

GLOBAL MUSCULOSKELETAL ULTRASOUND COURSE WITH BASIC MRI VIDEO PATHOLOGY

FOR PHYSICIANS & GENERAL PRACTITIONERS

2027

Bonus Hands-on Cross Sectional Anatomy/ Nerves and
Rheumatology Ultrasound

100 DICOM MRI AND ULTRASOUND VIDEOS REVIEWED

Date: 25th & 26th April 2027

Venue: Hotel Maya, Jalan Ampang, Kuala Lumpur
(100m from Petronas Twin Towers in Golden Triangle)

Accreditation:

Accreditation will be applied for 16 CPD points (APC 2028) from Malaysian Medical Council via the National Specialist Registration CPD system
(Event ID:)

16 CPD Points will be applied via Malaysian Medical Association under Malaysian Association of Sports Medicine for General Practitioner and KKM doctors

Overseas delegates can get 14 CPD points from their local providers

Event Manager:

Global Futuristic Management Services

Supported by:

Malaysian Association of Sports Medicine

Google No.1 Best Musculoskeletal MRI & Ultrasound Course.

Dear Physician and GP,

The 2027 Kuala Lumpur Global Musculoskeletal Ultrasound Course with Basic MRI Video Pathology will be held on 25th and 26th April 2027 at Hotel Maya in Kuala Lumpur.

Here are the key features of the course:

THE FOCUS OF THIS MINI FELLOWSHIP COURSE IS ORTHOPAEDIC DIAGNOSTIC AND INJECTABLE INDICATIONS FOR JOINT ULTRASOUND AND TAUGHT BY SENIOR MUSCULOSKELETAL RADIOLOGISTS.

1. All lectures are updated and you will be given a digital powerpoint print out of the powerpoint slides and Ultrasound technique guide booklet with your name on the front cover. You will be given the option to pay to upgrade your Ultrasound technique and Anatomy booklet for more cross-sectional anatomy. Please request this online registration and we will add RM 100 in your registration fee.

2. This course is primarily focused on major joints injury from orthopaedic point of view taught by senior musculoskeletal radiologists. The following specialties will benefit from this course as many patients suffer from orthopaedic injuries and conditions causing the symptoms. Sports physicians and trainees, Orthopaedic surgeons and trainees, Rehabilitation physicians and trainees, Rheumatologists and trainees, Emergency physicians and trainees. Indonesian Medical acupuncture specialists and trainees will also benefit.

3. Lectures will cover the indications of musculoskeletal ultrasound in each joint. 100 DICOM MRI and ultrasound videos will then be shown. Basic Musculoskeletal MRI anatomy and pathology of each joint often asked in exams will be shown. The lectures will have some MRI correlation of MSK Ultrasound pathology.

4. All participants will receive a chance to be tutored by accredited and Senior Musculoskeletal Radiologists who are experts at Musculoskeletal Ultrasound. They have weekly musculoskeletal ultrasound lists and have plenty of hands-on experience. All these faculty have done 1 to 3 years fellowships in Musculoskeletal Radiology. This is the unique feature of this course.

5. Rehabilitation participants and other delegates will in addition to learning orthopaedic ultrasound of joints which is primary purpose of this course will hope to have a rehabilitation physician demonstrator if they want a refresher to teach them upper and lower limb anatomy for botulinum injections and also some common nerve injections.

6. Prof. Dr. John George will share original research and pathognomonic ultrasound findings rheumatoid and gout particularly .

7. The practical session will begin with a demonstration by senior musculoskeletal radiologists and other specialists. There will be 6 hours to practice and learn from the initial tutor and then any other tutor thereafter.

8. Faculty to participant ratio is much lower than most MSK Ultrasound courses (1 faculty to about 7 participants) and plenty of opportunities are provided for hands-on practice.

9. By attending the Global MSK USS with MRI course, you will gain confidence in performing MSK Ultrasound and regenerative joint procedures which earn good remuneration according to those who previously attended and easily earned back the registration fees. So, don't think twice. Register online under Physicians and GP course in www.penangmskrad.com.

10. Global Musculoskeletal MRI and Ultrasound courses are top ranked in google search "Best Musculoskeletal MRI course" out of 2 million searches. It is an established course with excellent reviews.

