

AACR Annual Meeting 2017

Scheduled Sessions as of Friday, February 24, 2017

For the most current session information, visit the [online Itinerary Planner](#).

Saturday, April 1

Start Time	Session Type	Session Title
7:00 AM	AACR Runners for Research 5K	2017 AACR Runners for Research 5K Walk/Run
8:00 AM	Educational Session	Epigenetics and Cancer
8:00 AM	Educational Session	From Chemistry to the Clinic: Part 1: Chemical Probes in Identifying and Validating Drug Targets
8:00 AM	Educational Session	Functional Genomic Approaches to Cancer Target Identification
8:00 AM	Educational Session	Polygenetic Susceptibility to Cancer and the Exposome
8:00 AM	Educational Session	Resistance Mechanisms to MAPK Pathway Targeting across Cancer
8:00 AM	Educational Session	Synthetic Lethality for DNA Repair Defect in Human Cancer
8:00 AM	Educational Session	Tumor Immunology and Immunotherapy for Nonimmunologists: Immune Suppression and Overcoming It to Enhance Antitumor Therapies
8:00 AM	Educational Session	Tumor Microenvironment and Its Role in Drug Resistance and Metastasis
8:00 AM	Methods Workshop	Advances in Cancer Evolution
8:00 AM	Methods Workshop	Application of Novel Models to Guide Individual Therapies
8:00 AM	Methods Workshop	Clinical Trials Design Workshop - Part 1: Clinical Trials for Targeted Therapies
8:00 AM	Methods Workshop	Current and Future Pathology in the Era of Immunotherapy
9:30 AM	Professional Advancement Session	Editor Tips for Publication Success
9:30 AM	Professional Advancement Session	Twelfth Annual AACR Undergraduate Student Caucus and Poster Competition
10:00 AM	Educational Session	From Chemistry to the Clinic: Part 2: Lessons from Medicinal Chemistry Cancer Drug Discovery Experiences
10:15 AM	Educational Session	Biology of Disparities with Emphasis on Prostate, Breast, and Colorectal Cancer: A Study of African Americans and Caucasians
10:15 AM	Educational Session	Cancer Immunology for the Non-Immunologist: Tutorial
10:15 AM	Educational Session	Deciphering Biomarkers and Mechanisms of Stromal-Mediated Drug Responses and Resistance
10:15 AM	Educational Session	Enhancing Research Reproducibility
10:15 AM	Educational Session	Environmental Carcinogenesis: A Pathway to Prevention?
10:15 AM	Educational Session	Histone Modifiers in Cancer
10:15 AM	Educational Session	Integrating Genomic Analyses of Immunotherapy
10:15 AM	Educational Session	Taming the Tumor Microenvironment in Pancreatic Cancer
10:15 AM	Methods Workshop	Applications of Proteomics and Proteogenomics in Cancer Research
10:15 AM	Methods Workshop	Clinical Trials Design Workshop - Part 2: Development of Immuno-Oncologic Treatments
10:15 AM	Methods Workshop	Computational Analysis of Cancer
10:15 AM	Methods Workshop	High Throughput Screening: From Reagent Development to Clinical Implementation
12:00 PM	Professional Advancement Session	Twentieth Annual Grant Writing Workshop, Organized by the Associate Member Council (AMC)
1:00 PM	Educational Session	Cell Death Programs in Cancer Biology and Therapy
1:00 PM	Educational Session	Chromatin Regulation in Pediatric Cancer
1:00 PM	Educational Session	From Chemistry to the Clinic: Part 3: Advances in Antibody Drug

Start Time	Session Type	Session Title
		Conjugates
1:00 PM	Educational Session	Molecular Classification and Epigenomic Discoveries in Brain Tumors
1:00 PM	Educational Session	Rationale and Design of Immune Checkpoint Combination Therapy
1:00 PM	Educational Session	Targeting CDKs in the Treatment of Breast Cancers
1:00 PM	Educational Session	Translation Control in cancer: From Basic Science to Therapeutic Approaches
1:00 PM	Educational Session	When Epidemiology and Pathology Meet: Incorporating Cutting-Edge Molecular Pathology Tools into Population Studies
1:00 PM	Methods Workshop	Epigenomic Profiling Technologies
1:00 PM	Methods Workshop	High-Dimensional Analysis of Immune Monitoring
1:00 PM	Methods Workshop	Immune Monitoring and Biomarker Development in the Human Model System
1:00 PM	Methods Workshop	Methods to Investigate the Microbiota
1:00 PM	Methods Workshop	Multimodal Imaging of Tumor Microenvironment and Immune Response
1:00 PM	Professional Advancement Session	WICR Professional Advancement Session: Intentional Yes and Graceful No-- How to Take Charge of Your Career
1:00 PM	Regulatory Science and Policy Session	Understanding Mechanism-Based, Cardiovascular Adverse Events Associated with Immune Checkpoint Blockade: Implications for Prevention and Management
3:00 PM	Regulatory Science and Policy Session	Real-World Evidence in Oncology and Its Implications
3:15 PM	Educational Session	Functional Diagnostics for Precision Cancer Care
3:15 PM	Educational Session	Induction of Senescence as an Anticancer Strategy
3:15 PM	Educational Session	Inflammation and Immune Cells as Modifiers of Outcome in Cancer Patients
3:15 PM	Educational Session	Interpretation of Cancer Genomic Variants
3:15 PM	Educational Session	Opportunities for Small-Molecule Immune-Enhancing Drugs (IEDs) to Fight Cancer
3:15 PM	Educational Session	Present and Future Directions in Drugging the Epigenome
3:15 PM	Educational Session	Prevention and Early Detection in the Era of Genomics
3:15 PM	Educational Session	Single Cell Analysis
3:15 PM	Methods Workshop	Clinical Cancer Genomic Testing: From Comprehensive Cancer Gene Panels to Whole Exome/Transcriptome/Genome Sequencing
3:15 PM	Methods Workshop	Dissemination and Implementation Research
3:15 PM	Methods Workshop	New Laboratory Techniques to Monitor Tumor Genomes with Liquid Biopsies
3:15 PM	Methods Workshop	Preclinical Biomarkers
3:15 PM	Methods Workshop	Tissue-Localized Endpoints in Clinical Trials
5:00 PM	Special Session	Third Annual Clinical Oncology Fellows/Junior Faculty Networking Reception
5:15 PM	Special Session	Unsolved Mysteries: Why Do We Get Cancer as We Age and Why Don't We Get More Cancer?
5:15 PM	Special Session	Unsolved Mysteries: Why Is Pancreatic Cancer So Difficult to Treat?
5:30 PM	Professional Advancement Session	Careers in Clinical and Translational Cancer Research
6:30 PM	Meet and Greet	New Member Networking Mixer

