13:40 - 13:50	Debate—early total care vs damage control	Saeed Al Thani
13:50 - 14:00	CBL PolyTrauma Management	Iqbal Khan
14:00 - 14:10	Question & Answer	

14:10 - 15:20 Session 16:

Moderators: Medhat AlKhafagi & Khalil Al Matroshi

14:10 - 14:20	Multiple fractures from where to start?	Ahmed Maher
14:20 - 14:30	The multiple-fracture patient—when do I stop?	Khalil Al Matroshi
14:30 - 14:40	Intramedullary nailing in theMultiple injured patients	Mohammaed Saeed
14:40 - 14:50	Definition of complex pelvic ring injuries/ classification	Medhat AlKhafagi
14:50 - 15:00	Acute Management of Pelvis Injuries	Feras Ya'ish
15:00 - 15:10	Surgical management—what are the options to fi ll the soft-tissue & bone defect?	Ihab Al-Dulaimy
15:10 - 15:20	Question & Answer	

15:20 - 15:40 Coffee Break

15:40 - 16:40 Session 17:

Moderators: Amin El Helow & Khalid Alawadi

15:40 - 15:50	Broken nail what to do?	Hayder Al-Saadi
15:50 - 16:00	Amputations or salvage—how to decide?	Amin El Helow
16:00 - 16:10	Pediatric polytrauma	Sathar Shrida
16:10 - 16:20	Challenges in managing fragility Fractures	Ammar Abdulhadi
16:20 - 16:30	CBL Bone and soft tissue defects	Khalid Alawadi
16:30 - 16:40	Question & Answer	
16:40 - 17:00	Closing Remarks
