ESPR Sessions	ESPINC Session	EAP Session	Pre-Congress Course
Bengt Robertson Award	Young Investigator Awards	Educational Symposium	Off Program Meetings
Tomorrow's World	Industry Symposium	Short Oral Session	Late Breaking Orals
Plenary	Interdisciplinary Sessions	E-Poster Discussion Sessions	

****The practices and opinions presented during the satellite sessions do not necessarily state or reflect those of the EAPS Scientific and Organising Committees**

Thursday, October 6, 2022	
	Hall 133-134
09:00-17:45	EBN Teaching Course I: Neonatal sepsis

Friday, October 7, 2022												
	Hall 117 Live streamed hall for online participants	Hall 112	Hall 211	Hall 116	Hall 115	Hall 114	Hall 113	Hall 111	Hall 131-132	Hall 120-121	Hall 133-134	Off Program Meetings
08:30-16:00				Pre-Congress Course 01: EAP Course - Gastroenterology	Pre-Congress Course 02: ESPR: Neonatologist Performed Echocardiography- a theoretical and practical introduction	Pre-Congress Course 03: ESPR: Cranial ultrasound	Pre-Congress Course 04: ESPNIC: Nuts and bolts of paediatric mechanical ventilation	Pre-Congress Course 05: ESPNIC: Journeying into research: creating a research engaged and active workforce	Pre-Congress Course 06: Paediatric nursing association to improve neonatal and paediatric health care (in Spanish)	(08:30-17:00) EBN Teaching Course II: Causal inference in epidemiology		(14:00-17:00) ESPR Council Meeting
16:00-17:30												
17:40-19:10	Opening Ceremony											
17:40-17:45	Welcome from EAPS Organising Committee Chair											
17:45-17:50	Welcome from EAPS Scientific Committee Chair											
17:50-18:30	Plenary Talk I Global health and the run for common vaccines John Arne Ratttingen, Norway											
18:30-19:10	Plenary Talk II The influence of lockdown or school closures on children Margrethe Griene-Isabell, Norway											Off programme meeting
19:10												Welcome Reception (taking place in the Exhibition Area)

Saturday, October 8, 2022													Off Program Meetings
	Hall 117 Live streaming hall for online participants	Hall 112 Live streaming hall for online participants	Hall 211 Live streaming hall for online participants	Hall 116	Hall 115	Hall 114	Hall 113	Hall 111	Hall 113-132	Hall 113-134	Hall 120-121		
08:00-08:50	Educational Symposium - Current evidence: steroids and neonatal outcome - (ESPN) Animal steroids and outcome Emily Price, UK (20+5 min)	Educational Symposium - Roles and responsibilities of paediatric and neonatal critical care nurses (ESPNIC) Approaches for success: enhancing staff engagement with research Julie Mendes, UK (20+5 min)	Educational Symposium - Acute pain, how to prevent to make it become chronic (EAP) How can we optimally cope with acute pain? Itai Shevli, Israel (20+5 min)	Educational Symposium - Management of cardiogenic shock in children before the child is in the intensive care unit (ESPNIC) Management - early recognition and treatment of cardiogenic shock in neonates Uri Poliak, Israel (20+5 min)	Educational Symposium - Excessive use of medication in the treatment of gastroesophageal reflux disease (EAP) Over prescription in gastroesophageal reflux: an unnecessary medicalization? Ketil Stordal, Norway (50 min)	Educational Symposium - State of the art in Congenital lung disease (ESPN) Congenital lung lesions Ruben Wille, Netherlands (20+5 min)	Educational Symposium - COVID-19 Infections in children (ESPNIC) Recognition and treatment of MIS-C Michael Carter, UK (20+5 min)	Educational Symposium - Antibiotic prescription and use. Differences in current practices across Europe Susana Esposito, Italy (20+5 min)	Educational Symposium - Pro and cons: Probiotics (EAP) Rethinking probiotics in pediatrics facing new evidence Zvi Weisman, Israel & Sojewska Hamia, Poland (50 min)	Educational Symposium - The future of federated research for infant and child health (ESPN) RECAP Preterm platform Dieder Wolke, UK (20+5 min)	Educational Symposium - It is all about the kidneys (ESPNIC) Updates on neonatal AKI Akhil Deep, UK (20+5 min)		