Sunday, April 2

7:00 AM	Meet-the-Expert Session	Cancer in Africa: Where Does Our Knowledge Come From?
7:00 AM	Meet-the-Expert Session	Computational Biology in Translational Cancer Research
7:00 AM	Meet-the-Expert Session	Crosstalk Between VEGF and Modulators of the Immune System: Therapeutic Implications
7:00 AM	Meet-the-Expert Session	Designing Pediatric Drug Development Trials in an Era of Molecularly Target New Agents
7:00 AM	Meet-the-Expert Session	Epitranscriptomics: Nucleotide Modifications in mRNA and lncRNA
7:00 AM	Meet-the-Expert Session	Evaluating the Evidence: Menopausal Hormones and Cancer
7:00 AM	Meet-the-Expert Session	Immunosuppressive Networks, PD-L1 Expression, and Blueprint Project
7:00 AM	Meet-the-Expert Session	Milestones and Barriers in Hematopoietic Stem Cell Derivation from Pluripotent Stem Cells
7:00 AM	Meet-the-Expert Session	Nonessential Amino Acid Metabolism in Cancer Cells
7:00 AM	Meet-the-Expert Session	Novel Ways to Activate NK Cells and Increase Their Specificity for Cancer Therapy
7:00 AM	Meet-the-Expert Session	Pathogenesis and Genomics of Ovarian Cancer: Converging on New Opportunities
7:00 AM	Meet-the-Expert Session	Secondary Breast Cancer: A Paradigm for Survivorship Research
7:00 AM	Meet-the-Expert Session	The Dynamic Interplay between Cancer and Aging
7:00 AM	Meet-the-Expert Session	The Genomics of Outstanding Responders
7:00 AM	Meet-the-Expert Session	Tissue Heterogeneity and Molecular Pathology
7:00 AM	Meet-the-Expert Session	Understanding and Intervening in Cancer Cell Invasion
7:00 AM	Meet-the-Expert Session	Understanding the Role of Estrogen Receptor in Breast Cancer
7:00 AM	NCI/NIH-Sponsored Session	NIH Grants Session: Changes in Review, Funding, and Funding Opportunities at the NCI
8:00 AM	Awards and Lectures	Eleventh Annual AACR Margaret Foti Award for Leadership and Extraordinary Achievements in Cancer Research
8:00 AM	Awards and Lectures	Eleventh Annual AACR Team Science Award
8:00 AM	Awards and Lectures	Fourteenth Annual AACR Award for Lifetime Achievement in Cancer Research
8:00 AM	Awards and Lectures	Second Annual AACR June L. Biedler Prizes
9:45 AM	Plenary Session	Opening Plenary: The Road to Cancer Cures—Discover, Predict, Prevent, and Treat
12:45 PM	Clinical Trials Plenary Session	Precision Medicine Clinical Trials
1:00 PM	Drug Development Track - Special Session	New Drugs on the Horizon 1
1:00 PM	Late-Breaking Poster Session	Late-Breaking Research: Bioinformatics and Systems Biology
1:00 PM	Late-Breaking Poster Session	Late-Breaking Research: Molecular and Cellular Biology 1
1:00 PM	Major Symposium	Artificial Intelligence-enabled Cancer Care and Research: Potential and Challenges
1:00 PM	Major Symposium	Cancer Development and Outcomes Related to Tobacco Use
1:00 PM	Major Symposium	Cancer Metabolism: Moving towards the Clinic
1:00 PM	Major Symposium	Emerging Targets in Immunotherapy
1:00 PM	Major Symposium	Genetic Predisposition to Cancer: Implications for Risk Management and Clinical Care
1:00 PM	Major Symposium	Lung Cancer Disparities and Behavioral Strategies for Equity
1:00 PM	Major Symposium	Myelomonocytic Cells and Stroma as Therapeutic Targets
1:00 PM	Major Symposium	Obesity, Inflammation, and the Adipose Microenvironment in Cancer
1:00 PM	Meet and Greet	Meet the Editors-in-Chief of Cancer Discovery: Lewis C. Cantley, PhD and José Baselga, MD, PhD
1:00 PM	NCI/NIH-Sponsored Session	NCI Sponsored Training Awards and Opportunities
1:00 PM	Poster Session	Advocates Poster Session 1
1:00 PM	Poster Session	Alternative Small-Molecule Therapies

AACR Annual Meeting 2017
Scheduled Sessions as of Friday, February 24, 2017

1:00 PM	Poster Session	Angiogenesis and Vascular Biology 1
1:00 PM	Poster Session	Antibodies, Bispecifics, and Antibody-Drug Conjugates
1:00 PM	Poster Session	Antibody Technology
1:00 PM	Poster Session	Basic and Applied Nanotechnologies and Therapeutic Approaches
1:00 PM	Poster Session	Bioinformatics and Analysis for Therapy and Immune System
1:00 PM	Poster Session	Cell Culture and Animal Models of Cancer 1
1:00 PM	Poster Session	Cell Cycle Checkpoint and Progression
1:00 PM	Poster Session	Cell Growth Signaling Pathways 1
1:00 PM	Poster Session	Cell Growth Signaling Pathways 2
1:00 PM	Poster Session	Cellular Responses to Ionizing Radiation
1:00 PM	Poster Session	Checkpoint Inhibitor and Prognostic Biomarkers
1:00 PM	Poster Session	Checkpoints 1
1:00 PM	Poster Session	Childhood Cancer Clinical Translational Research
1:00 PM	Poster Session	Descriptive Epidemiology Including Trends in Incidence and Prognosis
1:00 PM	Poster Session	Diet and Cancer
1:00 PM	Poster Session	Early Detection
1:00 PM	Poster Session	Epithelial to Mesenchymal Transitions in Metastasis
1:00 PM	Poster Session	Gene Expression of Drug Resistance
1:00 PM	Poster Session	Genomic Analyses across Cancer Types
1:00 PM	Poster Session	Genomic Screening for Cancer Dependencies and Drug Response
1:00 PM	Poster Session	Imaging Cancer Immunotherapy, Tumor Microenvironment, and Other Aspects of Tumor Biology
1:00 PM	Poster Session	Metabolic Pathways in Cancer
1:00 PM	Poster Session	MicroRNA Regulation of Cancer Biology 1
1:00 PM	Poster Session	Migration and Invasion 1
1:00 PM	Poster Session	Molecular Carcinogenesis and Chromosomal Alternations
1:00 PM	Poster Session	Molecular Diagnostics
1:00 PM	Poster Session	Novel Agents
1:00 PM	Poster Session	Oncogenic Growth Factors and Signal Transducers
1:00 PM	Poster Session	Proteomics and Mass Spectrometry 1
1:00 PM	Poster Session	Special Populations / Biostatistics in Clinical Trials
1:00 PM	Poster Session	Stem Cell Heterogeneity
1:00 PM	Poster Session	Targeting the PI3K Pathway
1:00 PM	Poster Session	T-cell Immunity to Cancer: New Progress
1:00 PM	Poster Session	Tumor Antigens and Adaptive Immunity
1:00 PM	Poster Session	Tumor Microenvironment 1
1:00 PM	Poster Session	Tumor Microenvironment in Drug Development
1:00 PM	Professional Advancement Session	Forging Successful Partnerships with Industry, Organized by the Associate Member Council (AMC)
1:00 PM	Recent Advances in Diagnostics and Therapeutics Research	High Dimensional Tumor Imaging
1:00 PM	Recent Advances in Organ Site Research	Immunotherapy of Lymphoid Malignancies
1:00 PM	Recent Advances in Organ Site Research	Pediatric Brain Tumors: Developmental Connections to Disease Pathogenesis
1:00 PM	Recent Advances in Prevention Research	A Precancer Genome Atlas
1:00 PM	Recent Advances in Prevention Research	Periodontal Disease, Oral Bacteria, and Orodigestive Cancers
1:00 PM	Regulatory Science and Policy Session	Tables Turned: A Conversation with the Press about the Future of Cancer Research and Treatment
1:15 PM	Special Session	Molecular Epidemiology Working Group (MEG) Networking Session with Early-Career Researchers, Part 1: Meet the MEG Leadership

