

Immunology Short Course for
Clinicians and Scientists

28th, 29th 30th November 2016

Monday 28th November

DAY 1- **Healthy Immunity**

08.30	REGISTRATION	
09.55	Welcome	Prof Liz Lightstone
10.05	Lymphocyte Development	Dr Donald Palmer
10.40	COFFEE	
11.00	Lymphocyte function	Danny Altman
11:35	Immune surveillance at body surfaces	Dr Jessica Strid
12.10	Lymphocyte Regulation	Professor Oliver Garden
12.45	LUNCH	
13.40	Guest Lecture: <i>Innate immunity</i>	Dr Sophie Rutschmann
14.40	Lymphocyte migration	Professor Federica Marelli-Berg
15.15	TEA	
15.50	B cell development and survival	Dr Victor Tybulewicz
16.25	Immune Memory	Professor Philip Ashton-Rickardt
17.00	DAY CLOSE	

Immunology Short Course for
Clinicians and Scientists

28th, 29th 30th November 2016

Tuesday 29th November

Day 2 - Autoimmunity / Transplantation

Chair: Professor Liz Lightstone

09:35	Autoimmunity in Haematology	Dr Nichola Cooper
10.10	Complement and autoimmunity	Prof Matthew Pickering
10.50	Coffee	
11.05	TRAPping the cellular mechanisms of autoimmunity	Prof Marina Botto
11.45	Case studies to highlight mechanisms - MAS / ANCA	Panel
12.15	Lunch	
13.15	Guest Lecture - Autoimmunity in vasculitis	Prof Charles Pusey
14.00	Allergy	Dr Bob Boyle
14.35	Asthma	Dr Rosemary Boyton
15.10	Tea	
15.25	Modern approaches to tissue typing	Dr Paul Brookes
16.00	Challenges in Transplantation – antibody mediated rejection	Dr Jack Galliford
16.40	Close	

**Immunology Short Course for
Clinicians and Scientists**

28th, 29th 30th November 2016

Wednesday 30th November

Day 3 - Autoimmunity / Transplantation

Chair: Professor Liz Lightstone

9.00	GvH / GvL / HvG	Professor Francesco Dazzi
10.10	Targeting NfKb in myeloma	Professor Guido Franzoso
10.45	Genetic Engineering of T cells to Enhance Immunotherapy of Cancer and Infection	Professor Hans Stauss
11.20	Coffee	
11.40	Vaccines	Professor Peter Openshaw
12.15	Guest Lecture: The Immune Response To HIV And Towards A Vaccine	Professor Robin Shattock
12.55	Lunch	
13.35	Primary Immuno Deficiencies	Professor Peter Kelleher
14.35	Biologics to Modify Rheumatoid Arthritis	Dr Maresa Carulli
15.10	Tea	
15.25	Macrophages and atherosclerosis	Dr Kevin Woollard
16.00	Guest Lecture: Autoimmunity after Alemtuzumab	Dr Joanne Jones
17.00	Meeting Close