Yours sincerely,

Prof. Dr. John George

MBBS (Adelaide), DMRD (Aberdeen), FRCR (UK) Course Director, Global MSK USS and MRI Correlation

Consultant Radiologist, National Sports Council of Malaysia

Consultant Radiologist, Orthopaedic & Regenerative Centre, Beverly Wilshire Medical Centre, Kuala Lumpur

Email: msk.rad@gmail.com

Day One • 25th April 2027 • Sunday

7.30 am	Registration
8.00 am	Briefing and pre-course MCQ self-assessment
8.30 am	Lecture 1: Understanding the technical aspects, optimization and care of Musculoskeletal Ultrasound
9.00 am	Lecture 2: Ultrasound of the Knee with MRI Correlation - Normal and pathology
10.00 am	Tea Break
10.20 am	Video Session 1: Pathological video ultrasounds of the Knee and Basic Musculoskeletal MRI Knee video anatomy and pathology. Interventional procedures will also be discussed
11.20 am	Lecture 3: Ultrasound of the Ankle and Foot with MRI Correlation - Normal and pathology
12.20 pm	Video Session 2: Pathological video ultrasounds of the Ankle and Foot. Basic MSK MRI Ankle video anatomy and pathology
1.00 pm	Photo session and Buffet lunch
2.00 pm	Practical Session 1: Ultrasound of the Knee, Ankle and Foot. Rehabilitation physician to teach cross sectional muscle and nerve for injections will be present.
3.30 pm	Tea Break
4.00 pm	Practical session 1 (continued) : Ultrasound of Knee, Ankle and Foot
5.00 pm	Close of 1st day

Day Two • 26th April 2027 • Monday

7.30 am	Registration Day 2
8.00 am	Lecture 4: Ultrasound of the Shoulder with MRI Correlation - Normal and pathology
9.00 am	Video Session 3: Pathological video ultrasounds of the Shoulder and Basic Musculoskeletal MRI Shoulder Video anatomy and pathology.
10.00 am	Tea break
10.20 am	Lecture 5: Ultrasound of the Elbow and Wrist including carpal tunnel with MRI Correlation - Normal and pathology
11.20 am	Video Session 4: : Pathological MRI and USS video ultrasounds of the Elbow, Wrist and carpal tunnel.
12.00 pm	Lecture 6: Ultrasound of Muscle tears, Common arthropathy and Regenerative Injections with MRI and USS videos
12.50 pm	Post-course MCQ self-assessment
1.00 pm	Buffet lunch
2.00 pm	Practical Session 2: Practical Session 2: Ultrasound of the Shoulder, Elbow, Wrist, Carpal tunnel, Arthropathy, Regenerative Injections discussion with faculty and Hamstrings. After initial training, you are free to ask the demonstrator any special requests. Rehabilitation physician to teach cross sectional muscle and nerve for injections will be present.
3.30 pm	Tea Break
4.00 pm	Practical Session 2 (continued) : Ultrasound of the Shoulder, Elbow, Wrist and Hamstrings, followed by Practical Ultrasound assessment
4.45 pm	Close of Meeting & Collection of certificates.

"I attended the course in 2024. It was a very well organised course. The conference hall had a high ceiling with one large screen and overhead projector and another side screen for full viewing by all. Food and accommodation in the venue is excellent. Conference general and programme instructions were given prior to arrival which was very helpful to plan. Precourse and post course assessment and powerpoint quizzes followed by discussion was very useful. Two powerpoint volumes of book and one workbook given to each participant. This helps us to follow the class that is taught. The coloured digital printed workbook of techniques is very useful for my day to day practice and ready reckoner for my doubts even after the course. Prof. John got a huge collection of MSK cases and his way of providing tips and tricks to arrive at diagnosis is phenomenal. His teaching skill is worth mentioning. Morning 8 am sharp when you are fresh, lectures will start with a tea break followed by videos of both MRI and Ultrasound cases of pathologies with schematic and gross anatomy correlation.. Following lunch ultrasound demonstration for three hours in different companies high end machines with passionate ultrasound radiology teachers.. Faculty demonstrate each joint and allow each attendee to do and correct their mistakes and make them learn the correct method in a demo session. Very meticulously planned program. Demo teachers answer with expertise in their field which will improve your knowledge and practice skills and do MSK ultrasound with confidence.