AACR Annual Meeting 2017**Scheduled Sessions as of Friday, February 24, 2017**

2:00 PM	Meet and Greet	Minorities in Cancer Research Council Meet and Greet
2:00 PM	Meet and Greet	Women in Cancer Research Council Meet and Greet
2:15 PM	Meet and Greet	Meet the AACR Foundation: Learn More About The Dr. Bayard D. Clarkson Legacy Society
2:45 PM	NCI/NIH-Sponsored Session	The NCI RAS Initiative at the Frederick National Laboratory for Cancer Research
3:00 PM	Clinical Trials Minisymposium	Breast Cancer, Ovarian Cancer, and Glioblastoma Clinical Trials
3:00 PM	Clinical Trials Plenary Session	Immuno-oncology Biomarkers in Clinical Trials
3:00 PM	Drug Development Track - Special Session	New Drugs on the Horizon 2
3:00 PM	Meet and Greet	Meet the Editor-in-Chief of Clinical Cancer Research: Keith T. Flaherty, MD
3:00 PM	Meet the Research Icon	Meet the Research Icon: Bruce M. Alberts, PhD, Organized by the Associate Member Council (AMC)
3:00 PM	Minisymposium	Animal Models of Human Oncogenesis
3:00 PM	Minisymposium	Cancer Survivorship and Quality of Life
3:00 PM	Minisymposium	Chromatin Structure and Function
3:00 PM	Minisymposium	Computational Cancer Biology
3:00 PM	Minisymposium	Estrogen Receptor in Cancer Progression and Therapies
3:00 PM	Minisymposium	Laboratory and Computational Tools to Enhance Clinical Decision Making
3:00 PM	Minisymposium	Niches and Routes of Metastasis
3:00 PM	Minisymposium	Novel Insights into Mechanisms of Response to Immunotherapy
3:00 PM	Minisymposium	Novel Mechanisms of Drug Resistance
3:00 PM	Minisymposium	Novel Therapeutic Targets, Molecules, and Approaches for the Treatment of Cancer
3:00 PM	Minisymposium	Oncogenes and Tumor Suppressors 1: Function and Therapeutic Vulnerabilities
3:00 PM	Professional Advancement Session	Careers in Science Policy and Advocacy: Industry, Government and Non-profit Organizations, Organized by the Associate Member Council (AMC)
3:00 PM	Regulatory Science and Policy Session	Regulatory Considerations for Utilizing Liquid Biopsies in Drug and Diagnostic Development
3:45 PM	Meet and Greet	Meet the Mentor: Undergraduate Focus
4:00 PM	Awards and Lectures	Thirteenth Annual AACR-Irving Weinstein Foundation Distinguished Lecture
4:00 PM	Meet and Greet	Meet the Editor-in-Chief of Cancer Research: George C. Prendergast, PhD
4:00 PM	NCI/NIH-Sponsored Session	Translating Cancer Technologies from Lab to Market - Success Stories from the NCI SBIR Program
4:15 PM	Awards and Lectures	Special MICR Presentation Honoring Dr. Jane Cooke Wright
4:30 PM	Awards and Lectures	Twelfth Annual AACR-Minorities in Cancer Research Jane Cooke Wright Memorial Lectureship
5:30 PM	Awards and Lectures	Presidential Address
5:30 PM	Awards and Lectures	Twentieth Annual Pezcoller Foundation-AACR International Award for Cancer Research
5:30 PM	Town Meeting	Chemistry in Cancer Research Working Group (CICR) Town Hall Meeting and Reception
6:00 PM	Town Meeting	Cancer Immunology Working Group (CIMM) Town Hall Meeting and Reception
6:30 PM	Special Session	Networking Hubs
6:30 PM	Town Meeting	Pediatric Cancer Working Group Town Hall Meeting and Networking Reception

Monday, April 3

6:45 AM	Special Session	Annual Business Meeting of Members
7:00 AM	Meet-the-Expert Session	Altered Super Enhancer Function and Genome Topology in Cancer Pathogenesis and Therapy
7:00 AM	Meet-the-Expert Session	Ancestrally Conserved Mechanisms of Epigenetic Regulation in Cancer Progression
7:00 AM	Meet-the-Expert Session	Brain Metastasis: Unique Challenges and Great Opportunities
7:00 AM	Meet-the-Expert Session	Circadian Clocks Mechanisms Controlling Carcinogenesis and Cancer Treatments
7:00 AM	Meet-the-Expert Session	Control of Cancer Cell Phenotype by Covalent Cytosine Modifications
7:00 AM	Meet-the-Expert Session	Defects in Epithelial Extrusion Can Drive Carcinoma Formation and Progression
7:00 AM	Meet-the-Expert Session	Functional Characterization of Non-Protein Coding Variants
7:00 AM	Meet-the-Expert Session	Meet Your Surgeon, Enhance Your Research
7:00 AM	Meet-the-Expert Session	Neoadjuvant Approaches Provide Insight into Immunosuppression and Biomarkers of Response to Immune Checkpoints and Inflammatory Agonists
7:00 AM	Meet-the-Expert Session	Notes from the Field: Cancer Prevention in Rural China
7:00 AM	Meet-the-Expert Session	Nutrition and Fasting in Cancer Therapy
7:00 AM	Meet-the-Expert Session	Physical Activity and Therapeutic Response
7:00 AM	Meet-the-Expert Session	Regulation of Immune Cell Function and Spatiality by Diverse Stromal Niches
7:00 AM	Meet-the-Expert Session	The Future of Cancer Imaging
7:00 AM	Meet-the-Expert Session	The Molecular Basis for Leukemia in Children with Down Syndrome
7:00 AM	Meet-the-Expert Session	Transcriptional Coupling of Nutrient Sensing and Growth Control
8:00 AM	Late-Breaking Poster Session	Late-Breaking Research: Cancer Chemistry
8:00 AM	Late-Breaking Poster Session	Late-Breaking Research: Clinical Research 1
8:00 AM	Late-Breaking Poster Session	Late-Breaking Research: Molecular and Cellular Biology 2
8:00 AM	Poster Session	Adaptive Immunity to Cancer
8:00 AM	Poster Session	Angiogenesis and Vascular Biology 2
8:00 AM	Poster Session	Biologic and Biochemical Mechanisms in Cancer Prevention
8:00 AM	Poster Session	Cell Culture and Animal Models of Cancer 2
8:00 AM	Poster Session	Cell Growth Signaling Pathways 3
8:00 AM	Poster Session	Cell Growth Signaling Pathways 4
8:00 AM	Poster Session	Cheminformatics and Computational Strategies for Drug Discovery
8:00 AM	Poster Session	Combination Strategies: Novel Agents and Standard Therapies
8:00 AM	Poster Session	Combination Therapy 1
8:00 AM	Poster Session	Cytokines: The First Modern Immunotherapies
8:00 AM	Poster Session	DNA Repair
8:00 AM	Poster Session	Epigenetics 1
8:00 AM	Poster Session	Functional and Genomic Analysis of Cancer
8:00 AM	Poster Session	Genetic Variation (Non-GWAS) and Cancer Risk, Prognosis, or Mechanisms
8:00 AM	Poster Session	Genome-Wide Association Studies/Post-GWAS Studies
8:00 AM	Poster Session	Genomic Instability and Cancer Therapy
8:00 AM	Poster Session	Genomics in Inherited Susceptibility and Preneoplastic Conditions
8:00 AM	Poster Session	Imaging for Cancer Diagnosis and Image-Guided Therapy
8:00 AM	Poster Session	Liquid Biopsies 1: Circulating Tumor Cells
8:00 AM	Poster Session	MicroRNA Regulation of Cancer Biology 2
8:00 AM	Poster Session	Migration and Invasion 2
8:00 AM	Poster Session	Mitochondria, Autophagy, and Cancer Metabolism
8:00 AM	Poster Session	Molecular Classification of Tumors
8:00 AM	Poster Session	New Targets 1