08:50-08:55	Systemic steroids in evolving BPD Theodoras Dassiou, UK (20+5 min)	How do bedside nurse roles differ across Europe? Kate Baptiste, UK (20+5 min)	How can we optimally cope with procedural pain? Pieter Leroy, Netherlands (20+5 min)	Management - early recognition and treatment of cardiogenic shock in children Agamya Hoskote, UK (20+5 min)		Update on CDH Jan Deprest, Belgium (20+5 min)	Respiratory support for the child with COVID-19 Martin Kneibner, Netherlands (20+5 min)	The challenge of antibiotic stewardship in Europe Shai Ashkenazi, Israel (20+5 min)		The Lifecycle Platform Vincent Jaddoe, Netherlands (20+5 min)	AKI in oncology patients Pauline Raymakers-Janssen, Netherlands (20+5 min)		
08:50-09:00	Short break												
09:00-10:00	Plenary Lecture III Big data / AI advances in paediatric healthcare Dennis Wolf, Stanford, USA (40 min + 20 min)												
10:00-11:00	Coffee Break, E-Poster Viewing, Visit Exhibition Area												
11:00-12:20	ESPN Session 01: Update on research in neonatal resuscitation	EAP Session 02: Cancer survivor: what to do with them or what is the role of the primary care paediatrician	ESPNIC Session 03: Protecting the brain	ESPN Session 04: All you need to now about electrolytes	ESPNIC Session 05: The changing landscape of the paediatric intensive care unit	EAP Session 06: Follow-up of ex-premature babies in primary care, what are the pitfalls	ESPNIC Session 07: The use of Big Data in PICU Nutrition Research	ESPNIC Session 08: Outcomes in cardiac intensive care – a multidimensional approach	ESPN Session 09: New takes on surfactant in the NICU	EAP Session 10: The integrated health and social approach in children with chronic diseases: Is complex care of children with chronic disease possible in the community healthcare?	ESPNIC Session 11: Haemodynamic monitoring in the PICU		
11:00-11:25	Laryngeal mask use Danielle Trevisanotto, Italy (20+5 min)	Paediatric cancer patients, are they ever cured? A long-term care plan for the primary care paediatrician Shirley Ash, Israel (20+5 min)	Each unit should have a neurocritical care programme Robert Tasker, UK (20+5 min)	Fluid and electrolytes in parenteral nutrition Shiva Tacchelli, France (20+5 min)	Secrets and scents of Caring: From seclusion to separation Jos Latour, UK (20+5 min)	Premature babies after discharge: how to optimize follow up in the community Tom Ståhl, Norway (20+5 min)	Zooming Out! using clinical data in nutritional research Koen Jootaen, Netherlands (20+5 min)	Improving outcomes after cardiac surgery: examples in collaborative learning Kate Brown, UK (20+5 min)	Lung transplant in congenital surfactant disease Jennifer Wambach, USA (20+5 min)	Managing children with complex needs in primary care - where to next? Maria Brenner, Ireland (20+5 min)	Evidence based international guidelines on use of POCUS in neonatal and pediatric intensive care unit - what's the next? Yogen Singh, UK (20+5 min)		
11:25-11:50	Technology in the delivery room Don Sharkey, UK (20+5 min)		Therapeutic hypothermia in critically ill children: where are we now? Corinne Buryse, Netherlands (20+5 min)	Calcium and phosphorus requirements of preterm infants Walter Mihutach, Germany (20+5 min)	Changing boundaries: evolving clinical care for the child with chronic morbidities Joey Wierley, UK (20+5 min)	Common diseases in premature children Luc Emmesmaeren, Netherlands (20+5 min)	Zooming in! using biomarkers in nutritional research Nilesh Mehta, USA (20+5 min)	Improving outcomes after ECMO and VADs Agamya Hoskote, UK (20+5 min)	Surfactant in late preterm infants Oliver Danhaive, Belgium (20+5 min)	The art of shared decision making in paediatrics Hjarn Wettegren, Sweden (20+5 min)	Advances in multi-modal hemodynamic monitoring for infants and children Joris Lemson, Netherlands (20+5 min)		