The USB given to all participants has teaching material, reference articles, and the reporting format of each joint is very useful and everyday i am reading one reference article and learning. a very useful tool. I find this MSK and ultrasound mini fellowship course is very useful for beginners and practicing radiologists to refresh their knowledge and fine tune your reporting skills. Definitely i will recommend this MSK mini fellowship Course to enhance your skills and report confidently. Happy learning. Thank you for teaching."

Dr. PM Venkata Sai, India

"Simply Great. The MSK US & MRI course held in Malaysia, organized by Prof. John George, was great as far as the content, duration, experience & way of teaching is concerned. Prof. George himself is very humble & cool, he tried his best to teach us in a very smooth & academic way. I have never attended such a good knowledgeable & extensive course of MSK radiology. We were three from Pakistan, who attended the course. This is true that course was really above our expectation. There were MSK teachers from many different countries but the whole story rotated around respectful Prof. Gorge. He taught us in a very practical way how to incorporate the radiological findings with clinical sign & symptoms. I would strongly recommend my colleagues to attend this course next year. At last not the least, Malaysia itself a very beautiful country to visit. We enjoyed there a lot, visited Langkawi, Penang & Kuala Lumpur. I am very thankful to Prof. George for his kind response to us from beginning of registration till the end of course."

Dr. M Kashif Shazlee, Pakistan

"The course is well-prepared and presented. I feel I have upgraded my basic knowledge due to the the painstakingly gathered materials, organized flow of information, and the accompanying materials including the electronic information (pen drive). The practical sessions which followed in the afternoon were just the cream of the cake with enough opportunities for hands-on training."

Prof. Selvam K., Malaysia

"This is an event that I stumbled upon on Google but was sure it will have a mark in my medical profession for a very, very long time. Thank you Prof for the exciting and stimulating experience!"

Dr. Joon Moon, South Korea

"The lectures and overall course content were exceptionally engaging, insightful, and highly informative. I truly enjoyed the learning experience and found the programme to be both valuable and inspiring."

Dr. Dion Rukmindar, Medical Acupuncture Specialist, Indonesia

"This is my first formal training on MSK ultrasound and it is recommended by my colleagues. This is much more above my expectation with the good materials and supervision from experts."

Dr. Chiu, Wing Fat, Hong Kong

Who should attend this course:

Any physician or GP who would like to learn basic musculoskeletal ultrasound. Hold a MBBS or equivalent.

Course Materials & Deliverables (worth USD 300, including intellectual property fees):

1. 1 x high quality colour photoprint of powerpoint lecture slides and 1x ultrasound technique workbook and also ultrasound and gross anatomy cross section workbook for botulinum injections.
2. 2GB of data resources in a USB thumbdrive gathered from fellows, lecturers and courses over the years
3. One ultrasound demonstrator to about 7 participants. 3 hours of practical hands-on time each day.

Faculty: some awaiting confirmation

Prof. Dr. John George (Congress Chairman) MBBS (Adelaide), DMRD (Aberdeen), FRCR (UK)

Senior Consultant MSK Radiologist, National Sports Council of Malaysia

Senior Consultant MSK Radiologist, Orthopaedic Diagnostic and Regenerative Centre, Beverly Wilshire Medical Centre

Fmr Chief of Musculoskeletal Radiology, University of Malaya Medical Centre, Malaysia

Dr. Mathew George, FRCR (UK)

Senior Consultant MSK Radiologist

Pushpagiri Medical Hospital, India

Dr. Ashutosh Prakash,

Senior Consultant MSK Radiologist

Tan Tock Seng Hospital, Singapore

Dr. Nurul Aida Selamat, MMED Radiology (UKM)

Senior Consultant MSK Radiologist

Kuala Lumpur General Hospital, Malaysia

3000 bed Hospital with Orthopaedics and Sports Medicine

Senior Rehabilitation Physician to be announced.

Location:

The course venue is at Hotel Maya Kuala Lumpur which is strategically located a few minutes walk From Petronas Twin Towers, KL's Main Commercial & Shopping District. Please note that due to its closeness to main roads it can be noisy at night so if you are a light sleeper or would like a large outdoor pool please find a nearby hotel after reading the reviews of all hotels . It is of course more convenient to be staying at the conference venue.

Who should attend this Course?

Any physician or GP who would like to learn basic musculoskeletal ultrasound. Hold a MBBS or equivalent.

This course is strictly for Medical doctors only .

Congress Pre-Requisite:

Basic level– For delegates who have not attended any Basic MSK Ultrasound course and are not performing MSK ultrasound weekly on patients.

