

Annual Meeting Swiss Society of Perfusion

TECHNOLOGY OF EXTRACORPOREAL ASSIST MEETING
SATURDAY 04.11.2017 - SUNDAY 05.11.2017

Dear Colleagues

We are pleased to announce that the TEAM-Meeting and the annual meeting of the Swiss Society of Perfusion meeting will be combined this year, which is going to be held in University Hospital Zurich on 4th of November 2017. (Workshops and TEAM - Simulations take place on the 5th on November at the same location).

In this meeting, we are looking forward to discuss our daily grind Extracorporeal Circulation (ECC), Extracorporeal Membrane Oxygenation (ECMO), Ventricular Assist Device (VAD) patients with different viewpoints. This meeting will be collaborated with our direct professional partners like Cardiac surgeons, fellow perfusionists, Intensivists, cardiologists and the anesthesiologists.

The main goal of this meeting is to discuss the multidisciplinary strategies to deal with Mechanical Circulatory Assist (MCS) patients and this will be first of its kind. With the growing trend in MCS therapy, Patient's quality of life and their functionality are getting profoundly better which the conventional treatments cannot offer. Until recently, the interdisciplinary communication was reasonably ignored at the clinical level which is now being the main goal. Multidisciplinary approach to the heart failure is now the main idea in many heart centers.

It is quite clear that the road to success in this fascinating field is linking the interaction between different disciplines at the national and international level. The idea of the upcoming multidisciplinary team is to provide perfusionists, surgeons, anesthesiologists, cardiologists, intensivists and the cardiologists with several examples of collective modes of dealing with heart and / or lung failure patients.

We are sure that this meeting is going to be an interesting and a memorable one and we are also confident that YOU, the different clinical specialists across the country are going to make it a grand success.

We are looking forward to meeting you in Zurich

Maximilian Halbe

Simon Costabile

Jolanda Consiglio

Course Directors

Maximilian Halbe, University Hospital, Zurich, Switzerland
Jolanda Consiglio, Inselspital, Universitätsspital, Bern, Switzerland
Simon Costabile, Hirslanden, Zurich Switzerland

Annual Meeting Swiss Society of Perfusion

TECHNOLOGY OF EXTRACORPOREAL ASSIST MEETING

SATURDAY 04.11.2017 - SUNDAY 05.11.2017

Session 1

11:00 – 12:30

MCS – Therapy

Chair: Jolanda Consiglio, Marco Maggiorini, Markus Wilhelm

First ECMO in Zürich by Senning	10 min
Pre MCS – When is the right Time for implantation	10 min
Anticoagulation during ECMO	10 min
How and when - to wean an ECMO	10 min
EURO – ELSO Update	10 min
ECMO Transport – first steps	10 min

My worst and my Best case Bern Call for it 8 min

12:35 – 13:15

New Heart Lung Machine - Medtronic

13:15 – 14:00

Lunch

Session 2

14:00 – 15:30

Patient Directed Perfusion – PDP → Future Direction?

Kidney function, hemodilution, and oxygen supply	15 min
The right cannulation at the right time	15 min
The important Patient information – for the Perfusion	15 min
Important knowledge about the perfusion - a surgeon view	15 min

Call for a special Case – Basel Call for it 8 min

15:30 – 16:00

Coffee break

Course Directors

Maximilian Halbe, University Hospital, Zurich, Switzerland
Jolanda Consiglio, Inselspital, Universitätsspital, Bern, Switzerland
Simon Costabile, Hirslanden, Zurich Switzerland

Congress Secretariat and Registration

Annual Meeting Swiss Society of Perfusion

TECHNOLOGY OF EXTRACORPOREAL ASSIST MEETING

SATURDAY 04.11.2017 - SUNDAY 05.11.2017

Session 3

16:00 – 17:30

Patient Blood Management

Tranfusion Trigger overall	15 min
Transfusion Trigger cardiac Patient	15 min
How to save EC as a surgeon	15 min
How to save EC as a Perfusionist	15 min
Post operative Management to save EC	15 min

See you soon Session

17:30 – 18:00

What we have learned

- Basel
- Bern
- Lausanne
- Triemli
- Hirslanden – Verbund
- Genf

18:00

Closing Remarks

Presentation of Sunday's workshops, REGA simulation (avalanche rescue with helicopter and artificial snow)

19:00 – 23:00

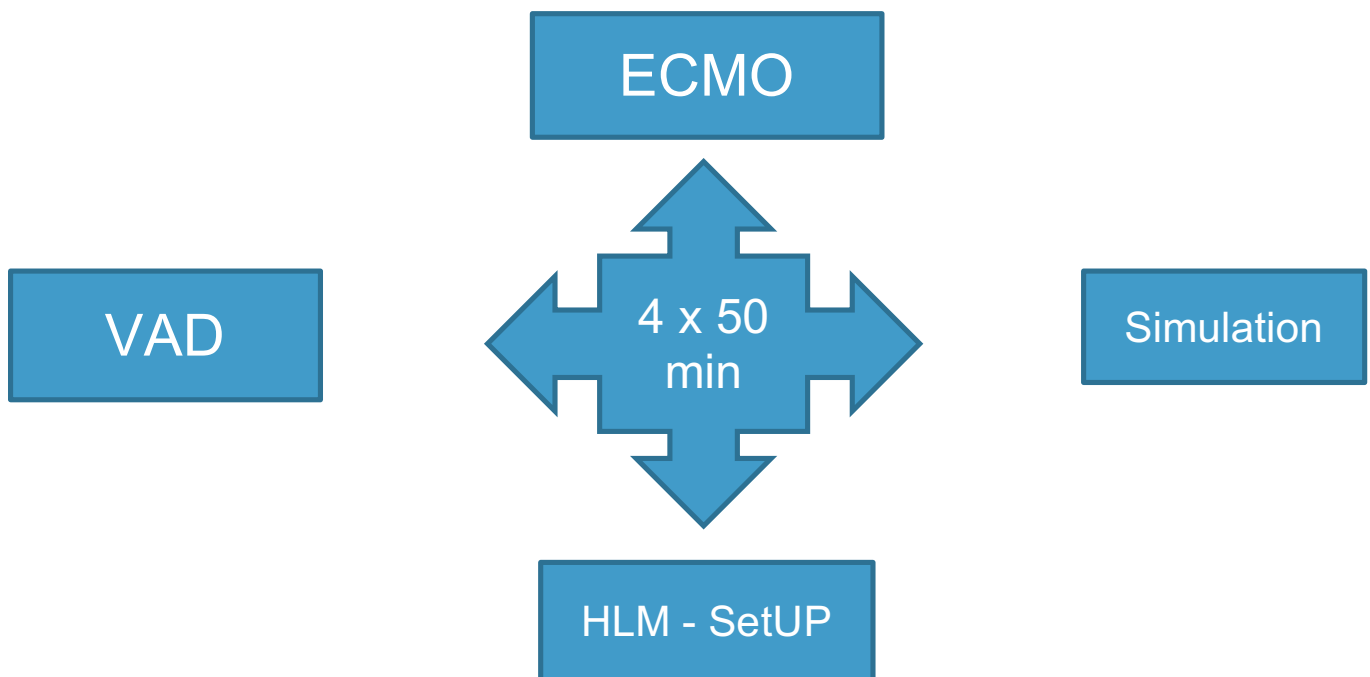

Party

Course Directors

Maximilian Halbe, University Hospital, Zurich, Switzerland
Jolanda Consiglio, Inselspital, Universitätsspital, Bern, Switzerland
Simon Costabile, Hirslanden, Zurich Switzerland

Congress Secretariat and Registration