11:50-12:20	3 orals (10 min per oral - 8+2 min)		3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)		
12:20-12:30	Short break												
12:30-13:30	E-Poster Discussion Sessions 1-8 taking place between 12:30-13:30 at the E-Poster Area in the Exhibition - 5 min per e-poster presentation - 3+2 min												
	E-Poster Discussion Session 01:	E-Poster Discussion Session 02:	E-Poster Discussion Session 03:	E-Poster Discussion Session 04:	E-Poster Discussion Session 05:	E-Poster Discussion Session 06:	E-Poster Discussion Session 07:	E-Poster Discussion Session 08:	E-Poster Discussion Session 09:	E-Poster Discussion Session 10:	E-Poster Discussion Session 11:		
13:30-15:00	Break, E-Poster Viewing, Visit Exhibition Area												
15:00-16:30	Interdisciplinary Session 01: Acute and chronic pain in children (ESPA Session) When pain nerves misfire: assessment and management of neuropathic pain in children Susanne Walker, UK (25+5 min)	Interdisciplinary Session 02: Round table on psychological adjustment and support of children and families and healthcare professionals during pandemic (and non-pandemic) in PICU - Challenges unique to specific population groups: congenital heart disease, cardiology and other long-stay Joseph Manning, UK; Gillian Colville, UK; Gayathri Subramanian UK; Lotte Haverman, Netherlands (25+5 min)	Interdisciplinary Session 03: Finding a scientific basis for paediatric medicine Clinical trials in paediatrics Saul Fatah, UK (25+5 min)	Interdisciplinary Session 04: Everything you need to know about neonatal and paediatric ECMO: referral, benefits and risks, and follow-up Updates in neonatal ECMO Irwin Reiss, The Netherlands (25+5 min)	Interdisciplinary Session 05: Orphan disease in children (ESPGHAN Session) Congenital postaxial cystic shunts - identification and therapy Valerie McLin, Switzerland (25+5 min)	Interdisciplinary Session 06: Diagnosis of genetic syndromes in children (Catalan Paediatric Society Session) Phenotype first approach Irene Valenzuela, Spain (25+5 min)	Interdisciplinary Session 07: What a Pediatrician should know: clues from Paediatric Neurology cases (EPNS Session) Extension of the field of paediatrics to fetal life/fetal neurology as a paradigm Ronen Rudy Cohen, Israel (25+5 min)	Interdisciplinary Session 08: Palliative management of children diagnosed with single ventricle (EAPC Session) The cardiologists' point of view Jose Diego Martins, Portugal (25+5 min)	Interdisciplinary Session 09: Paediatric Emergency Medicine updated (EUJESP Session) Revisiting treatment guidelines of status epilepticus in light of emerging evidence Gülcan Tokdemir, Turkey (25+5 min)	Interdisciplinary Session 10: How to maintain gender equity in paediatric medicine The purpose of inclusive health science, adding valuable dimensions to medicine Gülcan Tokdemir, Turkey (25+5 min)	Interdisciplinary Session 11: Recent advances in the treatment of glomerulonephritis (ESPN Session) New immunosuppressive agents in lupus nephritis Rezan Tokgözoğlu, Turkey (25+5 min)		
15:00-15:30													
15:30-16:00													
16:00-16:30	orals (30 min)		orals (30 min)	orals (30 min)	orals (30 min)	orals (30 min)	orals (30 min)	orals (30 min)	orals (30 min)	orals (30 min)	orals (30 min)		
