

Clinical pharmacology: Now, More than Ever!

Easter
European
Time (EET)

Saturday June 25 2022

13:00

Pre-meeting for Young Clinical Pharmacologists

16:00

Sunday June 26 2022

09:00

Poster presentations

10:00

Welcome and introduction; "Clinical pharmacology; Now, more than ever!" EACPT president Prof Pierre Marquet (PM)

10:20

Plenary lecture #1: Hepatic adverse drug reactions to antimicrobial : predictable? Prof. Ann K. Daly

11:00

Refreshment

11:20

Plenary lecture #2: "Regulation at Speed"; Marco Cavaleri

12:00

Lifetime achievement award and lecture: Kim Broesen

12:40

Lunch

14:00

S1a: Pharmacogenomics in clinical practice (co-organized with ESPT, European Society of Pharmacogenomics and Personalized Therapy)

S1b: Immunopharmacology

S1c: COVID-19 (session 1) Update on therapies

15:20

Coffee

15:40

S2a: OMICS and Targeted Biomarkers

S2b: Joint meeting with IUPHAR

S2c: Mixed Oral Presentations (1)

17:00

17:10

Presentations by applicants to the young scientific award 2021

Round-table about European training in drug-drug interaction assessment: a comprehensive approach

18:30

18:30

WELCOME CEREMONY & RECEPTION

19:30

Monday June 27 2022

07:00	EACPT run		
08:00	Workshop 1: Debate session: Human challenge trials		Workshop 2: Bureaucracy in clinical research
08:50			
09:00	S3a: Advanced Therapies	S3b: Clinical Pharmacology of cardiovascular drugs (joint meeting with EPHAR)	S3c: New ways of learning Clinical pharmacology
10:30	Coffee		
11:00	S4a. Session organized by BPS: clinical prize lectures	S4b: Mixed Oral Presentations (2)	S4c: CPT training across Europe
12:00			
12:30	LUNCH		
13:30			
14:00	Plenary Lecture #3: "Lessons learned from the COVID-19 pandemic" Prof. Meletios A. Dimopoulos:		
14:35	Plenary Lecture #4: "New Artificial intelligence tools to the service of medical questions" Mihaela van der Schaar, UK		
15:10	Coffee		
15:30	S5a: Advanced Drug Delivery / Formulations	S5b: Systems Pharmacology and Artificial Intelligence in Clinical Pharmacology and Therapeutics (Joint session with ACCP)	S5c: Changing Benefit-Risk Balance of Medicines (challenging the mantra)
16:50			
17:00	Satellite symposium/ poster presentation	Satellite symposium/poster presentation	EACPT council meeting
18:30			
19:30	Congress dinner		
23:30			

Tuesday June 28 2022

08:00	Workshop 3: Pharmacovigilance in Practice (Greek Society)	Workshop 4: What makes a good journal peer review	Workshop 5: Early access to innovative medicines
09:00	Group meetings (EuroDurg, UEMS etc); EACPT ExCo meeting		
10:00	S6a: Joint session with IATDMCT: TDM of mAbs	S6b: Public-private collaboration in drug repurposing: challenges and opportunities	S6c: Special populations in drug-development and rational prescribing
11:30	Informal GENERAL ASSEMBLY: P. Marquet		
12:30	Lunch		
	Poster presentations		
13:30	S7a: Mixed Oral Presentations (3)	S7b: Psychopharmacology	S7c: Physiology-based pharmacokinetic modeling to guide personalized drug dosing
14:50			
15:00	Award lectures (Young investigator, EPHAR/EACPT joint award, Education) and closing ceremony		
16:00
