

CANCER IMMUNOTHERAPY: FROM BENCH TO BEDSIDE AND BACK

Dana-Farber Cancer Institute, Boston, MA, USA
June 10-12, 2024

PROGRAM

(times displayed in Eastern Time)

*All scientific talks will take place at the Jimmy Fund Auditorium

*All coffee breaks, meals, and poster sessions will take place at the Yawkey Center, 3rd floor

Monday, June 10

08:00 - 09:00 a.m. Registration and Breakfast

Location: Yawkey Center, 3rd Floor

Session I: T cells in anti-tumor immune responses

Location: Jimmy Fund Auditorium

Chair: TBD

09:00 - 09:30

Title TBD

Andrea Schietinger, Memorial Sloan Kettering Cancer Center, USA

09:30 - 10:00

Deconvoluting CD8+ T cell populations in solid tumours

Laura Mackay, Doherty Institute, Australia

10:00 - 10:30

The role of mitochondria in cancer and aging

Marcia Haigis, Harvard University, USA

10:30 - 11:00

Coffee break

11:00 - 11:30

Melanoma as template for personalized neoadjuvant immunotherapy

Christian Blank, Netherlands Cancer Institute (NKI) Netherlands

11:30 - 11:45

Short Talk 1 TBD

11:45 - 12:00 p.m.

Short Talk 2 TBD

12:00 - 1:45

Lunch Break

Location: Yawkey Center, 3rd Floor

Session II: Myeloid cell biology and spatial analysis of the TME

Location: Jimmy Fund Auditorium

Chair: TBD

- 1:45 - 02:45** **Keynote Presentation**
Title TBD
Ira Mellman, Genentech, USA
- 02:45 - 03:15** *Title TBD*
Miriam Merad, Mount Sinai, USA
- 03:15 - 03:45** *Spatial and functional coordination of anti-cancer TCF1+CD8+ T cell responses by intratumoral cDC1*
Jan Böttcher, Technical University of Munich, Germany
- 03:45 - 04:15** **Coffee Break**
Location: Yawkey Center, 3rd Floor
- 04:15 - 04:45** *Reverse-translation of patient-identified epigenetic regulators for durable immunotherapy*
Ben Youngblood, Emory University, USA
- 04:45 - 05:00** **Short Talk 3 TBD**
- 05:00 - 05:30** *Title TBD*
Shannon Turley, Genentech, USA
- 05:30 - 06:00** *Title TBD*
Michael Angelo, Stanford University, USA
- 06:00 - 08:00** **Poster Session A and Reception**
Location: Yawkey Center, 3rd Floor

Tuesday, June 11

- 08:00 - 09:00 a.m.** **Registration and Breakfast**
Location: Yawkey Center, 3rd Floor

Session III: Determinants of immunotherapy response and resistance

Location: Jimmy Fund Auditorium

Chair: TBD

- 09:00 - 09:30** *Title TBD*
Robbie Matjner, Dana-Farber Cancer Institute, USA

09:30 - 10:00 ***Title TBD***
Judith Agudo, Dana-Farber Cancer Institute, USA

10:00 - 10:30 ***Title TBD***
Steven O'Day, Agenus Bio, USA

10:30 - 11:00 **Coffee break**

11:00 - 11:30 ***Title TBD***
Melody Smith, Stanford University, USA

11:30 - 11:45 **Short Talk 4 TBD**

11:45 - 12:15 p.m. ***Title TBD***
Elham Azizi, Columbia University, USA

12:00 - 1:45 **Lunch Break & Poster Session B**
Location: Yawkey Center, 3rd Floor

Session IV: Engineering of cell therapies
Location: Jimmy Fund Auditorium
Chair: TBD

1:45 - 02:45 **Keynote Presentation**
Title TBD
Crystal Mackall, Stanford University, USA

02:45 - 03:15 ***Enhancing cell therapies for cancer***
Avery D. Posey, Jr., University of Pennsylvania, USA

03:15 - 03:45 ***Harnessing unconventional T cells for “off-the-shelf” CAR therapy for cancer through stem cell engineering***
Lili Yang, University of California, Los Angeles, USA

03:45 - 04:15 **Coffee Break**
Location: Yawkey Center, 3rd Floor

04:15 - 04:45 ***Title TBD***
Michael Sadelain, Memorial Sloan Kettering Cancer Center, USA

04:45 - 05:15 ***Engineering cytokine and TCR-based immunotherapeutics***
Chris Garcia, Stanford University, USA

05:15 - 05:30 **Short Talk 5 TBD**

05:30 - 06:00 ***Immunogenic and therapeutic landscape of NRAS Q61 “public” neoantigens***
Chris Klebanoff

06:00 - 06:45 **Meet the Editors**

06:45 - 08:15 Poster Session C and Reception

Location: Yawkey Center, 3rd Floor

Wednesday, June 12

08:00 - 09:00 a.m. Registration and Breakfast

Location: Yawkey Center, 3rd Floor

Session V: Neoantigens and cancer vaccines

Location: Jimmy Fund Auditorium

Chair: TBD

09:00 - 09:30

Title TBD

Robert Schreiber, Washington University, St. Louis, USA

09:30 - 10:00

Antigen discovery for development of personalized immunotherapy

Michal Bassani-Sternberg, CHUV, University of Lausanne, Switzerland

10:00 - 10:30

Coffee break

Location: Yawkey Center, 3rd Floor

10:30 - 11:00

Translational perspectives on individualized neoantigen therapy mRNA-4157

Filippos Porichis, Moderna, USA

11:00 - 11:30

Shared tumor associated antigens as vaccines for cancer prevention

Olivera Finn, University of Pittsburgh, USA

11:30 - 11:45

Short Talk 6 TBD

11:45 - 12:00 p.m.

Short Talk 7 TBD

12:00 - 12:15

Closing Remarks