AACR Annual Meeting 2017
Scheduled Sessions as of Friday, February 24, 2017

8:00 AM	Poster Session	Normal and Neoplastic Stem Cells
8:00 AM	Poster Session	Novel Molecular Targets 1
8:00 AM	Poster Session	Pediatric Cancer 1: Biomarkers, Preclinical Models, and New Targets
8:00 AM	Poster Session	Phase I Clinical Trials in Progress
8:00 AM	Poster Session	Predictive Biomarkers 1
8:00 AM	Poster Session	Prostate Cancer Biology and Therapy
8:00 AM	Poster Session	Regulation and Imaging of Tumor Metastasis
8:00 AM	Poster Session	Reversal of Drug Resistance
8:00 AM	Poster Session	Targeting Aberrant Transcription in Cancer
8:00 AM	Poster Session	Targeting Growth Factor and Intracellular Signaling
8:00 AM	Poster Session	Tumor Microenvironment 2
8:00 AM	Poster Session	Tumor Microenvironment and Checkpoints
8:00 AM	Poster Session	Tumor Models and Assays
8:00 AM	Poster Session	Tumor Suppressors 1: Modeling, Metabolism, and Epigenetics
8:15 AM	Plenary Session	The Immune System and Cancer
8:15 AM	Professional Advancement Session	Women in Cancer Research Career Mentoring Session
10:00 AM	Meet and Greet	Meet the Editor-in-Chief of Cancer Epidemiology, Biomarkers & Prevention: Timothy R. Rebbeck, PhD
10:30 AM	Clinical Trials Plenary Session	Cyclin-dependent Kinase and PARP Inhibitor Clinical Trials
10:30 AM	Major Symposium	Epigenetic Therapy: What Is It, Where Are We, and What Does the Future Hold?
10:30 AM	Major Symposium	Mechanisms Regulating Immune Checkpoint Therapies
10:30 AM	Major Symposium	Pan-Cancer Genomic Analysis
10:30 AM	Major Symposium	Presidential Select Symposium: Cancer Health Disparities
10:30 AM	Major Symposium	Survivorship: Where Is the Science Headed?
10:30 AM	Major Symposium	The Effects of Tumor Microenvironment on Metastasis and Therapy Resistance
10:30 AM	Major Symposium	The Unfolded Protein Response in Tumor Biology
10:30 AM	Minisymposium	Advancing Clinical Trial Design in Regulatory Science and Policy
10:30 AM	NCI/NIH-Sponsored Session	Highlights of Research Resources at the Frederick National Lab for Cancer Research
10:30 AM	Professional Advancement Session	Clinical Careers for Non-clinicians, Organized by the Associate Member Council (AMC)
10:30 AM	Recent Advances in Diagnostics and Therapeutics Research	Cancer Predisposition in Pediatric Oncology
10:30 AM	Recent Advances in Diagnostics and Therapeutics Research	Recent Advances in Immunotherapy Diagnostics
10:30 AM	Recent Advances in Organ Site Research	Gastric Cancer and Esophageal Adenocarcinoma: Biology, Treatment, and Heterogeneity between Tumor Types and Populations
10:30 AM	Recent Advances in Prevention Research	Diet and Precision Medicine in Cancer Prevention: The Role of Genetic Background, the Microbiome, and Epigenetic Mechanisms
10:30 AM	Recent Advances in Prevention Research	Implementation Science for Prevention
10:30 AM	Special Session	Pancreatic Cancer Action Network Grantee Discussion and Poster Session
12:00 PM	Special Session	Tumor Microenvironment Working Group (TME) Networking Session with Early-Career Researchers
1:00 PM	Late-Breaking Poster Session	Late-Breaking Research: Experimental and Molecular Therapeutics 1
1:00 PM	Late-Breaking Poster Session	Late-Breaking Research: Tumor Biology 1
1:00 PM	Major Symposium	Adaptive Response to Therapy
1:00 PM	Major Symposium	Clonal Selection, Resistance, and Progression in Pediatric Cancer
1:00 PM	Major Symposium	Diet, Microbiome, and Cancer
1:00 PM	Major Symposium	Genetic Influences on Anticancer Immunity
1:00 PM	Major Symposium	Inflammation and Cancer

AACR Annual Meeting 2017**Scheduled Sessions as of Friday, February 24, 2017**

1:00 PM	Major Symposium	RNA Processing and Editing in Cancer
1:00 PM	Major Symposium	Targeting Residual Disease
1:00 PM	NCI/NIH-Sponsored Session	NCI Cancer Imaging Program Informatics Integration
1:00 PM	Poster Session	Advocates Poster Session 2
1:00 PM	Poster Session	Apoptosis and Other Regulated Cell Death in Cancer
1:00 PM	Poster Session	Biomarkers of Risk and Prognosis
1:00 PM	Poster Session	CDKs and CDK Inhibitors
1:00 PM	Poster Session	Cell Culture and Animal Models of Cancer 3
1:00 PM	Poster Session	Cell Death Targets
1:00 PM	Poster Session	Cell Growth Signaling Pathways 5
1:00 PM	Poster Session	Checkpoints 2: Small-Molecule Inhibitors
1:00 PM	Poster Session	Clinical Molecular Genetics and Laboratory Correlates
1:00 PM	Poster Session	Combination Therapy 2
1:00 PM	Poster Session	Computational Tools and Databases
1:00 PM	Poster Session	Drug Delivery
1:00 PM	Poster Session	Drug Resistance: Other Topics
1:00 PM	Poster Session	Epigenetics 2
1:00 PM	Poster Session	Gene Expression in Metastatic Progression
1:00 PM	Poster Session	Genome-Wide Analysis of Transcriptional Regulation
1:00 PM	Poster Session	Genomic Landscape of Lymphoma, Leukemia, and Lung, Bladder, and Other Cancers
1:00 PM	Poster Session	Growth Factor and Hormone Receptors as Therapeutic Targets
1:00 PM	Poster Session	Homologous Recombination and DNA Double-Strand Break Repair
1:00 PM	Poster Session	Imaging Cancer Metabolism, Therapeutic Targets, and Treatment Response
1:00 PM	Poster Session	Immune Response to Hematopoietic Tumors: New Development in Tumor Immunology
1:00 PM	Poster Session	Inflammation and Cancer
1:00 PM	Poster Session	Liquid Biopsies 2: cfDNA
1:00 PM	Poster Session	Mechanism of Drug Action
1:00 PM	Poster Session	Metabolomics and Metabolic Regulation
1:00 PM	Poster Session	MicroRNAs and Other Noncoding RNAs as Tumor Suppressors or Oncogenes 1
1:00 PM	Poster Session	Molecular Targets and Cancer Prevention
1:00 PM	Poster Session	New Targets 2
1:00 PM	Poster Session	Nuclear Oncogenes and Tumor Suppressors
1:00 PM	Poster Session	Outcomes in Patients and Survivors
1:00 PM	Poster Session	Phase III Clinical Trials and Phase II/III Clinical Trials in Progress
1:00 PM	Poster Session	Predictive Biomarkers 2
1:00 PM	Poster Session	Proteomics and Mass Spectrometry 2
1:00 PM	Poster Session	Signaling in Cancer Stem Cells
1:00 PM	Poster Session	Targeting p53, Apoptosis, and the Cell Cycle
1:00 PM	Poster Session	Tobacco, Alcohol, and Other Risk Factors
1:00 PM	Poster Session	Tumor Evolution and Heterogeneity 1
1:00 PM	Poster Session	Tumor Microenvironment 3
1:00 PM	Poster Session	Tumor Microenvironment 4
1:00 PM	Recent Advances in Diagnostics and Therapeutics Research	Clonality in Normal Tissue and Its Relationship with Malignancy
1:00 PM	Recent Advances in Diagnostics and Therapeutics Research	Liquid Biopsies: The New Pathology
1:00 PM	Recent Advances in Diagnostics and Therapeutics Research	PARP Inhibitors: To Combine or Not Combine; That Is the Question
1:00 PM	Recent Advances in Organ Site	New Developments or Insight into Lung Cancer Evolution and