16:30-17:00	Coffee Break, E-Poster Viewing, Visit Exhibition Area												
17:00-17:55	ESPN Session 12: Connectomics of the developing brain Neuronal connectivity in the preterm brain Ulfar Aden, Sweden (20+5 min)	EAP Session 13: Decline in diseases in the paediatric population during the pandemic, is there anything to be learned? The changing paediatric morbidity profile during COVID-19: what can we learn? Susana Esposito, Italy (20+5 min)	ESPNIC Session 14: Getting data in paediatric mechanical ventilation Clinical studies in paediatric mechanical ventilation: personal vs community equities Martin Kneibner, Netherlands (20+5 min)	ESPNIC Session 15: eCPRE to the rescue ECPR - the stakes are high – prevention is better but always be prepared! Uri Poliak, Israel (20+5 min)	EAP Session 16: Autism increasing problem? Early detection of autism: an urgent need Lida Gabli, Israel (20+5 min)	ESPN Session 17: PPHN: what's new Management of PPHN in BPD Irwin Reiss, Netherlands (20+5 min)	ESPNIC Session 18: Life after sepsis Long term outcomes after paediatric sepsis – the patient journey Corinne Buryse, Netherlands (20+5 min)	ESPNIC Session 19: Recognising life-threatening deterioration Paediatric early warning scoring – the art and science Ornella Gawronski, Italy (20+5 min)	EAP Session 20: Paediatric origin of diseases- what is the role of the pediatrician? The roots of adult diseases are in the paediatric age spectrum: what is the role of the pediatrician? Jean Christoph Monnier, France (20+5 min)	ESPN Session 21: Impact of discharge planning Chair: Agnes van den Hoogen, Netherlands Transferring infants from tertiary to secondary hospitals: promoting perceived safety by parents and caregivers using a safety approach Karen de Bijl-Marcus, Netherlands (20+5 min)	ESPNIC Session 22: Thinking outside the box Time to abandon benzodiazepines in the intensive care unit? Sapna Kudchikar, USA (20+5 min)		
17:00-17:25	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)		
17:25-17:55													

18:15-19:45	18:15-19:15 Industry Symposium II (not included in main event CME/CPD credit)	18:15-19:15 Industry Symposium III (not included in main event CME/CPD credit)

Sunday, October 9, 2022												
	Hall 117 Live streaming hall for online participants	Hall 112 Live streaming hall for online participants	Hall 111 Live streaming hall for online participants	Hall 116	Hall 115	Hall 114	Hall 113	Hall 111	Hall 113-132	Hall 113-134	Hall 110-121	Off Program Meetings
08:00-08:50	Educational Symposium - NeuroNICU: monitoring or neuroprotection (ESPN)	Educational Symposium - Childhood vasculitides, how can we diagnose vasculitis in children / Acute arthritis (EAP)	Educational Symposium - Paediatric critical care – going beyond the usual suspects (ESPNIC Session)	Educational Symposium - Tips for optimizing pain management in neonates (ESPN)	Educational Symposium - Debate - Pros and cons: Tongue tie - to do or not to do frenulotomy? (EAP)	Educational Symposium - Staff and family well-being in the intensive care unit (ESPNIC)	Educational Symposium - Appendicitis: conservative or surgical approach (EAP)	Educational Symposium - If intra uterine growth is not optimal what is the impact on preterms? (ESPN)	Educational Symposium - Vaso-active drugs – what's new? (ESPNIC)	Educational Symposium - Fluid is drug (ESPNIC)	Educational Symposium - High-flow nasal cannula: how and when? (ESPNIC)	
