EUROPEAN VULVOVAGINAL DISEASE COURSE

Dear Colleagues,

On behalf of the ISSVD Executive Council, Scientific Committee, and Local Organizing Committee, it is our great pleasure to invite you to join the 1st European Vulvovaginal Disease Course of the International Society for the Study of Vulvovaginal Disease (ISSVD) to be held February 15 and 16, 2019 in Porto, Portugal.

The Course will encompass the most recent information on how to diagnose and treat vulvovaginal diseases. It will offer the opportunity to meet and discuss cases with the world's leading experts in the field, opening future opportunities for improved care.

Attending the course will create a better understanding of common complaints and give you access to resources to help you improve your patients' outcomes. The interdisciplinary team working in the vulvovaginal diseases field including gynecologists, dermatologists, pathologists, oncologists and physical therapists is the main ingredient of a successful meeting and better patient management.

With its visually stimulating atmosphere, cobblestone streets and beautiful bridges, you will be sure to find a nice place to relax among the many cafes in Porto after a successful educational program.

We are looking forward to welcoming you in Porto!

Mario Preti, MD
President, ISSVD

Pedro Viera Baptista, MD
Secretary General, ISSVD

Jose Martinez de Oliveira, PhD, MD
Past-President, ISSVD

1st ISSVD EUROPEAN VULVOVAGINAL DISEASE COURSE

Friday | February 15, 2019

13:00h Opening of registration desk

14:00-14:10h **Introduction and objectives**
José Martinez de Oliveira, Mario Preti & Pedro Vieira Baptista

14:10-14:30h **Pre-Test**
(for Course impact evaluation, no participants evaluation)