AACR Annual Meeting 2017
Scheduled Sessions as of Friday, February 24, 2017

	Research	Metastases
1:00 PM	Recent Advances in Prevention Research	From Germline Risk and Premalignant Biology to Immune-Prevention of Colorectal Cancer
1:00 PM	Special Session	Beau Biden Cancer Moonshot: Progress and Promise
1:45 PM	Meet and Greet	Meet The AACR Foundation: Executive Director and Board of Trustees
2:00 PM	NCI/NIH-Sponsored Session	NIH-Supported International Consortium of METabolomics Studies (COMETS)
2:30 PM	Meet and Greet	Meet the 2017-2018 AACR President, Michael A. Caligiuri, MD
3:00 PM	Awards and Lectures	An Update from the NCI's Acting Director
3:00 PM	Clinical Trials Minisymposium	Update, Novel Indication, and New Immuno-oncology Clinical Trials
3:00 PM	Major Symposium	AACR-JCA Joint Symposium: Cancer Metabolomics
3:00 PM	Meet and Greet	AMC Meet and Greet
3:00 PM	Minisymposium	Adaptive Immunity in the Tumor Microenvironment
3:00 PM	Minisymposium	Breakthroughs in the Control, Function, and Drivers of Oncogenesis
3:00 PM	Minisymposium	Cancer Epidemiology and Prevention
3:00 PM	Minisymposium	Clinical Biomarkers
3:00 PM	Minisymposium	Early Stages of Metastatic Dissemination
3:00 PM	Minisymposium	High Throughput Genomics Dissecting Cancer Development and Vulnerabilities
3:00 PM	Minisymposium	Identification of Molecular Targets
3:00 PM	Minisymposium	Innate Immune Mechanisms in Cancer Treatment
3:00 PM	Minisymposium	Predictors and Drivers of Pediatric Tumors
3:00 PM	Minisymposium	The Riddle of the Noncoders: New Functional Roles for miRNAs, Long Noncoding RNAs, and mRNAs
3:00 PM	Minisymposium	Tumor and Stromal Cell Interactions
3:30 PM	Awards and Lectures	Inaugural AACR-Waun Ki Hong Award for Outstanding Achievement in Cancer Research
3:30 PM	Meet and Greet	Meet the Director and Staff of the NCI-Center to Reduce Cancer Health Disparities
4:00 PM	Meet and Greet	Meet the Editors-in-Chief of Cancer Immunology Research: Robert D. Schreiber, PhD and Philip D. Greenberg, MD
4:15 PM	Awards and Lectures	Special WICR Presentation Honoring Dr. Charlotte Friend
4:15 PM	NCI/NIH-Sponsored Session	NCI's Center for Cancer Genomics and Cloud Pilots Initiatives: Using Large-Scale Data to Advance Precision Oncology
4:30 PM	Awards and Lectures	Fifty-Seventh Annual AACR G.H.A. Clowes Memorial Award
4:30 PM	Awards and Lectures	Twentieth Annual AACR-Women in Cancer Research Charlotte Friend Memorial Lectureship
4:30 PM	Meet the Research Icon	Meet the Research Icon: Carlos L. Arteaga, MD, FAACR, Organized by the Associate Member Council (AMC)
4:45 PM	Special Session	Social Interactome Session: Picking the Best Partner for PD1/L1 Blockade—Small Molecule Immunotherapeutics and Antibody-Drug Conjugates
5:00 PM	Forum	Antibody-Drug Conjugates versus Small Molecule-Drug Conjugates: Where Size Matters
5:00 PM	Forum	Aspirin and Cancer Prevention: Ready for Prime Time?
5:00 PM	Forum	Is the Cancer Stem Cell an Induced State or a Cellular Entity?
5:00 PM	Forum	Preclinical Human Cancer Models that May Guide Therapeutic Development
5:00 PM	Forum	Should Cancer Genetic Testing Be Offered to Everyone Regardless of Family History?
5:00 PM	Forum	The Obesity-Cancer Link: Is It Reversible?
5:00 PM	Special Session	AACR/ASCO Joint Session: Clinical Implications of Tumor Heterogeneity
5:00 PM	Special Session	Are There New Hallmarks of Cancer?
5:00 PM	Town Meeting	Minorities in Cancer Research Town Meeting

AACR Annual Meeting 2017**Scheduled Sessions as of Friday, February 24, 2017**

5:00 PM	Town Meeting	Radiation Science and Medicine Working Group Town Hall Meeting and Networking Reception
5:15 PM	Awards and Lectures	Eleventh Annual AACR Princess Takamatsu Memorial Lectureship
5:30 PM	Special Session	Molecular Epidemiology Working Group (MEG) Networking Session with Early-Career Researchers, Part 2: Meet the MEG Experts
6:00 PM	Special Session	Joint Cancer Immunology (CImm) / Tumor Microenvironment (TME) Working Groups Evening Scientific Session
6:30 PM	Professional Advancement Session	Minorities in Cancer Research Professional Advancement Session: Navigating the Road to a Successful Career in Cancer Research
6:30 PM	Special Session	Flavor of the City, Organized by the Associate Member Council (AMC) Fundraising Committee
6:30 PM	Town Meeting	Molecular Epidemiology Working Group (MEG) Town Hall Meeting and Reception

