

# **Tutorial on Neoplastic Hematopathology: January 20-24, 2020**

## **SUNDAY, January 19, 2020**

4:30 - 6:30      pm      Registration

## **MONDAY, January 20, 2020**

7:00              am      Registration

7:50 - 8:00      am      Introductory Remarks  
*Daniel A. Arber, MD*

### **Morning Session** ***Chairperson: Daniel A. Arber, MD***

8:00 - 9:00      am      Approach to the Lymph Node Biopsy  
*Judith Ferry, MD*

9:00 - 10:00    am      Reactive Lymphadenopathies  
*Judith Ferry, MD*

10:00 - 10:15   am      Questions

10:15 – 10:30   am      Break

10:30 - 11:30   am      Immunophenotypic Analysis in the Diagnosis and Classification of  
Lymphoproliferative Disorders  
*Lawrence M. Weiss, MD*

11:30 - 11:45   am      Questions

11:45 - 1:15    pm      Lunch

### **Afternoon Session** ***Chairperson: Lawrence M. Weiss, MD***

1:15 - 2:45      pm      Flow Cytometric Analysis in the Diagnosis and Classification of Hematologic  
Neoplasia  
*Steven Kroft, MD*

2:45 - 3:00      pm      Break

3:00 - 4:30      pm      Molecular Analysis in the Diagnosis and Classification of  
Hematologic Neoplasia  
*Adam Bagg, MD*

4:30 - 4:45      pm      Questions

4:45 – 5:15      pm      Case Presentations  
*Judith Ferry, MD & Adam Bagg, MD*

6:00 - 7:00      pm      Reception (for faculty and participants only)

**TUESDAY, January 21, 2020**

**Morning Session**

***Chairperson: Amy Chadburn, MD***

|               |    |                                                                                         |
|---------------|----|-----------------------------------------------------------------------------------------|
| 8:00 - 8:45   | am | The Diagnosis and Classification of Non-Hodgkin Lymphomas<br><i>Steven Swerdlow, MD</i> |
| 8:45 - 9:45   | am | Small B Cell Lymphomas<br><i>Judith Ferry, MD</i>                                       |
| 9:45 - 10:00  | am | Questions                                                                               |
| 10:00 – 10:15 | am | Break                                                                                   |
| 10:15 - 11:45 | am | Diffuse Aggressive B Cell Lymphomas<br><i>Jonathan Said, MD</i>                         |
| 11:45 - 12:00 | am | Questions                                                                               |
| 12:00- 1:00   | pm | Lunch                                                                                   |

**Afternoon Session**

***Chairperson: Jonathan Said, MD***

|             |    |                                                                                                             |
|-------------|----|-------------------------------------------------------------------------------------------------------------|
| 1:00 – 2:00 | pm | Extranodal and Nodal Marginal Zone Lymphoma<br><i>Steven H. Swerdlow, MD</i>                                |
| 2:00 – 3:30 | pm | Peripheral T Cell Lymphoma and Anaplastic Large Cell Lymphoma<br><i>Elaine S. Jaffe, MD</i>                 |
| 3:30 – 3:45 | pm | Break                                                                                                       |
| 3:45 – 4:45 | pm | Cutaneous Lymphomas Including Mycosis Fungoides<br><i>Steven H. Swerdlow, MD</i>                            |
| 4:45 – 5:00 | pm | Questions                                                                                                   |
| 5:00 - 6:00 | pm | Case Presentations<br><i>Judith Ferry, MD; Elaine Jaffe, MD; Jonathan Said, MD;<br/>Steven Swerdlow, MD</i> |

**WEDNESDAY, January 22, 2020**

**Morning Session**

***Chairperson: Amy Chadburn, MD***

|               |    |                                                                                         |
|---------------|----|-----------------------------------------------------------------------------------------|
| 8:00 – 9:15   | am | Hodgkin Lymphoma<br><i>Lawrence Weiss, MD</i>                                           |
| 9:15 - 10:00  | am | Natural Killer Cell Lymphomas and Leukemias<br><i>William G. Morice, MD, PhD</i>        |
| 10:00 – 10:15 | am | Questions                                                                               |
| 10:15 – 10:30 | am | Break                                                                                   |
| 10:30 - 12:00 | am | Immune Deficiency - Associated Lymphoproliferative Disorders<br><i>Amy Chadburn, MD</i> |
| 12:00 - 12:15 | pm | Questions                                                                               |
| 12:15 - 1:45  | pm | Lunch                                                                                   |

