

WSPID 2019 - Preliminary Program*

5 - 8 November Manila, Philippines

Key Description

Workshop	WSPID Symposium	Sponsored Symposium	E-poster Presentations
Meet the Professor	Oral Presentations	Society Symposium	Opening / Closing Ceremony
Social Event	World/ Special Lecture	Interactive Symposium	

Tuesday, November 5, 2019				
	Plenary Hall	Room 1	Room 2/3	Room 5
08:00-11:00				08:00-16:00 <u>WSPID Research Workshop*</u> (by invitation only)
11:00-12:30		<u>Sponsored Symposium 1</u> Not included in main event CME/CPD Accreditation		
12:30-12:45		<i>Short break</i>		
12:45-14:15		<u>Sponsored Symposium 2</u> Not included in main event CME/CPD Accreditation		
14:15-14:30		<i>Short Break</i>		
14:30-16:00		<u>WSPID Symposium 1</u> Innovation in Infectious Diseases NEW TECHNOLOGIES TO STUDY TRANSMISSION OF CONTAGIOUS DISEASES SUCH AS TUBERCULOSIS USE OF BIG DATA FOR INFECTIOUS DISEASES SURVEILLANCE AND MODELLING HOW TECHNOLOGICAL DEVELOPMENTS WILL CONTRIBUTE TO BETTER CARE FOR CHILDREN WITH INFECTIOUS DISEASES	<u>WSPID Symposium 2</u> Dengue: A Global Threat CURRENT SITUATION VECTOR CONTROL STRATEGIES FOR DENGUE DENGUE VACCINATION: STATE OF THE ART	
16:00-16:15	<i>Short Break - Hall Change</i>			
16:15-17:15	Opening Ceremony			
17:15-19:15	Welcome Reception (in Exhibition Area)			

* Subject to change - Uploaded on October 26, 2018

Wednesday, November 6, 2019					
	Plenary Hall	Room 1	Room 2/3	Room 4	Room 5
08:00-08:45		Meet the Professor 1	Meet the Professor 2	Meet the Professor 3	
08:45-09:00	Short Break - Hall Change				
09:00-10:30	WSPID Symposium 3 Emerging ID Challenges in the Five Continents	WSPID Symposium 4 (Controversies in) HIV	WSPID Symposium 5 Pneumococcal Symposium	Society Symposium	
	EUROPE, AFRICA AND THE MIDDLE EAST	INTEGRASE STRAND INHIBITORS SHOULD BE FIRST-LINE FOR ALL HIV-INFECTED CHILDREN	THE IMPACT OF PNEUMOCOCCAL CONJUGATE VACCINE IN ASIA		
	THE AMERICAS	PMTCT SHOULD ALWAYS INCLUDE 3 ANTIRETROVIRALS	CONTROVERSIES IN SEROTYPE REPLACE FOLLOWING THE INTRODUCTION OF PNEUMOCOCCAL CONJUGATE VACCINES		
	ASIA AND OCEANIA	THE DEVELOPMENT OF AN HIV VACCINE IS THE BEST WAY TO ELIMINATE THE HIV EPIDEMIC	CONTROVERSIES IN THE SCHEDULING OF PNEUMOCOCCAL CONJUGATE VACCINES		
10:30-11:00	Coffee Break, Exhibition & E-Poster Viewing				
11:00-12:30	WSPID Symposium 7 Antimicrobial Stewardship into the 2020s	WSPID Symposium 8 Malaria in Pregnant Women and Children	WSPID Symposium 9 Pertussis Symposium	Society Symposium	
	MEASURING AND IMPLEMENTING ANTIMICROBIAL STEWARDSHIP IN DEVELOPED AND DEVELOPING COUNTRIES	EPIDEMIOLOGY, TRANSMISSION AND PREVENTION OF MALARIA	EPIDEMIOLOGY OF PERTUSSIS IN THE ASIA-PACIFIC REGION – DO WE KNOW WHAT WE NEED TO KNOW?		
	ANTIMICROBIAL STEWARDSHIP IN CHILDREN – BARRIERS/FACILITATORS AND REQUIREMENTS	MALARIA IN PREGNANT WOMEN AND THEIR BABIES	PERTUSSIS IMMUNIZATION IN PREGNANCY AND ITS IMPLICATIONS FOR THE INFANT		
	MEANINGFUL METRICS FOR ANTIMICROBIAL STEWARDSHIP IN CHILDREN	TREATMENT OF INFECTIONS BY PLASMODIUM VIVAX AND PLASMODIUM FALCIPARUM IN CHILDREN	NEW GENERATION OF PERTUSSIS VACCINES – WHICH WAY TO GO?		
12:30-14:15	Break, Exhibition & E-Poster Viewing	(12:45-14:15) Sponsored Symposium 3 Not included in main event CME/CPD Accreditation	Break, Exhibition & E-Poster Viewing		
14:15-14:30	Short Break - Hall Change				
14:30-15:30	Oral Presentations 1	Oral Presentations 2	Oral Presentations 3	Oral Presentations 4	Oral Presentations 5
15:30-15:45	Short Break - Hall Change				
15:45-17:15		WSPID Symposium 10 ID in the Immunocompromised		Society Symposium	WSPID Workshop 1: Workshop: Laboratory Diagnosis of Infectious Diseases – Improving clinical indications, avoiding pitfalls
		MANAGEMENT OF BACTERIAL AND VIRAL INFECTIONS IN THE IMMUNOCOMPROMISED CHILD			IMMUNOLOGIC TESTS FOR INFECTIOUS DISEASES
		MANAGEMENT OF CHILDREN WITH SICKLE CELL DISEASE IN RESOURCE ADVANTAGED AND RESOURCE CHALLENGED SETTINGS			NUCLEIC ACID-BASED IDENTIFICATION METHODS
		AN UPDATE ON IMMUNIZATION IN IMMUNOCOMPROMISED CHILDREN			RAPID NON-NUCLEIC ACID-BASED IDENTIFICATION METHODS
17:15-17:45	Coffee Break, Exhibition & E-Poster Viewing				
17:45-19:15		Sponsored Symposium 4 Not included in main event CME/CPD Accreditation			