08:00-08:25	NeuroNICU: Hope or hype Topun Austin, UK (20+5 min)	5 cases of pediatric vasculitis Sea Ozen, Turkey (20+5 min)	Implementing an early mobilisation programme in the PICU Sapna Kuchchadkar, USA (20+5 min)	Measuring pain in neonates Rebeca Slater, UK (20+5 min)	Eyal Botzer, Israel & Shimon Barak, Israel (20+5 min)	Staff Wellbeing: implementing evidence based approaches to support well-being initiatives Chiara Tosin, Italy (20+5 min)	The conservative approach to acute appendicitis: Pros and Cons Gor Sahlotnik, Israel (20+5 min)	The consequences of IUGR in the term infant Jennifer Zethin, France (20+5 min)	Choosing vasoactive drugs in 2022 – a physiology based approach for infants and children Javier Urbano, Spain (20+5 min)	Assessing fluid status and predicting fluid responsiveness in children Cécile Tissot, Switzerland (20+5 min)	How does HFNC work? Christoph Milesi, France (20+5 min)	
08:25-08:50	Assessing brain function in early human development with fMRI Tomoki Aichi, UK (20+5 min)	5 cases of arthritis in children 5 cases of arthritis in children Roberto Cmas, Italy (20+5 min)	Advanced neuromonitoring in the intensive care unit Robert Tasker, USA (20+5 min)	Current clinical practice vs regulatory evidence Aamish Bhut, UK (20+5 min)		Preventing and managing family-staff conflict in the PICU Joseph Manning, UK (20+5 min)		IUGR in the preterm infant Olivier Boud, Switzerland (20+5 min)	Vaso-active drugs when on ECMO or CRRT Angela Amigoni, Italy (20+5 min)	Balanced solutions vs crystalloids – which is better? Frederic Valla, France (20+5 min)	Using HFNC in patients: when and how – a practical approach Alberto Medina, Spain (20+5 min)	
08:50-09:00	Short break											
09:00-10:00	Plenary talk IV Paediatric regenerative medicine Paolo De Crippis, UK											
10:00-11:00	Coffee Break, E-Poster Viewing, Visit Exhibition Area											
11:00-11:20	ESPN Session 25: New focus of Family-Centred Care	EAP Session 24: Preschool wheezing symposium	ESPNIC Session 25: Do we really need separate cardiac intensive care units?	ESPNIC Session 26: Using artificial intelligence in the daily care of critically ill children	ESPN Session 27: Optimizing treatment in preterm infants	EAP Session 28: Type 1 diabetes	ESPNIC Session 29: Update in paediatric respiratory critical care	EAP Session 30: How early life infections and gluten amount may modulate the risk of celiac disease	ESPNIC Session 31: How COVID-19 impacts clinical trials in the paediatric intensive care unit	ESPN Session 32: Growth & body composition	ESPNIC Session 33: Update in critical care nephrology and hepatology	
11:00-11:25	Core outcomes measures of Family-Centred Care: Are we measuring the right thing? Anna Kaali, Finland (20+5 min)	Childhood wheezing: what is new? Arunas Valiulis, Lithuania (20+5 min)	The future of cardiac intensive care: what will the decade bring? Paul Checchia, USA (20+5 min)	Possibilities and pitfalls of AI in the PICU Joppe Nijman, The Netherlands (20+5 min)	State of the art drug treatment Anne Smits, Belgium (20+5 min)	Modern goals and modalities to optimize treatment (sensors, pumps, "time-in-range" as a target rather than just HbA1C) Amnon Zung, Israel (20+5 min)	A paediatric specific PARDS definition: what have we learned? Yolanda Lopez-Fernandez, Spain (20+5 min)	Celiac disease – strategies to improve quality of care Berthold Koletzko, Germany (20+5 min)	How COVID-19 is changing the ICU world – implications for future paediatric trials	Preterm infants growth Mark Johnson, UK (20+5 min)	Plasma exchange in acute liver failure – logistics and controversies Akash Deep, UK (20+5 min)	
11:25-11:50	Music therapy to improve outcome Jon Latour, UK (20+5 min)	CF is a vanishing disease? Andrew Bush, UK (20+5 min)	Cardiac intensive care provision for neonates and children across Europe Aparna Hoskote, UK (20+5 min)	Using big data to predict patient outcome Rogier de Jonge, The Netherlands (20+5 min)	Individualized medicine in newborns Robert Flint, Netherlands (20+5 min)	The "Viral" origin of diabetes Type 1 Lars Krogholm, Norway (20+5 min)	Ventilator-induced diaphragm dysfunction Markus Iland, Netherlands (20+5 min)	Food allergy Sanja Kolacek, Croatia (20+5 min)	Update on paediatric sepsis, infection, and inflammation trials Mark Peters, UK (20+5 min)	Body composition Hans van Goudoever, Netherlands (20+5 min)	Future of paediatric CRRT is bright Stuart Goldstein, USA (20+5 min)	
