

ART 2019

Thursday, October 10, 2019

9:00AM-10:30AM Session 1:

- 9:00AM-09:30AM Oocyte and embryo cryopreservation - a critical view
Ana Cobo, Spain
- 9:30AM-10:00AM The assessment of embryo ploidy using time-lapse imaging system and conventional morphological grading
Keiichi Kato, Japan
- 10:00AM-10:30AM Automated and semi-automated vitrification and rewarming
Pasquale Patrizio, USA

10:30AM-11:00AM *Coffee and Poster Viewing*

11:00AM-12:30PM Session 2:

- 11:00AM-11:30AM Awakening follicles in POI women
Antonio Pellicer, Spain
- 11:30AM-12:00PM Endometrial Microbiome, a New Piece in Endometrial Factor
Carlos Simon, Spain
- 12:00PM-12:30PM Practice of IVF According to the Published (and Unpublished) Literature: The Advantages and Disadvantages of Trophoctoderm Biopsy, NGS Technology and Frozen Embryo Transfer
James Grifo, USA

12:30PM-01:30PM *Lunch and Poster Viewing*

01:30PM-03:00PM Session 3:

- 01:30PM-02:00PM Nuclear Transfer and Human Egg Reconstruction: Clinical Update
John Zhang, USA
- 02:00PM-02:30PM What causes genomic instability during early embryo development
David Keefe, USA
- 02:30PM-03:00PM Printing a 3D ovary
Monica Laronda, USA

03:00PM-03:30PM *Coffee and Poster Viewing*

03:30PM-05:00PM Session 4:

- 03:30PM-04:00PM The Role of Sperm in Facilitation of Fertilization
Gerald Schatten, USA
- 04:00PM-04:30PM What is new in genetic screening and diagnosis
Avner Herslag, USA
- 04:30PM-05:00PM Clinical Application of Spindle Nuclear Transfer on Poor Embryo Development
Costa-Borges Nuno, Spain

Friday, October 11, 2019

9:00AM-10:30AM Session 5:

- 9:00AM-09:30AM Making Sperm from Skin Cells
Sherman Silber, USA
- 9:30AM-10:00AM Racial difference in ART success?
Milton Leong, Hong Kong
- 10:00AM-10:30AM Support of the luteal phase - what is the evidence
Zeev Shoham, Israel

10:30AM-11:00AM *Coffee and Poster Viewing*

11:00AM-12:30PM Session 6:

- 11:00AM-11:30AM Stimulation Strategies for the Poor Responder
William Schoolcraft, USA
- 11:30AM-12:00PM Uterine transplantation - state of the art
Tommaso Falcone, USA
- 12:00PM-12:30PM From IVF to Germline Gene Editing: Ethical Challenges
Vardit Ravinsky, Canada

12:30PM-01:15PM *Lunch and Poster Viewing*

01:15PM-02:45PM Session 7:

- 01:15PM-01:45PM The future of IVF - can we be better?
Norbert Gleicher, USA
- 01:45PM-02:15PM Should we need LH in the stimulation protocol? A critical perspective
Robert Fischer, Germany
- 02:15PM-02:45PM Human IVM -- are we advancing towards more widespread clinical use
Claus Yding Anderson, Denmark

02:45PM-03:00PM *Coffee and Poster Viewing*

03:00PM-05:05PM Session 8:

- 03:00PM-03:30PM Clinical aspects of nuclear transfers
Valery Zukin, Ukraine
- 03:30PM-04:00PM Current status on sequential nuclear transfer
Liu Zitao, USA