			Thursday, November 7, 2019		
	Plenary Hall	Room 1	Room 2/3	Room 4	Room 5
08:00-08:45		Meet the Professor 4	Meet the Professor 5	Meet the Professor 6	
08:45-09:00	<i>Short Break - Hall Change</i>				
09:00-10:00	Oral Presentations 6	Oral Presentations 7	Oral Presentations 8	Oral Presentations 9	Oral Presentations 10
10:00-10:30	<i>Coffee Break, Exhibition & E-Poster Viewing</i>				
10:30-12:00		WSPID Interactive Session 1	WSPID Symposium 11: Neonatal Sepsis CAUSES AND OUTCOME OF SEPSIS IN SOUTHEAST ASIA ETIOLOGY, CLINICAL FEATURES AND RISK OF MORTALITY OF SERIOUS INFECTIONS IN INFANTS IN LOW-INCOME SETTINGS ROLE OF BIOMARKERS IN EARLY DIAGNOSIS AND MANAGEMENT OF NEONATAL SEPSIS	Society Symposium	WSPID Workshop 2
12:00-13:45	<i>Break, Exhibition & E-Poster Viewing</i>	(12:15-13:45) Sponsored Plenary Symposium 5 Not included in main event CME/CPD Accredition	<i>Break, Exhibition & E-Poster Viewing</i>		
13:45-14:00	<i>Short Break - Hall Change</i>				
14:00-15:30	Society Symposium	WSPID Interactive Session 2: Infection Prevention and Control in low-resource settings CASE 1: YOU ARE CALLED BY THE NEONATAL SERVICE. THE HAVE IDENTIFIED A MOTHER IN THE KANGAROO MOTHER CARE WARD WITH ACTIVE UNTREATED TUBERCULOSIS (TB) CASE 2: YOU ARE CALLED BY A COLLEAGUE IN THE PEDIATRIC INTENSIVE CARE UNIT. THEY HAVE HAD 3 DEATHS IN THE LAST MONTH FROM DRUG-RESISTANT ACINETOBACTER BLOODSTREAM INFECTIONS. CASE 3: YOU ARE CALLED BY THE DOCTOR IN THE EMERGENCY ROOM. THEY HAVE A SUSPECTED CASE OF DIPHTHERIA IN A 2-YEAR OLD CHILD	WSPID Symposium 6 Pediatric Fungal Infections: Something New? EPIDEMIOLOGY AND DIAGNOSIS OF FUNGAL INFECTIONS IN CHILDREN MANAGEMENT OF FUNGAL INFECTIONS IN THE IMMUNOCOMPROMISED HOST FUNGAL INFECTIONS IN NEONATES: WHEN AND HOW TO TREAT?	WSPID Symposium 13: Controversies in Pneumonia CAUSAL PATHWAYS – HOST, PATHOGEN AND ENVIRONMENTAL FACTORS DIAGNOSIS AND MANAGEMENT LONG-TERM COMPLICATIONS	
12:00-12:05	<i>Short Break - Hall Change</i>				
15:20-16:20	WSPID Special Lecture				
16:20-16:50	<i>Coffee Break, Exhibition & E-Poster Viewing</i>				
16:50-17:50	E-poster Sessions (In Exhibition Area)				
17:50-18:00	<i>Short Break</i>				
18:00-19:30			Sponsored Parallel Symposium A Not included in main event CME/CPD Accredition	Sponsored Parallel Symposium B Not included in main event CME/CPD Accredition	Sponsored Parallel Symposium C Not included in main event CME/CPD Accredition