Tuesday, April 4

7:00 AM	Meet-the-Expert Session	Big Data, Omics, and Precision Medicine
7:00 AM	Meet-the-Expert Session	Breast Cancer Genomics and Biomarkers of Therapeutic Responsiveness
7:00 AM	Meet-the-Expert Session	Changing Landscape of Early Phase Clinical Trials in Oncology
7:00 AM	Meet-the-Expert Session	Community-Driven Approaches in Cancer Education and Prevention: A Model to Advance Cancer Health Equity
7:00 AM	Meet-the-Expert Session	Dynamics of the Physical Microenvironment: Relevance to Cancer
7:00 AM	Meet-the-Expert Session	Elucidating Mechanisms to Overcome Endocrine Therapy Resistance
7:00 AM	Meet-the-Expert Session	Exosomal MicroRNAs Shape the Immune Response and the Biology of the Tumor Microenvironment
7:00 AM	Meet-the-Expert Session	Immunity and Inflammation in Pulmonary Premalignancy
7:00 AM	Meet-the-Expert Session	Reprogramming the Tumor Microenvironment using Angiotensin System Inhibitors to Enhance Cancer Treatment: Bench to Bedside
7:00 AM	Meet-the-Expert Session	Strategies for Molecular Imaging of Cancer Immunotherapy
7:00 AM	Meet-the-Expert Session	Targeting Epigenetic Dependencies in Pediatric Cancers
7:00 AM	Meet-the-Expert Session	The Role of Surgery in Metastatic Disease
7:00 AM	Meet-the-Expert Session	Use of Whole Genome DNA Sequencing and Single Cell RNA Sequencing to Identify Oncogenic Phenotypes of Individual Subclones Present in a Tumor
7:00 AM	Meet-the-Expert Session	Using Genomics in the Clinic to Predict/Harness Neoantigen Biomarkers of Checkpoint Therapy
7:00 AM	NCI/NIH-Sponsored Session	Utilizing "Normal" Genomic Data from the GTEx Project in Cancer Research
8:00 AM	Late-Breaking Poster Session	Late-Breaking Research: Epidemiology and Prevention Research
8:00 AM	Late-Breaking Poster Session	Late-Breaking Research: Immunology
8:00 AM	Late-Breaking Poster Session	Late-Breaking Research: Tumor Biology 2
8:00 AM	Poster Session	Autophagy and Cancer
8:00 AM	Poster Session	BITES Bispecifics and Checkpoints
8:00 AM	Poster Session	Cell Culture and Animal Models of Cancer 4
8:00 AM	Poster Session	Cell Growth Signaling Pathways 6
8:00 AM	Poster Session	Clinical Laboratory and Imaging Correlates
8:00 AM	Poster Session	Dendritic Cells as Critical Immune Targets
8:00 AM	Poster Session	Determinants of Drug Sensitivity and Resistance
8:00 AM	Poster Session	Differentiation Therapy
8:00 AM	Poster Session	Drug Delivery Technology and Antibody Technology
8:00 AM	Poster Session	Drug Design and Optimization Strategies
8:00 AM	Poster Session	Epigenetics 3
8:00 AM	Poster Session	Genomic Landscape of Breast, Prostate, Ovarian, Melanoma, and Thyroid Cancers
8:00 AM	Poster Session	Genotype-Phenotype Associations
8:00 AM	Poster Session	Inflammation in the Tumor Microenvironment
8:00 AM	Poster Session	Innate Effectors in Immunity to Cancer
8:00 AM	Poster Session	Liquid Biopsies 3: Circulating Tumor Cells, Extracellular Vesicles, and Exosomes
8:00 AM	Poster Session	MicroRNAs and Other Noncoding RNAs as Tumor Suppressors or Oncogenes 2
8:00 AM	Poster Session	Mitosis, Telomeres, and Proliferation Control
8:00 AM	Poster Session	Molecular Medicine
8:00 AM	Poster Session	Molecular Targeted Therapies 1
8:00 AM	Poster Session	Noncoding RNAs and Cancer: Expression, Function, and Therapeutics
8:00 AM	Poster Session	Novel Mechanisms 1
8:00 AM	Poster Session	Novel Molecular Targets 2

AACR Annual Meeting 2017
Scheduled Sessions as of Friday, February 24, 2017

8:00 AM	Poster Session	Nuclear Receptors and Endocrine Oncology Therapies
8:00 AM	Poster Session	Oncogenic Transcription Factors
8:00 AM	Poster Session	Pediatric Cancer 2: Epigenetics and Stem Cells
8:00 AM	Poster Session	Phase I Clinical Trials
8:00 AM	Poster Session	Predictive Biomarkers 3
8:00 AM	Poster Session	Regulation of Metabolic Pathways in Cancer
8:00 AM	Poster Session	Sequencing Analysis and Algorithms
8:00 AM	Poster Session	Strategies and Biomarkers for Clinical Prevention
8:00 AM	Poster Session	Survivorship Research
8:00 AM	Poster Session	Targeting Cancer Stem Cells
8:00 AM	Poster Session	Tumor Cell Dissemination and the Premetastatic Niche
8:00 AM	Poster Session	Tumor Evolution and Heterogeneity 2
8:00 AM	Poster Session	Tumor Microenvironment 5
8:00 AM	Poster Session	Tumor Microenvironment 6
8:15 AM	Plenary Session	Opportunities in Precision Cancer Medicine
8:30 AM	Professional Advancement Session	AACR Special Program for High School Students: The Conquest of Cancer and the Next Generation of Cancer Researchers
9:00 AM	Meet and Greet	Meet the Editor-in-Chief of Molecular Cancer Therapeutics: Napoleone Ferrara, MD
10:30 AM	Clinical Trials Plenary Session	Novel Immuno-oncology Agent Clinical Trials
10:30 AM	Major Symposium	Host Immunity to Oncogenic Viruses
10:30 AM	Major Symposium	Liquid Biopsies: Emerging Technologies to Monitor Cancer Progression and Guide
10:30 AM	Major Symposium	Mechanisms of Primary and Acquired Resistance to Immunotherapy
10:30 AM	Major Symposium	Minorities in Cancer Research Scientific Symposium: The Role of Diverse Populations in Precision Medicine
10:30 AM	Major Symposium	Molecular Signatures as a Window on Etiology
10:30 AM	Major Symposium	Pediatric Cancer: Epigenetics and Chromatin
10:30 AM	Major Symposium	Systemic Metabolic Dysfunction and Cancer
10:30 AM	Major Symposium	Targeting DNA Damage/Repair in the Genome
10:30 AM	NCI/NIH-Sponsored Session	Funding Opportunities for Cancer Research at Multiple National Institutes of Health (NIH) Institutes and Centers with NIH Experts
10:30 AM	Recent Advances in Diagnostics and Therapeutics Research	Combining Imaging and Therapy in Cancer: Advances in Theranostics
10:30 AM	Recent Advances in Diagnostics and Therapeutics Research	CRISPR Technologies and the Identification of Cancer
10:30 AM	Recent Advances in Organ Site Research	Advances in Breast Cancer Therapy
10:30 AM	Recent Advances in Organ Site Research	Biology and Treatment of Hepatocellular Carcinoma
10:30 AM	Recent Advances in Prevention Research	The Emerging Role of Inherited Genetic Risk Factors in Precision Prevention
10:30 AM	Regulatory Science and Policy Session	Reference Materials for Next Generation Sequencing (NGS)-Based Tests
10:30 AM	Science Policy Session	The Potential Impact on Cancer Patients of a Repeal or Revision of the Affordable Care Act
10:30 AM	Special Session	Cancer Immunology Working Group (CImm) Networking Session with Early-Career Researchers
10:30 AM	Special Session	Radiation Science and Medicine Working Group Special Scientific Session: Fundamental Advances in Induced Modeling and Signatures for Radiation Carcinogenesis
10:30 AM	Special Session	SU2C Innovative Research Grant Poster Session
11:30 AM	Career Discussions	Putting Yourself on the Map: Strategies to Increase Your Visibility Within the Academic Community, Organized by the Associate Member