11:50-12:20	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	
12:20-12:30	Short break											
12:30-13:30	Short Oral Session 08:											
	Short Oral Session 09:											
	Short Oral Session 10:											
	Short Oral Session 11:											
	Short Oral Session 12:											
	Short Oral Session 13:											
	Short Oral Session 14:											
	E-Poster Discussion Sessions 9-16 taking place between 12:30-13:30 at the E-Poster Area in the Exhibition											
	E-Poster Discussion Sessions 9-16 - 5 min per e-poster presentation - 3+2 min											
	E-Poster Discussion Sessions 09:	E-Poster Discussion Sessions 10:	E-Poster Discussion Sessions 11:	E-Poster Discussion Sessions 12:	E-Poster Discussion Sessions 13:	E-Poster Discussion Sessions 14:	E-Poster Discussion Sessions 15:	E-Poster Discussion Sessions 16:				
	Break, E-Poster Viewing, Visit Exhibition Area											
13:30-15:00	(13:45-14:45) Meet the Expert Industry Session I (not included in main event CME/CPD credit)	(13:45-14:45) Meet the Expert Industry Session II (not included in main event CME/CPD credit)	(13:45-14:45) Meet the Expert Industry Session III (not included in main event CME/CPD credit)	(13:45-14:45) Meet the Expert Industry Session IV (not included in main event CME/CPD credit)								
15:00-16:30	Interdisciplinary Session 12: Journal Session - research and publication during the pandemic	Interdisciplinary Session 13: Procedural sedation (ESPA Session)	Interdisciplinary Session 14: Early diagnosis and new therapies in neuromuscular diseases (Catalan Paediatric Society Session)	Interdisciplinary Session 15: Symptom control in complex chronic conditions (EAPC Session)	Interdisciplinary Session 16: Update in infectious diseases (Catalan Pediatric Society Session)	Interdisciplinary Session 17: Research with children - benefits and pitfalls (EAPC and ESPN session)	Interdisciplinary Session 18: Update in paediatric radiology (Catalan Paediatric Society)	Interdisciplinary Session 19: Infant and family-centred developmental care before and during COVID-19 pandemic (EFNC Session) Chair: Silke Mader, Germany; Luc Zimmermann, Belgium	Interdisciplinary Session 20: Pro-con debate: Pragmatic trials versus phenotype-driven research	Interdisciplinary Session 21: Recent advances in complement blockade (ESPN Session)	Interdisciplinary Session 22: Update in Paediatric pulmonology (Catalan Pediatric Society)	
15:00-15:30	Kate Brown, UK (Intensive Care Medicine), Eleanor Malloy, Ireland (Paediatric Research Journal), Arjan Te Pas, Netherlands (Frontiers in Pediatrics)	Procedural sedation by anesthesiologists Nadia Najafi, Belgium (25+5 min)	Spinal Muscular Atrophy David Gómez Andrés, Spain (25+5 min)	Symptom control in children with cancer Ana Lacerda, Portugal (25+5 min)	SARS-CoV-2 and other respiratory viruses in childhood: predictive models for their diagnosis and epidemiological evolution Antoni Soriano-Arandes, Spain (25+5 min)	Selection criteria, effect sizes, and outcome measures in neonatal clinical trials: how do we find what we are looking for? Gunnar Grevén, Denmark (25+5 min)	Imaging of child abuse Israel Barak, Spain (25+5 min)	Infant and family-centred developmental care (IFCDC) in times of COVID-19 – a global parent survey Johanna Kottner, Germany (20 min)	Lorenz Schlapbach, Switzerland; Mark Peters, UK	New advances of complement blockade in Ataxia Gema Arietas, Spain (25+5 min)	Interstitial lung disease in children Ignacio Iglesias Serrano, Spain (25+5 min)	