Intermediate level - For delegates who have attended a Basic MSK Ultrasound Course and are performing MSK ultrasound weekly on patients.

Advanced level - For delegates who are highly experienced in MSK Ultrasound and would like more specific teaching of different joints.

Accreditation:

This course is usually accredited Malaysian Medical Council via MMA CPD points for General Practitioners and Medical officers and 16 CPD Points by the National Specialist Register of Malaysia (NSR)* for Physicians . For overseas delegates with their attendance certificate and programme they can apply to their local provider for 14 CPD hours points.

Kindly use the hotel booking form available on our website to leverage on special delegate room rates. Booking through the hotel booking form will allow you not to pay anything until arrival and cancellation up to a few days before the conference in case of emergency.

Bank Details:

Account name : Global Futuristic Management Services
Bank : Commerce International Merchant Bankers Berhad (CIMB)
Account number : 8002419615
Swiftcode : CIBBMYKLXXX
Bank Address : Commerce International Merchant Bankers Berhad,
227&228 Jalan Bandar 13, Taman Melawati
53100, Kuala Lumpur, Malaysia.
Beneficiary Address : 20 Jalan 4, Taman Sri Ukay, Ampang, Selangor 68000, Malaysia.
Contact number : +6011-73537864

Payment Proof

All delegates must send us the proof of payment within 24 hours of making payment. Kindly email a copy of the bank slip or proof of transfer to globalfuturistic@gmail.com with indication of account name that the transfer was made from. Upon receipt of payment into our account, a notice will be sent to your email along with a confirmation letter and e-receipt within 48 hours to confirm your place in the course.

Accreditation

This course will be applied for CPD Points by the Malaysian Medical Association under Malaysian Association of Sports Medicine for General Practitioner, and 16 CPD Core Points by the National Specialist Register of Malaysia (NSR)* for Physicians

Certificate

Certificate will indicate that the physician is accredited to perform screening ultrasound examination of major joints and perform ultrasound guided procedures. Some Malaysian TPA/MCO have agreed to accept this certification to pay the doctor performing the Musculoskeletal Ultrasound scans. The certificate will also state you have been taught how to screen for common joint pathology and been taught injection techniques and have reviewed 100 DICOM MRI and Ultrasound videos of normal and pathology.

Terms & Conditions:

1. A non-refundable policy applies to course fees, but humanitarian reasons can be considered such as admission to hospital, etc. for credit transfer. Administrative fees, printing costs and deposits already paid on your behalf will be deducted. You will be advised of the amount. The credit will be then transferred towards the next years registration fee which may be increased.
2. Refund will be offered if cancelled before 60 days only. There is an admin fee of USD 150 (for Malaysian RM600) plus cost of sending refund if cancelled 60 days before the course. If less than 60 days, no refund is possible as it is difficult to find a replacement. However, you can transfer to a colleague or credit transfer once to the following year. Administrative fees, printing costs and deposits already paid on your behalf will be deducted if we offer a credit transfer. You will be advised of the amount. The credit will be then transferred towards the next years registration fee which may be increased.
3. Registration transfers are allowed. No additional fees will be imposed for registration transfers.
4. The course fee is inclusive morning and evening teas and a Halal buffet lunch.
5. Please note that no audio and video recording is allowed during both lectures and hands-on sessions.
6. A confirmation of placement at the course is upon receipt of a confirmation letter and electronic receipt. If you do not receive these documents within the duration of a week upon payment, kindly email the secretariat immediately to check on your status.
7. Kindly email the secretariat with proof of transaction along with indication of account name that the transfer was made from upon making payment so that the secretariat is able to identify your payment. Failure to do so might cause your payment to be attributed to another delegate instead.
8. Do not make payment until and unless you receive a confirmation from the secretariat to proceed. Payments that go through prior to confirmation will not be refunded.
9. The programme is fixed, however the course faculty may change in the event of a personal crisis or unavoidable matter. We will do our best to get a faculty of similar caliber.
10. In the event that the course is cancelled due to unforeseen circumstances, all delegates will be given a credit transfer and another course will be arranged at the next convenient date.
11. The event management company (secretariat) is not liable for any losses or injuries sustained before, after, or throughout the duration of the course. Insurance coverage is encouraged as a safety measure.
12. Ensure you have a confirmation number from the hotel if you have booked at the conference hotel using the hotel booking form below otherwise your booking is not confirmed.