**Afternoon Session**

***Chairperson: William Morice, MD, PhD***

|             |    |                                                                                                          |
|-------------|----|----------------------------------------------------------------------------------------------------------|
| 1:45 - 3:00 | pm | Histiocytic and Dendritic Cell Proliferations<br><i>Lawrence Weiss, MD</i>                               |
| 3:00 - 4:00 | pm | The Spleen<br><i>Attilio Orazi, MD</i>                                                                   |
| 4:00- 4:15  | pm | Questions                                                                                                |
| 4:15 - 4:30 | pm | Break                                                                                                    |
| 4:30 - 6:00 | pm | Case Presentations<br><i>Amy Chadburn, MD; William Morice, MD; Attilio Orazi, MD; Lawrence Weiss, MD</i> |

**THURSDAY, January 23, 2020**

**Morning Session**

***Chairperson: Kathy Foucar, MD***

|               |    |                                                                               |
|---------------|----|-------------------------------------------------------------------------------|
| 8:00 – 9:15   | am | B and T Cell Chronic Lymphoproliferative Disorders<br><i>Kathy Foucar, MD</i> |
| 9:15 – 10:15  | am | Plasma Cell Neoplasms<br><i>Robert Lersbach, MD, PhD</i>                      |
| 10:15 – 10:30 | am | Questions                                                                     |
| 10:30 – 10:45 | am | Break                                                                         |
| 10:45 – 11:45 | am | Acute Lymphoblastic Leukemia<br><i>Michael Borowitz, MD, PhD</i>              |
| 11:45 – 12:00 | am | Questions                                                                     |
| 12:00 - 1:15  | pm | Lunch                                                                         |

**Afternoon Session**

***Chairperson: Robert Lersbach, MD, PhD***

|             |    |                                                                                                             |
|-------------|----|-------------------------------------------------------------------------------------------------------------|
| 1:15 – 2:15 | pm | Acute Myeloid Leukemia<br><i>Kathy Foucar, MD</i>                                                           |
| 2:15 – 3:15 | pm | Myelodysplastic Syndrome<br><i>Attilio Orazi, MD</i>                                                        |
| 3:15 – 3:30 | pm | Questions                                                                                                   |
| 3:30 – 3:45 | pm | Break                                                                                                       |
| 3:45 – 4:45 | pm | Myelodysplastic/Myeloproliferative Neoplasms<br><i>Attilio Orazi, MD</i>                                    |
| 4:45 – 5:00 | pm | Questions                                                                                                   |
| 5:00 – 6:00 | pm | Case Presentations<br><i>Michael Borowitz, MD; Kathy Foucar, MD; Robert Lersbach, MD; Attilio Orazi, MD</i> |

**FRIDAY, January 24, 2020**

**Morning Session**

***Chairperson: Attilio Orazi, MD***

|               |    |                                                                                   |
|---------------|----|-----------------------------------------------------------------------------------|
| 8:00 – 9:00   | am | Chronic Myeloid Leukemia<br><i>Daniel Arber, MD</i>                               |
| 9:00 – 10:00  | am | <i>BCR-ABL1</i> Negative Myeloproliferative Neoplasms<br><i>Attilio Orazi, MD</i> |
| 10:00 – 10:15 | am | Questions                                                                         |
| 10:15– 10:30  | am | Break                                                                             |
| 10:30 – 11:15 | am | Disorders of Mast Cells and Eosinophils<br><i>Daniel Arber, MD</i>                |
| 11:15 – 11:30 | am | Questions                                                                         |
| 11:30 – 12:15 | am | Case Presentations<br><i>Daniel Arber, MD &amp; Attilio Orazi, MD</i>             |
| 12:15 – 12:30 | pm | Concluding Remarks<br><i>Daniel Arber, MD</i>                                     |