15:30-16:00		Non-invasive methods for sedation in children Jürgen de Graaf, Netherlands (25+5 min)	Duchenne muscular dystrophy Andrés Nascimento Osorio, Spain (25+5 min)	Symptom control in children with neurological conditions Martín Aguil de Dios, Spain (25+5 min)	Biomarkers of endothelial activation for the risk stratification and prognosis anticipation of febrile patients Quique Benat, Spain (25+5 min)	Ethical challenges when researching with children Joana Mendes, Portugal (25+5 min)	Advances in paediatric brain imaging in epilepsy Jordi Muschler, Spain (25+5 min)	The impact of COVID-19 on healthcare professionals – mental health and other implications Barbara Keusch, Austria (via zoom) (20 min)		The role of complement blockade in C3 glomerulonephritis Francesco Emma, Italy (25+5 min)	Primary ciliary dyskinesia Sandra Rovira, Spain (25+5 min)	
16:00-16:30		orals (30 min)	orals (30 min)	orals (30 min)	orals (30 min)	orals (30 min)	orals (30 min)	Supporting mums and dads in odd times – going the extra mile during COVID-19 Supporting parents as essential caregivers during the SARS-CoV-2 pandemic and beyond Nicole van Veenendaal, The Netherlands (20 min)		orals (30 min)	orals (30 min)	
16:30-17:00	Coffee Break, E-Poster Viewing, Visit Exhibition Area											
17:00-17:55	ESPN Session 34: Outcome following congenital heart disease	ESPNIC Session 35: COVID-19 collateral damage	EAP Session 36: Skin problems in children	ESPNIC Session 37: Pharmacology in ICU	EAP Session 38: Global child health	ESPNIC Session 39: Alternative non-invasive respiratory support modes	Spanish Paediatric Association Session 40: Vascular malformations	ESPN Session 41: Updated standards for care of the newborn infant (EFNC) Chair: Silke Mader, Germany; Luc Zimmermann, Belgium	ESPN Session 42: Late pre-term	EAP Session 43: What is new in the ENT domain?	Late breaking orals 01	
17:00-17:25	Brain injury in Child babies: neuroprotective strategies for a better outcome Manon Benders, Netherlands (20+5 min)	The effect of the COVID-19 pandemic on medical training Zoltan Gyorgyi, Hungary (20+5 min)	Skin problems in children: cautious with caustics? Talia Kalourou, Greece (20+5 min)	The use of PK/PD models in the PICU Saskia de Wildt, Netherlands (20+5 min)	Current challenges in global child health Geir Gunnarsson, Iceland (20+5 min)	High-flow nasal cannula: the holy grail? Christoph Milesi, France (20+5 min)	Vascular malformations Juan Carlos López-Gutiérrez, Spain (20+5 min)	European standards of care for newborn health – revision and new standards Isabel Geiger, Germany (15 min)	Feeding the Late and moderately preterm infant Alexandre Lagillonne, France (20+5 min)	Adenotonsillectomy in children: state of the art Norman Friedman, USA (20+5 min)		

17:25-17:55	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	Transition from hospital to home: recommendations for discharge planning (15 min) How follow-up findings up to adulthood can inform us about content of follow-up standards in childhood Dieter Wolke, UK (15 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)		
											Off Programme Meeting	(19:30-21:00) ESPR Business Meeting
19:00-20:30												
20:30-22:00												20:30-22:00 ESPR Members Meeting "MEET & GREET" (by invitation only)

18:45-19:00

BR Awardee Talk

		Hall 112 Live streaming hall for online participants	Hall 111 Live streaming hall for online participants	Hall 113 Live streaming hall for online participants	Hall 114	Hall 115	Hall 116	Hall 113-132		Off Program Meetings