Friday, November 8, 2019			
	Plenary Hall	Room 1	Room 2/3
08:00-08:45	Meet the Professor 7	Meet the Professor 8	Meet the Professor 9
08:45-09:00	Short Break - Hall Change		
09:00-10:30	Society Symposium	WSPID Symposium 12: Debates in Diarrheal Disease	WSPID Symposium 14: Tropical Diseases
		REVIEWING ROTAVIRUS VACCINE AFTER A DECADE: DO WE NEED TO CHANGE ANYTHING?	DIAGNOSIS, TREATMENT AND PREVENTION OF LEPROSY
		BLOODY DIARRHOEA IN RESOURCE CHALLENGED SETTINGS: DIAGNOSE AND TARGETED TREATMENT VERSUS EMPIRIC (NON-ANTIBIOTIC) MANAGEMENT	PEDIATRIC MELIOIDOSIS - EPIDEMIOLOGY, DIAGNOSIS AND MANAGEMENT
		CLOSTRIDIUM DIFFICILE IN CHILDREN: PATHOGEN OR COMMENSAL?	THE PREVALENCE AND CLINICAL IMPLICATIONS OF PARASITIC INFECTIONS IN SOUTHEAST ASIA
10:30-11:00	Coffee Break, Exhibition & E-Poster Viewing		
11:00-12:30	WSPID Symposium 15 Tuberculosis	WSPID Symposium 16: Emerging Issues and Controversies on Group A Streptococcus and S Aureus Infections in Children	WSPID Symposium 17 Vaccines and Immunization - What Pediatricians Need to Know
	EPIDEMIOLOGY OF DRUG-SUSCEPTIBLE AND DRUG-RESISTANT TB IN CHILDREN AND ADOLESCENTS	WHAT IS BEHIND THE RESURGENCE OF SCARLET FEVER?	WHAT'S NEW IN VACCINATION DURING THE LAST TWO YEARS
	TB DIAGNOSTICS: INTEGRATING RECENT DEVELOPMENTS INTO CLINICAL PRACTICE	ANTIMICROBIAL TREATMENT AND THE ROLE OF EVOLVING THERAPIES IN THE MANAGEMENT OF STREPTOCOCCAL AND STAPHYLOCOCCAL TOXIC SHOCK SYNDROME IN CHILDREN	VACCINE HESITANCY: HOW BIG, HOW BAD AND WHAT CAN WE DO?
	TREATMENT OF DRUG-RESISTANT TB, INCLUDING PITFALLS AND ADVANTAGES OF SHORTER-COURSE (CLOFAZIMINE-CONTAINING) REGIMENS	CAN DECOLONIZATION STRATEGIES EFFECTIVELY PREVENT COMMUNITY ACQUIRED AND HEALTH CARE- ASSOCIATED S AUREUS INFECTIONS?	PROTECTING THE NEWBORN: UPDATES IN MATERNAL AND NEONATAL IMMUNIZATION
12:30-13:30	Break, Exhibition & E-Poster Viewing		
13:30-14:30	E-poster Sessions (In Exhibition Area)		
14:30-14:45	Short Break - Hall Change		
14:45-15:30	Napoleón González World Lecture		
15:30-15:45	Short Break - Hall Change		
15:45-17:15	WSPID Symposium 18: 'Hot' papers in the field of Pediatric Infectious Diseases 2017-2019		
	PEDIATRIC INFECTIOUS DISEASES		
	CLINICAL AND DIAGNOSTIC MICROBIOLOGY		
	POPULATION/PUBLIC HEALTH AND EPIDEMIOLOGY		
17:15-17:30	Closing Ceremony