AACR Annual Meeting 2017
Scheduled Sessions as of Friday, February 24, 2017

		Council (AMC)
12:30 PM	Meet the Research Icon	Meet the Research Icon: Karen H. Vousden, PhD, Organized by the Associate Member Council (AMC)
12:30 PM	NCI/NIH-Sponsored Session	Technology Transfer and Intellectual Property: Career Opportunities for Researchers
12:45 PM	Special Session	Pediatric Cancer Working Group Special Scientific Session: Emerging Topics in Pediatric Cancer
1:00 PM	Late-Breaking Poster Session	Late-Breaking Research: Clinical Research 2 / Endocrinology
1:00 PM	Late-Breaking Poster Session	Late-Breaking Research: Molecular and Cellular Biology 3
1:00 PM	Major Symposium	Dysregulation of MicroRNAs Leads to Target Therapy
1:00 PM	Major Symposium	Immunometabolism in Immunotherapy
1:00 PM	Major Symposium	International Cancer Genomic Studies
1:00 PM	Major Symposium	Metastasis and the Tumor Microenvironment
1:00 PM	Major Symposium	Single Cell Cancer Genomics: From Tumor Heterogeneity to Drug Target Discovery
1:00 PM	Major Symposium	Surgery in the 21st Century: Convergence of Genes, Imaging, and Robots
1:00 PM	Major Symposium	Transformative Small Molecule Therapies
1:00 PM	Meet and Greet	Meet the Editor-in-Chief of Cancer Prevention Research: Scott M. Lippman, MD
1:00 PM	Poster Session	Assay Technology
1:00 PM	Poster Session	Biomarkers of Endogenous or Exogenous Exposures, Early Detection, and Biologic Effects
1:00 PM	Poster Session	Cancer Stem Cells
1:00 PM	Poster Session	Carcinogenesis, Models, and Tumor Biology
1:00 PM	Poster Session	Cell Culture and Animal Models of Cancer 5
1:00 PM	Poster Session	Cell Death in Cancer
1:00 PM	Poster Session	Cell Growth Signaling Pathways 7
1:00 PM	Poster Session	Clinical Immunotherapy, Viruses, and Bacteria
1:00 PM	Poster Session	Combination Therapies and Approaches to Sensitize Cancer Cells to Drugs
1:00 PM	Poster Session	Diagnostic Biomarkers
1:00 PM	Poster Session	Drug Screening Innovation
1:00 PM	Poster Session	Epigenetics 4
1:00 PM	Poster Session	Epigenetics and DNA Repair
1:00 PM	Poster Session	Familial and Hereditary Cancers
1:00 PM	Poster Session	Genomic Landscape of Head and Neck and GI Cancers
1:00 PM	Poster Session	Immunoconjugates and Antibodies
1:00 PM	Poster Session	Immunomodulatory Agents and Therapeutics
1:00 PM	Poster Session	Innate Immune Response to Cancer
1:00 PM	Poster Session	Mechanistic Understanding of Novel Anticancer Therapies
1:00 PM	Poster Session	Metabolic Regulation and Cancer Therapy 1
1:00 PM	Poster Session	Metastasis Suppressors and Promoters
1:00 PM	Poster Session	MicroRNA Profiling in Cancer
1:00 PM	Poster Session	Modeling and Algorithms
1:00 PM	Poster Session	Molecular Targeted Therapies 2
1:00 PM	Poster Session	New Targets and New Drugs
1:00 PM	Poster Session	Novel Mechanisms 2
1:00 PM	Poster Session	Oncogenes and Tumor Suppressors 2
1:00 PM	Poster Session	Pediatric Cancer 3: Genetics and Genomics
1:00 PM	Poster Session	Phase I-III Clinical Trials and Pediatric Clinical Trials
1:00 PM	Poster Session	Population Science in Cancer Prevention Research
1:00 PM	Poster Session	Post-transcriptional and Translational Regulation in Cancer

AACR Annual Meeting 2017
Scheduled Sessions as of Friday, February 24, 2017

1:00 PM	Poster Session	Prognostic Biomarkers 1
1:00 PM	Poster Session	Radiobiology and Radiotherapy
1:00 PM	Poster Session	Targeting Protein Kinases and DNA Repair
1:00 PM	Poster Session	Therapeutic Intervention of Cancer and Metastasis
1:00 PM	Poster Session	Tumor Hypoxia and the Unfolded Protein Response
1:00 PM	Poster Session	Tumor Microenvironment 7
1:00 PM	Recent Advances in Diagnostics and Therapeutics Research	Nanotechnology for Cancer Diagnosis and Therapy
1:00 PM	Recent Advances in Diagnostics and Therapeutics Research	New Mechanisms of Intercellular Communication: Extracellular Vesicles and Extracellular RNAs
1:00 PM	Recent Advances in Organ Site Research	The Molecular Pathogenesis of Myelodysplasia
1:00 PM	Recent Advances in Prevention Research	Building the Foundation for Cancer Immunoprevention
1:00 PM	Regulatory Science and Policy Session	Immuno-oncology Combination Therapies
1:00 PM	Science Policy Session	E-cigarettes: Are they a Public Health Threat or a Useful Cessation Tool?
2:00 PM	Meet and Greet	Meet the Editor-in-Chief of Molecular Cancer Research: Karen E. Knudsen, PhD
2:30 PM	Meet and Greet	Science Education Event
2:45 PM	NCI/NIH-Sponsored Session	NCI Cross-Disciplinary Programs Supporting Integrated Cancer Research
3:00 PM	Awards and Lectures	Eleventh Annual AACR Award for Outstanding Achievement in Chemistry in Cancer Research
3:00 PM	Clinical Trials Minisymposium	Novel Agent and Intervention Clinical Trials
3:00 PM	Forum	Minorities in Cancer Research Forum: Academic Relevance: Mission Driven Career
3:00 PM	Late-Breaking Minisymposium	Late-Breaking Minisymposium
3:00 PM	Major Symposium	AACR-CSCO Joint Symposium: Tumor Microenvironment
3:00 PM	Minisymposium	Adoptive Cellular Therapy for Cancer
3:00 PM	Minisymposium	Biomarkers and Intervention Studies
3:00 PM	Minisymposium	Exploiting Metabolic Vulnerabilities to Treat Cancer
3:00 PM	Minisymposium	Liquid Biopsies 4
3:00 PM	Minisymposium	Microenvironmental Cues in Immune Escape and Therapy Resistance
3:00 PM	Minisymposium	Models for Treatment Resistance and Drug Discovery
3:00 PM	Minisymposium	Molecular and Genetic Epidemiology
3:00 PM	Minisymposium	Novel Approaches for Experimental Therapeutics
3:00 PM	Minisymposium	Novel Small Molecular Targets and Approaches
3:00 PM	Minisymposium	Transcriptional Regulation in Cancer Cells
3:00 PM	Minisymposium	Tumor Stem Cell Biology
3:00 PM	Regulatory Science and Policy Session	New Drugs – A Review of Recently Approved Breakthrough Therapies
3:30 PM	Career Discussions	The Importance of Mentorship, Organized by the Associate Member Council (AMC)
3:45 PM	Awards and Lectures	Twenty-Sixth Annual AACR-American Cancer Society Award for Research Excellence in Cancer Epidemiology and Prevention
4:30 PM	Awards and Lectures	Twenty-Second Annual AACR Joseph H. Burchenal Memorial Award for Outstanding Achievement in Clinical Cancer Research
4:30 PM	Meet and Greet	Meet the AACR Foundation: Runners for Research
5:00 PM	Awards and Lectures	Fifth Annual AACR-CRI Lloyd J. Old Award in Cancer Immunology
5:00 PM	Forum	Early Detection of Lethal Cancers: Separating the Wheat from the Chaff
5:00 PM	Forum	EMT and Metastasis: Is It Necessary?
5:00 PM	Forum	Genomics and the Environment: Moving toward Precision Medicine in the Context of Health Disparities
5:00 PM	Forum	How Much of Cancer Is Bad Luck?