08:00-8:50		Educational Symposium - Using respiratory physiology to ventilate the patient (ESPHK)	Educational Symposium - Discovering novel lung imaging tools (ESPHK)	Educational Symposium - COVID-related adverse effects on paediatric population (EAP)	Educational Symposium - Latest insights in neonatal pain management (ESPHK)	Educational Symposium - All you need to know about new techniques in neonatal lung disease (ESPHK)	Educational Symposium - Paediatric hypertension (EAP)	Educational Symposium - From a toxic to a healing PICU environment (ESPHK)		
08:00-08:25		How to ventilate the obstructive patient Alberto Medina Villanueva, Spain (20+5 min)	MRI	What can we learn from COVID: The CLOCK study of long COVID in children Terence Stephenson, UK (20+5 min)	Neonatal pain assessment Marsha Campbell-Yeo, Canada (20+5 min)	Forced oscillation technique Anna Lavizzari, Italy (20+5 min)	New guidelines for measuring and treatment Franz Schaefer, Germany (20+5 min)	Moral rounds in the intensive care unit Joe Brerley, UK (20+5 min)		
08:25-08:50		Strategies to limit mechanical power Vicente Modesto, Spain (20+5 min)	Lung ultrasound Francesco Raimondi, Italy (20+5 min)	What happened to the general paediatric population? Delayed diagnosis due to lock down Efraim Blavsky, Israel (20+5 min)	Best evidence on non-pharmacological and pharmacological interventions Mats Eriksson, Sweden (20+5 min)	Heliox for neonatal ventilation Tomasz Szczepo, Poland (20+5 min)	Risk groups for developing hypertension Peter Hoyer, Germany (20+5 min)	Making the PICU a healing environment Julie Menzies, UK (20+5 min)		
08:50-09:00	Short break									
09:00-10:00		Plenary Talk V Chairs: Current and future challenges in global child health Ornella Lincoff, Switzerland (40 min + 20 min)								
10:00-10:30	Coffee Break									
10:30-11:30		Tomorrow's World: Future intervention for brain development	Tomorrow's World: Lessons learnt from COVID-19	Tomorrow's World: Preparing paediatric medicine for 2050: what do we need?	Tomorrow's World: Translational research in paediatrics (ESPGHAN Session)	Tomorrow's World: OMICS in paediatric medicine	Tomorrow's World: Hot topics in immunology	Tomorrow's World: Artificial intelligence in paediatrics – the future is now		
10:30-11:00		Host-microbiome and early brain development John Cryan, Ireland (20+5 min)	What can we expect from viruses in the next 10 years Pieter Fraaij, Netherlands (20+5 min)	Charles Christoph Roehr, UK; Joseph Manning, UK; Daniele de Luca, France; Mark Turner, UK	Epigenetic Signatures, Single Cell RNA Sequencing and Organoids - on the road to identify the pathogenesis of IBD Matthias Zillbauer, UK (20+5 min)	Future directions of paediatric infectious diseases Carlo Giaquinto, Italy	Immune development in infants Petter Brodin, Sweden (20+5 min)	Big data and machine learning in intensive care: beyond the prediction of outcome Roger de Jongh, The Netherlands (20+5 min)		
11:00-11:30		Stem cells to influence preterm brain development: are we getting closer to therapeutic intervention? Pierre Grosvenor, Switzerland (20+5 min)	What can we learn in terms of other vaccine development from COVID diagnosis Melanie Saville, UK (20+5 min)	Genetic engineering in gut organoids for cystic fibrosis and stem cell research Ben-Nyung Koo, Austria (20+5 min)	Diagnostic yield of sequential multi-omics in a program for undiagnosed rare diseases Luis Pérez Jurado, Spain (20+5 min)	Immunological consequences of biological therapies: the era of secondary immune deficiencies (SID) Jacques G. Roitman, Spain (20+5 min)	Potential of artificial intelligence to improve perinatal care Geraldine Boylan, Ireland (20+5 min)			
11:30-12:00		Closing Ceremony
