

MASTERCLASS IN ADVANCED GYNAECOLOGICAL LAPAROSCOPY

Venue: Omar Hospital & Cardiac Centre, Johar Town,
Lahore-Pakistan

SURGERY ON PATIENTS

12-14 June, 2026 | Friday-Sunday

HANDS ON TRAINING

PRACTICAL SKILLS WORKSHOP

PROF. DR. LISELOTTE METTLER
COURSE DIRECTOR
GYNECOLOGY AND OBSTETRICS

DR. AROOBA RAHIM
MBBS, FCPS, FMAS
CONSULTANT GYNECOLOGIST
LAPAROSCOPIC SURGEON

DR. MUHAMMAD MOHSIN GILLANI
MBBS, FCPS (PAK), FACS
BARIATRIC (OBESITY) SURGEON

ASST. PROF. DR. ADILA ASHRAF
MBBS, FCPS
CONSULTANT GYNECOLOGIST
LAPAROSCOPIC SURGEON

Live Surgical Sessions: Total Laparoscopic Hysterectomy (TLH), Ovarian Cystectomy, Myomectomy, Submucosal Fibroid Resection, and more.

COURSE CONTENTS

- ✓ Applied Surgical Anatomy: Critical Landmarks in Laparoscopic Procedures.
- ✓ Ergonomic Optimization: Port Placement Strategies and Operating Theater Configuration.
- ✓ Establishing Pneumoperitoneum: Evidence-Based Techniques for Safe Primary Access and Complication Mitigation.
- ✓ Systematic Diagnostic Laparoscopy: Technical Standards for Adnexal Assessment and Chromopertubation.
- ✓ Surgical Management of Ectopic Pregnancy: Salpingectomy vs. Salpingostomy Protocols.
- ✓ Laparoscopic Ovarian Cystectomy: Strategies for Ovarian Tissue Preservation and Hemostasis.
- ✓ Laparoscopic Myomectomy: Modern Standards in Tissue Extraction, Morcellation Safety, and Current Clinical Limits.
- ✓ Deep Endometriosis & Pelvic Sidewall Dissection: Techniques in Ureterolysis and Pararectal Space Entry (Video-Based Case Study). Applications.
- ✓ Laparoscopic Hysterectomy: Comparative Analysis of Total (TLH) and Supracervical (LSH) Approaches.
- ✓ Laparoscopy in the Gravid Patient: Safety Profiles, Indications, and Multi-disciplinary Considerations.
- ✓ Reconstructive Tubal Surgery: Microsurgical Principles in a Laparoscopic Environment.
- ✓ Mastering Intracorporeal Suturing: A Systematic Step-by-Step Guide to Needle Handling and Knot Tying.
- ✓ Laparoscopic Repair of Pelvic Floor Defects: Strategic Approaches to Apical and Compartment Prolapse.
- ✓ Laparoscopy in Gynecological Oncology: Current Indications, Evidence-Based Acceptance, and Surgical Limits
- ✓ VNOTES (Vaginal Natural Orifice Transluminal Endoscopic Surgery): Principles, Instrumentation, and Clinical

This 3 days program shall be taught by trainers using dry and wet tissue conditions and Live Surgeries from the O.T. We use real time training equipment and demonstrations of all essentials and laparoscopic procedure.