AACR Annual Meeting 2017**Scheduled Sessions as of Friday, February 24, 2017**

5:00 PM	Forum	Optimizing the Sequence of Anticancer Therapies
5:00 PM	Forum	Precision Medicine: Will It Be of Benefit in Pediatric Cancer Patients?
5:00 PM	NCI/NIH-Sponsored Session	NCI's Provocative Questions Initiative: Objectives, Outcomes, Lessons Learned
5:00 PM	Special Session	Advancing Cancer Therapy Using Data from the NIH LINCS Program
6:00 PM	Town Meeting	Tumor Microenvironment Working Group (TME) Town Hall Meeting and Reception

Wednesday, April 5

7:00 AM	Meet-the-Expert Session	Breast Cancer Animal Models
7:00 AM	Meet-the-Expert Session	EGFR and HER2: Network Signaling and Next-generation Drugs
7:00 AM	Meet-the-Expert Session	Elucidating How Mutations in Calreticulin Cause Myeloproliferative Neoplasms
7:00 AM	Meet-the-Expert Session	Genome-Inspired Approaches to Oncology Drug Discovery
7:00 AM	Meet-the-Expert Session	Improve Your Research with a New-Technologies Strategy
7:00 AM	Meet-the-Expert Session	Intermittent Dosing of Targeted Therapy to Prevent the Development of Resistance
7:00 AM	Meet-the-Expert Session	Mitochondria and Cancer
7:00 AM	Meet-the-Expert Session	Optimizing Clinical Trials for Therapeutic Development
7:00 AM	Meet-the-Expert Session	Patterns of Somatic Mutation in Cancer
7:00 AM	Meet-the-Expert Session	Progression of Premalignant Lesions
7:00 AM	Meet-the-Expert Session	The Cancer-Immune Set Point and the Future of Cancer Immunotherapy
7:00 AM	Meet-the-Expert Session	The Emerging Role of lncRNAs in Cancer Biology
7:00 AM	Meet-the-Expert Session	Using Mismatch Repair Deficiency as a Predictive Biomarker of Response to Checkpoint Blockade
7:15 AM	NCI/NIH-Sponsored Session	The NCI PREVENT Cancer Preclinical Drug Development Program
8:00 AM	Late-Breaking Poster Session	Late-Breaking Research: Experimental and Molecular Therapeutics 2
8:00 AM	Late-Breaking Poster Session	Late-Breaking Research: Molecular and Cellular Biology 4
8:00 AM	Plenary Session	Convergence, Computation, and Cancer
8:00 AM	Poster Session	Anticancer Precision Clinical Pharmacology
8:00 AM	Poster Session	Carcinogenesis and Human Tumors
8:00 AM	Poster Session	Cell Culture and Animal Models of Cancer 6
8:00 AM	Poster Session	Cell Growth Signaling Pathways 8
8:00 AM	Poster Session	Chemical Biology and Structure Biology Approach to Study Cancers
8:00 AM	Poster Session	Chemoprevention and Cancer
8:00 AM	Poster Session	Clinical and Translational Endocrine Oncology
8:00 AM	Poster Session	Development of High Throughput Analytic Methods
8:00 AM	Poster Session	Effects of Tumor-Microenvironment Crosstalk on Metastasis
8:00 AM	Poster Session	Enzymes and Hormones and Metabolism in Tumor Immunity
8:00 AM	Poster Session	Epigenetic Agents
8:00 AM	Poster Session	Epigenetics 5
8:00 AM	Poster Session	Gene- and Vector-Based Therapy
8:00 AM	Poster Session	Genomic Analyses of Circulating Tumor Material and RNA
8:00 AM	Poster Session	Health Disparities, Screening, and Risk Prediction
8:00 AM	Poster Session	Immune Checkpoints and Immunosurveillance
8:00 AM	Poster Session	Innate Immunity to Generate Adaptive Immunity
8:00 AM	Poster Session	Liquid Biopsies 5: cfDNA, MicroRNA, and Protein
8:00 AM	Poster Session	Metabolic Regulation and Cancer Therapy 2
8:00 AM	Poster Session	MicroRNA Diagnostics and Therapeutics in Cancer
8:00 AM	Poster Session	Novel Chemotherapies
8:00 AM	Poster Session	Novel Drug Delivery Technology
8:00 AM	Poster Session	Nutrition and Anthropometric Features
8:00 AM	Poster Session	Oncogenes and Tumor Suppressors as Therapeutic Targets
8:00 AM	Poster Session	Oxidative Stress, Autophagy, and Senescence
8:00 AM	Poster Session	Pediatric Cancer 4: Immunology, Signaling, and the Tumor Microenvironment
8:00 AM	Poster Session	Preclinical Radiotherapeutics
8:00 AM	Poster Session	Prognostic Biomarkers 2
8:00 AM	Poster Session	Radioprotectors, Radiosensitizers, and Radiation Resistance

AACR Annual Meeting 2017**Scheduled Sessions as of Friday, February 24, 2017**

8:00 AM	Poster Session	Regulation of Oncogenic Transcription
8:00 AM	Poster Session	Systems Biology Approaches to Cancer Diagnostics and Disease Management
8:00 AM	Poster Session	Transport and Metabolism
8:00 AM	Poster Session	Tumor Cell Adhesion and Drug Resistance
8:00 AM	Poster Session	Tumor Microenvironment 8
8:00 AM	Poster Session	Tumor Microenvironment 9
8:00 AM	Poster Session	Tumor Suppressors 2
10:15 AM	Career Discussions	Searching for the Right Postdoctoral Position, Organized by the Associate Member Council (AMC)
10:15 AM	Major Symposium	Bridging Big Data and Clinical Practice
10:15 AM	Major Symposium	CAR T Cell Cancer Immunotherapy: Refinements for B Cell Malignancies and Emerging Opportunities in Solid Tumors
10:15 AM	Major Symposium	CRISPR and Functional Genomics
10:15 AM	Major Symposium	Myeloid Cell Reprogramming in the Tumor Microenvironment
10:15 AM	Major Symposium	Proteomics Landscape of Cancer
10:15 AM	Major Symposium	Role of Interferon Pathway Signaling in Cancer Immunotherapy
10:15 AM	NCI/NIH-Sponsored Session	NCI Funding Opportunities to Increase Diversity in Cancer Research
10:15 AM	Recent Advances in Diagnostics and Therapeutics Research	Novel Diagnostics and Patient Selection Approaches for Therapeutic Trials
10:15 AM	Recent Advances in Diagnostics and Therapeutics Research	Novel Targets in Hematologic Malignancies
10:15 AM	Recent Advances in Organ Site Research	Bladder Cancer
10:15 AM	Recent Advances in Organ Site Research	Gastric and Esophageal Adenocarcinoma: Biology, Treatment, and Heterogeneity Between Tumor Types and Populations
10:15 AM	Recent Advances in Prevention Research	Lung Cancer Screening: Biomarkers, Lung Cancer Modeling, and Smoking Cessation
10:15 AM	Recent Advances in Prevention Research	Obesity, Inflammation, and Cancer Prevention
10:30 AM	Minisymposium	Recent Trends in Regulatory Science
12:15 PM	Plenary Session	AACR Annual Meeting 2017 Highlights: Vision for the Future
