

Overview

Anaesthesia 2018 will bring together national and world-renowned experts to present the latest advances in perioperative medicine, critical care and pain medicine. Hear from the key players shaping the future of the specialty in the UK and beyond.

With a packed programme, covering a diverse range of topical subjects, this conference is suitable for anaesthetists at all stages of their careers. Anaesthesia 2018 will offer the chance to learn from and network with your peers from all areas of the profession.

What you can expect:

- > **Stay informed** with lectures on global safety, perioperative medicine and the NHS in 2018.
- > **Get up-to-date** via quick-fire talks on obstetric haemorrhage, paediatric airway, acute pain and head injuries.
- > **Tailor your day** with practical workshops on topics including stress, shared decision making and management.
- > **Have your say** during audience interaction and controversial debate.
